quibus Ducibus majoris Poloniæ, præfertim de Premislo, Rege, terræ ejusdem mencionem facientes, videntur ipsius Genealogie processum obmittere, id circo ut ad ipsius genitores descendatur, necessarium est, ut progenitores ejusdem & aliorum ducum ac principum latisfimi Regni Polonie seu Lechitarum, per nomina & terras designentur. Nam quia Lechite Poloni dicuntur, scire convenit, unde hoc nomine vocentur: Scribitur enim in vetutiffimis codicibus, quod Pannonia sit mater & origo omnium Slavonicarum nacionum. Pan enim juxta Græcam & Slavorum Interpretationem dicitur totum habens; & juxta hoc dicitur Pan in Slavonia major dominus, licet alio nomine juxta diversitatem linguarum Sclavonicarum dicatur Gospodzyn Xandzi; Xandz - - - autem major est quam Pan, veluti princeps & superior Rex. Omnes enim domini Pan appellantur, duces vero exercitus VVoyewodi nominantur, & hinc Panonii a Pan dicti, a Jano nepote Japhet ortum habere dicuntur. Quorum primus Princeps ille robustus Nemroth dicitur fuisse, qui primo homines fratres suos cepit subjugare & obedientie sue subdere. Ex hiis itaque Pannoniis tres fratres, filii Pan, principis Pannoniorum, nati fuere; quorum primogenitus Lech, alter Rus, tercius Czech nomina habuerunt; & hii tres hæc tria regna Lechitarum, Ruthenorum & Czechorum, qui & Bohemi, ex se & sua gente multiplicati possederunt & in presenti possident & imposterum possidebunt, quam diu divine placuerit voluntati: quorum majoritas semper apud Lechitas & Dominii ac totius superioritatis imperii prout tam ex Chronicis quam ex gradibus apparet, habebitur. Sunt autem Slavorum multimoda genera linguarum se mutuo intelligencia; licet in quibusdam vocabulis & pronunciatione verborum aliqualiter discrepare videantur, quæ tamen ab uno patre Slavo, unde & Slavi originem habuerunt, qui & huc usque isto nomine uti non obmittunt, videlicet Thomislaus, Stanislaus, Jaroslaus, Venceslaus &c. Ab isto eciam Slavo Nemroth originem asseritur habuisse. Nemroth enim in Slavonico dicitur Nyinerza, quod in Slavonico interpretatur non pax seu non mensurans pacem; a quo servitus cepit esse in hominibus; cum alias erat omnibus inconcussa libertas, qui fratres suos subiugare sue dicioni temere attemptarit. Cuius temeritatis audacia non solum fratribus suis gentis Slavonice sed toti mundo servitutis legem induxit. Per premissa autem quatuor Regna Slavonica, videlicet Pannoniorum, Lechitarum, Ruthenorum & Zechorum seu Bohemorum designata habentur. Et quia post modum plura alia Regna & dominia Slavonice nacionis erexerunt dignum est, ut eorum nomina & interpretacio designetur. Regnum itaque Bulgarorum a Bulga fluvio nominatur; item regnum Russie a Rucz quod vestigium equorum multitudinis exercituum in unum congregatorum dicitur nominatum. Nam ex hoc Slavi multitudinem equitancium dicunt Ruczi. Item Regnum Dalmacie dicitur ab eo, quia Pannoniorum Regina filio suo partem illius maritimam donavit, ipsumque in regem coronari fecit, & creditur quod illa fuit regina Austri Saba nomine, que ad regem Salomonem venerat sapientiam ejus auditura: nam & fluvius Pannoniorum Saba dicitur, qui ab ipsa nomen sumpsisse perhibetur. Dicitur quoque Regnum Dalmacie dala macz, quasi dedit mater. Item Ram seu Rama dicitur ex eo, quia semper in conflictu hostium vociferare solebant: Ram; Ram id est: Vulnera Vulnera. Item Sorabe dicitur, a Soroban quod duplicem interpretationem designat. Nam Gallici appellant illam regionem Seruiam valente diem, quod victi per Nemroth veluti serui eius ibidem fuissent locati, quod nomen videtur racioni congruere, cum non solum illa modiciffima pericula Stirpi Slavonice sed pocius tota gens Slavonica sibi obnoxia censeretur. Verius tamen creditur, quod Sorabe a Sarb, quod & Sarban nomen accepit, sicuti a Juda Judei, inde a Lech Lechite & ceteri nominantur. Est quedam gens Slavonica, que Cassubite dicuntur & hy a longitudine & latitudine vestium, quas plicare ipsos, propter earum latitudinem & longitudinem oportebat, sunt appellati. Nam Huba in Slavonico plica seu ruga vestium dicitur. Unde Casz Hubi id est plica rugas interpretatur. Harum magister circa mare septemtrionale moratur. Sunt & alii Slavi idem qui Drewnane vocantur, has Theutonici Halczste appellant. Horum castra capitalia fuerunt Buccowecz, quod nunc Lubick dicitur: Ham quod & Hamberg ac Breme quod caput & sedes fuit eorundem. Ibidem est eciam Blesink Castrum Ducale & Civitas Czesznyma, hys prefuerunt Comites quos Henricus Imperator postquam easdem patrias Slavorum Imperiali dicioni subiugasset, in Comites asseritur creasse. Hæc autem gens a densitate Siluarum seu lignorum nomen accepit. Nam Drewnane a lignis nuncupantur. Nominantur etiam a quodam fluvio qui Trawna dicitur: unde Trawnani sunt appellati. Scire autem dignum est, quod Slavi & Theutonici

Part II

Introduction to Part II

Part II of this book is concerned with the theory of probability. Probability theory is the mathematical study of random phenomena. Historically, the theory originated in the study of games of chance, such as dice and cards, but it has since been applied to a wide variety of fields, including physics, engineering, biology, economics, and finance. The theory provides a rigorous framework for reasoning about uncertainty and for making predictions in the face of incomplete information.

The chapters in this part build on the foundations laid in Part I. We assume familiarity with the basic concepts of set theory and with the elementary properties of the real numbers. Where necessary, we will review the relevant material briefly before proceeding.

The first chapter introduces the axioms of probability and the basic rules for computing probabilities. The second chapter discusses conditional probability and independence, which are central to the theory. The third chapter introduces random variables and their distributions. The fourth chapter is devoted to expectation and variance. The fifth chapter treats limit theorems, including the law of large numbers and the central limit theorem.

Throughout, we have tried to balance rigor with intuition. Each definition is motivated by examples, and each theorem is followed by a discussion of its meaning. We have also included a large number of exercises, ranging from routine computations to more challenging problems. Solutions to selected exercises are given at the end of the book.

Ce manuscrit est un recueil de textes de différentes mains, rassemblés par un seul copiste. Il contient des sermons, des traités et des lettres. Le texte principal est écrit en gothique cursive. Les rubriques sont en rouge. Le manuscrit a appartenu à la bibliothèque de Saint-Victor de Paris.

Le texte commence par un prologue adressé à un abbé nommé Guillaume. L'auteur y explique qu'il a entrepris ce travail à la demande de ses frères. Il dit avoir rassemblé les meilleurs textes qu'il a pu trouver dans les bibliothèques de plusieurs monastères. Il espère que ce recueil sera utile à ceux qui veulent méditer sur les Écritures.

Le premier texte est un sermon sur la Nativité. L'auteur commence par citer le prophète Isaïe : « Un enfant nous est né, un fils nous est donné ». Il explique que cet enfant est le Christ. Il développe ensuite trois raisons pour lesquelles Dieu s'est fait homme. La première est la rédemption du genre humain. La deuxième est l'exemple de vie qu'il nous donne. La troisième est la gloire qu'il nous promet.

Le deuxième texte est un traité sur la patience. L'auteur définit la patience comme la vertu qui nous permet de supporter les maux sans murmurer. Il distingue trois sortes de patience : la patience envers Dieu, la patience envers le prochain et la patience envers soi-même. Il donne des exemples tirés de la vie des saints. Il cite saint Jean Chrysostome, saint Augustin et saint Grégoire le Grand.

Le troisième texte est une lettre à un moine qui a quitté son monastère. L'auteur lui reproche son départ précipité. Il lui rappelle les vœux qu'il a prononcés devant Dieu. Il l'exhorte à revenir et à faire pénitence. Il lui promet le pardon s'il se repent sincèrement.

Le quatrième texte est un sermon sur la Passion. L'auteur décrit les souffrances du Christ avec beaucoup de détails. Il insiste sur la compassion que nous devons éprouver pour lui. Il nous invite à méditer sur chaque étape de son supplice. Il conclut en disant que la croix est notre espérance.

Le cinquième texte est un traité sur la prière. L'auteur explique que la prière est un entretien avec Dieu. Il distingue la prière vocale, la prière mentale et la prière du cœur. Il donne des conseils pratiques pour bien prier. Il recommande de prier avec humilité, avec confiance et avec persévérance.

Le sixième texte est une lettre à un évêque. L'auteur lui demande son avis sur une question de discipline. Il expose les arguments pour et contre. Il se soumet au jugement de l'évêque. Il lui promet d'obéir quelle que soit sa décision.

Le septième texte est un sermon sur la Résurrection. L'auteur commence par citer saint Paul : « Si le Christ n'est pas ressuscité, notre foi est vaine ». Il explique que la Résurrection est le fondement de notre espérance. Il décrit la gloire des corps ressuscités. Il nous exhorte à vivre dans la sainteté.

Le huitième texte est un traité sur l'humilité. L'auteur définit l'humilité comme la connaissance de soi-même. Il distingue trois degrés d'humilité. Il donne des exemples tirés de la vie des saints. Il cite saint Bernard, saint François d'Assise et sainte Thérèse d'Avila.

Le neuvième texte est une lettre à un jeune homme qui hésite à entrer au monastère. L'auteur lui expose les avantages de la vie religieuse. Il lui parle de la paix du cœur, de la liberté intérieure et de la joie spirituelle. Il lui conseille de prier et de consulter un directeur de conscience.

Le dixième texte est un sermon sur la Pentecôte. L'auteur explique la venue du Saint-Esprit sur les apôtres. Il décrit les dons du Saint-Esprit : la sagesse, l'intelligence, le conseil, la force, la science, la piété et la crainte de Dieu. Il nous exhorte à demander ces dons dans la prière.

Le onzième texte est un traité sur la charité. L'auteur définit la charité comme l'amour de Dieu et du prochain. Il distingue la charité parfaite de la charité imparfaite. Il donne des exemples tirés de la vie des saints. Il cite saint Jean l'Évangéliste, qui répétait sans cesse : « Mes petits enfants, aimez-vous les uns les autres ».

Le douzième texte est une lettre à un abbé qui a été déposé de sa charge. L'auteur le console dans son épreuve. Il lui rappelle que Dieu éprouve ceux qu'il aime. Il l'exhorte à la patience et à l'humilité. Il lui promet que Dieu le relèvera en temps voulu.

Le treizième texte est un sermon sur la Toussaint. L'auteur célèbre la gloire des saints du ciel. Il explique que nous sommes appelés à la même gloire. Il décrit la vie éternelle comme une vision de Dieu face à face. Il nous exhorte à imiter les saints dans leurs vertus.

Le quatorzième texte est un traité sur la mort. L'auteur commence par citer l'Ecclésiaste : « Vanité des vanités, tout est vanité ». Il explique que la mort est le terme de notre pèlerinage. Il nous exhorte à nous préparer à la mort par une vie sainte. Il donne des conseils pour bien mourir.

Le quinzième texte est une lettre à un ami qui a perdu sa mère. L'auteur le console dans son deuil. Il lui rappelle que la mère est maintenant auprès de Dieu. Il l'exhorte à ne pas se laisser abattre par la tristesse. Il lui promet de prier pour le repos de l'âme de sa mère.

Le seizième texte est un sermon sur l'Annonciation. L'auteur commente les paroles de l'ange à Marie : « Je vous salue, pleine de grâce ». Il explique que Marie a été choisie pour être la mère du Sauveur. Il nous exhorte à imiter son humilité et son obéissance. Il cite saint Ambroise, saint Jérôme et saint Bernard.

Le dix-septième texte est un traité sur la tentation. L'auteur définit la tentation comme une épreuve envoyée par Dieu ou par le démon. Il distingue trois sortes de tentations : celles qui viennent de la chair, celles qui viennent du monde et celles qui viennent du démon. Il donne des conseils pour y résister. Il nous exhorte à la vigilance et à la prière.

Le dix-huitième texte est une lettre à un prêtre qui a commis un péché grave. L'auteur le reprend avec charité. Il lui rappelle la dignité de son sacerdoce. Il l'exhorte à la pénitence et à la confession. Il lui promet le pardon de Dieu s'il se repent sincèrement.

Le dix-neuvième texte est un sermon sur la Trinité. L'auteur explique le mystère de la Trinité : un seul Dieu en trois personnes. Il utilise des images tirées de la nature pour illustrer ce mystère. Il nous exhorte à adorer Dieu en esprit et en vérité. Il cite saint Augustin, qui a consacré un livre entier à ce sujet.

Il explique que Marie a été choisie pour être la mère du Sauveur. Il nous exhorte à imiter son humilité et son obéissance. Il cite saint Ambroise, saint Jérôme et saint Bernard.

Le cent-vingt-deuxième texte est un traité sur la tentation. L'auteur définit la tentation comme une épreuve envoyée par Dieu ou par le démon. Il distingue trois sortes de tentations : celles qui viennent de la chair, celles qui viennent du monde et celles qui viennent du démon. Il donne des conseils pour y résister. Il nous exhorte à la vigilance et à la prière.

Le cent-vingt-troisième texte est une lettre à un prêtre qui a commis un péché grave. L'auteur le reprend avec charité. Il lui rappelle la dignité de son sacerdoce. Il l'exhorte à la pénitence et à la confession. Il lui promet

Quomodo Henricus Quartus Imperator pugnaverit.

Henricus IV. Imp. cum Exercitu Hungariam ingreditur:

Hys itaque peractis, Henricus Imperator, Romanorum quartus, per crebras ſuggeſtiones B. Ducis Bohemorum inductus ad deuaſtandum Regnum Pannoniorum, multa milicie comitiua ſtipatus ſtudioſe proceſſit. Quod vero Pannoniorum Rex certis rumoribus ad ſe delatis intelligens, & ſe Imperialis potencie disparem exiſtimans, Regis Boleslai implorauit auxilium, ſcribens in hec verba: Illuſtriſſimo Polonorum ac Maritimorum Monarcho Colomannus, Hungarorum Rex, quicquid amiciſſimorum intimo poterit reuerencie & honoris. Racio ſuadet, honeſtas poſtulat, ut communi communiter occuratur incendio. Juxta verſum: nam tua res agitur, paries dum proximus ardet. Et neglecta ſolent incendia ſumere vires. Nec enim ob aliud Almanorum locuſte ad nos usque irrepſere, quam ut noſtris, quod abſit, depaſtis vineis, veſtris inſiliant facilius oliuetis. Boleslaus itaque comperto, quod Imperator iam fines Pannoniorum depopulandos potenter fuiſſet aggreſſus; Bohemiam cum ſuo valido exercitu ingrediens, vrbes capit, ſubuertit & ad ſolum proſternit municipia, queque dirripit & depopulatur. Et tandem vias occupat, per quas imperator cum exercitu fuerat reuerſus, inſidias tendit, cum redeuntibus confligit, & viriliter triumphat. Sicque nece graui in gente Imperatoris & delecione vrbium Bohemie non modice facta, quorum dolo & ſuggeſtione cognouerat Imperatorem Pannoniis ſeu Hungaris bella mouiſſe, ad propria reuertitur cum triumpho.

De Gnewomiro, preſide maritime prouincie.

Gnewomirus rebellis ſupplicio ultimo affectus:

Porro Gnewomirus, cuius vitam alias Boleslai Regis pietas in excidione Balgardenſi, ſeu Albenſium reſervaverat, de ſacraque leauerat donis Regalibus extulerat, partis quoque maritime regionis preſidem prefecerat, mendaciter confingens Boleslaum in Bohemorum prouincia per Imperatorem Henricum eſſe devictum captum & vinculis conſtrictum, in remotas quoque Almanorum partes perpetue captiuitati mancipatum, Pomoranis premiſſa ſuggerens, plures de Boleslai Regis obediencia retrahens ad ſui vota induxit; prefectos Regios, quos ab obediencia Regis Boleslai minis & promiſſionibus auertere non potuit, per potenciam hoſtilem a prefecturis removit & eiecit. Qui cum Boleslao Regi rem huiusmodi nequiſſime preſumptam patefeciſſent. Et licet Rex zelo iuſticie accenſus in vindictam conſurgere feſtinuo voluiſſet: Ad ſe tamen rediens animi ſui modum ſtuduit temperare. Jubet nichilominus, ut ſui proceres arma preparent. Sicque moroſe progrediens Pomoraniam ingreditur. Cuius adventum qui primi & natu majores preſcientes ſibi feſtine occurrerunt, proni adorant, colla ſubmittunt deprecantes; & Gnewomiri nequiciam, qua ſe fefelliſſe aſſerunt detegentes, quibus Rex pyſſimus veniam largiens omnia indulget. Caſtra tamen & queque municipia deſtruit & ad ſolum redigit. Solo Gnewomiro, qui ſibi male conſcius de venia deſperaverat, in rebellione permanente. Hunc Rex Boleslaus cum ſuis agminibus fortiſſimis in caſtro Welomenſi, ad quod confugerat, obſedit & impugnat. Qui, cum proceres veniam obtinere, ut ſe gracie Regie ſubderet, renuit aſſerens; prodicionem maioris nequicie eſſe ſuam, quam venie indultum. Sicque Caſtro Welin diſcriminoſe & difficulter per vim obtento, ceteris gladio necatis, Gnewomirus fuſte capitalem ſententiam excepit.

Pomorani Archiepiſcopum Gneznenſem inuadunt captiuandum.

Pomeranorum Archi-Epiſcopo Gneznenſi illata injuria:

Huius Boleslai tempore erat Sancte Gneznenſis Eccleſie Archi-Epiſcopus, nomine Martinus; cujus induſtria & conſilio res publica in regno Polonie ſalubriter regebatur. Sed quia Pomeranos a ritu paganico, quod ydololatriam ſapiebat, retrahere nitebatur. Multa eciam milia ex ipſis in captiuitatem Boleslai ſunt deducta, qui vitam precio beneficio redimere ſunt letati. Et extunc Nakel & alie vrbes, quas Pomorani ex largitate Boleslai regebant, decretum fuerat nunquam per ipſos regi & tueri debere.

Quando Henricus Imperator Poloniam impugnabat.

Hys itaque peractis, priusquam Lechitarum vulnerum liuor detumuerat, antequam cruor aſpergens ficcaretur: Henricus Imperator, non immemor ſuſcepte iniurie ſibi in metis Hungarorum a Boleslao illate, cum innumeroſa armatorum multitudine Poloniam vaſtandam aggreditur. Caſtrum magnum Lubuſſz impugnat, quod ad capiendum facile eſtimans ulterius ad Bithonienſe municipium feſtinat, illudque multis conatibus capere attemptat. Sed quum tam itinere, quam ſitu tutum pene inacceſſibile. Eo ſimiliter relicto ad Glogouienſem vrbem ſua caſtra applicat, ibique ciues improuiſis obſidionibus cingit, & niſi infra dies conſtitutos liberentur obſides a ciuibus extorquet; obſidionis igitur Boleslao Regi anguſtias & obſides datos non tam ſubdendi animo, quam differendi remedio. Quibus renunciauit Boleslaus: Tucius, inquit, eſt paucorum ſaluti non parcere, quam puſillanimitatis ignauia plurimos in diſcrimina adducere: vnde ſalubrius obſidibus, quam libertate carendum. Huius mandati Glogouienſes informati fiducialibus vires colligunt, urbem muniunt, minas reformant. Sed & Ceſaris caſtra inde ciues illuc Boleslaides continuis moleſtant incurſibus. Quorum rebellionem cernens Imperator filios ipſorum datos in obſides iam machinis alligari, iam tormentorum diuerſorum generibus affigi cominatur & precipit; ut ſaltim parentes paterna pietate moti filiorum quoque excidio, Boleslaw Boleslaw clamore attolente miſerti imperiali ſubderentur obſequio. Sed nec hoſtium illos terret impetus, nec laboris frangit aſperitas, nec filiorum pietaſevertit, Tucius inquit, aiunt, patres prole carere, quam patria ciues orbari: quia honeſtius libertati, quam labori conſuli debere. Interim Szleſiani, Mazouite & alie Lechitarum prouincie ad Boleslai ſui Regis incliti confluunt preſidia, exercitumque Imperatoris ab omni parte crebris vicibus invadunt & infeſtant, nunquam pauſe moram indulgendo; ſed continuis aggreſſibus hoſtium caſtra ſeu ſtaciones perturbantes. Intelligens autem Bohemorum Dux Szleſianos a ſuis finibus egreſſos in ſubſidium Boleslai adveniſſe, Imperatori ſuggerit, vt partem ſui exercitus ad capiendam vrbem Wratislauienſem transmittat. Quod Boleslaus Rex concipiens ipſos inſequitur & antequam Wratislauiam attingant, ipſos occupat, debellat & proſternit; ibique victor exiſtens uerus, ad caſtrum Imperatoris feſtinus accedit. Quem Szleſiani orant, ne prelium differat, egre ferentes tantum hoſtem ſuis incubare prouinciis & continuis depredacionibus ſubiacere; unde aiunt Sanctius eſſe ſemel cadere, quam ſemper pendere. Boleslaus itaque Imperatori nunciat: tributum exigis cruentum, in craſtinum preſtolare tributum. Nam quid a quo exigere debeas nobis cras redonante condiſces, ut ergo altero die primum dies illuceſcat, Caſtrorum Boleslai acies ordinatiſſime prodeunt, & quantum exercitum Imperatoris auget innumeroſitas, tantum Polonos reddit audacior animoſitas: vt ergo erant prime Bohemorum acies: ſic in primo congreſſu ſuccumbunt; deinde Almanorum gigantee legiones, hec a Boleslao, hec a Szleſianis & Mazouitis corruunt, alii curſu dubio inter pugnancium acies, incerti, quid agant, vel quibus ferant auxilium, catheruati huc illucque reputantur nonnulli toxicatis ſagittis depereunt. Ceteri in pedeſtre coguntur deſcendere certamen, quorum equi pre toxico vulneris ceciderunt. Sicque exiles & confractas reliquias Almanorum flens eiulans recollegit Almania, que vitam Ceſaris pro munere & fugam coluere pro triumpho. Tanta enim ad locum certaminis canum confluxit innumeroſitas, que cadaverum eſu in quandam feritatem prorumpens nulli hominum per multos dies tutus tranſitus pateret. Ideoque locus prelii ad preſens caninus campus nuncupatur.

leslaum excitare presumpsit. Quem tandem quidam ex suis, prout meruerat, gladio crudeliter interfecit & extinxit; loco cuius Boleslaus Rex quendam virum nobilem, Budziwoyum nomine, Bohemis in ducem prefecit. Quem frater invidie zelo concitatus eciam similiter non post multum temporis spacium interfecit. Iterum quoque Boleslaus Bohemiam ingressus, nepharium fratricidam expulit, & fratrem eius iuniorem principatu insigniuit: propter quod primi aule Imperialis nimium indignati & zelo inimicicie concitati dicebant: Boleslaum quadam nepharia presumptione Jura Imperialia vendicare, in eo quod non solum sacro Imperio bella inducere presumpsisset: sed eciam Regna Romano subiecta Imperio proprio arbitrio, quibus mallet, excellenter sublimando donaret.

De Pyotbrcone de Dania.

BOLEZLAI Expeditio in Daniam suscepta:

Hys autem peractis, quidam Nobilis adolescens de Regno Dacie aduciens, Petrus nomine, per Boleslaum consideracione Magnifici Principis, Rege Danaorum pro eo supplicante, in familiarem fuit receptus. Hic adolescens tam in armis bellicis, quam morum virtutibus strenuo & miro pollebat ingenio; sicque se cunctis morum venustate reddebat placabilem & conuersacione preclarum; qui tam a Rege, quam ab uniuersis proceribus nimio prosequebatur fauoroso affectu. Inter hec Rege Danaorum per fratrem nepharie interempto, Nobilis Pater Petri antedicti Adolescentis thesaurum multum Regis Danaorum iam defuncti, quem in sua habebat custodia, caute reseruans, filio nunciat, quod ad se festinus redeat & de thesauro Regio disponat; cum iam se senio contractum conspiceret, & vite breuitas finem inducere properaret. Adolescens itaque visitato opportunitatem asportandi thesaurum non reperiens, Boleslao Regi & suis proceribus suggerit, ut exercitum moueant, & ad Regnum Danaorum suo & sui Patris industrioso inuamine obiciendum accelerare non tardent. Sicque Boleslaus, prout erat in subiugandis Regnis animositate consuetus, Anno Dni millesimo CXXIV. mare transiens Regnum Danaorum obtinuit, & potius in eo propriis profectibus ad propria reuertitur, cum nimia gloria honoris & triumpho. In cuius comitatu Petrus Thesaurum Regium, patre suo sibi dante, Poloniam secum asportauit; cum quo multas possessiones sibi & suis liberis comparauit, & nonnullas hereditates ex largicione Regis Boleslai & suorum filiorum successiue sibi donatas fuerat in diversis prouinciis Regni Polonie consecutus. Iste Petrus posthac dictus Pyotryco Magnus; cuiusdam Principis Ruthinorum filiam, vxoris Boleslai consanguineam, Rege Boleslao ordinante, duxit in vxorem. Nam Rex Boleslaus Nobilioris Principis Ruthenorum filiam primo habebat in vxorem, de qua Wladislaum secundum & vnicam filiam procreauit. Post cuius decessum Henrici Quarti Imperatoris Romanorum sororem sibi in coniugium sociauit; de qua quatuor * filios, videlicet Boleslaum Crispum, Myeszkonem Senem, Henricum Primum & Kazimirum iuniorem suscepit. Iste Boleslaus filiam suam, de Ruthena genitam Colmanno, Regis Hungarorum filio, matrimonialiter copulauit. Qui nomine dotis Castellaniam de Spisz, quoad viueret, possidendam assignauit. Quem Colmannum vna cum Rege Hungarorum Halicienſibus in Regem prefecerunt, ipsum coronari facientes. Cuius coronacionem Rex Boleslaus, prout erat credulus, per Regem Hungarie dolose circumuentus Castellaniam de Spisz & loco eiusdem Castellaniam Przemislienſem nomine dotalicii filie sue recepit. Hec autem dolositas fuit origo dissensionum inter Polonos & Hungaros; prout in sequentibus patebit. Et sic Castellania de Spisz a Polonis alienata per Hungaros usque ad presens fraudulenter detenta occupatur.

Quidam vero alti ſanguinis vir princeps milicie & regni dignitate proximus tam magnanimitate ſtrenuus, quam induſtris Comes Petrus Wlastides de Kſzauſth inter cetera conſultorum reſponſa ait, quod ſtante ſtipite fruſtra in ramuſculis reſecandis quis occupatur; ſed ad radicem ſecuris primitus eſt ponenda. Melius eſt itaque ſucceſſus, quam virtutibus experimenta deeſſe. Perinde quorundam ſibi fidelium comitatu aſſumpto Ruſſiam ingreditur, exulem ſe ſimulat Regis Boleslai, ſeuiciam ſe ferre non poſſe aſſerens a Laodorio Principe Ladimirie ſuſcipi & foueri popoſcit. Gratulatur Princeps Ruſſie de tanti viri aduentu, gratulantur & ſui de tanti Commilitonis conſorcio. Et quamuis crebro cauſſas exilii a ſuis perquirentibus agitaretur; nulli tamen Petrus rem de ſuis detegit, ducens non eſſe utile, ſi conſilium ante tempus prodeat in publicum: iuxta verſum: Non bene, non tute teneris auis euolat alis. Opportuno itaque tempore mandat ſuis Petrus, ut equos promptificent, arma capiant, ipſumque ſequantur & extemplo domum Laodorii ingrediens a menſa epulantem abſtraxit, humo proſternit, proſtratum coniecit vinculis, vinctum aſportat & Boleslao Regi pro inſigni munere preſentat, ſic ſue ſalutis diſpendio honorem patrie mercatur & Regem tranquillitati conciliat. Denique huius Laodori filius paterno vulnere ſaucius perampliſſime compaciens calamitatem eiusdem indeſinenter reuoluet in animo, qualiter Patris mortem poſſit vindicare. Et conſideremus, quod aperta vlcione in hoſte multum diſpari remediari non poſſit. Dolori dolum comiſcet, & omnes Patris ſui theſauros, quos in fiſco paterno reperit, in patris ulcionem appendere decrevit, preponderare eſtimans diuiciis honeſtatem; & ſic in patris vindicta prodigalitatem, & in ſe ipſo parcitatem oſtendens, quendam ſiquidem de Pannonia tam ſanguine, quam dignitate inſignem muneribus allicit, auro corrumpit, ut quali dolo poſſet Boleslaum decipiat atque fallat. Iſte igitur Pannonius auri lucrum inſigni nobilitate cupide preferens ad gremium Boleslai confugit, exulem ſe doloſe Regis Pannonicorum fore mentitur, cauſas ſui exulatus callide exponit, aſſerens hanc eſſe precipuam, reipublice Lechitarum ſeu Polonorum amantiſſimus ſtuduerit aut ſtudioſe docuerit declinare. Quamobrem aſtruit calumpniam, ſuorum preualuiſſe emulorum & in ſe capitis ſententiam fuiſſe promulgatam. Malle igitur ſe male declinare immeritum, quam innoxium caput ſubmittere indebite noxe, ſpondens Pannoniam ſubiicere priſtine dicioni.

Elogium Petri Wlaſtidis Comitis de Kzauſth.

De Prodicione Vrbis Wiſlicienſis.

Erat enim temporibus illis Vrbs famoſiſſima in Regno Lechitarum, murorum altitudine circumſepta, nomine Wislicia, cuius olim Princeps tempore Paganiſmi fuerat Wislaus decorus, qui & ipſe de ſtirpe Regis Popeli duxerat originem. Hunc quidam Comes, eciam ſtirpis eiusdem, vt fertur; fortis viribus, nomine Walterus robuſtus, qui in Polonico vocabatur: Wdaly Walgerzs: Huius caſtrum Tyneg prope Cracouiam, vbi nunc Abbatia Sti Benedicti per Kazimirum Monachum, Regem Polonorum ſeu Lechitarum, fundata conſiſtit, in quodam ſedicioſo conflictu captiuauerat, captumque in vincula coniecit, ac in profundo Turris Tingrenſis mire cuſtodie deputauerat tenendum. Hic quandam Nobilem, nomine Helgundam, ſponſam cuiusdam Regis Francorum filiam habuit in vxorem, quam, ut aiunt, clam verſus Poloniam non ſine magnis corporis ſui periculis Walterus abduxit. Et cuiusdam Almanie Regis filius in curia Regis Francorum, Patris Helgunde predicte fouetur gracia morum capeſſendorum. Et Walterus, prout erat animo perſpicax ac induſtrioſus, conſiderans filiam Regis Helgundam in Regis Almanie filium amoris affectum convertiſſe, quadam nocte meniaCaſtri aſcendens vigilem Caſtri precio conuenit, ne ipſum quouis modo detinere preſumat; ſic dulci melodia perſtrepuit, quod ad huius dulcem vocis ſonitum Regis filia a ſompno excitata, de lecto ſaliens, cum ceteris coeuis puellabus, ſompni quietis oblita nutui dulciſſimo intenta manebat; donec cantor vocibus ſonoroſe operam dabat. Sed cum duabus noctibus ſequentibus Walterus adoleſcens ſimilia caute peregiſſet; Helgundis diſſimulare amplius non valens, vigilem ut cantorem prodat, minis & terroribus compellit. Qui cum prodere nollet ipſum capitali ſententia plecti iubet. Vigil itaque cum Walterum cantaſſe nominaſſet, ipſa in eius amorem feruide ardeſcens ad eius vota ſe totaliter acclinauit, filium Almanie Regis reſpuendo. VValterum in amoris alueolum esse subrogatum, nimio zelo contra VValterum accensus, ad patriam rediens omnia Naula Reni fluminis occupat. At ne aliquis cum virgine nisi marcam auri pro nauigio exsoluat, custodiri sollicite committit. Tracto igitur temporis spacio, VValterus cum Helgunda opportunitatem fugiendi captant, captataмque inueniunt. Et aduenіente die optata aufugiunt: sed postquam rippam Reni fluminis optatim peruenіunt, naute marcam auri pro nauigio expoſcunt, receptamque quousque filius Regis aduenіat, transmeare contradicunt. Ille autem ſenciens ex mora periculum, mox Bucephalum conſcendit & Helgundam retro ſe conſcendere iubet, & flumen inſiliens ſagitta velocius pertranſit; & dum aliquantisper a fluuio Reni viam peregiſſet, audit clamorem poſt terga Almani ipſum inſequentis in voce preconica dicentis: O perfide cum filia Regis clam aufugiſti & pedagio non ſoluto Renum transmeaſti. Siſte gradum, ſiſte ut iniam ſingulare certamen, & qui victor extiterit, victor exiſtens equum & arma ac Helgundam retinebit. Cuius clamoribus VValterus intrepide reſpondens, ait, filiam quid loqueris. Nam marcam auri tribui & filiam Regis non vi receptam, ſed vltronee me ſequi volentem michi ſociaui. Et dictis hys alterum alter lanceis animoſe impellit, quibus confractis, enſium ictibus pugnant & viriliter viresexaptant. Et quia Almano Helgundam ex oppoſito poſitam reputabat aſpectus: ideirco eius aſpectibus hilariter confractus VValterum retroire coegit, quousque retroiens Helgundam conſpexit. Quam conſpiciens tam pudoroſe incredibili perſiſtit, quam eius amore nimio ſuccenſus, viribus reſumptis Almanum fortiter impeciit & ipſum protinus occidit. Cuius equo & armis receptis itinere cepto ad propria remeat leti honoris triumpho dupliciter trabeatus. Qui ad caſtrum Thincienſe veniens proſperis itineris ſucceſſibus feliciter peractis aliquanto tempore medicandi gracia quieti indulſit, vbi ex querelis ſuorum intelligens VVislaum decorum, principem VVislicienſem in ſui abſencia ſuis quasdam iniurias irrogaſſe. Quas grave ad animum revocans, cauſſa vleiſcendi contra VVislaum inſurgit & tandem cum eo confligit, vincit, victumque ut premiſſum eſt, in profundo Turris caſtri Thincienſis cuſtodie carcerali deputat mancipatum. Poſt aliquam uero temporis reuolucionem, ad exercendos actus bellicos, more militancium peragendos, remotas peragrat regiones, & cum duorum annorum eius abſencie circulus iam reuoluiſſet, Helgundis de mariti abſencia nimium anxiata, cuidam puelle ſibi ſecretarie uultu ſubmiſſo referre ſit compulſa, afferens nec viduam nec maritatam eſſe, reputans illas que viris ſtrenuis & bellorum certamina indagantibus matrimonialiter commiſcentur. Secretaria uero domine ſue luctuoſam inopiam pro qualitate temporis perpeſſim pudore prodicionali protinus abiecto cupiens reuelare, Wislaum principem Wislicie forme elegantiſſime & corpore venuſtum, in aſpectu decorum, in turri nunciat mancipatum, ſuadetque miſera, ut ipſum de turri noctis ſub ſilencio extrahi iubeat, & votiuis amplexibus debriata ad yma turris iterum caute remittat. Fauet illa ſuaſionibus ſecretarie, & periculoſis euentibus anguſtiata vitam & famam honoris exponere non metuens, Wislaum de ymo carceris extrahi precipit, & eius viſo decoris aſpectu, nimium admirans efficitur letabunda. Nec ipſum amodo ad yma turris mittere; ſed cum ipſo pocius ſodalicioſo federe ſociata, & indiſſolubili amoris vinculo compaginata, ad vrbem Wislicienſem fugam inire elegit, proprii viri thoro prorſus derelicto. Sic Wislaus ad propria remeat, duplicem ſe ſperans habere triumphum; qui tamen in euentu dubio utrique necis applicat interitum. Nam poſt reuolucionem breui temporis Walterus ad propria rediens a caſtrenſibus ſciscitatur; cur Helgundis ſaltim ad valuas Caſtri ſibi non occurrit, in ſuo iucunda aduentu; a quibus cum didiciſſet, qualiter Wislaus de ymo turris cuſtodum fretus auxilio Helgundam ſecum asportaſſet; repente nimio zelo furoris repletus verſus VVisliciam feſtine properat, caſibus fortuitis ſe & ſua exponere non pauescens; vrbemque VVislicienſem inſperate ingreditur, VVislao pro tunc extra vrbem venacioni inſiſtente: Quem Helgundis in vrbe conſpiciens, feſtine occurrit & prona cadens in terram, de VVislao, quod ipſam violenter rapuerit, lamentabiliter querulatur, ſuadens VValtero ut ad ſecreciora habitaculi eius aſcendat, ſpondens VVislaum eiusdem nutui ſubito tenendum putare. Credit ille deceptrici deceptiuis ſuaſionibus, circumſeptus habitaculum firmum ingreditur, in quo VVislao per deceptricem putatur fallacem captus preſentatur. Gaudet itaque VVislaus & Helgundis iocoſis plauſibus operam dantes de ſucceſſu proſpero feliciter triplicato gaudii extrema minime perpendentes, quos frequenter luctus mortis occupare conſueuit. Hunc ergo non carcerali cuſtodia tenere voluit; ſed plus

In quo cenaculo ſtratum ſibi parari iuſſit, ubi eſtiuo tempore cum Helgunda infra meridiem deleccaciones venereas exercentes quieſcebant. Habebat eciam VVislaus quandam ſororem Germanam, quam ob deſpectabilitatem ipſius nemo cupiebat in vxorem, cuius cuſtodie VVislaus pre ceteris cuſtodibus VValterum plus confidebat. Hec VValteri afflicciones nimium compaciens, ipſum pudore puellari prorſus ſemoto, a VValtero percunctatur, ſe ipſam habere velit vxorem: Sic ſue calamitati ſubueniret; ipſum a vinculis liberando. Spondet ille & iuramento confirmat, quod eam maritali affeccione, quoad vixerit, pertractet & contra VVislaum fratrem eiusdem gladio ſuo, ut eadem optauerat, nunquam dimicabit. Hortaturque eam, ut enſem ſuum a fratris cubiculo ſubtrahat, & ipſum apportet, ut cum ipſo vincula disrumpat. Que mox enſe apportato clauem cuiuslibet boge ſeu ferree ligature in parte extrema, ut VValterus iuſſerat, de enſe precidit, enſemque inter dorſum VValteri & parietem repoſuit, ut temporis opportunitate captata ſecurius abſcedere poſſit. Qui usque in craſtinum hora meridiei expectata, cum VVislaus cum Helgunda iocoſis amplexibus in lecto cenaculi uterentur, VValterus contra morem eos alloquitur dicens: qualiter ne vobis videtur, ſi ego ſolutus a vinculis enſem meum ſtridentem in manibus geſtans ante lectulum veſtrum conſpicerer, vindictam de commiſſis inferre minando. Ad cuius dictum Helgundis cor concubuit & tremebunda VVislao dixit: ve Domine enſem ſuum hodie in cubiculo noſtro non reperi, & tuis affatibus intenta oblita ſum reuelare. Ad quam VVislaus, eciamſi decem enſibus fulciretur, propter bogas ferreas, quas rumpere absque fabrorum induſtria non valeret. Ipſis uero inter ſe ſic confabulantibus, VValterus liber a vinculis ſaliens, enſe vibrato ante lectulum ſtare conſpicitur, & mox datis imperiis manum cum enſe in altum erigens, ipſius enſem in ambos cadere permittit, qui cadens vtrosque per medium ſcidit. Sic vterque eorum deteſtabilem vitam miſerabiliori fine concluſit. Huius itaque Helgunde ſepulcrum in caſtro VVislicienſi omnibus cernere cupientibus in petra exciſum usque ad preſens demonſtratur. Huic ergo vrbi munitiſſime Boleslaus Rex illum Pannonium, putatiuum exulem, quem non ut profugum, ſed ut proprie alumnum benigne ſuſceperat, & caritatiuo modo pertractans, prefectiuo officio generoſiſſime inſigniuit. Principis ergo Boleslai Pannonius ille noctua abſencia, qui ad interiora Regni deſcendens Regalia negocia diſpoſiturus moram faciebat, Laodoridem principem Ruſſie feſtine accelerare iubet, abſenciam diuturnam nuncians Boleslai. Hoſtes itaque VVislicie appropinquant & appropinquaſſe nunciantur. Imperat denique proditor ille, ut omnes belligeri & cuiusuis ſtatus homines ſexus vtriusque ad vrbem tuendam confluant, ac ſe ac ſua in ea conſeruent, ne ut rei criminis leſe maieſtatis notentur, & bona baſilica & mobilia regio fiſco aſcribantur. Omnibus uero populis tam ſalutis conſeruande, quam vrbis gracia tenende in vrbe concluſis, proditor perfidus hoſtibus valuas apperit, populum exanimum Barbarice nacioni feriendum exponens anno MCXXXV. ſexto Idus Februarii VVislicia deſtruitur. In cuius populi effuſione cruoris Laodarida inhumaniter debriatus ſic impie ſeuit; qui eius crudeli ſeuicia plus humano ſanguine irrigata, quam ſaciata rabie exiſtens ad propria reuertitur ſine omni leſione. Illum autem Pannonium perfide prodicionis filium, utroque lumine priuat lingua preciſa & eneruat; ne de radice colubri & de perfido perfidum quid peſtilencius propagetur. Quo audito Boleslaus, prout erat iniuriarum vltor atrociſſimus, mox Ruſſie fines attingens, Ruſſiam ingreditur, Leodoridam perquirere iubet. Sed ille ſibi male conſcius repente, ut Capra ſilueſtris, luſtra nemorum penetrat & inter ſaltus & lucos ferarum more deliteſcit. Boleslaide vero leonibus truculenciores, in populum Ruthenorum grauiter deſeuiunt; non borgis, non vrbibus, non municipiis parcunt, nec ulli ſexus etati aut ſanguinis generoſi ſublimitati patrocinia conferre putant, quin omnem, qui reperitur vivere, inhumaniter abſorpſit. Sic Boleslaus in Leodorida ulcione centuplata ad propria reuertitur cum honore.

*De Expulſione * C. Regis Halicienſis.*

Poſt huiusmodi ſeriam Boleslai ulcionem Ruthenis, ut premiſſum eſt, aſperrime inflictam, Ruthenorum Princeps alie Ruſſie, & aliarum prouinciarum circa adiacentium principum conuocato conſilio & eorum freti conſilio, cum aliter ipſis poſſibilitas adeſſe minime videretur potencie Boleslai reſiſtere poſſe. Qui Hallicienſem Regem,

* Jaroslaum Dlugoſſus appellat Lib. IV. ad an. 1137.

Regem, Principis Boleslai generum a Regno eiiciunt; qui ad Regnum Boleslai ſoceri ſui confugiens apud ipſum cum vxore aliquandiu fuerat commoratus. Ruthenorum ergo princeps invaſionem Boleslai, quem ut fulguris impetum abhorrebant, terribiliter formidantes, dolum credulo intermiſcent, ut quem armis vincere non poſſunt, ſola ſaltim credulitate vincant. Omnium ergo Principum ſibi adherencium ac barbarice gentis multitudinem armatorum ſtudioſe primitus recollecta; primatum primos ex parte totius Regni Hallicienſis procerum ac vniuerſitatis ad Boleslai preſenciam in legacione dirigunt; offerentes ſe ipſos cum natis ipſorum & omne Regnum deuotis obſequiis ad Boleslai ſcabellum prouolui, qui Regem ipſorum fraterno colligit amplexu. Pannonii quoque Halicienſi Regno contigui & de Ruthenorum aſtucia non ignari, querelas calidiſſima aſtucia comentatas deplangunt ſubſidiari deprecantes, ut Regem propulſatum Regno reſtituat, ſuasque illi copias armatorum ſubſidio pari remittant; vtramque tamen maieſtatem flagrantiſſimis ſuſpiriis exoptant. Talibus igitur perſuaſionibus deceptiuis Princeps Boleslaus nepharie deceptus Halicienſem prouinciam cum paruo exercitu ingreditur. Cui quedam Pannoniorum catherue & Decem Ruthenorum cunei innumera numeroſitate conferti alternatim ſuccereſcunt, Regem exulem humili voce ſuſcipiunt & Boleslaum conſalutant. Omnes tamen ſucceſſiue in poſtremas acies relabuntur. Boleslaus itaque rem tacitus conſiderat, quam Principi milicie VVſzeborio apperire feſtinat. Suſpicaris, inquit, VVſzebori, quod ſuſpicor? Qui reſpondit: Quid ſuſpicaris? Qui ait. Cernisne omnes hos pene in caudam relabi, quorum cauſa hic agitur? Quid ergo non eſt mora libera nobis? Turpe viris non eſſe viros. At ille: tam ſubito ſubitos non competit eſſe peritos. Difficiles aditus quisque ſubit ſubitos. Dum hoc invicem altercarentur; ecce innumeras Ruthenorum & Barbarie turmas eminus venire proſpicantur. Sic itaque concurrunt acies & pila iminencia pilis. Geminus Boleslai exercitum vrget hoſtis, vnus a tergo, alter a ſincipite fortiter impugnans. Clamat igitur Boleslaus eya viri, eya pugnare vobis conuenit non ſegniter a prelio diuerti; iuxta verſum: Vt bene pugnetur bene pugnans efficit hoſtis. Quidam autem vir Boleslaides, magnus genere, ſed degener animo & primus fugam de prelio iniit. Cuius ignominioſa fuga non tam victoriam victorioſo Boleslao ademit, quam titulum victorie quaſi quadam nube obduxit, aut ut verius dicam, ſole illuſtrauit. Nam usque ad hunc diem etſi crebro Boleslai virtus, tum ineſtimabilis audita, fuit, non tamen Pannoniis credita & Ruthenorum virtutibus notabiliter manifeſta extitit. Cuius equus tam labore, quam vulnere dum fatigatus ſuccumbit, Boleslaus pedeſter cum hoſtibus confligit, dimicat & proſternit. Quem quidam origendius de proprio equo prolapſus illum conſcendere fecit. Et tandem Boleslaide non victi, ſed vincendo fatigati; quidam autem ex ipſis a prelio diuertunt; quosdam autem prelii labore feſſos hoſtes capiunt & ad propria non Boleslai lamenta abducunt. Tot enim & tanti ex gente Lechitarum fuere capti, quot gens Lechitica, licet omnem theſaurum in auro & argento, & diuerſis elenodiis eciam, qui a tempore Boleslai M. ex tributis diuerſarum nacionum in Regno Polonico habitus & reconditus habebatur, in captiuorum redempcionem poſitus fuerit; non tamen redempcioni ſingulorum ſuppetebat, quin plures non mediocri ſanguinis viri in miſerabilem ſervitutem genti Paganice venditi vitam infamem & miſerabilem terminarunt. Fruſtra igitur Pannonie pars ignominioſo glorietur triumpho, nec victa nomen victricis vſurpet, quam pocius pudeat ſue fraudis iugulum meminiſſe. Boleslaus itaque de ſuorum captiuitate quamuis ſatis anxius; ad propria tamen incolumis rediens, illum fuge militem tribus donariis premiandum fore attollit, colo videlicet penſo & leporis pellicio; in quibus colum feminam penſum uero verſatum, lepus meticuloſum deſignabat. Quibus donariis ille vir animo ignobilis ſic pudoroſe receptis, & quid deſignaſſent, intelligens ſe ipſum ad loramentum campane oratorii proprii ſuſpendit, miſerum ſe ipſum exalando; cuius exitus eciam in colo patibulum, in penſo laqueum & in lepore fugam ipſius poterit deſignare. Originarium autem illum inſigne libertatis gracia ſeruituti emancipat, emancipatum locupletat, locupletatum nobilitat; iuxta id propheticum: Et de ſtercore erigens pauperem, ut ſedeat cum principibus & ſolium glorie teneat. Huic autem Sereniſſimo Boleslao nichil virtutis aut induſtrie defuit; ſi tamen habenas crudelitatis parcius laxaviſſet. Iſte uero Boleslaus poſtmodum Abbaciam in loco Caſtri Caluimontis & eciam in Szeczechow per quendam nobilem nomine Szeczechoweez, aliquibus bonis cœnobio Sceczechouienſi adiunctis ordinis Sancti Benedicti in honorem ſancte Trinitatis & beate virginis devote fundauit. BOLESLAI mors, Teſtamentum & Liberi:

De Wladislao Secundo.

Succedit autem Patri Wladislaus tam Primogeniture priuilegio, quam per patrem Regni ſucceſſione inſignitus. Erat itaque Princeps in ſe humaniſſimus; ſed vxoris atrocitate ab humanitatis ingenio deſiſtere fuit aſſuetus. Qui eo imperare ſeuius ſtuduit, quo arcius vxoris amplexibus indulſit. Non enim de vxore facile triumphatur, que ſi ſemel triumphaſſe permittitur, nec victricis animoſitas eciam viciſſe ſit contenta. Niſi queque inuictiſſimorum colla ſuis ſuppeditare curet imperiis. Fuit etenim ſecundum quosdam conſanguinea imperatoris * Henrici, Regis Pragitarum propinqua, veſtem & calciamenta & mores Polonorum Nobilium deteſtando deridebat, virum ſuum ſemiprincipem nominat. Quem parta Regni particula deriſiue contentum affirmabat; viri autem animum femineo amore inclinat, vt fraterna pietate exutus hoſtilem animum induat. Et fratres pubertatis etate gaudentes, porcionibus priuet & eorum vrbibus occupatis penitus abhereditare contendat, inuaſionis occaſionem palliata nequicia contra fratres habeat. A ſubditis eorum incolis tributa requirit. Iuuenes itaque ad vxorem Wladislai concurrunt, prona ſupplicacione proſtrati, munimine eiusdem plus lacrimis quam lingue beneficiis exorabiliter, vt fratris ſeuiciam placare dignaretur, implorant. Sed facilius leonis manſueſcere rabies, quam huius femine truculencia ſolius. Eſt enim iuxta dictum cuiusdam ſapientis: Atrox femina omni feroci beſtia truculencior, & manſuetudo feminea omni ſerenitate ſerenior. Iuxta vetus: Femina rara bona, ſed que bona, digna corona. Sic fratres iuuenes hoſtem ſuſcipiunt, a quo patrocinium ſperare debebant.

Succedit Filius primogenitus WLADIZLAVS II. Dux SILESIAE & CRACOVIAE.

De Pyothrcone de Dania.

Interim Pyothrco magnus vir ille, qui Wladislai amicam habebat vxorem, Wladislao ſuadet ipſumque hortatur, vt a perſecucione fratrum deſiſtens ipſos pocius fraterno amore, preſertim tenere etati eorundem compaciens, proſequatur. Qui ob hoc Pyothrconi Comiti quamuis nimium moleſtus fuerit, metuens, ne fratribus ſuis apponens ſibi bellum infligere preſumat; tamen caute diſſimulans vindictam inferre obmittit. Sed cum Pyothrco comes prefatus nupcias filie ſue, quam Iaxe, duci Sorabie deſponſauerat in vxorem, in vrbe Wratislauienſi celebraret ſollempniter, Wladislaus miſſis clientibus ipſum capi & lingua preciſa exoculari fecit; Cui diuinitus tam loquela, quam viſus fuerant reſtituta. Aſſumpſerat enim in crudelitatis ſue regumen quedam futicinia, vt aiunt, per ipſummet conficta, qualiter quodam tempore dum venacioni inſiſtens in nemore ſolus cum Petro memorato errabundi pernoctarent, eidem Petro iocoſe dixiſſet, quod vxor ſua cum quodam ſacerdote Curie eiusdem mollius quieſcerent, & quod Petrus Wladislao de vxore ſua ſimilia peroraſſet, ipſam cuidam militi apponendo aſſerens, propter hoc non ſolum lingua & oculis, ſed eciam vita ipſum priuari debuiſſe. Iſti enim Pyothrconi Penitenciarius domini Pape cum Romam iuiſſet, & de theſauro Regis Danaorum mortui aſportato confeſſus fuiſſet, pro penitencia iniunxit, vt ſeptem moneſteria erigeret & conuenienter dotaret. Qui rediens in ſuburbio Vratislauienſi in honorem Beate virginis Marie Abbaciam, Canonicorum regularium in arena & aliam in honorem Sti Vincencii extra vrbem eandem fundauit, & habunde dotauit. Sanctimonialium in Strzelna, prepoſituram ad Stum Laurencium prope Kalis, Abbaciam in Suleow, prepoſituram in Mſtow ſimiliter erexit & dotauit, & alias LXX. Eccleſias ex lapite dulato & cottis lateribus fertur conſtruxiſſe; quarum quasdam imperfectas reliquit morte preuentus; quas filius C. iuſſu Patris poſt mortem eiusdem dicitur perfeciſſe. Hunc enim in Comitem de Skizin creauerat largitas magnifica Boleslai. Sed nunc iterum ad Wladislai diſcriminoſam ſeuiciem redeamus. Pyothreonis geſta, que per ſe ſcripta habentur, obmittentes. Wladislaus itaque non motus fratrum lacrimis, nec Polonie procerum precibus inſtantiſſimis, exercitum fortem tam de Ruſſia & circumvicinis partibus congregat. Et primo Henricum de Sandomirienſi; deinde Boleslaum de Mazouienſi ac de aliis terris fugam inire compellit, vt eorum dominiis pene omnibus improbe occupatis ipſos omnimode exhereditare proponit. Cum quo Wſzeborius, princeps milicie, vice pupillorum ſepius non improſpere confluxit. Cuius freti confidencia principes paruuli lacrimas obmittunt & armorum ſtudiis animoſius inſiſtunt. Proinde Wladislaus de ſuis minime confidens, extranearum turmas attrahit nacionum, quas in fratrum iubet graſſari excidium; qui tandem de vlla virtutis potencia amplius preſumentes ad Poznanienſem vrbem, que ſola iam reſtabat preſidio cum fratre Meszcone conflixerunt. Circa quam Wladislaus omne robur ſui exercitus explicuit & obſidionis ingenium animoſe geſſit, tanto ſecurior, quanto milicie copioſior exiſtens. Et dum aliquanto tempore Wladislaus in obſidione caſtri Poznanienſis moram facit, terris Polonie per barbaricam gentem ſui exercitus necem crudeliſſime inferendo, Iacobus primus, Archiepiſcopus Gneznenſis ad ſtaciones exercituum accedens, papilionem ſeu tentorium Wladislai in ſuo curru paruulo reſidens introiit, ipſumque ſub atteſtacione diuinvine dicto obiurgando monuit, vt a fratrum perſecucione & ſuper effuſionem chriſtiani ſanguinis, ſtupracione virginum ac violacione matronarum, que inceſſantur, Barbarica gens ſui exercitus in ſua gente, de qua & ipſe oriundus extiterit, nefarie exercebat, clementer compaciens ad propria placatis fratribus ſtudeat declinare. Quod dum more Pharaonis corde indurato ſacri Preſulis monicionibus parere contempſit; ipſum Archi-preſul veluti contemptorem & chriſtiane fidei inimicum ibidem mox anathematis vinculo innodavit. Quo facto currum de papilione exire faciens, ſtatuam papilionis ſeu tentorii caſu inopinato vector crus cum curru confregit, que cadens cum parte tentorii Wladislaum fere oppreſſit, preſagium futuri mali Wladislao demonſtrans. Nec ob hoc Archiepiſcopo fuerat indignatus: Sed caſum huiusmodi fortuitum ſuſtinuit pacienter; propter quod dubium non eſt prolem ſuam partem Regni Polonie poſt ipſius deceſſum poſſediſſe; quam eciam vsque in preſenciarum tempore cernitur poſſidere. Denique Sandomirite, Mazouite, Cuyauite & Poloni dominos ſuos pupillos feruentiſſimo affectu inſecuti, frequenter Wladislai exercitui parant inſidias, incautos trucidant, capiunt & in vincula coniiciunt. Et tandem cum pupillis induſtrioſe deliberantes, caſtra ſeu ſtaciones Wladislai caute inuadere deliberant. Ita ſigno de turre Caſtri extrinſecus dato latentibus in ſtaciones Wladislai vno momento & hij de caſtro & hij de latibulis irruere non pauescunt. Interea quidam Pupillorum miles ſtrenuus quosdam de caſtris Wladislai occupat atque capit, & quidnam in caſtris agatur, fateri iubet. Agnoſcunt illi nil de pupillari reſiſtencia ſuſpicari: ſed inter epulas laſciua ſecuritate torpere. Tempore igitur meridiei dum Wladislaus & ſui exercitus epulari cepiſſent, caſtrenſem de Turri Poznanienſi retro Eccleſiam Sancti Nicolai ſituate clipeum rubeum ter in altum erigunt & ſubmittunt. Quem Princeps Ruthenus Wladislao propinquus erigi & ſubmitti conſiderans, a Wladislao percunctari cepit, quidnam erectus clipeus deſignabat. Ad quem Wladislaus, fratres mei gracie mee ſe ſubmittere oſtendunt. Cui ille fratres vt gracie priſtine reſtituat, exhortatur; ſed Wladislaus tumore ſuperbie inflatus reſpondit: non eſſe locum reconciliandi, cum eorum exterminium iam diſcriminoſe fuiſſet. Inter quas confabulaciones pupilli de caſtro Poznanienſi cum paucis quidem, ſed armorum exercitatiſſimis in hoſtes moroſe procedunt; aliique de latibulis prodeunt, caſtra Wladislai repente inuadunt, contra epulantes ieiunii inſiliunt, catheruas hoſtium arduiſſime penetrant & fortiſſime enſibus mactant, trucidant & occidunt; ſic vt duo ciui Czibina & Glowna, iuxta que certamen belli gerebatur, ex cruore occiſorum inundati wartham fluuium rippis alcius repleuiſſe perhibentur. Verum Wladislaus, qui de multitudine ſui exercitus confidens paternam monicionem Archiepiſcopi obſtinata mente & anathematis nuncionem contempſerat, confuſus circa Poznaniam Anno Domini MCXLII. Cracouiam rediit meſtus & totaliter corde deſolatus. Quem Boleslaus Criſpus, Meszko & Henricus non vt pupilli; ſed vt Principum Sereniſſimi ſuorum fidelium manu forcium copioſe recollecta, aliquanto tempore poſt bellorum certa-

Quorum aduentum Wladislaus preſtolari non audens, verſus Hungariam fugam iniit & demum ad curiam Conradi Imperatoris, cuiis* ſororem habebat in vxorem, ſe tranſtulit ſubſidiari popoſcens. Vxor autem illa ferociſſimas ygas eiusdem per Boleslaum & Meſzconem de vrbe Cracouienſi verſus Almaniam, cum duobus filiis Boleslo & Meſzcone virum ſequi compellitur. Et ſic eandem perniciem, quam pupillis euenire optauerat, fortuna variante meritorum ordine in ipſam re torſit, iuxta verſum: Diſcat in auctorem pena redire ſuum.

De Boleslao Quarto cognomine Criſpo.

Boleslaus igitur, cognomine Criſpus, tamquam ſecunde vxoris Boleslai primogenitus ex Wladislao ſecundo natus eidem in Regno ſuccedit. Qui omnes cupiditatum cauſas prudenter abiiciens, tamen ſue dignitatis mores exercet, non ea ſolum fratribus deferens, que ordo ſucceſſionis & Juris non popoſcit; ſed ad impertinentes quoque prouincias caro affectu collocans eisdem Meſzcone videlicet & Henrico. Nam Kazimirum vtpote adoleſcentulum quaſi filium educari committit, non vt illi gradum participii prorſus abneget; ſed ne tenellum vitis palmitem vento leuitatis exponat; quia quod flamen pleum, hoc ſolet adoleſcenti exhibere libertas. Wladislaus itaque ſuimet immemor, munitiſſime tamen reſidens vrbi Rathiborienſi, Imperatorie culmen concitat maieſtatis, vxoris & filiorum allegans ſanguinis proxime racionem. Bohemorum quoque & Ruſſie principes ſollicitat, propinquitatis annexe Iure aſſignans, vt ſue calamitati dignanter ſubuenire, intendant. Imperator itaque tantis allegacionibus perſuaſus, ſororisque & nepotum motus lacrimis, Boleslaum crebris legatorum interpellat monicionibus, vt fratrem ſaltim patrimonii parte, non Regno ſublimatum reſtituat. Sed Boleslaus quanto pertinacius monitis eius parere detrectat, tanto acrius animoſitatem Imperatoris in ſe prouocat. Omne taque robur Imperii in Boleslaum conſpirat. Fit igitur manus omnium contra Boleslaum & manus Boleslai contra omnes. Bina quoque illi eleccio proponitur, vt videlicet Regno cedat, aut belli conflictum non declinet. Sed vir induſtrius vtraque diſſimulans, amputat hoſtibus vbique pabulancia ſubſidia. Illud robur inuictiſſimum legionum peſte fama contabuit. Boleslaus ſine bello cum hoſte confligit & ſine prelio induſtrioſe triumphat. Denique Wladislaus crudelis tercio anno exilii ſui mortua vxore ſua & in ** Aldemborg ſepulta, vocatus per fratres ſuos ad colloquium in Plogk, vbi in eodem colloquio grauiter infirmatus moritur, & in Eccleſia Cathedrali, ante altare maius, primus Ducum Polonie ibidem ſepellitur. Quo defuncto Conradus Imperator Boleslao non armis, ſed precio inſtat, vt orphanis Wladislai miſereri dignaretur, ipſos aliquali porciuncula terrarum fratris conſolando. Boleslaus itaque, qui per Imperatorem vinci non poterat, mature non dedignatur obedire Imperio, & gratuito amplexu fraternos filios ab exilio reuocat in humanitatis ſolacia, impendens ipſis Szleſianam prouinciam donat, Oppolienſem ducatum adiungens. Quorum primogenitus Boleslaus Altus vocabatur, ſecundus Meſzco loripes, tercius Conradus Primus; & hi tres tractu temporis inter ſe terras diuiſerunt in hunc modum; videlicet Boleslaus Altus racione primogeniture vrbem Wratislauienſem pro ſe retinuit cum ſuis appendiis vniuerſis; Meſzconi Loripedi Oppolienſem vrbem cum ſuis adiacenciis aſſignando, & ob hoc, videlicet propter inequalitatem diuiſionis inter Meſzconem & Boleslaum plurimis annis viguerunt. Conradum vero Iuniorem Imperator Cunradus, awus eiusdem, vt quidam referunt, Abbati Wlad commiſerat nutriendum. Hys itaque peractis, Boleslaus Criſpus ad depopulandas terrarum Pruſſorum prouincias animum ſuum bellicoſe conuertit. Quos non ſolum hominibus, ſed eciam animabus Chriſtianorum conſtat eſſe infeſtos; quorum quibusdam poſt bellorum multorum diſcrimina tandem animoſe ſubactis hoc edictum promulgavit, vt qui Chriſtiane religionis carractere inſigniri elegiſſet, abſoluta gauderet libertate; illiusque in rebus paretur diſpendium; qui autem gentilitatis ritum deſtruere contempſiſſet, rebus confiſcatis vltimo capitis plecteretur ſupplicio. Sed eorum aſſumpta religio tanto fuit breuior, quanto coaccior videbatur. Mox etenim Boleslao ad propria redeunte, in Apoſtaſie gurgitem reſiliunt, culturam ydolatrie reſumentes. Nuncios itaque ad Boleslaum deſtinant, obnixe ſupplicantes, vt tributorum dacionibus & obſequiorum preſtacionibus contentus ipſos a ritu tradicionis paterne recedere non arceat,

ſed hunc eolere permittat. Sufficere ſiquidem ſibi arbitratus eſt Boleslaus, ſic quod principis eſt, deferatur principi, licet, quod Dei eſt, Deo denegetur. Poſt deceſſum itaque Boleslai Criſpi Meſtko, frater eius tercius, qui ſicut erat fratri Boleslao natu proximus, ſic & in Regni ſucceſſione propinquus, in Regno ſucceſſit eidem. Auſcultabant illi omnes adherentes prouincie, affluebant obſequio, affatu vndique principum remotiſſimorum ſublimitas arridebat, omnis dignitatum gloria applaudebat eidem in proſperis ſucceſſibus omnis fortune elegancia, non illi bellorum defuere triumphi, & ſuper omnia vota votorum tranſcendens numeroſe prolis in vtroque ſexu felix comitabatur ſucceſſio. Maſcula proles omnibus intuentibus veneranda, feminea vero cunctis gracioſa. Nichil enim prorſus humane felicitatis deſuiſſe; quamuis nemo tam felix ſit, quin cum aliqua felicitatis parte rixetur. Iſte Meſtko ob grauitatem morum ſenex eſt appellatus. Hic anno Domini MCXLV. abbaciam Laudenſem ordinis Ciſtercienſis fundauit, adhuc in iuuenili etate eximiis & ſuis bonis ſufficienter dotauit. In Kalis vero Eccleſiam in honorem Sancti Pauli de lapidibus dolatis fundauit & conſtruxit, in qua prepoſitum & aliquot prebendas inſtituit & dotauit. Eccleſie vero Gneznenſis partem extremam de plumbo tegere fecit. Habuit namque quinque filios, quorum duos videlicet Odonem & Stephanum ex filia Regis Hungarie, reliquos vero tres ex conſanguinea Fredrici Imperatoris, Regis Romanorum ſuſceperat. Horum itaque & filiarum affinitatibus plurimos diuerſarum prouinciarum principes ſibi attraxit in amicos. Princeps enim Bohemorum Boleslaus, Dux Saxonie gener eius, Princeps Ruſſie ſocer filie vnius, Princeps Rugie ſocer alterius. Nam Stephanus, Boleslaus & Meſzco inconiugati deceſſerunt. Sed quid ſuper hec? Sepe enim ſumma proſperitas ſummum parit infortunium; preſertim cum omnis glorie ſublimitas, quo ſublimior eſt, eo procliuior ad lapſum exiſtit. Nam Meſzco, tot privilegiorum prerogatiua ſubuentus cuiusdam, proh dolor! ſecuritatis inſolencia deuictus in quendam torporem repente dilabitur; non aduertens, quod vlla ſit in ſummo tranquillitas, que in ſui ſecuritate non vnquam proximum prenunciat naufragium tempeſtatis. Illam etenim aſperitatem Roboam, filius Salomonis aſſumens optimatibus Regnum dicere preſumpſit, qualiter minimus digitus eius graſſior eſſet patris ſui. Addens: quodſi pater meus virga vos cedebat, ego cedere faciam vos ſcorpionibus. Ob quam cauſam

ſciſſum

ſciſſum eſt Regnum Iſrael & ablatum eſt ab eo usque in ſempiternum. Propter quod Gethko Epiſcopus Cracouienſis ipſum crebris exhortacionibus mouere ſtuduit, ut animi feritatem erga Regnicolas deponens, terram ſuam velut matrem filius, non ut primogenitus nouercam, fauoribus gratuitis amplexetur. Preuignali enim hoſtilitate induitur, qui calamitati materne minime miſeretur. Hortatur inſuper, ut officiales rapidos compeſcat, qui ſua iuſſione nodis diſcipline penitus diſſolutis in populum Regni feruent, deſeuiunt, nec aliud ſitire videntur, quam ut lacerato grege gregis cruore debrientur. Sed ex hoc princeps maioris odii cauſſas in preſulem confert afferens, eum talia non zelo pietatis, ſed inuidie oblatraſſe. Nec enim dolore ſeu prurigine caret cuiuslibet leuiſſimus appoſtematis tactus: vnde tam de preſule, quam quibusdam proceribus terre Cracouie natu maioribus vlciſci concepit. Epiſcopo quidem proſcripcionis occulte meditatur exilium; aliis vero capitum mutilationis diſpendium. Sed conceptus principis antiſtitem non latuit, qui induſtrioſe illius machinamenta declinat & alios deuitare docet. Proceres igitur prouincie Cracouienſis cum Gethka, eorum antiſtite ſecreta ſecum deliberacione pertractant. Turpe, inquit, eſt ingenuitatem ancillari & importabile tot calamitatibus premi. Inter quos vir quidam inſignis ſui conſilii reſponſa proferens, Non vos latere arbitror, que & quanta Kazimiri ducis Sandomiriſienſis eſt fama virtutum, cuius odoramenta licet omnibus ſint notiſſima, cunctis tamen incognita habentur. Sub huius itaque umbra auram quietis nos captare conuenit & eius ſalubri oleo noſtri tumor doloris leniter fomentatus detumeſcat. Huius namque perſuaſionibus tam Preſul, quam proceres vno animo inclinati Kazimirum caute adeunt, orant & ſollicitant; vt ſi culmen Regni dignitatis non ambyt, nec regnare appetit; Supplicacioni eorum tamen benigne annuens miſereri non contempnit. Ad quos ille antiqua inquit & antiquata penes vos eſt huius temptacionis indagacio, nec tam ſubito a veſtra poterat euelli memoria, qualiter primi principum Jaxa videlicet & Suanthoslaus & cuncti pene proceres me licet nitentem ad idem Regnum pertrahebant, ut propulſato Strenuiſſimo Principe, fratre meo, duce Boleslao ſecurius imperaſſem. Sed fraterne pietatis amplexu cum Imperio perferre malui, & quia tunc pure innocencie ſtudio laui pedes meos, quomodo nunc in fraterno ſanguine inquinabor. O quam deteſtabiles ad principatum illi gradus, per quos in ſe homicidium, in fratre fratricidium, in fratricidio patricidii preſumpta temeritas conſiſtit. Quo namque modo, quo pacto, in cuius exterminium confugiam, qui me plus quam paterna fouit pietate: quem eciam plus quam filiali ſemper dilectione colui & venerari non deſiui. Periniquum quippe & exemplo perniciosiſſimum prorſus eſt iniquis quemquam proſperari comerciis. Sed illi plane inquiunt, Princeps Sereniſſime parcendum erit pietati, quia tunc nulla neceſitas honeſtatis cauſam interceſſerat; ſed tantum ſolo facionis impetu contra illum perſtrepente. Hic autem alia racio pactum reformat, ubi omnes extrema vrget neceſſitas, quibus niſi tua feſtina ſuccurrat clemencia, ſuffocari neceſſe eſt, cum nulla ſit transmigrandi facultas. Vix itaque tam crebris Epiſcopi Gothge ac procerum inſtanciis importunis, quam amicisſimorum impulſus conſiliis Cracouiam cum paucis adyt, ne violenta occupacio plus videatur illius, quam vltronea procerum eleccio & communis. Occurrunt ei inedicibiles exercitus, innumeroſe catheruatim vndique turbe confluunt, gratulantur & exultant, omnes ſaluatorem adueniſſe proclamant. Omnis illum Cracouitarum amplectitur condicio, omnis etas & dignitas venerat. Omnes illi Juris iurandi religionem conſtringunt, omnique tempore morituros pro illo conſtantisſime ſpopondent. Sed Meſzcone omnes eius cariſsimi dilabuntur & Kazimiro animo firmiter adherent. Inter quos Odo, dux Poſnanienſis eius primogenitus hoſtis atrocisſimus eidem efficitur, prope radicem ſtipitis eradicate intendens, & hoc ideo ut nouerce filios, quibus pater poſt ſe regni ſucceſſionem ſpoponderat, arceret a Regno. Igitur princeps Meſzko plus ſuorum perſecutione & perfidia, quam fratris eliditur armis, qui anno Domini MCLXXVII. pene ab omnibus deſertus patrie ſimul cedit & Regno cum vxore & tribus filiis Rathiborienſi contentus oppidulo. Circumdant illum infortuniorum agmina. Nam gener eius Boleslaus, Bohemorum Princeps a Regno ſimiliter manet profugatus, alter gener & alter Saxonie & Bawarie duces ab hoſtibus undique impetuntur; & ſic a quibus ſubſidiari ſperabat, neceſſitatibus propriis adeo vrgentur, quod ſibi in nullo poterant ſuffragari. Omnes quoque maritimorum preſides & prefecti non ſolum obſequele renunciant eiusdem; ſed hoſtilitatis arma in eum capeſſcunt; omnes Kazimiri imperio ſubeſſe gaudent. Cui dum omnes vrbes, omnium provinciarum & municipia gratuita parefierent, ſine bello ſolus Meſzko, Wladislai exulis primogenitus,

quare Caſimirum Ducem Sendomirienſem Proceres ad Gubernacula vocant:

Discordia inter Casimirum Pol. & Silesie Duces: quarationem sopita.

tus, Boleslao fratre germano expulso visus est cum Szlesiana provincia rebellare. Quem Kazimirus non minis & armis, sed pietatum studiis ad sua vota discrete pertrahens, Boleslao Wratislauiam cum suis appendiis restituens, præfatum Meszconem propter Strenuitatem eiusdem largicione quorundam opidorum insignit; fratrem quoque ipsorum Conradum, qui in Aldemborg Saxonie ad matrem vsque ad hoc tempus fouebatur, Glogouiensem Marchionem creat. Nam hys tribus fratribus Wladislai exulis filiis, post mortem eiusdem Boleslaus Crispus, ut premissum est de fratrum suorum, Meszconis videlicet, Henrici & Kazimiri assensu votiuo prouinciam assignauerat Slesiianam Jure hereditario possidendam. Inter quos, ut puta inter Meschcum & Boleslaum propter diuisionem prouincie predicte dissensio extitit exorta; in qua Meszco fratrem suum Boleslaum in fugam de Wratislauia vrbe cogit. Sed Kazimirus princeps Sereniissimus ad vnitatem concordie, ut premissum est ipsos, reuocavit, Meszconis, fratris sui exulis primogenito Oppoliensem, Boleslao Wratislauiensen, Conrado Glogoviensem ducatus assignando. Meszconi autem Duci Oppoliensi & ducatui ipsius prefato dum sibi filium de sacro fonte leuasset, quem nomine suo Kazimirus appellauit Bithoniensem & Oswanzciensem cum eorum pertinenciis & appendiis vniuersis hilariter adiunxit. Lestkonis vero Juueni filio Boleslai Crispi fratris sui cuidam Nobili, Syra nomine, viro omnium virtutum donis predito, tutelam commisit, Mazouiensem & Cuyauiensem prouincias comittens gubernandas; Samborumque nepotem Syronis prefati Pomoraniam superiorem, cuius vrbs capitalis Gdansk nominatur, prefecti officio instituit. Quendam vero Boguslaum de stirpe Griffonum Pomeranie inferiori ducem instituit; Gneznensem autem prouinciam, que est omnium Lechitarum Metropolis & prouinciarum origo, cum nonnullis Russie provinciis, scilicet Premislienſem, Wladimiriensem, Bresceńsem, Drochiczienſem, cum castris municipiis & opidis ac eorum appendiis suo imperio annectit. Sic itaque Kazimirus fit Monarchus tocius Lechie: Sic quatuor fratres Wladislai exulis, Boleslai Crispi, Meszconis senis & Henrici Primi principatus in solum Kazimirum prospero successu confluxerunt; prout pater Boleslai Crziwousti longe ante predixerat in lecto egritudinis constitutus. Iste eciam Kazimirus seruitutis loramentum disrumpere cepit, exactoria iuga dissipat, tributa dissoluit, vectigalia relaxat, omne onus non aleuiat, sed penitius exonerat, angarias & perangarias expirare proclamans.

Casimirus II. Monarcha totius Polonie.

De quibusdam Constitucionibus Regni Polonie.

restituit Rempublicam Polonie ac Abusus quosdam abrogat:

Fuit autem in Regno Polonie quoddam Jus Consuetudinis antique approbatum, vt quisque potentum quodcunque pompatice vrgens, pauperum annonam, horeis & granariis violenter confractis, diriperet, equorum pabulis depascendam. Erat & aliud simile temeritatis industria antiquatum, ut quotiescunque principum nuncii legaciones referrent heredum ac in prediis eorundem degencium equos in itinere cepto capiebant, in quibus parui temporis momento infinita stadiorum milia cursu citatissimo transcurrebant. Que res, scilicet Porhwoda multimode multis erat periculose dampnosa; sicut quorundam equis incurabiliter eneruatis, quibusdam penitus extinctis, nonnullis, cum probati fuissent, irreuocabiliter abductis. Erat & aliud pessime consuetudinis piaculum, vt bona decedencium pontificum fisco principum accedebant. Ne igitur de cetero talia fierent, iubet Kazimirus, equitatis princeps, Archi-Episcopo Gneznensi vt suorum Suffraganeorum conuocata Synodo sub Anathematis mucrone curet prohiberi.

Hic Jura Polonica excommunicantur.

Synodus Gnesnae habita:

Sdzislaus itaque Sancte Gneznensis Ecclesie Archi-Episcopus, conuocata Synodo cum prouincialium Episcoporum sue dioeceseos vniuersa, induti Pontificalibus, Kazimiro parante, primo vnanimi voce & consensu mutuo pronunceciant, vt omnes qui pauperi annonas vi aut ingenio quocunque violento seu inuasiue modo rapuerit, acceperit aut accipi & rapi iusserit, Anathema sit; excepto casu quando hostes alicuius prouincie iminere nunciantur; nulla enim videtur esse iniuria, si tunc cum iactura alicuius saluti patrie consulatur. Rursus qui defuncti prefulis bona inuaserit siue rapuerit, seu inuadi aut rapi iusserit, siue princeps sit, sine quelibet persona Illustris aut quiuis Officialium minister, sine omnium personarum excepcione, quis quis talium quid attemptare presumpserit, anathema sit. cione consencientes fuerint, Anathematis sententia similiter innodentur. Approbant vniuersi & cuncti, gratissimas asserunt tam sacrarum institucionum sanxiones, que postmodum per Pappam Alexandrum Tercium fuerant perhenniter roborata.

Qualiter Mesko Kazimiro supplicat, ut eum ad patriam reuocare dignetur &c.

Dux igitur Mesko exilii tedio affectus Kazimiro humili prece, qua poterat, supplicauit, vt ipsum non principatui, sed tamen ad patriam restituere dignaretur, inquiens minus miserum esse domestico teneri iugo, quam exilii calamitate constringi. Tucius quoque & magis honestati consentaneum ipsum suorum obsequiis fulciri nepotum, quam proditorum stipari insidiis. Proponit insuper illius oculis senectutis tremule defectus, luctuosum nurus sue eiulatum, funebria nepotum lamenta, crebros eorundem singultus, quibus honestius esset occisis gladio, quam angustiis interimi fame. Meminisse illum rogat, quanta teneritudinis dulcedine apud ipsum eius fota sit adolescencia, quo studio, quo pie clemencie amplexu educata iuuentus. Quibus auditis Kazimirus & lacrimas continere non valens, ait ad proceres: fateor inquit, ac semper fateri velim, me fratris mei & auris mee in mortalibus ac a mente non recessimus, nec in obliuionem deductis obnoxium beneficiis fuisse & esse debere. Nec iniusta est eius postulacio, que non nisi patrimonii restitucionem debitam cernitur continere. Suboritur exinde murmur inter proceres & sedicionis non parue tumultus. Ayunt enim: Ey, quod verebamur, accidit. Raro enim coruus coruum exoculat; raro fratrem frater stirpitus exterminat. Nostrum hic discrimen euidentissime agitatur. Meskonis enim restitucio nostrum est exterminium; quia non differet, cum tempus acceperit, atrocissime in nobis vlcionem. Quid ergo o viri, eodem certe scarculo amputare conuenit eiusdem starcultus propaginem. Frustra enim extirpatur cardus, radice interius manente. Kazimirus autem intelligens tam discriminosum sedicionis euentum ad se deuolui conuocatis proceribus asserit; hec a se dicta non animo fratrem restituendi, sed studio eorum animos experiendi. Acceptissimam esse ipsorum constanciam erga se firmiter teneri. At uero Mesko cernens beneficium restitucionis in fratre non esse, ad Fredricum Imperatorem conuertitur subsidia petiturus. Sed cum & ibi nil prorsus perficeret, ad quendam Boleslaum olim per maritimam prouinciam questorem, quem iam Kazimirus in ducem Pomeranie inferioris creauerat, se conuertit. Cuius filius filiam suam matrimonio copulauit, eum ope maritime gentis non obsequelam quidem, sed fauorem inimiciciam assequitur. Mesko igitur taciturne Anno Dni MCLXXXImo fretus auxilio occulte Gneznam nocte adiit, & diluulo subintrat & occupat, omnesque patrimoniales municiones repente recuperat, Kazimiro fratre suo occulciorem illi facultatem recuperandi prebente. Quia vero nuncicorum accessu spes spei concipitur maioris, proponit ille in fratre recuperare principatum, diuque inter se iam uerbis, iam armis, sed Mesko longe inferior viribus plus ingenio & arte contendit ac dolo.

Miecislaus Polonia n iterum maiorem occupat;

Quomodo Kazimirus vicit Ruthenos.

Contigit itaque, quod vrbs Brestensis Russie ab obediencia Kazimiri recedens, consueta tributa eidem dare denegat, & ad resistendum Kazimiro arma preparat. Quanquam & eius principem Kazimirus manu forcium recollecta anno Dni MCLXXXII. precessit, ipsamque viriliter subito impugnat & acquirit; vrbeque predicta sic repente acquisita & prefecto proprio in ea posito versus Haliciam castra mouens iter arripuit filium sororis sue alias cum patre eiectum ad Regnum Halicienſe restituere proponit. Qui Swseboldus dux Bosie cum principibus Ladmirienſibus & Allicienſibus primatibus ac electorum Trbianorum & Partorum innumerabilibus turmis accurrens bellum campestre non inducere quidem, sed inchoare presumens, ipsum animose aggreditur, plus de multitudine copiosa quam de strenuitate suorum presumens. Quorum primas acies Kazimirus impetuose ad instar fulminis strenuissime transuerberat, ensibus dissecat, hostes, quasi agri fenum humo prosternit. Res igitur non minus fidei, quam stuporis plena, quod illum & suos in tot robustorum milibus non impetus hostium obruit, non tot mucronum acies transuerberat, non densa telorum spicula configunt; quin hostes robustissime obruit & transuolat ense fulmineo. Et tandem non vincendo fatigati feruentes in se hostium luctus excipiunt, quos admodum scopuli obterunt & obtundunt. Sic quasi omne robur hostium coliquescit, iuxta versum: Vincit conflictu lapis, olla suo cadit ictu. Petra stat inuicta fouens fert olla quasi

quaſi icta. Que cum impegerit prelia teſte perit. Hoſtes namque viſo victricis aquile ſigno tanto minus confluunt, quanto victorioſius principem Kazimirum conſpiciunt triumphaſſe. Sic ut tot milibus ex ipſis hoſtibus proſtratis, vix quidam principes eorum evaſerunt, agilitate pedum: reſiduos autem ſatur gladius abſorbuit, aut fugientes vnda torrens inuoluit aut vinculis victor mancipauit. Igitur Kazimirus glorioſus victor de Ruthenis exiſtens ſororis ſue primogenitum, alias ut premiſſum eſt, de Regno electum principem, Hallicienſibus reſtituit. Qui poſt receſſum Kazimiri auunculi ſui veneno a ſuis ſibi propinato fuit extinctus. Qui in Regno Hallicienſi Lodimirus frater eius per matrem, Kazimiri ſororem ſucceſſit. Fertur namque, & in quibusdam Cronicis ſcriptum reperitur ſororem Kazimiri predictam filiam Boleslai Crziwouſti primo filium Regis Pannoniorum virum habuiſſe, de quo hunc principem reſtitutum genuerat, antequam vir eius de Regno fuiſſet electus. Mortuo autem filio Regis Pannoniorum, viro eiusdem, Boleslaus Criſpus ipſam cuidam principi Ruſſie dederat in vxorem, de qua plures filios procreauerat in Allicienſi principatu agens; & cum primogenitus eiusdem Nepos Pannoniorum Regis Regnum Halicienſe a fratribus & a vitrico reſtitui veluti primogenitus & ad ipſum ex ſucceſſione paterna ſperatam mater eius ad iuſſum viri, ut creditur, negabat ipſum filium ſuum eſſe, aſſerens ſuppoſitum viro ſuo primo gracia complacendi. Et ob hoc ſucceſſio ſibi in Regno Hallicienſi negabatur; Kazimirus awunculus eius ororis dictis incredulus nepotem Regno reſtitui curauit; propter quod bellum predictum dicitur fuiſſe comiſſum.

& Ruſſos magno Prælio vincit:

Kazimirus Ladimiro fugato Romanum inſtituit.

Kazimirus itaque potenter Ruſſiam ingrediens Ladimirum de Regno Allicienſi fugam inire coegit. Quo fugato Romanum, ſororis ſue filium, de ſecundo viro genitum Hallicienſibus principem inſtituit, & pacata Ruſſia ad propria feliciter remeauit. Ladimirus vero a Rege Pannoniorum reſtitucionis implorat auxilium. Rex autem Pannoniorum minime compaciens; ſed pocius Regnum Halicienſe ambiens Romanum eiecit, Regnum Halicienſe occupat & proprium filium inſtituit Regno in eodem. Exulem uero, ne filio ſuo noceat vinctum ergaſtulo includit. Qui tandem carceris ſqualore anguſtatus nimium & cuſtodibus carceris munera promittens, captiuitatem euadit. Hic poſtmodum in partibus Ruſſie exiſtens tum patrimonialibus bonis contentus, quadam temeritatis audacia aſſumpta limites Regni Polonie cum quibusdam latrunculis invadens raptas Illuſtrium feminas & nece ſacrilega in Chriſtianorum populo in die aſſumpcionis *Beate Virginis* crudeliter comiſſa intrans ultimas barbatorum transtulit regiones. Quamobrem prefatus ſceleris auctor per Kazimirum de omnibus patrimonialibus bonis fuit in exilium relegatus.

Fata Regni Halicienſis:

Ladimirus Kazimiri graciam & veniam impetrauit.

Quamuis autem eius ſeniorem indignacionem formidare debuit, cuius maieſtatem aulu temerario offendere preſumpſit; quia tamen ad pijſſimi Kazimiri munimen confugit, deſperate venie ſucceſſus illi nunc defuere. Non ſolum enim temeritatis preſumpte veniam impetrat; ſed eciam apud ſacrorum principis oraculum graciam aſſequitur ampliorem. Nam quod ſeueritate Nicolaus ille famoſiſſimus ſacri principis pallacii deſtinatus filium Regis Hungarie, qui cunctis orientalium regionum Polonie videbatur cum omnibus Pannoniorum pompis ac paratibus potenter trucidat & expellit; exulemque Ladimirum in Regnum Halicienſe reſtituit. Sic manus huius eadem vulnus opemque tulit, vnde montalium Regna tantus terror concuſſit, vt omnes ad Kazimiri nuncium plus quam tremule folium tremeſcerent. Huius autem Kazimiri tempore per Ægidium, Epiſcopum Muchinenſem, oſſa ſancti Floriani Cracouiam apportantur; & per Epiſcopum Gothcam ſuſcipiuntur reuerenter & deuote. Qui Gothca Epiſcopus Anno ſequenti diem clauſit extremum. Cui Fulco per Canonicam eleccionem in Epiſcopatu Cracouienſi ſucceſſit. Leſtko iterum dux Mazouie & Cracouie filius quondam Boleslai Criſpi anno ſequenti videlicet migrauit ad CHRISTUM: In cuius dominio Kazimirus, Cracouienſis Dux eidem ſucceſſit.

Gedeoni Epiſcopo Cracov. ſuccedit Fulco:

Cracouite Kazimiro derelicto Meſzconem ſenem in dominum ſuſcipiunt.

Ladimiro igitur Regno Halicie, ut premiſſum eſt, feliciter reſtituto proceres Cracouie aduerſus Kazimirum magno furore indignantur, pro eo ſcilicet, quod tantum nephas & flagicium, quod idem Ladimirus ipſis inferre preſumpſerat, in ipſo non fuit vltum, ſed pocius miro nimio munere premiatus; quem deeebat magis patibulo affi-

At ubi proditoris nephas ad aures Kazimiri rumor detuliſſet, Kazimirus intrepidus cum Romano, Wladimiro & Wſtheboldo Belſzie principibus ſuis nepotibus Cracouiam aggreditur. Cuius aduentum Meſzko frater preſtolari non audens: ſed Boleslaum filium ſuum cum gente copioſa in Caſtris derelinquens ad propria feſtine rediit; Kazimirus uero obſidionibus Cracouiam circumdat ac breui diei interuallo recuperat, omnesque municiones & municipia redduntur eidem, Boleslao nepote cum gente ſua in captiuitatem ſponte ſe prebente. Huius autem facti & concordie fuit auctor Ille inſignis induſtrie vir Petrus Archiepiſcopus Gneznenſis. Quem vidit Vincentius Kadlubkoms, Epiſcopus Cracouienſis, qui ſcripſit hec; & ſcimus, quia verum eſt teſtimonium eius. Qualiter Kazimirus Pollexianos ſubingauit.

Kazimirus itaque prefatus ex omni parte amicorum tutela ſtirpatus Pruſſorum terminos aggreditur, quorum continuis per prelia invaſionibus creberrimos nimium afflictus, & vix tandem non ſine graui bellorum certamine ſubactis Pollexianorum terras ſubintrat, quorum ceruicoſam feritatem nondum quisquam bello vel inſultu hoſtili attriuerat. Sunt autem Pollexiani genus Getharum ſeu Pruſſorum gens atrociſſima, omnium ferarum immanitate truculencior, inhabitatrixque vaſtiſſime ſolitudinis, ad quam propter concretiſſimas nemorum denſitates & bituminata locorum paluſtria via patebat inacceſſibilis. Horum habitacula Kazimirus flammarum facibus deſorbuit, cuspidum acenſium ictibus perſcidit; donec flagrata pene tota prouincia Pollexianorum primi proceres ad Kazimiri pedes obtentis dextris pronis ſeruiciis proſternuntur, tam ſuam, quam reliquiarum patrie ſalutem deprecantes. Ad cuius calamitatem Sereniſſimi principis pietas mox compaſſionem animi inclinat, ydoneaque & ſufficienti obſequele ac preſtacione tributorum caucione applexionis ſuſcepta, cum nimio triumpho ad propria feliciter remeauit, vbi non ſui victus corpore, ſed ſuorum perſuaſus laſſitudine aliquatisper ocio indulget.

De Albo Leſtkone filio Kazimiri.

Comitia in quibus LESZKO Fil. eligitur;

Exequiis igitur funeralibus ſollempniter peractis Venerabilis Ille Cracouienſis Epiſcopus, primo cum primatibus de Regni ſucceſſore tractatu habito, omnes ad colloquium conuocat, & vix tandem ſtrepitu ſopito ait illis: Pyus o proceres dolor eſt, ſed impia doloris atrocitas: pie quidem princeps defunctus dolet, defuncto alius ſubſtitui non negligatur. Ob quam cauſam queſo examen apum ſepe defluit & prorſus deperit, niſi quia in locum principis mortui alium ſubſtituere negligit uel ignorat? Vnde quedam reptilia, que ſteriliorem habent principem eo vix defuncto mox illum in eius locum aſſumunt, qui primus de morte principis lacrimas emittat. Et quamuis Kazimirus mortuus videatur; in ſuis tamen facile mori non potuit; in quibus adhuc viuere videtur & futuris temporibus viuet in gloria. Nec vitis dicitur ſucciſa, quam vini palmites viuere proteſtantur. Due namque vites & duo ſuperſunt luminaria, duo filii Kazimiri, Leſtko & Cunradus, licet in pupillari etate conſtituti. Dignum uero eſt maiorem etate dignitate paterna inſigniri. Ad quod quidam vir inſignis reſpondens ait: Sane, inquit, preſul Wenerande omnibus eſt amplexanda veſtri ſalubritas conſilii, maxime in hiis que dilacionem non capiunt. Periculoſa eſt enim mora, ubi in ſe trahit pericula: ideo in eligendo principe nulla debet committi negligencia: ſed tamen de perſona Principis omnium experienda cunctatio & diligens vigilacio exhibenda. Non enim decens eſt, ut cano vertici impubertas dominetur. Immo valde puerile eſt ut imprudentibus viris puerilis imperet imprudencia, cum uerbum ſit Sapientis: Ve terre, cuius princeps puer eſt; preſertim cum principem diſcretum, ſtrenuum, cautum & induſtrem eſſe in omnibus ad omnia conueniat. Hoc autem dicebat, ut Meſchco ſenex princeps maioris Polonie vel nepos eius Meſzco, dux Oppolienſis, de quo premiſſum eſt, ſubſtitueretur princeps. Ad hec vir zelo iuſticie plenus, Ffulco antiſtes reſpondit. Hec a te, utpote viro prudente, non eleganter ſunt allegata: ſed preſenti articulo prorſus locum habere non videntur; que tunc demum vera eſſe poterunt, cum de eligendo principe, non de vite ſucceſſionis diſceptatur. Prorſus enim aliud Juris habet Eleccio, aliud Jus ſucceſſorium; in illo eſt liberamen libracionum libertas ac in iſto vrgentiſſima Juris neceſſitas: ab illo omnes citra legittimam etatem relegantur; ab illo nec infantuli nec poſtremi excluduntur; que eciam omni ſollempnitate Juris vallatum rumpunt teſtamentum. Sed illud, quod de regimine Reipublice tetigiſti, paruulis iſtis non officit. Nam ſi Respublica Juris teſtimonio inſtar habetur pupilli; conſtat idem eſſe Juris in vtroque; Quia vbi eadem racio, eadem eſt Juris cenſura. Nec ergo pupillis omnem tutelam auferas; ac eciam reipublice tutores non negabis. Nec enim per ſe Principes rempublicam adminiſtrant, ſed per adminiſtratas poteſtates. Ideoque promptum per impium & iniquum diſſimulare, nedum impedire racio doceat, quod poſcit utilitas, quod iubet honeſtas, quod ſuadet pietas, quod Juris utique imperat & cogit neceſſitas. Non eſt igitur hoc, quod conſenſum & fauorem procerum per vota omnium & affectum populi, ac per te poſſit remoueri. Proinde vnanimis omnium vox celatenus & hilaris alacritas attollitur: viuat, viuat Princeps, Rexque in eternum; omnesque tanta ſerenitas leticie quadam ſollempnitate perſudit, quod quaſi preteriti meroris nullam meminerunt anguſtiam; tanta illis dulcedo, tantus amor & tanta omnibus amoris affeccio erga pupillos, vt non fauor nec odium, non tribulacio, non gladius, non queſtus, nec vlla penitus occaſionis neceſſitas ipſos ab ipſorum latere, ab obſequio poſſet aliqualiter diſiungere. Poſt autem Primus ille Comes Nicolaus princeps milicie omnibus ſumme negociatus,

omnes

omnes de constancia & forma fidelitatis ammonet & informat eosque, ne cuiquam in contrarium suam possint mutare voluntatem, Jusiurandi religione constringit. Nouerat enim vir prudens volatle semper esse mentis humane vehetrum ac in lubrico glaciali positos animi affectus.

Meszco Senex sublimacionem Nepotis dolens plangit.

Hys auditis Meszco senex maioris Polonie princeps contristatus & indignacionis dolore repletus lectulo prosternitur, inquiens non suum apud illos dolorem contemptum, non tam Jure primogeniture confuso, quam super excellentem tante dignitatis maiestatem scurili ludibrio prostratam, que eciam sine ridiculo dissimulare non potest. Infantum est cum infantibus ludere parumper equitare in arundine longa. Doloris quoque non dispar est racio, quia cum in fratre meo Kazimiro huius Regni corona ceciderit, eam non subleuare, sed in sceno & in quodam lacu miserie supprimere, remque publicam hostibus exponere studuerunt. Infantem quoque principem creant, ut eo pretexto ipsi principibus suis principentur, vt stirpe regia prorsus eradicata liberiori tandem pociantur imperio, & pro vno capite tot ex ipsis succrescant Reges, quot capita. Vestri nempe, o proceres, misereor vestri, vestra me mouet calamitas, vestrum omnium hic agitur discrimen, vos eis obsequiari oportet, quos vobis obsequi decuerat, eisque verbis & eadem verborum acrimonia Boleslaum longum Szlesie & fratrem eius Meszconem loripedem Oppolienſem duces filios olim Wladislai exulis fratris sui crebro sollicitat & ad suum votum inclinat; aliorumque procerum tam huius Regni, quam extraneorum vndique conquirit subsidia, de quorum subsidio presumens, Cracouiensis prouincie magnatibus scribit, precipit & mandat, vt a Lestkone resipiscant, ipsumque principatui excedere iubeant, nec arundineo baculo innitentur; sed sese principem recognoscant, ac graciam gratuito mereantur obsequio, ne seruorem prelii experiri cogantur.

Dolor Mieszk Senis ob LESCUM album electum:

Turba exorta;

De Prelio inter Meszconem senem & Cracouitas commisso.

Anno itaque Domini MCXCV. Cracouienses primates vnius voluntatis effecti, Meszconi remandant, gratuitum dici non posse, quod minatico strepitu extorquetur. Promptus ergo esto, si desistere nolis; promptos nos ad resistendum invenies: iuxta versum: Pondus inest verbis & vocem fata secuntur. Proinde Meszco senex manu forcium recollecta, Cracouiensem prouinciam appropinquat; qui Cracouienses cum Romano, duce Wladimirienſi, non cum parua suorum & Ruthenorum armatorum innumerositate accurrunt. Meminerat namque Dux Romanus beneficia per Kazimirum, awunculum suum, sibi impensa, apud quem pene a cunabulis extitit educatus, eodem quo fungebatur, principatu Wladimirienſi a Kazimiro fuerat institutus. Sciebat eciam Lestcone & Cunrado excussis suo capiti securim imminere: Hinc a Lestcone sene si viciisset, illic a principe de Kyow, cuius filiam dato libello repudii a se remouerat. Est autem in Cracouienſi provincia locus a nomine fluuii Meszgawa dictus ab Andrzeowienſi cenobio non longe distans; in huius loci pinetis siue rubetis vterque exercitus conueniens acies instruxit. Non filiacio paternitati reuerenciam exhibuit, non filiacioni paternitas ignoscebat; non fraternitatem fraternitas, non affinitatem affinitas, nec vlla sancta spiritualis cognacio agnoscebat; sed omnes invicem sine omni delicto promiscua cede sese interimunt. Tunc Meszconis filius Boleslaus Crispus expirat. Sic quoque inclitorum gloria prosternitur; & Meszconem senem quidam miles Gregorius letaliter vulnerat; quem cum occidere nititur; ille deiecta galea se esse principem exclamat. Quo miles cognito veniam precatur, eum ab aliorum impetu conseruans prelium declinare facit. Sed & dux Romanus grauibus in se susceptis vulneribus, non sine magna cede suorum a prelio diuertere cogitur. Nam in principio congressus pars suorum maxima Ruthenorum terga fuge dederat, quod Cracouitis victorie ademit triumphum. Quorum plurimi non prelio intenti, sed Ruthenos fugientes quidam auiditate prede, quidam indignacionis animositate fuerant infectati; postquam autem fuisset dilapsus populus a prelio; affuit iterum in Meszconis senis subsidium Meszko loripes, dux Oppolienſis predictus, cum nepote suo Jeroslao, Boleslai ducis Slesie filio; qui in loco pugne nemine penitus reperto, cum iam vtraque pars ab invicem diuerterat, gratulantur & exultant, quasi victorioſe campum certaminis obtinuissent, signi victorie extollentes: quos Comes Gowornicius adesse intelligens, licet in pauca manu virorum forcium aggreditur & ad instar fulminis impetum faciens,

Prælio Mieszko Senex cum Cracovienſibus gesto victus & vulneratus:

viriliter confligit atque pugnat. Sed dispari hostium numerositate agitatus tandem succumbit, capitur, captus abducitur, & diu tentus vix demum amicorum interuentu a captiuitate liberatur. Porro Ffulco presul, sepe dictus, inter spem & timorem anxius oracioni propensius intendit, belli exitum in loco semoto prestolatur. Qui cum quendam de prelio venientem vidisset, ait, prosperene nobiscum agitur; qui respondit nostros nunquam deserat hostis hodierna die nostra prosperitas: cedit enim Romanus & primorum primi prostrati, quidam capti, nonnulli diffuge dilapsi, totusque populus nostri exercitus emarcuit. Et illud cercius certo habe, senem Meszconem cum triumpho spoliis honustum Cracouiam profecisci. Vix hic finierat & ecce alius, itemque aliud aliud supereſt proferens mendacii comentum, vnde presul, aut ergo cuilibet eorum credamus aut nulli, cum dicta eorum dissona videntur. Supereſt igitur, ut aliquis nostrorum rem diligencius exploret. Cui quidam presto ego sum; ait illi presul, tria verba tene impiger, diligens, cautus. Est angelus domini tecum. Igitur ille clericali habitu imutato pedestri cursu ad locum prelii veniens rem diligencius explorat, nunc ab eis, quos semivivos reperit, nunc ab hys, qui predocimiis erant occupati. Qui cum omnia exploratissime didicisset, quantocius reuertitur, & cuncta per ordinem pontifici pandit. Senem Mesthconem sub duplici onere gementem ad propria remeasse; sub onere meroris pro morte filii, & sub onere doloris pro vulneribus in se susceptis. Romanum quoque vulneratum, non tamen letaliter nunciat. Quem Pontifex nocte proxima insequitur, insecutumque obnixe reuocare studet; ne Meszco senex ira incandescens & viribus resumptis per se vel Wladislaum filium suum Cracouiam occupet. Cui Romanus, gemina me pater carissime ut vides compedit debilitas, vna in me ipso, corporis ob vulnera; altera in meis ob milicie carenciam, que partim prelio corruit, partim fuga disparuit. Ad quem Presul: quid ergo consulis. Cui ille: Tuam non latet prudenciam. Nam prudencia serpentis est in custodia. Caput igitur custodiri iube, donec nostrorum vulnerum tumor detumescat. Romano itaque ad propria remeante, primi procerum Cracouie, ut primum crastina dies illuxit cum paucorum quidem, sed exercitatissimorum manu hostes querunt vndique. Quibus non inventis, an senem Meszconem insequi debeant, an Meszconem loripedem a presule sciscitantur. Sed presulis consilio neutrum facere iubentur. Jubet ergo pontifex & consulit, ut ad sedem Regni properent, custodiamque diligentem adhibeant, ne quasi vaccantem quisquam occupet. Nam piscium genus facilius deprehenditur in gurgite turbido. Cracouiam itaque festine adeunt, & sollempnius quam ab inicio sollempnitates instituere principes instauraut. Itaque mater puerorum tam in consiliorum industria, quam prudencia rerum mulier supra muliebrem sexum prudentissima, legittimam in se tutelam pupillorum suscipit, donec maior filius adolescat. Ad cuius nutum pro meritis singulorum distribuuntur dignitates Castellanie quoque & potestates. Tanta erga illam & pueros omnibus fuit reuerencia, ut proceres quasi obliti status sui dignitates mulieri mallent obsequi, quam pueros deserere. Presul vero Ffulco & Nicolaus Comes Palatinus curam reipublice suscipiunt; cuius administracionem ydoneis & fidelissimis primatibus distribuunt, siluitque aliquamdiu terra & pacis aliquantisper facta est tranquillitas.

Cracouia aduersus Hostes munitur:

Lestko Albus in Hallicia Romanum instituit.

Porro dux Lestko etate proficiebat & industria, utpote adolescens studiis sese ad iuuenile robur exercens; iamque in hys exercitacior ad armorum vsus aspirabat, qui necdum tyro, necdum miles glorioſe tamen in se milicie premonstrabat insignia. Ex quibus illud saltim culmen glorie susscipit, quod super omnes Russie principes, licet adhuc adolescentulus quasi quidam sol emicuit. Eo nempe tempore Wladimirus, frater Romani germanus & Lestconis amitalis dux Allicie, nullo herede legittimo relicto debitum nature persoluit. Vnde Russie principes quidam munere, quidam arte, nonnulli merito ut quoque vaccantem studeut rapere principatum. Inter quos dux Romanus quanto pereximior, tanto ambicioſior solercior, cum se aliis principibus disparem cerneret, duci Lestconi obnixe supplicat, ut eum perpetuo amulatu sibi obliget, & ipsum non principem Hallicie, sed procuratorem suum sibi constituat; alioquin indubitatum hostem sibi iminere non ambigat, si aliquis principum Russie illius principatus sedem ceperit. Sed friuola visa est quibusdam eius peticio, tum quia non est tutum patrie principem creare de famulo & extraneo; tum quia res magna, res utilis longe utilius ut per se possideatur, quam alteri committatur. Ad hoc quidem inquiunt,

Wladimiro Halicienſi Duce defuncto Romanus succedit: Princeps Wladimiriensis;

te oppreſſo tempore creuit in immenſum. Ita vt in omnibus fere Ruſſie principibus ac prouinciis potentiſſime imperaret.

Meſtko ſenex tercio Cracouiam dolo adipiſcitur.

Hys itaque peractis Meſzco ſenex ambiens principatum Cracouienſem, qualiter ipſum aſſequi poſſit, induſtria & doli veneficio rem aggredi meditatur, ſe viribus potencie nepotum imparem eſſe recognoſcens; ideoque maiorum natu animos prius quadam benignitate pertemptat, conciliat & ad ſuum votum inclinat. Sed quia omnes amor adoleſcentum adeo demulſerat, vt omnium animi ex animo matris ipſorum pendere videantur, Matrem igitur ipſorum tam ſcriptis, quam nunciis nonnunquam muneris importunitate ſollicitat, ayens quod non principandi gloria, ſed pro Regni tranquillitate & filiorum eius tranquilliori ſtatu eſſet ſollicitus. Nec aliud ſe optare ad preſens, quam vt omni diſcordiarum fomite prorſus extincto, nullum impoſterum occaſionis oriatur incendium. Aſtruens illud aliter fieri non poſſe, quam hoc pacto. Cedat michi filius tuus Leſtko principatu, quod ego eum in filium adoptem, eique conſequenter milicie cingulo a me inſignito principatum reſtituam, & Cracouienſis dignitas ymo tocius Polonie principatus in tua ſtirpe perpetua ſucceſſione ſolidetur. Quare perpetuum nequit eſſe, nichilque perpetui habere, quod vulgi ſtrepitu conclamatur, niſi princeps conſtituat, & eius auctoritate roboretur. Excute igitur de filii capite coronam luteam, ymo ridiculum illud geſtamen capitis arte figulorum impoſitum. Aureum enim decet, non fictile principes dyadema geſtare, quod tuo filio ad preſens & impoſterum eius liberis noſtre decreuit dulcedinis liberalitas imponi. Et quam credula eſt mulierum facilitas & facilis ad credendum leniri ſui mater Leſtconis inebriata promiſſionibus, ſuadet filio & conſentit, vt ad tempus cedat principatu; tucius quoque exiſtimans patris loco patruum venerari, quam hoſtem perpetue ſuſtinere; ſanciusque patrui regnare munere & auctoritate in Regno roborari, quam in vulgi ſemper pendere arbitrio. Conueniunt itaque loco & tempore ſtatutis, vt mater Leſtconis cum filio. Iusiurandum proponitur in medio. Iurat ſenex, iurant vtriusque partis proceres in violatiſſime tenendam formam preſcripte paccionis; quam qui violare preſumpſerit vel conſulere aut quouis modo conſentire violacioni temptauerit per Metropolitanum & omnes prouincie pontifices anathemate innodetur. Ita Meſzco ſenex principatus dignitatem aſſequitur doloſe: & anno Dni MCXCVI. Cracouiam ſubintrat, Qui tandem Cracouia potitus, nec Iurisiurandi nec pacti viſus eſt meminiſſe .Si quando tamen nepotis manſuetudine & monicione deuictus meminit, aut vbi poteſt diſſimulat, & vbi diſſimulare nequit, procraſtinando fruſtratur Leſtconis affectum. Rogat igitur & ſollicitat a patruo milicie inſigniis inſigniri & pacti ratam habere ſponſionem. Seque Cracouie heredem vice verſa inſtitui. Sed ad id Meſzco reſpondit, quod pactis priuatis Ius publicum conuelli non deberet. Conuellitur autem ſi reipublice conditio deterior fieret, quod fieri quis non dubitet, ſi regni regimen adoleſcentis impericie committatur. Decencius enim adoleſcencia obſequi debeat, quam imperare permittatur. Sed quia Meſzco opibus & facultatibus aliorum inſidiari ceperat, vt eas ſibi quocunque queſito colore applicaret in paciencia procerum Cracouie, de Cracouia expellitur, & dux Leſtco iterum reuocatur. Sic ergo tam pacti quam Iurisiurandi penam quadam confuſus depreſſione promeruit.

Mieczislaus Senex Helenae perſuadet vt ſibi de Monarchia Poloniae cedat:

Miezko Senex denuo Cracouia expulſus:

Meſzco quarto Cracouiam recuperat.

Meſzco etenim ſue experitiſſime artis non immemor, verſus Cracouiam eadem arte, qua prius additis aſſuciis recuperare nititur, & ad matrem adoleſcentum Leſtconis & Conradi eiusdem ingenii paſſibus recurrit, ſuſpicionemque perfidie extenuare & amouere ſtudet, & a ſe pacta & Iusiurandum ſumma religione cuſtoditum affirmat, ſed ab emulis impeditum fuiſſe ac preuentum. Nec ſua fuiſſe reſponſa, que ſua fore dicebantur; ſed eorundem emulorum inuidia & doloſa aſtucia confecta. Nunc ergo nurus dilecta veſter duntaxat non deſit fauor: fides eciam apud me non deerit promiſſa. Nam non ſolum Cracouiam veſtris filiis hereditandam proteſtor & conferibam; ſed eciam Cuyauiam reſtituere prouinciam permitto; occupauerat enim idem Meſzco ſenex Cuyauiam, quamuis ad ſe minime dependiſſet. Vnum tamen peropto, vt hoſtis omnium communis omnibus exilio relegetur, ne de principibus animo ludibria faciat, quando vult princeps creans & quum vult & precipitans. Hoc autem de Comite Nicolao ſignificabat Palatino Cracouienſi, quem nouerat matri puerorum tunc temporis

Nicolaus Palat. Cracou. in Exilium abire iuſſus:

exoſum

exoſum valde, quamuis alias utpote virum diſcretum ac ſtrenuum non modicum pre ceteris amplius dilexerat; cuius eciam in conſilio in quibusuis negociis ipſa & eius pueri prouide regnabant, donec inuidorum dolo fabricante cauſas odii contra illum congeſſerat; & ideo more femineo ad vota Senis Meſzconis omnium procerum Cracouie ſenſum inclinat, vt vir innocens exilii perpetuitate dampnetur. Rurſus igitur paciſcuntur, vt Meſzco ſenex in Cuyauiam inſtanti reſtituat; & in Cracouia ad finem vite vt princeps regnet, duce Leſtcone ex illius conſtitucione ſucceſſuro. Sciens autem Comes Nicolaus exilii ſibi iminere periculum graciam ſepe ac ſepius ducis Leſtconis ac matris ipſius multis modis implorat. Qua humilime queſita nec inuenta non ſine graui labore cum plurima amicorum ſocietate ad ſenem Meſzconem trans migrat; de quorum aduentu ſenex Meſzco alacrior effectus Cracouie principatum ingreditur. Cuius nactus poſſeſſionem tam pacta fidei, quam ſacramenti religione penitus oblitus, nec Leſtconem Cracouienſi principatui heredem inſtituere, vt ſpoponderat, nec Cracouiam reſtituere curauit; ymo Wiſliciam & alia tria caſtra Leſtconis & Conradi, aſſerens illa eſſe, Cracouienſis prouincie violenter occupauit. Que tandem magnis Maiorum Sandomirie & Mazouie conſiliis ac ſtudiis cum Cuyauienſi prouincia reſtituta & recuperata fuere. Sic Meſzco ſenex Cracouia potitus regnauit potenter. Sed in breui factus eſt in pace locus eius. Obiit autem in Kalis Anno Domini MCCII. & ſepultus in Eccleſia Sancti Pauli per ipſum fundata in ſepulcro filii ſui Meſzconis.

Mieſko ſenex Cracoviam recuperat:

ſed paulo poſt moritur: an. 1202.

Leſtko Albus reſpuit Cracouienſem Principatum.

Cracouienſium autem primi optimates & natu maiores cum Ffulcone Epiſcopo, ad Leſtconem Album ducem Sandomirienſem nunccios mittunt, fideliſſima illi obſequia & principatum Cracovienſem offerentes. Sed quedam inheſerat fermenti maſſa, que totum ſtuduit corrumpere paſtum. Erat quidam vir proſapia generoſus, moribus inſignitus, conſiliis prouidus, armorum vſitacione ſtrenuus, omniumque virtutum venuſtate perſpicuus, nomine Goworcius, qui tunc apud Ducem Leſtconem palatini dignitate fungebatur; cuius arbitrio omnium dignitatum ipſius Leſtconis cardo vertebatur. Inter hunc igitur & Comitem Nicolaum Palatinum Cracouienſem quoddam infortunium inexecrabiles iacerat diſco dias, ſuſurronum forſitam ingenio fabricatas. Non aliter ergo Nicolaus Comes in ducem Leſtconem ſuum velit accommodare aſſenſum, niſi comitem Goworcium a ſe reiiciat & omnino expellat. Ait enim: nec fidelitati, nec obſequii locum eſſe inter diſcordias. Nec rem publicam tranquillitatis pace inter rixantes poſſe gaudere. Heſitat enim dux Leſtko, heſitant & ſui: ac in hoc dubio quid eligant, ignorant; Cracouia carçant, an Virum vtilem ſine demeritis expellant. Sed primum dampnoſum, ſecundum criminoſum. Quibus inter dubia percunctanter reuoluentibus, Indignum eſt, inquit, Comes Goworcius, in re tam perſpicua veſtram diſcrecionem pendere. Nam quis ambigit multorum commoda modicillo mercari diſpendio? Quis neſciat, cuiuslibet perſona pocius carendum eſſe, quam vniuerſitate. Quis ignorat minus malum maiori preferendum, preſertim cum publica vtilitas praeferenda ſit priuata. Quando ergo is vitam exponat pro amico, qui exilium horret pro domino, niſi exilium dixerim cum quis licet exul nec amicos deſerit, nec periculorum ſe euentibus exponit. Felix ille exulatus, quem proſequitur gracia, non odium ſectatur. Ad hoc Dux Leſtco, hoc ita te comprobo propoſuiſſe, ac ſi mei animi ſit, quocunque pacto fatum ambicionis complere. Sed abſit a principe omne negociacionum genus; inhoneſta procul abſint honeſtorum & precipue principum commercia. Quid enim illi offerunt, qui innocentiſſimi precium querunt, cuius luctuoſi euentus ſit plena dignitatum venalitas, & liberi capitis nulla ſit eſtimacio. Alium ergo, quam ducem Leſtconem, ſibi querant Cracouite, qui condicionibus ipſorum conueniens ſit & moribus. Cracouienſes igitur intellecto ad Wladislaum, ducem Gneznenſem, filium Meſzconis ſenis, ac ſi adhuc de eligendo principe tractatum habuiſſent, legatos transmittunt, aſſerentes patri fidelitatem promiſſam filio ſe debere: ideoque in ipſo eleccionis locum non eſſe, quem ad paternam ſucceſſionem vocat Juris racio poſtulat & requirit. Quibus primo regracians Wladislaus, gracius ſibi ait tante fidelitatis obſequia, quam gubernacula Regni. Sola enim fides eſt, que claudit & apperit, propagat & artat, firmat & conſeruat imperia. Hec ſola non ſolum regit, ſed & ipſos Reges eam regere, quam regi decet. Equidem rem aggredimini ſatis arduam, arduis egentem amicorum conſiliis. Si ergo placet, fratri noſtro Leſtconi, duci Sandomirienſi, veſtrum pandam propoſitum, quatenus non ſine effectu veſtra circa nos laboret

Turbe inter Cracovienſes:

intencio. Ipſe namque ſolus & impedimentum eſſe poteſt & prefectus. Nam frater eius dux Conradus eius per omnia ſequitur arbitrium. Sed & VVladislaides Meſzconem & Boleslaum eius nutum ſequi non ambigo. Quorum etſi magnum non ſit habere fauorem; operoſum eſt tamen non habere inuidiam. Proinde legatos ad Leſtconem transmittit, per quos ſibi ordine rem exponat, & dirigit Epiſtolam infra ſcriptam:

Plus quam anime ſue fratri dilecto duci Leſtconi, dux VVladislaus vite utriusque ſalutem. Status Racionis non patitur ſtudium ſane mentis a ſe diſſidere, vel in ſemet ipſo coruſcare, deſidenciam vix admittit ydemptitas amicorum. Porro & perpetuitatem dileccionis concathenauit, que res parem in nobis gignere gliſcit voluntatem, & conſonum in omnibus reddere debeat conſenſum. Et cum Cracouienſem vos reſpuiſſe certo cercius cognouimus principatum, omnium in nos vota procerum ſuper eo noueritis incurriſſe. Quorum propoſitum tanto confidencius aggredimur, quanto minus de veſtra dulcedine dubitamus, non ut illo perpetue pociamur, ſed ut promcior ad illum nobis ex noſtro arbitrio paretur facultas. Hoc igitur in facto non eſt ſolum noſtra promocio, ſed veſtri profectus honoris. Dux igitur Leſtco mente huius intellecta Epiſtole, quidquid in ſe vel in ſuis viſus eſt habere promocionis & ſtudii, fraternis deſideriis accommodat; condeſcendens contra pontificum & primatum conſilia ac prudentum. Gemebant enim ſucceſſionem filiorum ducis Kazimiri in illa dignitate, in hoc facto deinceps expirare; cernentes ipſum Leſtconem contra ſuum commodum & profectum laborare. Vnde frater eius, dux Conradus, vix tandem & quaſi coactus eorum voluntati ſuperficietenus viſus eſt conſentire. Itaque ſub tocius Polonie conſpectu ſatraporum a coligato milite usque ad ſupremum, conſenſu omnium accedente, dux VVladislaus, Meſzconis ſenis filius, conſtituitur Cracouie princeps. Qui tam acceſſibilem, tam fauorabilem, tam benignum, dulcem & ſuauem omnibus ſe prebuit, ne aliorum crederetur affectus contemnere: ymmo ne de propriis virtutibus arrogancior videretur, ſeſe offerebat cunctis affabilem, eciam dona largiflue effundendo. Quo non obſtante ſubito principatui Cracouienſi cedere fit coactus, ut infra patebit.

Wladislaus Dux Poznaniensis Monarchiam Polonie fortitur:

Leſtco dux perpetuus efficitur Cracouie Poſſeſſor.

Mortuo itaque Nicalo Caſtellano, Comite Cracouienſi, qui iuxta votum duces amouebat & alios ſubrogabat, pociores Terre Cracouienſis cum Ffulcone Epiſcopo ipſorum, duci VVladislao fidelitatis obſequia denegant, & expreſſe ipſum pro duce habere recuſant; & mox pro Leſtcone verſus Sandomiriam transmittunt ipſum deprecantes, ut principatum Cracouienſem ſuſcipere non recuſet; qui veniens Cracouiam per vniuerſitatem Nobilium in Cracouienſem principem fuit honorifice ſuſceptus, VVladislao de Terra Cracouienſi reiecto & penitus profugato: &c.

a Wladislao Duce Monarchia redit ad Lezkonem:

De Diuiſione Terrarum inter Leſtconem & Conradum.

Leſtco namque primogenitus Cracouie, Sandomirie, Syradie, Laucicie & Pomeranie dux & dominus efficitur; Conradus vero iunior totam Mazouiam & Cuyauiam pleniſſime conſequitur & poſſidet ac ſemen ſuum diuino munere poſſidebit in eternum. Poſt hac Leſtco Albus accepit vxorem Nobilem de Ruſſia, nomine Grzimislawcam, de qua genuit ducem Boleslaum pudicum & felicem Salomeam.

Lezko & Conradus Terras ſuas dividunt:

Leſtko & Conradus Romanum Principem Ruſſie vicerunt.

Illo quoque in tempore Romanus potentiſſimus Princeps Ruthenorum ſepe dictus duci Leſtconi tributa denegat, audaciterque ſuo imperio ſe opponit, ac congregato magne numeroſitatis exercitu manu potenti metas Polonie aggreditur inſperate. Quod dum auribus Leſtconis perſtrepuit, illico paucorum armatorum congregacione facta in Zawichoſt ſibi occurrit, in eumque irruit, occupat & proſternit. Quod Rutheni cernentes, qui primo pompatice venerant, vulnerati & occiſi quam plurimi cum duce ſuo Romano mortui ceciderunt; reliqui fuge preſidium inire; in qua fuga multi in Wisla fluuio viram miſerabiliter terminarunt. Sic Romanus, qui oblitus beneficiis per Kazimirum & Leſtconem filium eius ſibi quampluries impenſis, fratres ſuos impugnare preſumpſit, a gladio corruens in loco certaminis expirat. Et hoc Anno Dni MCCVto.

Turba in Ruſſia:

Negociis quoque rite & prouide ordinatis ſtatuit loco ſui Capitaneum, Swanthopelkonem nomine, virum potentem & ſtrenuum; ſed domino ſuo minime fidelem, ad ſedem Regni ſui revertitur feliciter proſperatus.

Qui Principes in quibus prouinciis principantur.

Quot tum Polonia Principes habuerit:

Vt autem quilibet lector Hiſtoriarum Polonie actus & geſta ac progreſſum principum Polonorum, que ſequentur, plenius poſſit capere & lucidius nominare. Reſtat videre qui principes, qui Tethrarchiis hiis temporibus prefuerunt. Leſtcone itaque & Conrado filiis Kazimiri in Cracouia & Mazouia, ut premittitur, regnantibus, Henricus cum barba in Sleſia, Wladislaus Kazimiri in Oppol, Wladislaus magnus, dictus Lasconogi, Meſzconis ſenis filius in Gnezna, Wlad Plwacz filius Odonis, filii Meſzconis ſenis in Poznania ſimiliter principantur & regnant. Obmiſſis namque Sleſie & Oppolie principibus aliqua tamen de ipſis incidenter inſerere non obmittam; de ceteris tamen ſcribere intendo. Siluitque aliquot annis Regnum Polonie, vtens tranquillitate pacis peroptate.

Wladislaus Odonis de Terra fugatur.

Varie in Polonia Turbe:

Wladislaus igitur, filius Odonis, ſub cura Wladislai magni, dicti Lasconogi, ducis Gneznenſis, patrui ſui exiſtens, cum ducatum ſuum Poznanienſem & Kaliszienſem habere voluiſſet; & caſtrum Kalis ignorante patruo ſubintraſſet, Wladislaus patruus ſuus congregato exercitu, ipſum de Caſtro Kalis fugientem usque ad Vngariam profugauit. Et hoc Anno Dni MCCXVIImo qui poſt aliquot annos rediens Vſzcze caſtrum, Swanthopelkone, capite Pomoranie ſibi auxilium prebente, anno Dni M. CCXXIII. ſubintrat, ipſo die Sti Dioniſii & ſociorum eius &c.

De prelio ante Caſtrum Vſzcze commiſſo.

Anno itaque MCCXXVIImo Wladislaus Magnus totali ſue gentis potencia & magnitudine recollecta, Vſzcze Caſtrum vallauit; in cuius ſtructiones Wladislaus Odonis ipſo die diuiſionis Apoſtolorum de Caſtro repente exiliens, exercitum patrui debellauit; palatis quoque ipſius cum multis Nobilibus & gente innumera proſtratus occiditur. Sic VVladislaus magnus caſtrum impugnare deſiſtens, ab ipſo confuſus abſceſſit; quem VVlad. Odonis poſt modici temporis interuallum animoſe inſequitur & Poznaniam, Kalis & alia caſtra dominii ſui recuperat, Patruo ſuo invito.

De Morte ducis Leſtconis Cracouie.

Svantopulcus Pomeranie Prefectus Leszkonem Album interficit:

Tempore quoque eodem & Anno Swantopelcus, Pomeranie ſuperioris Capitaneus, de quo ſuperius premiſſum eſt, rememorans, qualiter Kazimirus Leſtconis pater, quendam virum ſtrenuum de cognacione Griffonum, Cracum Boleslaum nomine Capitis Caſſubitarum in ducem paceis Pomorie & Caſſubitarum creaſſet, ſibi tamen & ſuis ſucceſſoribus obſequialem reſeruans, anhelabat & ipſe importunis inſtanciis Leſtconi ſupplicando, ut ipſum ſimiliter in ducem Pomoranie ſuperioris creare dignaretur. Quodque Leſtco facere differebat, Swantopelcus ſibi fidelitatis obſequia & tributa debitis temporibus reddere negligebat. Quod Leſtco perpendens, inito conſilio cum Henrico Barbato, duce Sleſie, Odonis expugnare prefatum Swantopelconem Capitaneum & ceterarum Terrarum ſuarum Capitaneos evocari precipit, iubens ut in Ganſawam prope Zuvinam predicti Monaſterii Trzemenſis certa die conuenirent, ſuper bono cum ipſo reipublice tractaturi. Volens eciam Caſtrum Naklanenſe ſub duce Wladislao, vbi Swantopelcus veniens domino ſuo duci Leſtconi bellum mouere preſumpſit; a quo bello dum dux Leſtco diuertiſſet ad villam Marczincova fugiens, Swanthopelcus proditor ipſum fugientem nefarie occidit, & magna ſtrages in populo committitur vtroque. Henricus vero dux predictus ibidem in balneo grauiter vulneratur. Sicque dux Leſtco de loco necis in Cracouiam ducitur, ibique in maiori Eccleſia honorifice Anno Dni MCCXVII. ſepellitur. Cui Boleslaus pudicus, filius vnicus in Regno ſucceſſit; dux vero Henricus verſus Sleſiam ſimiliter reductus eſt cum nimio dolore. De cuius virtutibus infra patebit. Et extunc Svvanthopelcus proditor nequiſſimus ſibi in Pomorania ducatum vſurpauit. Fertur namque quod mors huius pijſſimi ducis, ut quidam aiunt, Wladislaus Odonis per patruum ſuum, ut premiſſum eſt, de terra fugatus & tempore ſui exilii ſororem Svvanthopelci prefati

cui Bolezlaus Pudicus F. ſuccedit:

duxerat in vxorem, & ad finem, ut eiusdem Svvanthopelci auxiliis fortificatus terras ſuas a patruo recuperare potuiſſet. Quibus recuperatis eciam Swanthopelcus conſiliis & auxiliis aſſiſtebat.

Conradus Dux Mazouie Boleslai pudici tutor efficitur.

Conradus Dux Maſouiae Boleslaum Cracouienſem cum Matre captiuat:

Denique poſt mortem Leſtconis, preclari Principis, Conradus frater eius, Mazouie dux, nepotem ſuum, Boleslaum pudicum, nondum pubertatis annos habentem, cum ſuis ducatibus Cracouienſi & Sandomirienſi & aliis terris in ſui curam ſuſcepit. Sed poſtquam Boleslaus annos pubertatis attingens cum ſua genitrice dominia ſua a patruo ſuo Conrado, turelam ſuam reſpuens, habere voluiſſet, Conradus ipſum cum matre captiuat & in Caſtro Szeczechow arte cuſtodie vinctum deputauit. Qui tandem poſt aliquod tempus ſollicitudine Abbatis Szeczechouienſis captiuitatem euadens, Zanichoſth & Sandomirie caſtris vltro ſe ſibi, veluti Domino ſuo naturali tradentibus obtinuit reuerenter. Quibus habitis Henricum cum barba, ducem Sleſie, Boleslai alti filium, fratrem ſuum patruelem in ſubſidium contra patrem ſuum euocauit. Qui Henricus fratri ſuo Boleslao in ſubſidium feſtine veniens, cum Cunrado patruo ſuo multa prelia, non ſine deſolacione Terrarum Cracouienſis & Sandomirie commiſerunt, priusquam ipſum de Terris Cracouienſi & Sandomiria eiicere potuiſſent. Quo randem eiecto, Henricus cum Barba, dux Sleſie predictus, Cracouienſem ducatum & partem Terre Sandomirie eciam conſenciente Boleslao pro ſe vſurpauit. Iſte namque Henricus Monaſterium Oppathonienſe, cuius Monaſterii Abbas & Ruthenorum Epiſcopus pro Catholicis ibi degentibus de nouo fuerat creatus, ad Eccleſiam Lubuczenſem tranſtulit omnia bona Epiſcopatus Ruſſie olim ad Monaſterium Oppathonienſe pertinencia incorporando Eccleſie Lubuczenſi predicte, licet de facto. Huius eciam Henrici tempore mos ille nepharius inoleuit, quod Eccleſie incaſtellabantur. Nam monaſterium Andrzeonienſe, Eccleſia in Prandoczin, Eccleſia Sancti Andree ſub Caſtro Cracouienſi, Scarminienſi incaſtellabatur; & viciſſim expugnate prophanabantur.

HENRICVS Barbatus Dux Sileſiae Terras Maioris Poloniae occupat:

Cunradus paganos contra Nepotes educebat.

ExpeditioConradi Ducis Maſouiae in Pruſſiam:

Cunradus igitur dominia nepotis ambiens, & eiecciones ſibi ſore pudoroſam eſtimans Iaczwczanſzitas Scoweas Pruthenos Lithuanos Szanmitas precio conuentas ad deuaſtandas Terras Sandomirienſes Neporis ſui, frequenter educebat. Qui furtim aliquas Terras inuadentes ipſis rapinis deſolabant; Belciam quoque, Epiſcopi opidum & villas plurimas eidem opido adiacentes deuaſtarunt. Cui Cracouite & Sandomirite fortiſſime reſiſtebant, ipſius gentem paganicam & exchriſtianam pluries debellantes, prout in annalibus hyſtoriis continetur. Huius Cunradi tempore gens paganica ad euocacionem eiusdem, vt premittitur, Regnum Polonie primitus cepit deuaſtare. Congregauerat enim Cunradus predictus magnum theſaurum ad ſuggeſtionem vxoris ſue, paganis ſibi auxiliantibus largiſſime effundendum. Sed impunitus non remanſit, prout ſuo loco deſcribetur.

De Captiuitate Wladislai Odonis.

Wladizlaus Odonis captus:

Anno vero Dni MCCXXVIII. Wladislaus magnus cum Wladislao Odonis nepote ſuo congreſſi campeſtri bello inuicem bellauerunt. In quo congreſſu Wladislaus magnus victor exiſtens nepotem ſuum ducem Wladislaum Odonis incaptiuauit. Qui captiuitatem euadens patruum ſuum Wladislaum magnum ſeu Lasconogy dictum, anno ſequenti de terris Polonie fugauit, &c.

Dux Wladislaus magnus Gneznam impugnat.

Wladizlaus Laskonogi fruſtra Gnesnam impugnat: & paulo poſt moritur:

Demum Anno Dni MCCXXXI. dux Wladislaus magnus veniens de Raczibors caſtrum Gnezne vallauit & aliquanto tempore in expugnacione eiusdem mora facta, expugnare non valens triſtis abſceſſit, & eodem anno in exilio exiſtens diem clauſit extremum. Sic Wladislaus Odonis in tocius Polonie Dominio principatur.

Quare dux Wladislaus Odonis de terris expellitur.

Fata Wladizlai Odonis: Ducis Maioris Poloniae:

Ethnography is the study of people in their own environments. Ethnographers are interested in how people live their lives, how they make sense of their experiences, and how they interact with one another. Ethnographers are also interested in how people's lives are shaped by the social, cultural, and political contexts in which they live.

Ethnography is a qualitative research method. Qualitative research methods are used to collect and analyze data that are not numerical. Qualitative research methods are used to explore the meanings that people give to their experiences and to understand the social processes that shape their lives.

Ethnography is a flexible research method. Ethnographers can use a variety of data collection methods, including participant observation, interviews, and document analysis. Ethnographers can also use a variety of data analysis methods, including coding, thematic analysis, and discourse analysis.

Ethnography is a time-consuming research method. Ethnographers typically spend months or even years in the field collecting data. Ethnographers also spend a lot of time analyzing their data and writing up their findings.

Ethnography is a challenging research method. Ethnographers must be able to build rapport with their participants, gain access to their lives, and maintain their objectivity. Ethnographers must also be able to deal with the ethical issues that arise in the course of their research.

Despite the challenges, ethnography is a rewarding research method. Ethnographers can learn a great deal about people and their lives by spending time with them in their own environments. Ethnographers can also contribute to our understanding of the social world by producing rich and detailed accounts of people's experiences.

The History of Ethnography

Ethnography has a long history. The earliest ethnographers were travelers and explorers who wrote about the people they encountered in their journeys. These early ethnographers were often interested in the exotic and the strange, and their accounts of other cultures were often biased and inaccurate.

In the 19th century, ethnography began to develop as a more systematic and scientific discipline. Ethnographers began to use more rigorous methods of data collection and analysis, and they began to write more objective and accurate accounts of other cultures.

In the 20th century, ethnography became a major research method in the social sciences. Ethnographers began to study a wide range of topics, including urban life, work, education, and religion. Ethnographers also began to use ethnography to study their own cultures.

Today, ethnography is a well-established research method. Ethnographers are found in a variety of disciplines, including anthropology, sociology, education, and business. Ethnographers continue to use ethnography to study a wide range of topics, and they continue to develop new and innovative methods of data collection and analysis.

The Ethnographer's Toolkit

Ethnographers use a variety of tools to collect and analyze data. These tools include:

- **Participant observation.** Participant observation is the most common data collection method used by ethnographers. Participant observation involves the ethnographer spending time with the people they are studying, observing their behavior, and participating in their activities.
- **Interviews.** Interviews are another common data collection method used by ethnographers. Interviews can be structured, semi-structured, or unstructured. Structured interviews are the most formal type of interview, and they involve the ethnographer asking a set of predetermined questions. Semi-structured interviews are less formal, and they allow the ethnographer to ask follow-up questions and to explore the participant's responses in more depth. Unstructured interviews are the least formal type of interview, and they allow the participant to talk about whatever they want.
- **Document analysis.** Document analysis is the analysis of written documents, such as letters, diaries, and newspapers. Document analysis can be used to supplement participant observation and interviews, or it can be used as a primary data collection method.
- **Coding.** Coding is the process of assigning labels to data. Coding is used to organize data and to identify patterns and themes.
- **Thematic analysis.** Thematic analysis is the process of identifying and analyzing themes in data. Themes are recurring ideas or patterns that emerge from the data.
- **Discourse analysis.** Discourse analysis is the analysis of language use. Discourse analysis can be used to study how people construct meaning and how they use language to achieve their goals.

Ethnography in Practice

Ethnography is a powerful research method that can be used to study a wide range of topics. Ethnographers have used ethnography to study everything from urban life to work to education to religion. Ethnographers have also used ethnography to study their own cultures.

Ethnography can be used to answer a variety of research questions. Some of the most common research questions that ethnographers ask include:

- What is the culture of this group?
- How do people in this group make sense of their experiences?
- How do people in this group interact with one another?
- How are people's lives shaped by the social, cultural, and political contexts in which they live?

Ethnography can be used to produce a variety of outputs. Some of the most common outputs of ethnography include:

- **Ethnographic reports.** Ethnographic reports are detailed accounts of the culture of a group. Ethnographic reports typically include a description of the group's history, its social structure, its beliefs and values, and its practices.
- **Ethnographic articles.** Ethnographic articles are shorter accounts of the culture of a group. Ethnographic articles typically focus on a specific aspect of the group's culture, such as its religion or its economy.
- **Ethnographic films.** Ethnographic films are films that document the culture of a group. Ethnographic films can be used to show how people live their lives, how they make sense of their experiences, and how they interact with one another.

Ethnography can be a challenging research method, but it can also be a very rewarding one. Ethnographers can learn a great deal about people and their lives by spending time with them in their own environments. Ethnographers can also contribute to our understanding of the social world by producing rich and detailed accounts of people's experiences.

uiẽnſis & Laucicienſis filius Cunradi ducis Mazouie ſub Monachis Landenſibus firmauerat, & firmatum detinuit occupando. Poſt quod factum Cunradus dux Mazouie, pater Semouiti & Kazimiri predicti de hoc ſeculo migrauit, Semouito filio ſuo ducatum Mazouie relinquens. Frater autem ipſius Kazimirus patre ſepulto Lanciciam Spiczmirzs & Roſzprzam ex improuiſo occupauit; dum frater eius Semouitus cum matre ipſorum in paternis exequiis morarentur. Conradus Dux Maſovie moritur:

De Synodo in Wratislauia per legatum Pape celebrato.

Anno itaque MCCXLVIII. Jacobus Archidiaconus Leodnenſis, domini Pape Capellanus, & in Polonia, Pruſſia & Pomoria nuncius eiusdem celebrauit Sinodum in Wratislauia; cui interfuerunt Ffulco, Archiepiſcopus Gneznenſis, Thomas Wratislauienſis, Boguphalus Poznanienſis, Praudotha Cracouienſis, Michael Wladisl. Petrus Plocenſis, Nankerus Lubuczenſis & Henricus Culmenſis primus ordinis Ciſtercienſis, qui de Abbate eiusdem loci de nouo in Epiſcopum fuit creatus. In qua Sinodo idem Jacobus de conſilio & conſenſu Epiſcoporum indulſit Polonis, uti carnibus libere a Septuageſima usque ad XLmam. * Conſueuerant enim Poloni dicto tempore more primitiue Eccleſie ab eſu carnium abſtinere. Et quia plurimi frequenter violabant & ob hoc excommunicabantur; & eueniebant ex hoc pericula animarum. Et ideo indulgencia huiusmodi ipſis fuerat conceſſa. Jejunium Quadrageſimale a Die Cinerum incipit:

De Subſidio per Clerum prouincie polonicalium Pape.

Denique Anno prefato Ffulco Archiepiſcopus cum Epiſcopis & Clero ſue prouincie, quintam partem redituum Eccleſiaſticorum pro tribus annis ſimul & ſemel recollegerunt, & per fratrem Gothfredum primarium domini Pape pro ſubſidio Eccleſie Romane transmiſerunt. Nam prefato tempore Innocencius quartus in concilio Lugdunenſi Fredricum Imperatorem ab Imperio depoſuit & contra ipſum brachium ſeculare inuocauit, &c. Fridricus II. Rom Imp. in Concilio Lugdunenſi excommunicatus:

Qualiter villa Cozlowo Eccleſie Poznanienſi acceſſit.

Anno quoque ſupra dicto Boguphalus, Epiſcopus Poznanienſis villam Cozslowo a Semouito duce Mazouie pro XC. marcis argenti recepit: quas idem dux pro debitis paternis ſoluere tenebatur. Et eodem anno & tempore Przemisl dux Polonie Thomam Caſtellanum Poznanienſem & Thomislaum ac Sandiwogium filium eius pincernam de cognacione Nalancz captiuauit & vinculis ferreis conſtrictos in Gneznenſi caſtro carcerali cuſtodie deputauit. Volebant enim prefati milites cum ſuis conſortibus in Terram Polonie Boleslaum ducem Sleſie inducere, Przemislio & fratre ſuo profugatis. Sed eorum conſilia quamuis occulta & malicie conceptus preſencia ducum fuerunt propallata. Turba in Polonia:

De diuiſione Terrarum Polonie iterum facta.

Déinde Anno Dni MCCXLIX. dux Przemisl Polonie reedificauit Caſtrum & ciuitatem Poznanienſem circa Eccleſiam maiorem & fratri ſuo duci Boleslao dedit Gneznam, Buyn, Gredcz ſeu Gedcz, Bechow, Oſtrow, Nakel, Vſzge, Czamcaw & Szim. Boleslaus uero Przemisloni duci redonauit partem ſuam Caſtri & Terre Kaliſzienſis ipſum contingentem. Nova Majoris Polonie Diviſio:

De Alienacione Caſtri Lubuſch.

Tempore quoque & Anno predictis, Boleslaus dux Sleſie predictus, volens de fratre ſuo Henrico duce Wratislauienſi, qui ipſum paulo ante propter ſuas inſolencias captiuauerat & vinctum in Turri Lowicz arte cuſtodie deputauerat, ſummere vindictam, Caſtrum Lubuſz nobile & firmum fratris ſui Meſzconis, qui ibidem in Eccleſia Sti Petri ſub Caſto tumulatus quieſcit, Archi-Epiſcopo Mathburienſi, ut ſibi contra Henricum ducem prefatum ferret auxilium minus conſultorum donauit. Cuius fretus auxilio nitebatur fratrem ſuum Henricum prefatum ducem de Terris penitus profugare. Iſte enim Boleslaus cepit primo Theutunos Poloniam inducere, & ipſis predia & caſtra tribuebat, vt contra fratres ſuos germanos, quos ſine ceſſacione impugnabat, ſibi auxilium preberent; Sythauiam quoque & Gorliciam & alias plures vrbes & caſtra a ducatu Sleſie alienauit confuſe. Qualiter dux Przemisl rehabuit Caſtrum Rudenſe.

Neceſſitudo que Sileſie cum Maſovie Ducibus interceſſit:

Poſt modici igitur temporis reuolucionem predicti anni, Wladislaus dux de Oppol, filius quondam Kazimiri ducis Oppolienſis, qui Caſtrum Rudenſe cum ſuo diſtrictu ſub Wladislao Odonis & ſuis filiis tempore exilii eorundem occupauerat, nitebatur dictum Caſtrum Kazimiro duci Cuyauie filio Cunradi olim ducis Mazouie pro quingentis marcis obligare. Duxerat enim Meſzco Wladislai ducis Oppolienſis Frater, Sororem Kazimiri ducis predicti. Cui aſſignauerat racione donacionis propter nupcias, ſummam argenti predictam, quam poſtmodum in Teſtamento decedens per fratrem ſuum Wladislaum commiſerat vxori ſue exoluendam. Sed dum nuncii Kazimiri ad recipiendum Caſtrum predictum Rudenſe tardarent, Przemisl dux Polonie fugatis nunciis ducum predictorum, Caſtrum Rudenſe predictum accedens ipſum per Caſtrenſes ſibi preſentatum occupauit. Eodem tempore in prima nocte poſt diem Beati Johannis Baptiſte, *Ego Boguphalus, Epiſcopus Poznanienſis audiui* licet peccator, per vitum quendam Religioſum mihi dicere: Infra XXV. annos tota Polonia conſumabitur, & dum a loquente interpretacionem diligenter inquirerem, vtrum in bono, an in malo deberet conſummari, non michi reſpondit, dixit tamen, quod & papa deberet conſumari. &c.

Conradus II. Dux Glogouienſis Salomeam Sororem Przemislai Ducis Poznanienſis ducit:

Transacto vero eiusdem anni modico tempore Cunradus dux Sleſie, filius Henrici ducis occiſi a Thartaris, metu fratris ſui Boleslai ſepe dicti, qui ipſum non ſolum captiuare, ſed eciam occidere nitebatur, partem Terre ſibi dare denegando ſeceſſit in Poloniam ad Przemislonem generum ſuum; qui ipſum benigne ſuſcepit & honorifice pertractauit. Et tandem Przemisl dux ante dictus collecto exercitu ſuo & ſui fratris Boleslai Gneznenſis, edificauit Caſtrum Bythom prope Glogouiam ſuper Odram, & tradidit illud duci Cunrado predicto. Medio autem tempore, quo Caſtrum predictum muniebatur, dux Przemisl Boleslaum, ducem Sileſie ſepedictum captiuat & in vincula coniecit; & rediens Poznaniam ſororem ſuam Salomeam Cunrado duci prefato dedit in vxorem. Quorum nupciis intererat Ffulco, Archiepiſcopus Gneznenſis, & Boguphalus Epiſcopus Poznanienſis. In hac eciam ſollempnitate nupciarum Thomas Caſtellanus Poznanienſis & filii eius a captiuitate per manus fideiuſſorum liberantur; ſicque bona fide & absque fraude & dolo duci Przemisloni & ſuo fratri perpetuo ſeruicio ſe obligarunt. Denique Anno Domini MCCLmo in Kalendis Januarii Heduigis, mater Przemislonis & Boleslai ducum diem clauſit extremum.

De Captiuitate Henrici Ducis Wratislauienſis.

Henricus III. Dux Wratislavienſis a Conrado II. Duce Glogov. Fratre captus:

Tempore quoque eodem Cunradus dux Sleſie de Bythom predictus fratrem ſuum germanum, Henricum ducem Wratislauienſem captiuat pro eo, quod ſibi promiſerat & iuramento firmauerat, adhuc Boleslao fratre ipſorum ſepe dicto partem ducatus Sleſie repetere, quod non fecit. Ipſe autem dux Henricus datis pro ſe obſidibus liberatus eſt promittens Cunrado a Boleslao partem Terre repetere, aut de ſua ſibi certam partem aſſignare.

Croznenſes Terrigene duci Conrado adheſerunt.

Conradus II. Dux Glogouienſis Terram Grosnenſem occupat:

Anno igitur MCCLImo Boleslaus dux Sleſie prefatus Hymkonem filium Muzonis, Caſtellanum Crosznenſem, quem pre ceteris ſingulari fauore proſequi videbatur, captiuum tenuit & Theutunicis cuſtodiendum preſentauit, volens ab ipſo pecunias exigere, cum quibus Theutunicis in auxilium conueniret. De occupacione Castri Dzbanszin.

Tempore quoque predicto quidam Latrunculi de Castro Lubusz exeuntes venerunt ad campestria Castri Dzbanszin, & predam caperent. Quibus peccora capere volentibus, quidam Pastor ait, ut quid pro modica preda maiora spernitis? Ecce enim Castrum Dzbanszin tam acribus viris custoditur expectantibus ceteros, qui debent ad custodiam Castri venire. Quod audientes latrunculi & ad custodiam Castri euntes eo dolo castrum intrauerunt, ipsumque occuparunt. Sed cum mane ad ducem Przemislaum rumor facti huiusmodi peruenisset, festinus ad Castri obsedicionem proponit Edictum emittens, ut omnes Nobiles & populares ipsum feslinc insequerentur, & veniens latrunculos in Castro existentes obsedit. Latrunculi uero se in mortis articulo positos cernentes, clemenciam principis inuocarunt. Qui ipsos benigne suscipiens & vitam tribuens Castro rehabito ipsos abire liberos ad propria permisit. &c. Fata Castri Dzbanszin:

Dux Przemisl ducem Cunradum cinxit gladio militari.

Anno itaque MCCXII. in die Sti Stephani, martyris glorioli, Nobilis Przemisl dux Polonie Illustrem Cunradum ducem Glogouiensem generum suum, Boguphalo Episcopo Poznanienli missam celebrante in sua Ecclesia Poznanienli insigniuit baltheo & gladio militari. Eodem quoque Anno Barnyn, dux Pomorie, Castrum Drdzen sub quodam dolo fraudulenter occupauit. Sed priusquam Mensis occupacionis predicte expirasset, Przemisl dux Polonie per potenciam ipsum recuperauit viceuersa &c. Conradus II. Dux Glogouiensis Baltheo militari cinctus:

De obitu Bogupbaelis, Episcopi Poznanienlis.

Anno igitur Domini MCCLIII. V. Idibus Februarii Boguphalus Episcopus Poznanienlis in predio Ecclesie sue Solecz, diem suum clausit extremum. Delectabatur autem nocte dieque legendo in libris sacre scripture; quorum copiam non modicam habebat & plus quam aliquem Thesaurum feruentissime diligebat. Quos omnes post obitum suum Ecclesie Poznanienli reliquit. Iste felix Episcopus secundo Anno Episcopatus sui chorum Ecclesie Poznanienlis propter quasdam scissuras fundamentaliter, seu funditus destrui fecit & de nouo construxit. Vixit autem in Episcoparu suo decem annis & XXVI. septimanis. Post cuius decessum Capitulum Poznanienle ad eleccionem futuri pontificis conuenientes processerunt per formam compromissi elegerunt Petrum Decanum Poznanienlem, virum pyum & deuotum. Sed quia Hugo Cardinalis, Apostolice Sedis legatus, Archiepiscopo Gneznenli inhibuerat, ne electos confirmaret, ideirco ad predictum legatum nuncios Capitulum Poznanienle destinat; qui nuncii a predicto legato licencia confirmandi Electum suum per Archiepiscopum predictum Gneznenlem freuda benigne obtenta. Cum ad Ffulconem Archiepiscopum redijssent, & ipse confirmandi certum terminum in Slawno eisdem assignasset: In quo termino Johannes Archidiaconus Poznanienlis & Theophilus Archidiaconus Gneznenlis, Canonicus Poznanienlis in eleccionem prefati Decani se opposuerunt, dicentes se esse contemptos, quia ad eleccionem non fuissent vocati; & ob hoc pecierunt ipsam eleccionem magis infirmari, quam confirmari. Sicque dilacione confirmacionis pendente, Oppiso Abbas de Melzano, protunc Apostolice sedis legatus, vtrosque versus Wratislauiam ad se venire coegit; quos ad concordiam salubriter reuocans & inducens tandem concordauit; sic quod prefati Archidiaconi in eleccionem decani predicti consenserunt. Cuius eleccionem prefatus Abbas Auctoritate Apostolica confirmauit, decernens per Archiepiscopum Gneznenlem munus confirmacionis sibi impendi. &c. Mors & Elogium BOGUPHALI Episc. Poznanienlis: cui PETRUS Decanus succedit:

De Deuaſtacione Terre Sleſie.

Anno eodem Przemisl & Boleslaus Polonie & Cunradus Glogouie duces cum ſuis exercitibus vaſtauerunt terram circa Trzebniczam Widauam & vltra Odram Leſzniczam Henrici ducis Wladislauienſis Eccleſiarum villas in nullo moleſtantes. item Ducatus VVratislauiensis a Ducibus Poloniae:

De prodicione Caſtri Nakyel.

Eodem igitur anno dux Miczyng, filius Swanthopelci, ducis Pomorie, proditoris nequiſſimi, in nocte beati Michaelis Archangeli per tradicionem cuiusdam Boleſtarii Caſtrum Nakel ſub duce Przemislio occupauit. Przemislius vero collecto exercitu ſuo & fratris ſui Boleslai vna cum Kazimiro duce Cuyauie, Caſtrum predictum vndique vallauerunt. Quibus pudicus Boleslaus dux Cracouie mille &. Semouitus Cunradi Mazouie dux octingentos viros armatos in ſubſidium ſibi deſtinarunt. Przemisl vero & Kazimirus cernentes firmitatem Caſtri & quod non poſſit de facili expugnari, edificauerunt aliud caſtrum ex oppoſito Caſtri antiqui verſus occaſum ſolis & poſitis in eo viris fortiſſimis & audacibus, qui illud cuſtodierunt; ac ingreſſum & regreſſum facientibus de antiquo Caſtro pro poſſe prohibuerunt, ad propria redierunt. Caſtrenſes vero Caſtri vtriusque ſepiſſime inter ſe congreſſi conflictum habebant, & in quodam congreſſu Pacoslaus Strzedrici & Hermannus milites robuſtiſſimi de parte ducis Przemislonis fuerant occiſi; multi eciam de Pomoranis pro tunc & alias ſunt proſtrati. &c. Pomerani Caſtrum Nakyel ſubitâ & inopinâ irruptione capiunt:

De Expugnacione Caſtri Raczans Pomoranie.

Anno itaque Domini MCCLVI. dux Przemisl cum fratris ſui Boleslai & ſuis exercitibus & cum duce Kazimiro Cuyauie conuenerunt circa Nakel & inito conſilio iuerunt ad expugnacionem Caſtri Raczans, ad quod multi homines de Caſtellania eadem confluxerant, vite & rerum gracia conſeruandarum. Ad quod venientes duces predicti igne appoſito ex omni parte ipſum impugnare ceperunt. Quibus caſtrenſi flamma in altum creſcente reſiſtere non valentes, & mortis incendium vitare volentes ad ſtaciones hoſtium, qui poterant exire, intrauerunt & ſe vltronee captiuitati ſubdiderunt, vite beneficium aſſectantes. Multi tamen exire non valuerunt & hii cum Caſtro & rebus in eodem exiſtentibus per ignem occupati, crudeliter ſunt exuſti. Przemislaus Dux Poznaniensis castrum Raczaſcz Pomeraniae capit & comburit:

ctis & in Caſtrum Nakel illatis, caſtellum nouum ducis Przemislonis expugnare temptavit; mandauitque hominibus ſui exercitus ligna ſicca de pino afferre, & in foſſatum iactare volens ipſum Caſtellum ignis incendio expugnare. Sed cum homines ſui ligna portaſſent, & in foſſatum iactaſſent & pro aliis plurimis rediiſſent. Illi de Caſtro exeuntes ligna de foſſato recollegerunt ipſi ligna ſuccedentes. Quibus per ignem conſumptis Pomorani amplius ligna afferre deſiſtentes ipſum Caſtellum clipeis protecti ardentibus & aliis inſtrumentis impugnare ceperunt. Fundibularii vero lapides & eciam de paruis machinis intus iacentibus iacientes. Sicque ab hora ſexta & citra & vsque ad horam completorii Pomorani viri tamquam fortiſſimi & propter exuſtionem caſtri Rakzans & hominum in eodem peremptorum nimium prouocati predictum Caſtellum impugnauerunt. Quibus caſtrenſes, quos dei clemencia tamquam iuſtos & pro patria ſua iuſte pugnantes miraculoſe contra proditoris nequiſſimi infeſtaciones protegebat, viriliter reſiſtebant; & XX. Pomoris occiſis & LX. vulneratis, ipſos a Caſtalli impugnacione deſiſtere & recedere coegerunt. Sic dux Svvanthopelcus proditor prefatus cum iactura ſuorum ad propria rediit confuſus.

De doloſis inſidiis Swanthopelci prefati.

Inſidiae à Svantopulco militi praeſidiario novi Caſtri prope Nakyel ſtructae:

Anno quoque eodem in Dominica Rogacionum Svvanthopelcus, Pomorie dux, factis inſidiis & in latibulis prope Caſtellum nouum Nakel caute ordinatis iuſſit ſuos de antiquo Nakel, vt egredientes de Caſtro Nakel eos, qui in Caſtello nouo morabantur, ad certamen prouocarent. Quod cum egreſſi feciſſent ipſi retrocedentes, quaſi ad Caſtrum ſuum fugere volentes aduerſarios ſe inſequentes a Caſtello nouo remocius abducebant. Svvanthopelcus vero dux conſiderans ipſos Caſtellum de facili intrare non poſſe, mox de latibulis ſaliens ducis Przemislonis homines, ſue gentis multitudine vndique circumſeptos proſternit, occidit, vulnerat & captiuat. Nec tamen pro tunc victoria licet doloſe obtenta predictum caſtellum poterant expugnare &c.

De Concordia inter Przemisl & Svvanthopelcum duces facta.

tandem per Popponem Cruciferum Pax ſancita:

Eodem quoque anno in vigilia beati Iacobi Apoſtoli dux Przemisl cum ſuis Baronibus venit ad villam ſuam Kczinaz cum Svvanthopelcone ſuper recuperacione Caſtri Nakel tractaturus. Aderat eciam quidam frater Poppo crucifer de domo Thutunica, qui duci Przemisloni quarto gradu conſanguineitatis per matrem ſuam attinebat. Hic nota quod mater ducis Przemislonis, vt fertur, ſi. fuit ſoror Svvanthopelci prefati & vxor VVladislai Odonis, extunc ſequitur, quod Svvanthopelcus fratri Popponi prefato tercio gradu conſanguineitatis fuiſſet coniunctus: vnde neceſſe videtur, quod ſicut premiſſum eſt, ſic aut quod VVladislaus Odonis dux Polonie & Svvanthopelcus duas ſorores germanas in vxores habuiſſent. Quia Mſczyng, dux Pomeranie filius Svvanthopelci prefati Przemislonem & Boleslaum filios VVladislai, fratres ſuos amitales appellat &. Przemislio ſecundo ducis Polonie filio Przemislii ducatum Pomorie reſignauit. Poterat eciam eſſe, quod Svvanthopelcus prefatus ſororem VVladislai duxiſſet in vxorem; & ex hoc fratres amitales haberentur. Quid autem certi ſit, non inuenio. Poppo autem de quo genere ſuit apud nos non habetur. Interpoſuit tamen partes ſuas, vt ipſos tamquam ſibi coniunctos ad concordiam reuocaret. Cuſtodierat namque Svvanthopelcus ſepe dictus, quod caſtrum Nakel fraudulenter obtentum commode retinere non poſſet ex eo, quia de caſtello nouo ſibi frequenter moleſtie & infeſtaciones fiebant; peciitque pro expenſis factis a Przemislio duce certam pecunie quantitatem per reſtitucionem Caſtri eiusdem. Sic vterque eorum compromiſerat in fratrem Popponem. predictum promittentes bona fide ſe firmiter ſeruaturos, quidquid per ipſum tam ſuper reſtitucione Caſtri, quam ſuper obſeruancia pacis fuiſſet diffinitum; pronunciauitque frater prefatus Poppo, quod firmam pacem & tranquillam inter ſe ſeruare deberent, caſtrum Nakel Svvanthopelkone duci Przemislio reſtituente. Cui dux Przemisl memoratus quingentas marcas argenti viceuerſa in certis terminis ſoluere deberet; & demum inter Caſtrum vetus & nouum conuenientes inermes oſcula ſibi inuicem prebuerunt: maxime autem in die Sti Iacobi dux Przemisl Caſtrum antiquum Nakel, duce Svvanthopelcone ipſum inducente cum ſuis intrauit. Dux Svvanthopelcus benigne ſuſcipiens & Caſtrum Nakel reſignat. Dux vero Przemisl ſibi pro quingentis marcis argenti predictis nouem oſides, donec pecuniam ſolueret, tenendos aſſignauit; & ſic pace firmata ad propria redierunt.

De captiuitate Thome, Epiſcopi Wratislauienſis.

Demum anno prefato infra octauas Sancti Michaelis, cum dominus Thomas Epiſcopus Wratislauienſis tempore illo tocius Cleri Polonie ſpeculum in Gorka predio Abbatis Sancte Marie in Arena, Eccleſiam de nouo conſtructam dedicare volens de nocte quieſceret Boleslaus ſeuus dux Sleſie, filius quondam Henrici, quem Thartari occiderunt, inductus veſania diabolica & ſuaſu Theutunicorum, quorum regebatur conſilio, Epiſcopum in lecto quieſcentem, veluti fur & latro, & non ut princeps fracto hoſtio captiuare ac rebus omnibus ſpoliare, ipſumque veſtibus denudare cepit, cauſas friuolas contra eundem pretendens; quarum tamen hec maior fuerat, vt ab ipſo pecunias extorqueret, Theutunicis erogandas. Scientes autem Theutunici ipſum equitatus vſum non habere, vt puta, qui iam grauedine corporis tenebatur; eum tamen equum tractantem equitare coegerunt, in ſola camuſia & femoralibus, ceteris veſtimentis penitus denudatum. Cuius miſertus quidam latrunculus, virgulatam ſatis vilem propter auri diſcrepanciam & ocreas veruſtas ipſum indui fecit. Capti quoque fuerant cum eo Boguphalus Prepoſitus & Hoccardus Canonicus Wratislauienſis, & vna cum eo ducti ad Caſtrum Vlaus ducis Boleslai predicti & dati cuſtodie carcerali. Prefatus autem prepoſitum & Canonicum in vincula coniecit, vt ab ipſis eo cicius pecunias extorqueret, prout & fecit. Epiſcopum de Caſtro ad Caſtrum ludibrioſe deferre precipiens. Tandem ad Turrim Loduicz tenendum proiecit. Epiſcopus autem cernens, quod ſine pecunia euadere non poſſet; ipſum de duobus milibus marcarum argenti placauit, ipſas ſoluere promittendo, pannis Sarlaticis, quos ſibi Hecardus canonicus pro alienacione ſeu alleuiacione ſui martirii aſſignauerat, duntaxat exceptis. Dominus vero Archi-Epiſcopus Gneznenſis auditis huiusmodi factis nephariis & conſternatus animo; communicatoque conſilio & conſenſu fratrum ſuorum Epiſcoporum ſue prouincie in ducem prefatum excommunicacionis ſententiam promulgauit, mandans ſuffraganeis ſuis, vt in omnibus ſollempnitatibus, dominicisque diebus & feſtiuis, tam in Cathedralibus, quam Parochialibus Eccleſiis candelis accenſis & tympanis pulſatis excommunicatum publice denunciare iuberent; ſtatuitque dictus Archiepiſcopus poſt concionem cantando ſuper genua pſalmum: Deus laudem meam tacueris cum pater noſter & verſiculo: Exurgat Deus, & oracionem, que ſequitur: Exaudi quaeſo domine eccleſiam tuam non ſolum paganorum percuſſionibus attritam; Sed eciam Chriſtianorum prauitate afflictam, & concede propicius, vt qui diuine ſubdi recuſant poteſtati, dextera tue maieſtatis cito deiiciantur inimici per &c. Et cum pſalmus legebatur, campana contra modum in vnam partem pulſabatur. Boleslaus vero dux prefatus in ſua pertinacia extans ſeu perſiſtens, Epiſcopum & ſuos dimittere noluit, donec ſibi pecunia eſſet perſoluta; quam plus quam ſalutem & honoris ſui ſtatum affectabat. Epiſcopus autem tedio in captiuitate affectus & ſuorum afflictioni nimium compaciens, partem pecunie prefato duci perſoluit; & pro reſiduitate poſitis obſidibus in die Paſce domini a captiuitate extitit liberatus. Boleslaus itaque nequiciam ſuam pàlliare volens, Henricum Wratislauienſem & Cunradum Glogouienſem duces, fratres ſuos vterinos & quosdam eorum proceres de ſcelere captiuitatis Epiſcopi accuſabat; cuius aſſercioni tamquam viri perfidi, qualis ipſe fuerat, non fuit fides adhibenda.

Boleslaus Calvus Dux Sileſie Lignic. Thomam Epiſc. VVratisl. cum Prepoſito & Canonico in Carcerem abripit:

Interdicto Eccleſiastico ideo ſubiectus:

De Captiuitate Boleslai ducis predicti.

Anno itaque Domini MCCLVII. Boleslaus ſeuus dux de Legnicz ſepe dictus, volens fratrem ſuum Cunradum, ducem Glogouie, dolo circumuentum captiuare, ipſum peciit, vt ad Caſtrum Legnicz gracia contiuandi veniret; dux autem Cunradus modum tradicionis per quendam Virum relatum veraciter intelligens, & certitudinaliter experiri cupiens, accepto ſecum ſufficienti armatorum virorum comitatu, arma ſecrete deferencium. Et cum caſtro Legnicz appropinquaſſet, reliquit quosdam ex ſuis in latibulis, iubens vt juſſa ſua ibidem caute expectarent. Ipſe vero cum ceteris, licet paucis Caſtrum Legniczenſe intrauit. Quem Boleslaus benigne, vt apparebat, ſuſcepit: ſed intus latebat fraus & dolus. Cunradus dux conſiderans Theutunicos turris menia aſcendiſſe caſtri, & alios in latibulo abſconſos latitare: Statim in fratrem Boleslaum prorumpens ipſum captiuat; & cum ipſo citisſime, priusquam Theutunici de latibulis egreſſi ipſum inuaderent, de caſtro exiliens ad ſuos properauit, Boleslaum in Glogouiam deducens arcte Cuſtodie deputauit.

Ipſe vero Boleslaus Calvus a Conrado II. Duce Glogouienſi captus poſtea:

De Obitu Przemislii ducis Polonie.

Mors & Elegium Przemislai Ducis Majoris Polonie:

Eodem quoque Anno pridie Nonas Junii Nobilisſimus Vir dominus Przemisl, dei gracia dux Polonorum, filius quondam Wladislai Junioris, qui fuerat filius Odonis, de hoc ſeculo ad Chriſtum migrauit; cuius vitam ſub breuitate transcurrens actus & mores eius in parte aliqua poſſent imitari. Fuerat autem quidem dux minorennis etate, vix habens XXXVI. annos; ſed maturus moribus, vita & conuerſacione magnam dei graciam in multis habebat & mirabilem. Homo ſuit inter Religioſos & ſeculares pudicisſimus. Nunquam aliquis audiuit de ore eius turpe verbum vel verecundoſum. Iratci minime ſciuit; & ſi aliquando per aliquem ducebatur ad iracundiam, nunquam aliquis in ipſo notare, ſi iraſceretur, poterat propter hilaritatem vultus eius, quem cuilibet oſtendebat, ſemper paratus ſuit magno & paruo, diuiti & pauperi aurem ſuam inclinare, & affectuoſe ſibi loquentem audiuit, & honeſte dum potuit, neceſsitates hominum expediuit. Inter principes Polonie tunc temporis mitisſimus fuit, diſciplinatus & humilis, pacificus & manſuetus & pyus, feruens in caritate, non ficta contra Deum & homines, cum nullo diſcordiam voluit, niſi forte aliquis terram eius inuaderet, tunc ſe defendebat, prout poterat. Terram ſuam tempore vite ſue ex omnibus partibus pace vallauerat, coadunando ſibi principes vicinos in amicos non per gladium, ſed per ſapiencian, quam ei JESUS CHRISTUS dederat, & quam ſemper libenter ſequebatur. Nullius principis terminos occupare voluit; ſed pocius cum omnibus hominibus pacem cupiuit. Deuotisſimus fuit: numquam carere voluit, cum potuit, diuino officio. In cantu pulcro delectabatur, horas de Domina glorioſa, cum potuit, expleuit, & ipſam in maximo honore veneratus eſt. Et mirabile fuit de eo, cum deponebat ſe ad lectum hora nocturna, & aliquantulum ſompno recreabatur, cum nocte tota credebatur ab aliis dormire, ipſe ſurgebat aliquando media nocte, aliquando ante, ſedens ſub conopeio ſuo cum candela tenens pſalterium legebat aliquos pſalmos; ſorores quas ſciebat, ſuperbiam deſpexit, ebrietatem prorſus vitabat. Numquam cum aliquis ebrium vidit. Temperatim comedit; Medonem multis annis non bibit; ſed ceruiſiam vel vinum. Illud ita fuit temperatum, quod vix ſaporem vini habuit. Balneo - - quatuor annis ante mortem non fuit vſus. Qualibet XLma, ut dicebatur, cilicio vtebatur ſub veſtibus aliis & hoc ſecrete quidem. Cilicium ego *Baſco*, Cuſtos Poznanienſis poſt mortem ipſius vidi ferre quendam ſacerdotem; & erat ſatis ſpiſſum. *Deum* multum dilexit & ſanctam Eccleſiam honorificauit ſeu honoravit, & defendit totum Clerum, & omnes alios viros religioſos in magna reuerencia habuit, & eos in ſua Curia ſepius honorifice pertractauit. Et ſi in aliquo magno feſto circa Eccleſiam Gneznenſem vel Poznanienſem fuit, Canonicos illarum Eccleſiarum & Vicarios in prandio habebat; & omnibus aduenientibus clericis & laicis menſa eius patuit. Feria quinta magna ubicunque fuit, pauperes occulte adduci in nocte precepit & pedes eorum lauit, extergens linteo & oſculatus eſt eosdem, & recreans corpora eorum de potu, dans eis eciam aliquos pannos ad tuniculas. Nunquam de aliquo quantocumque quis male vixerit, male ſciuit loqui. Et quid dicam homo inter principes & alios in Polonia non fuit ei ſimilis inventus, qui recordans eternorum bonorum conſolacionem in celo, id teſtamento ſuo reliquit Deo & Eccleſie Beati Adalberti in Gnezna villam, Czirnelm & aliam Beati Petri in Poznania Buk cum ciuitate, cum moneta, cum Theloneo, cum Tabernis, cum omnibus hominibus & vtilitatibus & cum omni Jure & dominio in cuſtodiam eiusdem Eccleſie, rogans & ſtatuens, vt pro anima ſua ad eius ſepulcrum nocte & die in perpetuum habeatur lumen; & de eisdem vtilitatibus miſſe pro ipſo & pro ceteris, qualibet die, ſi fieri poteſt, vel ad minus qualibet ferja ſexta vel alio die, qui comode obſeruari in ſeptimana poterit, celebrarentur. In exequiis eius tantus fletus fuit, qui nunquam in alicuius principis Polonie eſt auditus. Fleuit enim Clerus, quia ſocialis ei fuit; fleuerunt milites, quia benignus eis fuit; fleuerunt religioſi, quia viſcera minime contra eos habuit. Nulla etas, nullus ſexus, qui in exequiis fuerat, vel cum mortuum audierat, a fletu continere poterant. Collocet DEVS animam eius in Regno celorum.

In qua Sinodo Archiepiscopus predictus cum suis suffraganeis contra Boleslaum Ducem Slesie per Alexandrum Papam datam crucem predicarunt, & eiusdem auctoritate domini Pape predicare iusserunt, pro eo, quod idem dux per annum & vltra sentenciam excommunicacionis propter captiuitatem Episcopi Wratislauiensis in eum perlatam sustinuit, animo induratus, & normam Ecclesiastice discipline contempnens. Multe eciam constituciones in eadem Sinodo fuerunt ordinate, que in Ecclesiis cathedralibus recondite reseruantur. &c.

Boleslaus Dux Kalis vxorem accepit.

Boleslai Ducis Calissiensis Nuptie & Liberi.

Demum Anno MCCLVIIIuo Boleslaus, Polonie Dux, frater Przemislonis iam defuncti, Helenam, Bele Regis Vngarie filiam, de sorore Sancte Heduigis procreatam, quam anno vno ante obitum Przemislonis, fratris sui, apud Boleslaum Ducem Cracouie sibi copulauerat in vxorem, in Terram suam de Terra Cracouiensi abduxit cum sollempnitate Regali; de qua postmodum Tres filias generauit; quarum vnam Wladislao, filio Kazimiri Ducis Cuyauiensis, cum qua sibi Poloniam aut MCC. marcas argenti, & aliam Henrico filio Ducis Boleslai pessimi Slesie Legnicensis sepedicti, cum similiter MCC. marcis argenti aut terram Velunensem seu Rudensem Castellaniam nomine dotalicii assignando copulauit prouide in vxores; Terciam ad Monasterium Ste Clare per ipsum fundatum Gnezne & sufficienter dotatam tradidit diuino seruicio mancipando.

De Discordia inter Boleslaum & Kazimirum Cuyauie.

Discordia inter Duces Polonie.

Anno vero eodem Boleslaus dux Polonie cepit a Kazimiro Castrum Laudense cum suo districtu, quod idem Kazimirus tempore sue iuuentutis & fratris sui occupauerat, repetere, & cum eodem pro ipso gwarrare; & cum Terra vtriusque ex Guerrarum vicissitudine fortiter vastaretur; Boleslaus collecto totali suo exercitu Polonie tocius, Terram Cuyauie potenter intrauit & Wladislauiam iuuenem accedens, & staciones circa ipsam faciens, ipsam viriliter impugnat. Cui Warcislaus Boguphali dux Pomorie cum sexcentis armatorum in adiutorium aduenit; quorum potencie Kazimirus obuiare non valens, mediam partem Castellanie Laudensis restituit, Castrum Laudense, quod edificauerat, comburendo.

De Obitu Ffulconis, Archiepiscopi Gneznensis.

Fulco: Archiep. Gnesn. moritur:

Eodem vero Anno Ffulco, Archiepiscopus Gneznensis, qui Pelka nomen proprium habebat, in Laucicia diem clausit extremum. Vir in moribus compositus, libratus & honeste vite. Sub cuius regimine Ecclesia Polonica in omnibus feliciter triumphabat.

De Eleccione Janussii Archiepiscopi Gneznensis.

succedit Janussius Prepositus Gneznensis:

Eodem quoque Anno electus fuit Janussius, prepositus Gneznensis de communi voluntate eligencium in Archiepiscopum Ecclesie predicte. Swanthopelcus, Pomorie dux, staciones Warczislai devicit.

Bellum inter Pomeranie & Cassuborum Duces:

Eodem itaque Anno Warcislus, Dux Cassuborum cum exercitu Polonorum, quem Dux Boleslaus in subsidium destinauerat, & cum Episcopo Caminensi contra Swanthopelcum, ducem Pomorie, processit & veniens circa Slupxi, qui alio nomine Scolp nominatur, dimisso Episcopo & exercitu eius & quibusdam suis militibus non paucis, in Stacionibus, ut res suas & Polonorum ac clientelam ibidem dimissam custodiuerunt propugnantes, Solus cum exercitu magno terram Swanthopelconis animose vastauit. Sed Swanthopelcus potencie sue resistere non valens, in Staciones irruit & Episcopum cum suo exercitu deuictum fugat, plurimos militum & seruientes armorum occidit & quosdam captiuat, & acceptis multis spoliis & captiuis secessit illesus.

Dux Kazimirus Terram Kalis deuastauit.

Bolezlai Ducis Calisiensis a Casimiro Duce Cuiauie reportata insignis Victoria:

Item Anno eodem, videlicet MCCLIX. Kazimirus Cuyauie, Laucicie & Syradie Dux congregato suo exercitu vsque ad duo milia virorum pugnancium ipso die Ciriaci martiris Terram Kalis intrauit occulte, quam hostiliter invadens absque mora spoliauit. Sed cum rumor huiuscemodi ad Boleslaum Ducem Polonie peruenisset, qui iam eundo Poznaniam fuerat constitutus, festine ad Castrum Kalis rediit; sed nec in via, nec in Castro miliciam poterat colligere tam repente preter XXX. milites, qui aduenerunt, cum quibus Cuyauiensibus suis adiunctis & DEO se totaliter committens, in quo semper confidebat, exercitum Kazimiri insecutus, ipsum inter Clomam & Oppataw villam Archiepiscopi in quadam Borra, que dicitur Salecz animose inuasit. Cui DEUS & sue genti tantam virtutem, licet paucis, miraculose contulit, quod Kazimirum Ducem prefatum cum sue gentis multitudine in fugam conuertit, & multis occisis, vulneratis & captis & recuperata preda, quam ceperat, equos CCCtos ipsorum, quibus insiderent, acquisiuit. Palatinum quoque Cuyauie grauiter seu lethaliter vulneratum captiuaueruntt. Fertur namque quod quando Boleslaus Kazimirum & suum exercitum invasit, tantus timor corda eorum concussit, quod omnes arbores homines exercitus Boleslai esse putabant. Et ex hoc perterriti fugam pro presidio elegerunt; in qua fuga miraculose deuicti, donum victorie DEO & Justicie Boleslai tribuebant. Nec dubium extat, quod auxilium Dei omnipotentis desuperius sibi missum fuerat, qui non deserit sperantes in se; quod tantam multitudinem cum paucis victoriosissime debellauit.

De Captiuitate Nobilium fraudulenta.

Proceres Polonie a Casimiro Duce Cuiauie capti:

Item eodem Anno Kazimirus, dux prefatus Herkaboldum Palatinum Gneznensem, Simonem fratrem suum Castellanum loci eiusdem & Nicolaum Kalisiensem Palatinum & multos alios Nobiles in quodam colloquio per iussum fraudulenter celebrato captiuauit.

De Edificacione Castri Pacoszcz.

Castrum Pacoszcz in Prejudicium Boleslai Ducis Calissiensis extructum:

Eodem vero Anno Kazimirus dux predictus cum adiutorio ducis Swanthopelconis proditoris edificauit Castrum in dominio Boleslai ducis Polonie & in preiudicium eiusdem.

De Vastacione Terre Lancicienſis.

Lancicienſis Terra pervastata:

Item anno eodem infra octauas Sti Michaelis Boleslaus Polonie, Boleslaus pudicus Cracouiensis & Sandomirienſis & Semouitus Mazouie & Romanus filius Danielis Regis Russie, qui venerat in auxilium Semouito duci predicto contra Kazimirum ducem fratrem ipsius vterinum convenientes in Terra Lancicienſi, ipsam totaliter spoliis & incendio deuastarunt; edificaruntque Castrum Terra in eadem, & edificatum Semouito duci Mazouie predicto assignauerunt. Cernens autem dux Kazimirus malum sibi iminere, & tot principibus resistere non posse, peciit treugas vsque ad festum Sti Andree sibi dari & colloquium in eodem festo celebrari: in quo se omnibus illis obtulit satisfacere, quorum metas vel terras aut Castra minus iuste detineret occupata.

Tarthari ſecundario Terram Sandomirienſem vaſtauerunt.

Anno, quo ſupra, ante feſtum Sti Andree, periculis Chriſtianorum introiuerant Tarthari cum Pruthenis, Ruthenis, Comanis & aliis gentibus Terram Sandomirienſem; ipſam rapinis, inflammacionibus, hominum occiſionibus enormiter ſpoliantes. Et ſencientes magnam multitudinem hominum cum ſuis rebus ad Caſtrum Sandomirienſe confluxiſſe, ipſum vallauerunt ſine ceſſacione impugnantes. Duces vero Ruſſie Waſſylco, frater Danielis Regis Ruſſie; Leo quoque & Romanus filii predicti, cernentes moram fieri in expugnacione Caſtri predicti, concuperunt Caſtrenſes circumuenire dolo fraudulento & accepta ſecuritate cum Caſtrenſibus conuenerunt, ſuadentes eis, ut dexteras ſeruitutis a Thartaris peterent; & ipſis Caſtrum & bona, que in ipſo habent, preſentarent, ut vitam ipſis Tarthari largirentur. Qui vitam Caſtro & bonis prefererunt, & ſic, ut premiſſum eſt, vitam obtinere ſperantes, predictorum ducum decepti conſilio, & ut liberi & ſecuri de vita & ſuis vxoribus & natis abire poſſent, a Tartharis & a predictis ducibus fidei promiſſa recipientes, Caſtrum apperuerunt, & rebus in eo omnibus dimiſſis inermes de Caſtro exierunt. Quos cernentes Tarthari in eos tamquam lupi in oues irruerunt ſanguinem nimium innocentum hominum effundentes: Ita quod riui ſanguinis in Wiſlam decurrentes, ipſam invndare fecerunt. Et cum in eorum occiſione graſſati & laſſi fuiſſent, reliquos viros, tamquam gregem peccorum ad Wiſlam fluuium impellentes ſubmerſerunt. Mulieres vero iuuenculas & ſpecioſas virgines, ac adoleſcentes maſculos ſecum captiuos abduxerunt: & tunc multa milia hominum tam diuturnitate captiuitatis, quam in occiſione gladii perierunt. Tarthari vero rebus de Caſtro Sandomirienſi & ciuitatis eductis, ipſum exuſſerunt, plurimis diebus in Cracouienſi & Sandomirienſi Terris exiſtentes multa mala & enormia proch dolor commiſerunt &c.

Tartari Poloniam depopulantur & Sandomiriam occupant:

De Deſponſacione filie Przemislonis.

Anno itaque Domini M C C L X. Polonie dux predictus Conſtanciam, olim Przemislonis ducis Polonie fratris ſui filiam Cunrado filio Marchionis de Barnthborg, alias de Scorzelicz fecit copulari in vxorem & ſollempnitatem nupciarum in Caſtro Santhok cum eisdem celebrauit: qui Caſtellaniam Santhoczenſem pro dote eiusdem obligat, ſed non ipſum Caſtrum. Per hoc autem ipſa Caſtellania a Regno Polonie eſt alienata vsque in preſentem diem.

Caſtellania Santoczenſis a Regno Poloniæ & qua occaſione alienata:

Mendolphus Rex Pruſſie a fide Chriſtiana receſſit.

Anno vero eodem Prutheni baptiſati cum ſuo Rege Mandolpho propter multa grauamina, que ipſis inferebantur per cruciferos, fidem Chriſtianam, quam aſſumpſerant, deſerentes, ad Lithwanos cum aliquibus fratribus ordinis Cruciferorum abierunt, ipſis fortiſſime adherentes. &c.

Mendolphus REX BORUSSIÆ a fide CHRISTIANA recedit:

De Vaſtacione Terre Plocenſis.

Item Anno eodem Mendolfus predictus ſuorum Pruthenorum, Lithwanorum, & aliarum gencium infidelium ad triginta milia virorum pugnancium multitudine recollecta, Terram Mazouie intrauit, vbi primo Plocenſem ciuitatem, & deinde opida & villas tocius Terre Plocenſis crudeliter gladio & incendiis, ſpoliisque & rapinis totaliter deuaſtat. Et deinde Pruſſiam invadens vrbes ſubuertit, villas & fere totam terram Pruſſie deſtruxit, magnam ſtragem in populo Chriſtiano per ſuos Pruthenos baptiſatos committendo &c.

& Ducatum Mazoviæ dilacerat:

De Vaſtacione Terrarum Paganicarum a Chriſtianis.

Anno itaque Domini MCCLXI. tercia Septimana poſt diem Epyphanie, multitudo Chriſtianorum Theutunicorum & Polonorum & aliarum gencium fidelium in vnum recollecta, Terras Lithwanorum & aliorum Paganorum intrauerunt, ipſas impugnare & delere cupiens. Et cum Chriſtiani per terram Paganorum fuiſſent diſperſi, pagani in vnum recollecti reliquum exercitum, qui ad ſarcinolas Chriſtianorum remanſerat, repente invaſerunt, multos ex ipſis gladio perimendo; ibique reditum Chriſtianorum expectarunt. Sed in ſua potencia confidentes cum Chriſtiani auditis rumoribus de proſtracione ſuorum ad ſarcinolas feſtine remearunt, vbi venientes exercitum paganorum invenerunt copioſum; cum quibus animoſe congreſſi viriliter pugnare ceperunt; & quamuis multos ex paganis occidiſſent; pagani tamen Deo permittente, & peccatis Chriſtianorum exigentibus, victoria obtenta Chriſtianos fugam inire coegerunt.

De Secta Flagellatorum Vesanica.

Flagellatorum Secta in Polonia:

Item eodem anno insurrexit quedam secta rusticorum; ita quod alius alium nudatus tum linteo ad vmbilicum precinctus sequebatur, se ipsum quilibet flagellando ad dorsum verberando, quos duo cum vexillis & duabus candelis preeedebant, quandam cantilenam precinentes, & hoc his in die, videlicet hora prima & hora nona faciebant. Ianussius vero Archiepiscopus Gneznensis cum suis suffraganeis in sua provincia sub excommunicationis pena decetero talia fieri prohibens, principes Polonie peciit, vt sectatores huiusmodi per penas carceris & distractionem rerum a predicto errore compescere deberent. Quod & fecerunt. Nam rustici hoc audientes Archiepiscopi & principum edicta a predicto errore desierunt. Eodem quoque anno Episcopus Plocensis, qui cognominabatur Golck post octauas Pasche migrauit ad Christum; cui Petrus successit.

Petrus Episc. Plocensis:

De occupacione Lauicicienſis & Syradienſis Castrorum.

Turbae in Lancicienſi & Syradienſi Terrâ exortae:

Eodem quoque anno & Szemomisl fratres filii Kazimiri ducis Cuyauie obiecta causa contra nouercam suam, que ipsos toxico perimere voluisset, & recedentes a patre occupauerunt Lauiciam & Syradiam cum suis appendiis vniuersis; quibus Terrigene spreto patre eorum fortiter adheserunt.

Boleslaus Pyus rehabuit Castellaniam Landenſem.

Castellania Landensis Duci Bolezlao Pio restituto:

Demum anno predicto Boleslaus Pyus, Wladislaus Polonie dux circa festum Sancti Bartholomei collegit exercitum fortem, vt terras Cuyauie Kazimiri ducis inuaderet incendio & spoliis destruendas, propter hoc quod medietatem Castellanie Landensis predictus Kazimirus contra promissa Boleslao reddere non curabat. Sed Kazimirus cernens se disparem potencie Boleslai immediate Wolimiro Wladisl. Episcopo medietatem Castellanie Landensis, residuam vero Boleslao resignauit cum Castello quod construxerat in eodem.

De occisione Semouiti Mazouie Ducis.

Lithuani cum Ruthenis Masouiam iterum ingressi Semovitum Ducem interficiunt:

Anno Domini MCCLXII. XXII. Mensis Iunii Rutheni cum Lithwanis venientes caute in terram Czirnensem Mazouie ipsam totaliter igne & gladio deuastarunt, vbi inopinato quandam villam Iaszdensem nomine intrantes inuenerant Semouitum cum suo filio Cunrado, Mazouie duces; quos capientes inhoneste tractauerunt. Swanno autem filius sororis Danielis Regis Russie Semouitum ducem prefatum sic captum manu propria decollauit & Cunradum filium eius secum abduxit captiuum. Eodem anno Mazouite in quodam predio Dlugoszedle cum Pruthenis congressi pugnauerunt nono Augusti; Sed Prutheni victores effecti ad propria hilares redierunt.

De Edificacione Castri Plocensis.

Castrum Plocense à Bolesla Pio Duce Poloniae reaedificatum:

Transacto igitur anni predicti modico tempore circa festum sancti Michaelis Boleslaus dux Polonie pretitulatus ad peticionem relicte Semouiti Ducis Mazouie premortui, congregato exercitu iuit in Terram Mazouie & reedificauit Castrum Plocense, quod fuerat per paganos exustum, & reedificatum ac bene munitum presentauit relicte predicte domine & filiis eiusdem Boleslao & Cunrado, & nisi reedificasset Castrum predictum residuum Terre Mazouie per paganos totaliter fuisset deletum.

De Vastacione Terre Lowicensis.

Pruthenorum Incursiones repetitae:

Anno vero MCCLXIII. Idus Ianuarii Castellaniam Lowicensem & alias multas villas in circuitu eiusdem Prutheni & alie gentes paganice gladio & incendio & aliis armis enormiter vastauerunt.

De Eleccione Petrziconis in Epiſcopum.

Anno itaque Domini MCCLXV. Capitulum Poznanienſe conuenit in conuerſione Sancti Pauli in ſuo Capitulo & inuocata Spiritus Sancti gracia inceperunt tractare de Eleccione Paſtoris. Tandem habito tractatu elegerunt Petrzicium prepoſitum filium militis Dogroslai de Scorow in Epiſcopum & Paſtorem, & poſt eleccionem factam, ſicuti eſt moris, proceſſit dictus Electus cum quibusdam fratribus de capitulo ad Dominum Ianuſſium Archiepiſcopum Gneznenſem Metropolitanum pro ſua confirmacione. Et cum veniſſet in Zueynam, vbi alter Epiſcopus erat, intellexit a quibusdam, quod debebat caſſari, propterea quod ſimplicis literature erat & Iura ignorabat, licet reuera quod in Diuino officio regere Eccleſiam Dei poterat. Et hoc totum faciebat Dominus Archiepiſcopus pro voluntate Domini Ducis Boleslai, qui tunc terram regebat, & pro vxore dicti ducis, Domina Helena filia Regis Vngarice, vt igitur Falantam decanum Gneznenſem intruderet in Epiſcopatum Poznanienſem; de cuius condicione & natalibus tota Polonia ignorat, quia ipſorum compater fuerat, ſicut poſtea patuit, videns Dominus Iohannes Decanus, filius Veſzconis militis Iurisperitus & magiſter nominatus, a Domino vero Archiepiſcopo appellat Eleccionem volens Eccleſie ſue a Papa confirmare. Sed cum idem Petrzicus Electus deberet ſue Electioni ſtare, quam fecerat Dominus Ioannes decanus, habito conſilio prauorum hominum & maxime ſui proximi acceſſit ad Dominum Ffalantam, vt facilius eum Dominus in Archiepiſcopatum intruderet, videns Capitulum a ſuo Iure recedere & ex hoc Eccleſiam gravari, habito conſilio cepit tractare de alia electione vt abſtrueret viam intrudendi ſepe dictum Fallantam, elegerunt Dominum Iohannem Archidiaconum, literatum hominem, bone vite & ſancte conuerſacionis. Et cum ipſum preſentarent eidem Archiepiſcopo in Gnezna noluit eum conſecrare, pretendens cauſam contra Capitulum; quod habet alium Electum, & hoc totum in fraudem faciebat, vt Fallantam intruderet; conſiderans Dominus Iohannes decanus, quod Archiepiſcopus malignatur Eccleſie Poznanienſi eodem die prorupit in appellacionem a prefato Domino Archiepiſcopo ad Dominum Papam, & facta Appellacione in Gnezna in quatuor temporibus hoc eſt, intret, premiſit Dominum dictum Iohannem Archidiaconum Electum, cum Domino Petro Scolaſtico & cum Miroslao Canonico ad Curiam Romanam. Et cum ibi proceſſiſſent curiam dictus iam Archiepiſcopus intruſit ſepe nominatum Fallantam in Epiſcopatum Poznanienſem; & cum vellet conſecrare eum in Epiſcopum in Pisdri Capitulum miſit quendam Vicarium nomine Benedictum qui cognominabatur Kolka, ad appellandum, ne ipſum in Epiſcopum conſecraret. Dictus vero Archiepiſcopus pro nichilo reputans appellacionem factam ad Papam, fecit trahi & male tractari dictum Vicarium & ſacerdotem. Et ſic contempta Appellacione & irregularitate ligata ipſum conſecrauit in Epiſcopum, quem credo male eſſe tractatum. Iohannes decanus nolens ſuſtinere iniuriam Eccleſie ſue ſecurus fuit prefatum Iohannem Archidiaconum Electum. Et cum rediiſſent de Curia cum literis predictis Iohannes Decanus dictus Scolaſticus Petrus & Miroslaus Canonicus ipſum citauerunt ad curiam. Sed quia dictus Miroslaus, qui debebat citacionem factam per Dominum Epiſcopum Wratislauienſem deferre Domino Pape, per quosdam Polonos milites fuit occiſus; & ſic negocium Eccleſie negligebatur. Dominus vero Papa cum Ius conferendi habebat, Magiſtro Nicolao Capellano ſuo, qui tunc erat pro Canoniſacione Beate Heduigis per Poloniam miſſus, Epiſcopatum Poznanienſem contulit & ipſum in Witerbio in Epiſcopum conſecrauit Poznanienſem.

Ob cuius virginis amorem mater ipſius deuota cum filio ſuo Boleslao duce predicto Cenobium Sancte Clare in Janichoſth fundauerunt, quod poſtmodum in Scolam ad locum propter inſultancias Lithwanorum tranſtulerunt ac demum verſus Cracouiam ad Sanctum Andream fuerat translatum, de qua narratur hoc miraculum. Quod dum quinque diebus in choro ſororum ibidem in Scola inhumata iacuiſſet, nullum tamen ſecretum inhorrorem corpus eius pudiciſſimis ſororibus ingerebat; ymmo quodam ſuauiſſimo odore de ipſius corpore ſacro prodeunte refici videbatur. Poſtquam autem corpus eius nobilsſimum in Idus Nouembris Eccleſiaſtice fuit traditum ſepulture, & demum kalendas Julii exhumatum verſus Cracouiam humandum denuo cum magna reuerencia portaretur. Nil tamen foetoris, licet Sartophagum fuiſſet appertum, de ipſius ſacro corpore exalabat. Audiui eciam ab alia religioſiſſima virgine Martha ſanctimoniali Cenobii predicti, quod de ipſius corpore oleum mire ſuauitatis & flagrancie diſtillabat, cuius ſtillicidio multi infirmi digitis capientes & ſe exinde linientes, a quacunque detinebantur infirmitate, illico ſanabantur.

Tandem collecto exercitu suo Dux Przemisl & eciam fratris sui Boleslai Ducis Gneznensis edificauit & muniuit Castrum Bythom & tradidit dicto sororio suo Cunrado. Fridricus II. Rom. Imp. mo-ritur:

Excommunicatus autem fuerat, propterea quia quosdam Cardinales sedis Apostolice legatos ad ipsum destinatos detinuerat in captiuitate. Episcopos vero & Abbates quosdam submerserat, quos DEI timore postposito interfici iusserat, quos diuersis penis in contemptum Cleri & in preiudicium Ecclesiastice libertatis.

Nuptie WVladislai II. Ducis Opolienfis cum Effeya: Poznanienfis Ducis Przemislai Sorore:

Anno Domini MCCLI. Przemislius Dux Polonie sororem Effeyam Wladislao Duci Oppolie dedit in vxorem, licet eundem Wladislaum, quarto contingeret gradu consanguineitatis. Eodem anno contigit, quod cum quidam latrunculi exissent delubris & predas agerent de villis & opidis Polonicis latenter & furtiue. Venerunt vsque ad campestria Czwanszin: & cum animalia inibi pascencia vellent abigere more predonum, quidam de pastoribus dixit ad ipsos: Quare pro modica preda maiorem negligitis? Ecce enim Castrum Czwanszin non nisi a tribus hominibus custoditur exspectantibus dominos suos, qui debent ad custodiam castri venire. Quod audientes latruncuii finxerunt se quasi ad custodiam Castri venire & sub ea dolositate castrum captum occuparunt. Verum cum ad nobilem Przemislonem ducem Polonie rumor huius facti peruenisset & cum tamquam ex alto volnus pertulisset in nullo consternatus, sed tamquam vir animosus licet cum paucis militibus, qui de sua curia exiterant, castrum predictum latronibus intus existentibus viriliter obsedit, dans cunctis Baronibus Polonie & omni populo in mandatis firmiter, ut ad tante propulsionem iniurie ad ipsum quantocius properarent. Quod autem nobiles & populares audientes, ut mandatum fuerat sine mora persecerunt castrum predictum magna multitudine debellantes. Cum autem latrunculi, qui castrum obsederunt, se in mortis articulo cernerent constitutos, dextras sibi dari postularunt. Dux vero Przemisl secundum sibi innatam clemenciam inimicis capitalem pacem tribuens vitam condonauit, licet ipsos in sua cerneret potestate, latrunculi vero vitam pro lucro reputantes ad propria redierunt. Gloriosus autem Dux Przemisl plurimum de suorum Nobilium gaudens sospitate Castrum occupauit & sedit cum pace.

Przemislaus Dux Maj. Pol. Castrum Czwanszin occupat:

Merita Boguphali II. Epifc. Posnanienfis:

Eodem anno frater Gerrandus de ordine Predicatorum missus a fratre Hugone Predicatore presbytero Cardinali Apostolice sedis legato venit in Poznaniam & conuocato Boguphalo Episcopo. Eodem anno Michel Episcopus Cuyuiæ in die beati Clari diem vitæ clausit extremum. Eodem anno per Pomeraniæ Regnum Dedzen occupante; & eodem mense occupacionis Premisl duo Polonie ideo Cracovie cooperantur. Hoc anno Gnesnensis Archiepiscopus Episcopus Pomeraniæ Gostcuinioreum cum filiis & cum filiis quindam Czechoslai fratris ejus Goscrimiri, videlicet & Veradene nomine Ecclesie Pomeranie, & a sede Karnimirc recuperant & in Pomeraniam redimit.

Anno Domini MCCLIII. Idus Februarii dum Gerrandus de ordine Predicatorum secunda vice in Polonian rethoris ex parte Hugonis Cardinalis & legati, exerit sib Ecclesia Pomeraniensi expensis eidem legato collectum mitras argenti & grani argenti in pondere Pomeraniæ in Ecclesia sua ad celebrandum electionem. In qua viiter approbantium, totum negocium in tres partesdat, videlicet in Petrum prepositum, Petrum Decanum & Germanicum Sacellanum, ve quemcunque illi tres eligerent, dicti Canonici eratum habebant; qui inuocata Spiritus Sancti gracie elegerunt Dominum Petrum Decanum virum deuotum & prum: sed qui inhibitum fuerat, quod Archiepiscopus Metropolimus Polonie Electus Predicte Sedis fieri & mandatum Hugonis Cardinalis & legati confirmaret: ideo Dominum Petrum quondam Domini Bogufuli Episcopi pro Confirmatione Electi Pomeraniæ ad dictum Hugonem Cardinalem infirmat. Qui dum eiffem in via confirmatus, a quibusdam fratribus ejus, ipsius & tenute & electionis negocio reuis. Dicti vero Canonici alios nimicos ad eundem destinaverunt, qui ad ipsum venientes confirmationem & literas confirmationis obtinuerunt, & alias literas Metropolitano Archiepiscopo apportarunt per quas ipsalucio mandato legati fuit remocata. Prefati vero Canonici cum haberent literas confirmationis antiquarum iter ad Dominum Filiconum Archiepiscopum, qui ultimo obiuerant direxerunt pro eadem. Et cum comparuissent dicti Canonici cum pro Electo eorum eodem Domino Archiepiscopo, opponit se eorum electioni Dominus Iohannes Canonicus eiusdem Ecclesie dicens se fuisse nominatum in eadem electione: & petebat ipsum pha infirmari, quam confirmari. Et cum multa inter se verba tractarent, & non poterent hi aliquatum Stuzenske habere confirmationem, peciernt aliam fibi recipi dari. Dominus autem Archiepiscopus aliquantis diebus cum eorum in Slawa. Et cum ipsum penitent ad tractum deliberandi & locum, Dominus Theophilus Archidiaconus de Cirzsek Gnesnensis Pomeraniensis eadem & appellavit dicto Electioni, dicens: Quia ad vos libere electio redit, & me ad ipsum non vocastis, cum causa vestre parcium, & vocatus fuissem, ideo rapum me esse contemptum. Et in nec tunc dicti Canonici aliquam fuisse de confirmatione Electionis obtinere potuerunt. Audiens hoc Dominus Ospilo Abbas de Mellino, qui tunc temporis fuerat in Polonia, quod tanta dilacio esset inter Canonicos predictos, eosdem mandat ac si venire: & venerunt vsque in Wratislauiam, & cum eisse conflituit in presencia eiusdem legati, monebat ipsis vere ad concordiam: vtrumque autem partes nimium fuisset conflito coram eodem legato confirmationem in presentem Dominum Petrum Decanum. Vitens hoc primus legatus, quod vnanimis fuit sin super sua electione, ipsum auctoritate Domini Pape confirmauit.

Eodem Anno Illustris Princeps Premislaus influentiam cuiusdam cuius de Gubin Flagitium Ducis contra Cives suos de Cuitaw, qui erat sus in arena, que vocatur Szrothea circa Ecclesiam Mon. Pol. sanctum Martinum & tranauit eos ex qua parte Wartha prope Ecclesiam sancti Martini, vbi fuerat alia ciuitas primus locum, quam idem Dux fecit de blancis & fossis firmis munit, & eft munita ad mandatum Ducis.

Eodem Anno Nobles vir dictus Petrus Palatinus Premisl & Bolesluus consuete- Duelle Mile- tunt in Castellanum de Gedec & habuerunt inter se tractatum de diuisione Terre fue. Et Polonian Polonie cum Bolesluo Duce Cracouie & Sandomirie, & Conrado Duce Mazouie & Cuyauie. Ad quem tractatum Dominus Filius Archiepiscopus Gnesnensis & multi Nobiles Polonie conuenerunt. Et cum multum inter se tractarent super eodem negocio, dicha dux Premisl fratri suo Domino Bolesluo dicte Gnesnam Metropolim Kalis, Rudam, Gedec, Buyn, Bechow.

Eodem Anno Domina Elizabeth vxor ducis Premislonis fanul geminas filias peperit. Eodem Anno in mense Septembri Nobiles viri Premisl & Bolesluus duces Polonie fratres veteres, cum Domino Conrado, duce Glogouie cum filio quondam Domini Henrici Stelle, collecta exercitibus fuis veterum vsque ad fluuium, qui vocatur Bulgarius Wislawa a Wratislauia milliare paruulum. Item Anno Domini MCCL. Domorathus miles magnus Iudex Polonie post octauas Pasche facto prandio sanus bene deposuit se ad lectum volens dormire & statim ibidem subitanea morte fuit mortuus &c.

Clades Swantopulci; Ducis Pomeranie:

Anno Domini MCCXL. Dux Swanthopelcus cum filiis suis & cum fratre suo, collecto aliquantulo exercitu pro conducenda sua ad antiquum Nakel expensa; & cum esset ante Castellum Nouum attemptauit, si forte potuisset per aliquem modum expugnare. Idem Castellanus licet multos custodes haberet, tamen habens inter se consilia fecit exercitum ligna de pyno seccare, inde faces adaptari, vt posset predictum Castellum succendere. Et cum ligna parata Pomorani in fossatis ponerent; & videretur quod ad sufficienciam non haberent, opportebat eos pro lignis redire, vt de maiori quantitate replerent fossatas. Poloni autem sicut viri discreti & in multis experti, cum Pomoranos viderunt redire pro lignis, & illa ligna, que iam erant proiecta, sed nondum succensa, armati exiuerunt de Castello & aliquantulum remouentes cum instrumentis ad hoc paratis eadem ligna succenderunt, & per ignem consumpserunt. Videntes autem Pomorani tantam astuciam & discrecionem Polonorum vlterius desierunt ligna proiicere: sed vt viri fortissimi armati cum clypeis suis & cum ratibus accesserunt & cum fundis lapidibus impositis & eciam cum machinis, ceperunt dictum Castellum expugnare. Sed misericors Dominus & iustus non deserens Polonos, qui iuste hereditatem defendebant Polonie, quam Pomorani duci Polonie per vim nitebantur auferre, vbi nulla firmitas & parua spes de vita, ipse Dominus dignatus est seipsum pro Polonie iuuamine ponere prestando eis auxilium de celo, dans eis vires & constanciam repugnandi inimicis suis, cum tamen satis desperarent de vita, & per auxilium DEI tunc repulerunt inimicos a Castello. Et dicebatur, quod tunc fuerunt Pomorani sub castello XX. occisi vsque ad mortem & quadraginta vulnerati fere quidam ad mortem. Pugna autem eorum cepit esse illo die ante meridiem vsque ad horam completorii. Ita dux Swanthopelcus perditis aliquantulum hominibus recessit confusus.

Prelium ad Castrum Nakel:

Item eodem anno post Rogaciones contigit, quod Pomorani, qui tenebant antiquum Castrum Nakel, exiuerunt & prouocarunt Polonos de nouo Castro, quod Dux Przemisl construxerat. Poloni vero sicut probi homines & audaces milites videntes eos exiuisse, contra eos irruerunt & ceperunt contra eos viriliter pugnare. Dux autem Swanthopelcus sicut vir dolosus & fraudulentus cum magna cautela fecerat Pomoranos, quod prouocarent Polonos, & ipse circa montana, que sunt circa castrum, cum exercitu morabatur. Sed cum Poloni contra eos, qui illos prouocauerant, victoriam obtinerent, Swantopelcus improuidus repente de montanis exiliens prefatos Polonos ex omnibus partibus circumdedit, ita quod nullam viam effugiendi haberent. Poloni vero credentes se in mortis periculo, ceperunt pro posse multitudini resistere: Sed cum non possent se defensare pro nimia paucitate ipsos Pomorani occiderunt, quosdam vulnerauerunt & receperunt & in terram suam abduxerunt. Inter quos ceperant quendam militem Miczislaum & quosdam alios, quorum nomina propter prolixitatem hic non notamus &c.

Item eodem anno videlicet MCCLVI. Comes Bogutha egit contra Dominum Boguphalum, Episcopum Poznanienſem, qui dicebatur de Cirznelm & contra Ecclesiam suam pro quodam lacu, qui vocatur Synce, asserens sibi ipsum de Iure pertinere.

Lacus quidam cum flumine Ecclesiae Poznaniensi vindicatur:

Episcopus autem predictus cum Canonicis suis, qui in possessione fuerant ab antiquo, cuius eciam memoria minime habebatur, defendebat partem suam coram principe Przemislone, dicens sibi & Ecclesie sue ab antiquo pertinere, non tamen totum, sed dimidium cum medio flumine, quod Odra dicitur, quod per eundem lacum currit. Dux vero prefatus pro forma Iudicii precepit Episcopo & Canonicis, vt secundum priuilegium eorum & eciam antiquam consuetudinem ibi descenderent, & vnus, qui ibi melius sciret, pro eodem dimidio lacu & flumine iuraret. Episcopus autem pretactus cum suis Canonicis satisfaciens Comiti Boguthe, licet hoc non deberet facere, propterea quia Poznanienſis Ecclesia erat multo tempore in pacifica possessione. Tamen miserunt tres ex Canonicis ad Iurandum, videlicet Dominum Gerandum Decanum, Dominum Bodslaum & qui Basto dicitur, custodem, Dominum Vincencium

Canonicum filium Mali nullatenus, qui eodem anno obiens in die beati Vit veniemus ego cum expectate rogate per Cunonem Dominum Castellanum de Medyrca, et ipsius Comes Rogischa non cogerer iurare. Predictus vero miles nullo modo affentire voluit. Illi vero admodum iurare, vt iurarent pro eodem famulo iacta & medio fumi, quibus iurare curarent. Iurarunt tamen omnes per quilibet ipfi dicta iurare debebat, & etiam super crucem, qui in mutuli per iacerdotem Petrum filium Michaelis Capellanum de Pezow tenebant. Audierunt etiam illi iurantes, quod Dominus Paulus Episcopus Portuensis pro eodem facta & medio fumi iurauerat, & propterea ipfi simul confidencia iurauerunt, quod etiam ab antiquo & fide digni dicerentur effe veniam. Et ita per eorum iuramentum nunc predictum locum medium cum finitimis Episcopus cum Canonicis fuis obtinuit.

Eodem Anno, videlicet MCCLVI. in Pomorania Comes Barn iunior egit contra Alia Comitis Wolis Rugiani Dominum Cuthebern Pomaniensem Ducem coram duce Przemislone, quod filius Rantzouicis de Rugia pro- ipsius Pomeranicis, qui cum eodem Duce Kathebern in Judicio steti cultos co- gnouis & fecille, pretendens eadem legitimum, dicens eundem Barnum contra DEVM Bunt Insuper & iuftitiam vltra pofle virtutes regium Barnum Warbae, que de iure concordat Sanctuarii Ecclefie Sancti Petri Apoftoli. Duo vero Przemil precepit Barnum Judicia, vt idem Cuftos eum aliquibus Canonici fecundum eafum eandem confuetudinem defenderent & vna eisdem iurare, qui melius de hoc fcire. Decimo erant nomen Petrus Propositus, Johannes Scolafticus, Nicolaus & quo Judice dicunt Cuftos, Barnus Canonicus parti iurare fecundum difficionem duxis Przemili. Prefatus vero miles Barnus videns, quod ipfi ad hoc venerunt, quod iurarunt, ipfos non admifit ad iuramentum, fed per compofitionem cum eis conuenit. Et talis eum eis compofitio fa- cta fuit, quod deberet Dominus Cuftos & Sanctuarii vltamque rippam habere. Similiter & Comes Barnum cum hominibus fuis & fi alter non pofset, nihil negligeres pulcari. Et ibidem habetur parcum aliorum, fuerat alteri, & hoc tamen, quidem pof fecit, talem alter ab alio recipere. Duo vero prelatus Swantzhopelcus ad Cuftrum Nakel per vim denibebat pro eo, quod non poterant commode tracte propter Cafellum, quod conftruxerat, dux Przemisl eidem fratri Poppo pro parte sua. Idem Dux Swantzhopelcus commode rotum negocium fuum reuin habuerunt, quidquid fuit curare. Frater vero ipsius ducis Poppo accedens ad ducem Przemislonem ignificauit eo, quod dux Swantzhopelcus pro recuperacione Cafri Nakel velles habere quingentas marcas argenti & fuper omnia, firmam pacem tenere cum eo & proinde promisit obsidare dux Pom Domini de ceteris nobilibus aliquid vltra quarte terra cum, nec aliquem respectum habere ad idem Cuftrum: Sed secundum quod pater fuus terram cum eodem cafro fuo poffedit Przemil, in pace poffidere. Et difinito hoc negocio, mediante frate predicto Poppo, conuenerunt in Nakel, videlicet Przemisl & Swantzhopelcus inde dicens inter Cuftrum antiquum & nouum & cum pacifimus hominibus hinc ab vtraque & totaliter inermes & vija ad interem oculabantur nunus vna aliam & mifcebantur quas tractauerunt inter fe negocia fua. VVladislaus Dux Sileſie Archi-Epiſcop. Salisburg. moritur:

Item Anno Domini MCCLXXI. dux Boleslaus collecto maximo exercitu, tum de ſua terra & de vna parte Cuyauie, quam tunc regebat, intrauit terram de Caſtellania Santhok, quam tenebat Ottonis Marchionis filius, locatam Jure Theutunico, ipſam horribiliter deſtruxit ſpoliando, comburendo, annihilando, ciuitates expugnando. In qua terra ſecure tribus pernoctauit noctibus, & cum magna preda ſanus & illeſus ad propria remeauit. Item Anno predicto Caſtrum Chruſchuicia comburitur de voluntate Domini Boleslai ducis Polonie.

Anno itaque Domini MCCLXXI. diſcordantibus glorioſis principibus & ducibus Pomoranie Rehabito a fratre ſuo VVarcislao caſtro nobiliſſimo & firmiſſimo, ymo inexpugnabili ſecundum opinionem omnium hominum, quod dicitur Gdansk & ciuitate ibidem fundata & plantata, atque firmiſſimis foſſatis vallata, turbato animo ſuo pro ea, quod frater ſuus VVarcislaus ipſum Mſciconem tenebat captiuum captum, & traditum ei per ſuos Barones idem caſtrum Gdansk tradidit Marchioni Domino Cunrado, filio quondam Johannis Marchionis de Brandeburg, vt ſibi preberet auxilium, ne frater ſuus Dominus VVladislaus dominaretur in Terra Pomoranie. Prenominatus vero VVarcislaus dux cum ſuis Pomoranis, qui ſibi adheſerant, volens attemptare & inquirere Gdansk, vel alia caſtra Terre ſue, intrauit caſtrum VViſtlhegrod, ibi cadens in egritudinem mortuus eſt & ſepultus eſt in Juniori VVladislauia apud fratres Juniores. Videns hoc Mſciw, quod erat orbatus fratre ſuo Domino VVarcislao, & ſperabat ſe iam pacifice & ſecure regnare in Terra Pomoranie, voluit intrare Caſtrum ſuum & ciuitatem Gdansk, & non fuit permiſſus per Theutunicos, qui cuſtodiebant idem Caſtrum & nomine Marchionis Cunradi ciuitatem. Conſiderans prefatus Mſciw dux tantam iniuriam & perfidiam Theutunicorum qui non permittebant eum regnare & dominari in propria hereditate, conuocata Terra ſua tota vallauit diligenti cuſtodia dictum Caſtrum & ciuitatem, ne plures Theutunici intrarent ad cuſtodiendum & defendendum predictas municiones. Sed cum eas occupare non poſſent Pomorani dederunt conſilium duci Mſciw, quod ſe committeret Boleslao duci Polonie fratri ſuo amitiuo, qui tunc regebatur ſapiencia militiaque potenti, qui veniens ad ipſum impetrauit conſilium & auxilium a fratre ſuo contra eosdem Theutunicos, qui ſuas municiones detinebant. Eciam magis cupiens, quod dictus Dominus Boleslaus poſſideret Terram Pomoranie, quam Theutunici ipſam occuparent violenter; maxime cum predictus dux Mſciw prolem non haberet. Dux vero Boleslaus ſicut dux modeſtus homo compaciens ac pyus fratri ſuo de tanta iniuria compaciebatur illata a Theutunicis, licet offenderit eum aliquid; tamen motus carnali pietate victa malicia in bonitate promiſit ſibi prebere auxilium.

De Liberis Regis VVladislai Loctici:

Anno Domini MCCCXX. eodem quoque anno filiam ſuam nomine Elizabeth die Dominica infra octauas Petri & Pauli Karolo regi Vngarie matrimonialiter copulabat in vxorem, volensque populum ſuum ab inſultibus infidelium Lithwanorum liberare, in Lublinenſi, Sandomirienſi terris tegentem Geduunani Ducis Lithwanorum filiam nomine Annam ſanctiſſimo ſacri fontis baptismate reuocatam filio ſuo Kazimiro matrimonio copulauit. Quo facto eiusdem terre gentes nemoribus diſtirpatis, dulcedine pacis fruentes peroptime locate fuerunt, predicta Domina Anna eciam mortua, donec omnium ſeminator malorum inimicicias iterum inter Polonos & Lithwanos ſuſcitauit, ſicut plene inferius dicetur. Denique Dominus Rex Wladislaus volens patrimonium ſuum ſcilicet Thorunenſe, Michalonienſe & Ducatum Pomoranie de manibus Cruciferorum ordinis ſancte Marie domus Theutonicorum recuperare, cum eisdem guerrare cepit. Et Anno Domini MCCCXXIX. terram Thorunenſem cum exercitu ingrediens ipſam potenter vaſtauit, quo Cracouiam redeunte ipſi Cruciferi Caſtrum Dobrinienſe occuparunt. Sed Anno ſequente menſe Nouembri predictus Rex Wladislaus iterum cum exercitu valido eandem terram Thorunenſem ſubintrans ipſam novem diebus continuis cum viginti vaſtauit. Et acceptis treugis ſub ſpe pacis ordinate ad propria remeauit. Ipſi vero fraudulenter & doloſe agentes conuocatis quampluribus ſibi de Almania in auxilium ſtipendiariis, Poloniam, Siradiam, Cuiauiam aliquocies vaſtarunt. Tandem Anno Domini MCCCXXXI menſe Septembri in die S. Stanislai marturis, cum iam vaſtatis & crematis terris eisdem verſus Thorun redire voluiſſent, Illuſtris Rex Wladislaus cum ſuis tantum regnicolis in terra Cuyauienſi in villa, que Polococze vocatur, cum dictis Cruciferis congreſſum magnum commiſit, ab ortu ſolis ad horam nonam. In quo quidem prelio vix XII. militibus Polonis occiſis, de exercitu vero Cruciferorum plusquam XL. milia armatorum certo numero militum ceciderunt, aliis multis captiuatis. Et ſequenti anno menſe Aprilis Cruciferi Breſtenſem ciuitatem vallantes ipſam & Wladiu potenter expugnarunt, totam terram Cuyauie tenuerunt ipſi Cruciferi cum omnibus iuribus & vtilitatibus prouenientibus in eisdem pluribus annis.

De morte Wladislai Lonyetk Regis Polonie.

VVladislaus Locticus Rex Polonie moritur;

De

De Coronacione Kazimiri Regis Polonie.

Anno igitur eodem Kalendas octauo Maji per venerabiles in Christo patres Dominos Jaroslaum Gneznensem Archi-Episcopum, Johannem Cracouiensem, Johannem Poznaniensem, Michaelem Cuyauiensem, Stephanum Lubnizensem Episcopos in Ecclesia Cracouiensi multis principibus, ducibus, baronibus & nobilibus Polonie presentibus in Regem Polonie honorifice coronatur Kazimirus; Hic post coronacionem suam in omnibus fuit felicissimus, quoad augendam dilatacionem Regni Polonie. Nam Terra Cuyauie, quam barbati nigram crucem in albo pallio deferentes occupauerant, sine bello & gladio ab eisdem recuperauit, & post non multo tempore mortuo magnifico principe Kazimiro dicto Georgio tocius Regni Russie duce Troydem Dux Mazouie, qui Kazimiro auunculo suo in ducatu Russie successerat, veneno per Ruthenos intoxicatus interierat, Kazimirus Rex Polonie prelibatus cum magna potencia gentis sue Regnum Russie potenter ingressus, de nece consanguinei sui vindictam sumere volens. Cuius potencie Ruthenorum primi barones Comites ac ceteri nobiles resistere non valentes vltronea voluntate Domino Kazimiro se & sua commiserunt, ipsum in suum dominum fideliter suscipientes, sibi fidelitatis omagia iuramentis firmantes. Hys autem peractis Rege Kazimiro ad propria redeunte & in Regno Polonie moram trahente quidam pessimus baro Datko nominè Castrum Przemisl habens cum quodam Daniele de Ostrowdam eciam aliis nobilibus id ignorantibus Imperatori Tartarorum intimarunt, asserentes Regem Kazimirum Polonie inuasisse & occupasse, tributaque per Ruthenos Thartarorum duci consueta prohibuisse. Ad quorum delacionem Imperator Thartarorum maximum exercitum versus Russiam destinauit, eisdem mandans ut cum Ruthenis Poloniam hostiliter inuadant, & crudeliter deuastarent. Quibus ad Wislam flumen venientibus Kazimirus Rex prefatus cum suis exercitibus occurrens eisdem viriliter resistit, eosdem flumen predictum transire non permisit, vno milite strenuissimo Gelego nomine Palatino Sandomirien si perdito, qui telo Thartarorum percussus ibidem expirauit, Tartari autem redeuntes Castrum Lublin, quod tunc tantummodo de lignis fuerat constructum expugnare nitebantur. Quibus castrenses pro posse suo resistentes eosdem ab impugnacione sui potencialiter amouerunt.

Elogium Regis CASIMIRI III.

qui Regnum Russie occupauit

& de Tartaris Victoriam reportauit:

Quomodo regebat Regnum & populum.

Regio itaque Dyademate insignitus Regnum populumque sibi a Deo traditum viriliter & vtiliter gubernabat. Nam secundum prophetam pacem & veritatem atque iusticiam dilexit. Erat enim bonorum & iustorum pissimus tutor & defensor, malorumo vero predonum, violentorum, calumpniatorum seuissimus persecutor. Nam quicunque latrocinia siue furta faciebant, quantumcumque fuerant nobiles, ipsos faciebat decollari, submergi & fame mortificari, cum fratribus & cognatis eorum comedens & bibens pariter & dormiens; Deum habens adiutorem, non timebat, quid faciat sibi homo. Calumpniatores vero quos reperit, ipsos ferro ignito in facie aduri mandabat. Ipsius temporibus nullus nobilis pauperi audebat facere violenciam, sed in statera equitatis omnia dirigebantur. Et cum in Regno Polonie Judicia Polonicalia ab antiquis temporibus secundum quasdam consuetudines ymmo pocius corruptelas iudicabantur, que diuersi diuersimode variantes multas calumpnias ac iniurias inferebant; Hic Rex Zelo iusticie accioſus conuocatis tocius Regni sui prelatis ac nobilibus baronibus omnes consuetudines iuri & racioni dissonas, iudiciaque iuri & racioni consona, per que vnicuique iusticia equanimiter reddatur equiter, de quorum consensu prelatorum & baronum in scriptis redegit perpetuis temporibus obseruanda. Et secundum Psalmistam dicentem, decorum domus Domini toto nisu dilexit. Chorum namque Cracouiensis Cathedralis Ecclesie cum plumbo texit, ipsiusque chori testudinem stellis deauratis decorauit. In eadem eciam Ecclesia Capellam assumpcionis *Beate Marie Virginis*, aliam apud fratres predicatores & plures Ecclesias, videlizet in Sandomiria in Wislicia sancti Michaelis & sancti Georgii in Castro Cracouiensi, hospitale inter Cracouiam & Kazimiriam in Rupella in Nepolomicze, in Corczin, in Carkow, in Sidkowo, in Stobnitza, in Soletz, in Oppagno, in Pyothrocow, claustris in Laucicia, claustris, muris, decoris sculpturis, picturis ac tectis mirificis construxit & ornauit. Quam plures eciam dictarum Ecclesiarum ornatibus preciosis, calicibus deauratis, multis quoque libris dotauit.

me instítutus, Clericos tamen quos sciebat esse castos & bone conuérsacionis nimium diligebat, eisque prelaturas, prebendas ac beneficia in suis Ecclesiis, cuiuscunque condicionis fuissent, vltra nobiles & seruitores suos conferebat, Prelatos eciam & Canonicos omnium Ecclesiarum, vt in suis Ecclesiis maneant, hortabatur. Hic igitur Rex vltra omnes principes Polonie rem publicam gubernabat. Nam velut alter Salomon magnificauit opera sua, ciuitates, castra, domos murauit. Inprimis Castrum Cracouiense mirificis domibus, turribus, sculpturis, picturis, tectis nimium decoris ornauit. Ex oppósito eciam Castri Cracouiensis vltra Wislam circa Ecclesiam, que dicitur Rupella ciuitatem murauit, quam ex suo nomine Kazimiriam vocauit, plures eciam alias ciuitates, videlicet Weligram & Scaionam, Langrorawam, Castrum Heleus, Bandzen, Lelów, Ciuitatem & Castrum Czneften, Castrum Nepolomicze, Castrum Otzetz, Castrum Erzepicze, Castrum in terra Sandomiriæ & ipsam Ciuitatem Sandomiriam, Wisliciam, Sudlow, Radam, Opoczno, Lbiwelincza, Ciuitatem, Lublin ciuitatem & Castrum Stechechaw, Solecz in Zamohost in noúa ciuitate dicta Corczin castrum, in Polonia Kalisch, Pisdri, Staroffin ciuitates, Conyn ciuitatem & castrum in Nakel, in Welin, Medzirzecz, Ostrosow castra, Welin ciuitatem, Boleslawecz castrum: In terra Cuyauie Cruschnicza, Slathoria, Przedecz, Bidgoscza. In terra Syradie ibidem firmum castrum Pyothreow ciuitatem, in Brzosnicza castrum. In terra Lancicienfi ipsam ciuitatem & castrum, in Imorolocz ciuitatem & castrum. In Mazouia ciuitatem Ploczsko, castrumque, quod prius erat denuo circumdatum muro, secundo circumdedit muro. In terra Russie Lamburgam ciuitatem & duo castra, Przemisl castrum, Sanak ciuitatem, Lubaczow, Trebewta, Halicz, Custaa castra. Has omnes ciuitates & castra muris fortissimis domibus & turribus, altis, fossatis profundissimis aliisque propugnaculis circumdedit in decorem gentí, regnique Polonie refugium & tutelam. Huius eciam Regis tempore in siluis, nemoribus, meritis, rubetis tot ville & opida locate sunt, ne fere quot fuerunt alias in Regno Polonie. Regnum suum viriliter defendebat; Crucíferi namque considerata ipsius potencia & industria terras Cuyauie & Dobrivie, quas tempore patris sui occupauerat, sibi restituerunt, pacem perpetuam cum ipso firmantes. Et quum Dux de Zagan quoddam territorium Regni Polonie cum ciuitate dicta Wschowa & temporibus multis occupatum tenebat, Kazimirus Rex prius dictus Anno Domini MCCCXLIII. congregata multitudine armatorum predictam ciuitatem aquisiuit multosque captiuos ibidem cepit, terramque eiusdem principis in cinerem & fauillam redigens, castrum muratum dictum Cenawa muris disruptis acquisiuit. Tandem eiusdem principis placatus precibus ac promissis per litteras predicti principis firmatis quod predictum Territorium nunquam vellet pro se vsurpare de terra sua ad propria rediit.

Fata Russiæ: Post hoc ptefata Domina Anna Regina Anno Domini MCCCXXXIX. defuncta & sequenti anno Boleslao filio Troyden ducis Mázouie, quem Rutheni vnanimiter sibi in ducem & dominum susceperunt per toxicum interempto, qui legem & fidem ipsorum immutare nitebatur, Lubardus filius Gedyuni Ducis Lithwanorum eundem Ducatum Russie possidebat, quem Rex Kazimirus Anno Domini MCCCXLIX. cum exercitu forti ingrediens obtinuit ex integro cum omnibus ciuitatibus & castris, Lubardo solummodo ciuitatem Lutsko cum Territorio suo ad placitum bone voluntatis sue concedentio.

Fortuna REGIS aduersa; Postquam autem Cracouiam cum prosperitatis triumpho fuisset ingressus, vbi per Clerum & populum fuit gloriose susceptus, tandem Diabolo suggerente quidam Martinus dictus Barizka Vicarius Ecclesie Cracouiensis apud Regem falsse actusatus per satellites eius in die Luce capitur & nocte sequenti in flumine Wisle submergitur innocens sine causa. Heu deinceps tota prosperitas ab ipso Rege discessit, qui prius contra hostes feliciter triumphabat, quod deinceps duces Lithwanorum pluries ducatum Russie ingredientes Wladimiram & Lwow ciuitates, opida, villas vastarunt, redigentes in cinerem & fauillam, castraque forciora, scilicet Wladimiriam, Byetz, Bresceze & alia minora potenter ex toto expugnarunt, atque Luthonienfem, Sandomirienfem Radomienfem terras in magna parte vastantes innumerabilem populum Christianum in seruitutem abduxerunt; Et quocies proch dolor Lithwani cum Polonis in aliquod prelium particulare conuenerunt, semper Poloni Deo permittente vincebantur, & post plurimas strages & vastaciones Dominus Kazimirus Rex videns se eisdem Lithwanis resistere non valere posse, quia cum ipso nunquam in prelium publicum conuenire voluerunt, sed tanquam lupi rapaces terras suas furtive vastantes raptis predis fugiebant, cum

ipsis

ipſis Lithwanis taliter concordauit, quod dimiſſa eis ciuitate & terra Wladimirienſi ſibi terram Lamburgenſem cum omnibus caſtris, opidis & villis iure dominii reſeruavit, &c.

Tandem tam magni ſceleris dictus Rex multum dolens ac penitens Romanam Curiam nuncios miſit & abſolucionem ſibi impetrauit, penitenciamque ſibi iniunctam humiliter compleuit. Et quum inter omnes Reges magnificus habebatur volens Regni ſui gloriam oſtendere, Anno Domini MCCCLXIII. Conuiuium maximum in ciuitate Cracouienſi fecit, cui quidem conuiuio Karolus Romanorum Imperator & Rex Bohemie cum ſuis principibus, Rex Vngarie cum ſuis principibus, Rex Cyprienſis, Rex Dacie, omnes principes Polonie diuerſarumque terrarum milites interfuerunt. Hoc conuiuio quanta leticia, magnificencia, gloria & habundancia fuit, deſcribi non poteſt, niſi quia dabatur omnibus plus quam volebant. Hy igitur Reges & principes pomittentes ac firmantes inter ſe mutuam amiciciam a Kazimiro Rege Polonie donis regalibus multum precioſis remunerati ad propria redierunt. Anno autem Domini MCCCLXVI. Kazimirus Rex congregata exercitus ſui multitudine Ruſſiam potenter intrauit, cuius ſeruitio Dux Georgius de Belz ſe ſubdidit ſub fraude, vt poſtea patuit manifeſte. Rex autem terram Wladimirienſem, quam Lubardus tenebat, cum omnibus caſtris terre eiusdem potenter acquirens, duci Alexandro filio Holgerii & Keyſtutonis fideliſſimo principi totam dedit preter caſtrum Chlem, quod dedit Duci Georgio. Idem autem dux Alexander usque ad mortem Regis tenuit fideliter ſibi ſerviendo.

Convivium magnum Cracovie:

Anno Domini MCCCLXVIII. Keyſtud Dux Lithwanorum cum aliis ſuis Lithwanis depredatus eſt Poltorosk, caſtrum ibidem cum multis hominibus exuſſit, quos captiuare non valuit, & homines in perpetuam captiuitatem abduxit.

De Loduici Regis Vngarie in Cracouiam Aduentu & eius ſuſcepcione ſollempniter facta.

LVDOVICVS M.REX HVNGARIÆ in Regnum Poloniæ ſuccedit

Anno igitur & menſe die in predictis Loduigo Rege Vngarie prefato Cracouiam veniente primo proceres terre & natu Polonie maiores in Sandaz & ultra occurrerunt, ipſum honorifice ſuſceptum verſus Cracouiam deduxerunt. Qui cum Cracouiam intraret, Ciues Cracouienſes cum vexillis purpureis extra ciuitatem ad montem Laſſate obuiam venerunt, obuiauerunt eciam communitas Conſulum vexillum, in quo dona ciuitatis & claues fuerunt deſignata, & unaqueque mechanicorum congregata in ſua turma ſua vexilla ſignis propriis & clenodiis deſignata portabant, eaque omnes Regi ad manus offerebant, ſicque ipſum cum magno honore proceſſionibus Cleri precedentibus usque ad Eccleſiam maiorem Caſtri deduxerunt, &c.

Quare prefatus Loduicus Rex Vngarie & non aliquis Dux Polonie in Regem fuerat aſſumptus.

Temporibus igitur Karoli patris Loduici Regis predicti Kazimirus Illuſtriſſimus Rex Polonie cupiens Regnum ſuum Polonie, quod tempore annorum ſuorum, utpote poſt expulſionem Regis Wladislai patris ſui fuerat per Cruciferos de domo Theutunica & Marchiones Brandeburgenſes & alios vicinos principes occupatum ad ſui integritatem reducere, & ut hoc celerius & facilius ſine ſuorum nimia fatiga & expoſicione dampnorum ad finem poſſet perducere optatum, cogitauit Karoli prefati, qui ſuam ſororem in vxorem habuerat, auxilium poſtulare. Quod cum feciſſet per ſollempnes nuncios ab eodem Karolo gentem armatam poſtulando Rex Karolus prefatus nacione Gallicus & ſapientiſſimus Roperti Regis Sicilie filiaſter priusquam gentem armatam ſibi in ſubſidium dare permitteret, requiſiuit, quid muneris aut premii exinde ſperare deberet. Rex Kazimirus ut credebat ſuorum fidelium conſilio circumuentus obtulit Karolo Regi predicto, quod in caſu ubi conſilium non haberet iam duas filias ex vxore ſua Lithwana primogenito filio ſuo Loduigo nomine Regnum ſuum Polonie veluti nepoti ſuo kariſſimo aſſignare vellet. Habebat enim Karolus Rex prefatus tunc tres filios, Loduigum, Andream & Stephanum, conceperatque in animo, quod Loduigum in Polonia, Andream in Sicilia & Stephanum in Vngaria preficeret Reges. Quod quaſi fuit impletum, licet euentus non fuit bonus effectus. Nam ipſo ordinante Johannam Sicilie Regis Roperti filiam Andree fecit deſponſare, que ipſum tercio gradu conſanguineitatis atingebat, quem Johanna vxor ſua prefata turpiter iugulari ordinauit, & per feneſtram de cubiculo precipitari permiſit, & hoc de Anno Domini MCCCXLV. Stephanus vero unicam filiam Loduici Ducis Bouarie ſibi copulans migrauit ad Dominum, ſolo Loduigo remanente, ſicque Karolus ſpe promiſſe mercedis exarratus ſumpmis conſiliariis ipſius Kazimiri Regis videlizet Sbisconi prepoſito & Spithconi Caſtellano Cracouienſibus, quorum conſilio Kazimirus Rex pro tunc iuuenis regebatur donaria multa extulit caſtra & poſſeſſiones conceſſit & ſingulis annis certa ſtipendia miniſtrauit, ut Regi Kazimiro ſwaderent ne a cepto negocio deſiſteret, ſed Loduigum filium ſuum ſibi in ſucceſſorem Regni deputaret. Vt autem ad hoc faciendum ipſum facilius inclinaret, promittebat Karolus, quod filius ſuus Loduigus omnia ſpectancia ad regnum Polonie, per quoscunque fuerint occupata & precipue Pomoraniam a Cruciferis vellet recuperare & euincere propriis ſumptibus & expenſis. Rex autem Kazimirus tam ſuorum conſiliariorum ſuaſionibus quam Regis prefati & ſue ſororis ſuaſionibus & promiſſionibus animum acclinans prefatum Loduigum ſibi in ſucceſſorem elegit atque conſtituit heredem certis paccionibus iuramento & litteris roboratis, in quibus pactis tres condiciones precipue inter ceteras habebantur, primo promiſit Loduigus Rex Vngarie omnes metas regni Polonie ſeu terminos & precipue Pomoraniam velle ſolus cum ſua gente dampnis & expenſis propriis ſe recuperare aſtrinxit. Item ſi Dominus Rex Kazimirus Polonie prelibatus ſine prole maſculina decederet & Dominus Loduicus Rex Vngarie ſibi ſuccederet in eodem Regno nullum alienigenam ad officium Capitaneatus preficeret, ſed tantum aliquem ex Polonis. Item nullas talias ſeu exacciones & collectas imponeret & quod iura, priuilegium, libertates Regnicolis inuiolabiliter obſeruari & iniuſte ablatas tam viris monaſticis, quam ſecularibus nulla contrarietate oſtenſa, ſibique viceuerſa proceres & nobiles tocius regni Polonie & ſuis tantummodo filiis, quas ſi haberet promiſerunt-ſi & in quantum ipſis per eundem Dominum premiſſa ſeruarentur.

Fata Familiæ Regiæ

De his, que ante Coronacionem Domini Loduici Regis Vngarie acciderunt, sequitur.

De Teſtamento & Legatis defuncti Regis KAZIMIRI Quaeſtio.

Nobili igitur Loduigo Rege Vngarie ſepedicto in Cracouienſi caſtro reſidente altera die aduentus ſui Cracouiam wenerabilis vir Dominus Ianuſſius dictus Suchiwilk Decanus & Cancellarius Cracouienſis Teſtamenti per Dominum Kazimirum felicis memorie Regem facti legittimus Executor omnia prefata priuilegia donacionis per prefatum Dominum Kazimirum Regem Polonie in ſua vltima voluntate facte, de mandato magnifici principis Domini Wladislai Ducis Oppolie vsque ad aduentum ipſius Domini Regis reſeruata, coram eodem Domino Rege produxit, requirens eum, vtrum ea iuxta diſpoſicionem ſui auunculi diſtribuere deberet, qui gracioſe reſpondit, ea diſtribui debere & omnia per Dominum Kazimirum Regem legata & diſpoſita mandans adimplere, mox tamen quibusdam inuidis & doloſe ipſi Domino Regi diſuadentibus mandauit eadem priuilegia ad Dominos Archiepiſcopum Gneznenſem & Florianum Cracouienſem Epiſcopum & ad nobiles Regni, qui partim aderant reportari, eorum arbitrio & diffinicioni committens, ad quosdam tamen cum huiusmodi priuilegiis peruenisſemus, ipſi omnia approbantes iuſſerunt diſtribuere, preter priuilegia Illuſtriſſimi Kazimiri Nepotis Domini Regis Kazimiri iam defuncti ſuper Ducatibus Syradienſis Caſtri & terris Lancicienſi & Dobrinienſi Cruſthnicie, Ridgoſcie, Zlothane & Veltz de Nemerzo & Iohanni filiis felicis memorie Kazimiri olim Regis naturalibus ſuper quibusdam Caſtris & villis datis & aſſignatis, que priuilegia vsque ad pleniorem deliberacionem miſſa fuerant repreſentari. Et tandem conuenientes ad domum Domini Iacobi Archiepiſcopi Gneznenſis donacionem duobus filiis naturalibus predictis factam anichilare volentes priuilegia per Camerarios Oſczionem Sandomirienſem & Iohannem Cracouienſem precidere mandarunt, que tamen ſic preciſa fuerunt & ſunt reſeruata. In craſtino autem mane Archi-Epiſcopo & Epiſcopis ac nobilibus dignitatis maioribus ſimul congregatis, Dominus Loduigus Rex ſuaſu quorundam felicitati aliorum inuidencium miſit Wladislaum ducem Oppolie Illuſtrem ad eosdem, inquirens, vtrum Dominus Rex premortuus in morte ſua propinquis irrequiſitis aliquas terras caſtra & villas & alia legare potuiſſet & quid iuris eſſet ſibi reſponderent. Et quamuis Archi-Epiſcopus & Epiſcopi ſuper hoc nullum dabant reſponſum & inter ceteros altricacio fieret, nil potuit & non potuit quibusdam aſſerentibus & bene quod teſtamentum morte teſtatoris confirmatur & vltima voluntas eſt ex debito implenda. Tandem quidam prudentes exonerare ſe volentes dixerunt, quod Iudices hanc queſtionem decidere iure deberent. Tandem Pelkazambr Iudex Sandomirienſis & Wilczko de Naborow Sub-Iudex Cracouienſis pocius ad relacionem quam de iure Polonico neminem in morte a ſuis propinquis aliqua poſſe ſeu potuiſſe relegare, quam pronunciacionem Dominus Rex ex relatu Ducis prefati audiens licet deriſiſſet, tamen ratam habens miſit ducem eundem ad Archi-Epiſcopum & ad nobiles memoratas, peciit ſibi litteras ſuper ipſa pronunciacione fieri, ipſamque ſigillis Archi-Epiſcopi & Epiſcopi ac Nobilium tunc preſencium roborari, quod Archi-Epiſcopus & ceteri Nobiles audientes aliqualiter contriſtati ceperunt interloqui & interlocucione habita conſiderarunt, quod hec pronunciacio in preiudicium Kazimiri Ducis Stettinenſis fieri debebat, dixeruntque pronunciacionem quoad Terrigenas feciſſe, non autem quoad ducem, cum iura ducalia quoad hoc eſſent eis penitus ignota, ſicque in eodem negocio ſibimet proch dolor contrarie ſunt inuenti. Nam primo pronunciarunt omnes donaciones per Dominum Regem eſſe validas, & altera die, vt premiſſum eſt, dixerunt complacere cupientes, minime valuiſſe, huiusmodi autem pronunciacione non obſtante, omnes donaciones preterquam filiis Regis naturalibus factas fuerunt ſortite effectum. Et quod Duci Kazimiro terre Syradienſis Lancicienſis fuerunt abſtracte, Dobrinenſis autem Ducatus, Bidgoſtia Welatowo ciuitates & caſtra fuerunt ſibi per Dominum Regem Vngarie in dominium aſſignata; Et hec fuit prima variacio in nobilitate eiusdem Regis Loduici quantum inuitus variaſſe creditur. Nam quidam magnates & quaſi primi in conſilio Regis mortui parti Vngarorum multum fauentes eſtimabant Ducem Kazimirum de terra Syradienſi, Lancicienſi & Dobrinenſi ac caſtrum prenomina tum in iuvamine Karoli generi ſui Romanorum Imperatoris ac Boguslai patris ſui Ducis Scetinenſis ad Regni Polonie gubernacula tamquam heres & ſucceſſor legittimus awi ſui olim Kazimiri Regis Polonie poſſe peruenisſe, & hoc pertimeſcentes ſuaſerunt Domino Regi Loduico vt ipſum Kazimirum in terris Syradienſi, Lancicienſi, in quibus ipſum Kazimirus vt ſuum filium adoptans conſeruare & hys maiora promiſerat dare mallatenus pateretur,

retur, offerebat tamen sibi de consilio consiliariorum predictorum locorum Siradie & Lancicie Ducatum priusquam eos ducatus sibi assignauit, ducatum Gnewconiensem, quem dux Kazimirus de consilio quorundam sibi racione consilii innotorum recipere recusauit, & hoc duplici de causa, primo ex eo quia Dominus Rex ipsum circa easdem terras conseruare, ut premissum est, & plura adhuc addere promiserat. Secundo quia ducatus Gnewconiensis naturalem Dominum videlizet Wladislaum Ducem album Kazimiri filium, licet monachum ordinis sancti Benedicti viuum haberet, quem ducatum Gnewconiensem eciam Dominus Rex Kazimirus felicis memorie alienare noluit ab eodem, postremo tamen cum dictus Loduigus Rex memoratus in Regem Polonie coronari deberet, voluit, ut Kazimirus iuuenis antedictus de ducatu Dobrinienſi, Bidgoscienſi, Welatowo & VVelcz contentaretur illa vice, promittens sibi de aliis in posterum prouidere. Considerans vero Kazimirus aliter facere non posse consensit & in coronacione Domini Regis ducatum Dobrinensem cum Castris predictis a Domino Rege & a corona Regni Polonie susscepit.

De prodicione Castri Santhok.

Fama igitur mortem Kazimiri Regis feliciſſimi ad circumuicinas prouincias deferente, quidam miles Hasso de Huchtenhain, Hassonis filius de VVedel Ottonis Marchionis Brandenburgensis filii Loduici quondam Imperatoris Romanorum Capitaneus seu Aduocatus mox ut Regem iam mortuum percepisset, quosdam tres Saxones in castro Santhocienſi pecuniis & promissionibus attraxit, vt eorum iuuamine castrum Santhok posset obtinere, qui Saxones videntes, quod Castrenses victualibus deficerent aliqualiter & parcitatem in eodem hominum conspicerent, qui inimicis resistere non possent, & prefectum castri Sandzivvagium de VVirh Castellanum Bnynienſem non adesse, Hassoni militi prefato per vnum ex ipsis hoc significare curarunt, qui Hasso satis cum paucis hominibus idem Castrum obsedit sine mora, cui Castrenses & precipue quidam Sandzivvagices de Sleszino iuuenis pro posse resistebant, illis tribus exceptis, qui nullam operam in defensione dare, videbantur. Et quamuis Dominus Przemislaus de Golurovvo Palatinus Kaliſienſis protunc Capitaneus Polonie ad defensionem castri predicti expedicionem proclamauerat & omnis Terra Polonie iam processerat, tamen quia morose & non festiue procedebat, priusquam illuc peruenirent, Castrum Hassoni prefato extitit presentatum. Habebat enim Capitaneus Polonie prefatus Hassonis litteras & quorundam nobilium de marchionatu Brandenburgensi & ipse Hasso Capitanei & aliorum nobilium Polonie litteras viceuersa, in quibus & per quas Treuge pacis hinc inde fuerant violate. Itaque Poloni Saxones super violacione pacis monebant, & Saxones Castrum obtinentes ipsorum monita deridebant, &c.

Castrum Santrock perditum:

De perdicione Castri Wladimirienſis Russie.

Eodem vero tempore Kyeystud Dux Lithwanie de Troky validiſſimus Christianorum impugnator, Olgerdi magni Ducis Lithwanorum frater vterinus, vt comperit, quod Kazimirus Rex Polonie obiisset cum Lubardo Duce de Luesko nobiliſſimum castrum Wladimirze circumuallentes obsederunt, quod castrum, antiquo castro ligneo in suo statu remanente Rex Kazimirus prefatus in monte alterius Castri Regalis, in quo Ecclesia Cathedralis in honore Marie Virginis de coctis lateribus est fundata de muro fortiſſimo infra duos annos non plenos ante mortem suam edificauerat. Sed morte preuentus imperfectum dereliquit, fuit tamen adeo fortificatum, quod homines in eo manentes hostibus impugnantibus bene resistere possunt. Sed Duce Alexandro filio Michaelis alias Coliathi, filiastro Olgerdi & Ducum Lithwanie predictorum, qui castra & terram Wladimirienſem Rege Kazimiro cómendata acceperat in Cracouia existente quidam Petraſſius Thuroky Lancicita, prefectus Castri predicti metu ductus nobiliſſimum Castrum Wladimirienſe predictum nulla plaga accepta nec aliquibus penuriis defectuoſis depressus Lithwanorum principibus predictis pudorose presentauit, Lithwanorum vero principes de antiquo Castro quamuis ligneo contenti, castrum muratum de nouo factum muris fossis ad terram prostrarunt, lapidem super lapide minime relinquentes. In edificacione autem huius Castri tricenti viri singulis diebus & multa iuga boum & equorum cimentum, lapides, & ligna fere per duos annos continuos & in edificacione eius plus quam tria milia marcarum Regio de Thesauro, & quarta ante mortem suam die sexcentas marcas per Wenceslaum de Tarzin presbyterum, qui preerat opperi demandauerat deportandas, qui priusquam de Cracouia

De Coronacione Loduici Regis Vngarie in Cracouia.

LVDOVICVS HVNGARIÆ REX Cracouiæ Diadema Poloniæ ſuſcipit:

Poſt ingreſſum Domini Loduici Regis Vngarie Cracouiam volens idem Rex coronari in Regem Polonie, Reuerendum in Chriſto patrem Dominum Jaroslaum Archi-Epiſcopum Gneznenſem cum inſtancia debita requiſiuit, ut ipſum in Regem Polonie coronaret. Et quamuis prefatus Dominus Jaroslaus, Archi-Epiſcopus & quidam Nobiles de Polonia tamquam nuncii Communitatis Polonie maioris Dominum Regem non in Cracouia ſed in Gneznenſi Eccleſia coronandum eſſe dicebant, petentes ne in preiudicium Polonie maioris alibi quam in Gneznenſi Eccleſia ſe promitteret coronari, tamen prefatus Rex, ne ex mora dilacionis aliqua nocumenta euenirent, peciit in Cracouienſi Eccleſia dyadema Regium ſibi imponi, promittens, quod in Eccleſia Gneznenſi Regalibus inſignibus decoratus vellet apparere, ibique inſignia Regalia videlizet Coronam, Sceptrum, Globum, vellet relinquere Eccleſia in eadem; quod poſtea Gneznam veniens diſuadentibus Cracouitis minime adimpleuit. Sed indeceſtiue recedens Poznaniam, Lanciciam & Terram Syradie, Cracouiam properauit, & ibi iter nocturnum faciens verſus Vngariam properauit, matre ſua Domina Elizabeth Regina Vngarie Cracouie permanente. Proximo autem die Dominico poſt feſtum ſancti Martini, que fuit dies decima menſis Nouembris Loduicus Rex prefatus per Reuerendiſſimos patres Jaroslaum Archi-Epiſcopum Gneznenſem, Florianum Cracouienſem, Petrum Lubnicenſem Epiſcopos in Eccleſia Cracouienſi paucis Nobilibus preſentibus in Regem Polonie cum ſolempnitate decenti extitit coronatus duobus tantum ducibus preſentibus, videlizet Ladislao Oppolienſi & Kazimiro Stetinenſi & Dobrinienſi, quorum vterque quosdam ducatus ſeu dominia in coronacione ipſius in feudum ab ipſo receperunt, Ladislaus videlizet Welunienſem, Boleslauienſem, Brzeniczenſem, Crzepicze, Olſtin, Bobolice ciuitates & caſtra fortiſſima ſibi per Dominum Loduigum Regem predictum tempore eodem data cum ſuis diſtrictibus, que ciuitates & caſtra per Kazimirum Regem felicis memorie fuerant deſtructa & ſumpticoſe edificata. Kazimirus vero ducatum Dobrinienſem cum Caſtris Bidgoſtia, Wyelatowo & Walcz. Hec autem infeudacio aliis Polonorum ducibus erat penitus inconſumata. Nam omnes duces Polonie conſueuerant ſibi eſſe equales, nec alter ab altero quicquam dominii recognoſcebat, ſed vnusquisque ſuo dominio gaudebat, & hinc ideo, quia de vna ſtirpe proceſſerant, vnde vno & eodem iure gaudebant ſeu gaudere volebant, donec per Johannem, Henrici Comitis de Luczemborg poſt hoc Romanorum Imperatoris filium Regem Polonie, qui Johannes tam ex donacione Imperatoris patris predicti, quam poſt vxorem filiam ſecundi Wenceslai Regis Bohemie vnicam Regnum Bohemie fuerat adeptus quidam Duces Slezie plus muneribus & ſuaſionibus fallis ſuorum ac promiſſionibus doloſe circumuenti ac bellorum inſultibus deuicti ab eodem Johanne Rege Bohemie ducatum Slezie liberum ac dominia ſua, que nulli in aliquo aſtricta fuerant; ſed ipſi Duces ipſam a nemine recognoſcentes libere poſſidebant in feodum receperunt corone Bohemice ſe & ſua in obprobrium & confuſionem regni Polonie ſponte ſubmittentes. Hec autem ſciſſio eisdem ducibus confuſionem perpetuam generauit, ita quod quamdiu Homagiales Corone Bohemorum exiſtunt, nullus eorum in Regem Polonie Regno vacante propter hoc eligetur, ſtatimque duces prefati & eorum ſucceſſores in mercede aſſidua veluti Bohemorum dominio ſubiecta, a ſucceſſione regni Polonie ſunt penitus elongati, &c.

Prerogatiua Ducum Poloniæ:

De Exequiis Domino Kazimiro celebratis.

Post hoc ibant Cerofferarii lumina accensa magna bini & bini deferentes, quæ lumina duo quidem de vero Sancto Cereo fuit, deinceps, dum inter Religiosi & viri Ecclesiastici omnes in urbe & suburbiis exsistentes, feretrum, quod in aureis & ferreis pannis & alias pretiosis per Ecclesias ac Religiosi loca distributum in honorum processionem, cum canta lugubri. Dominus Dominus Ludovicus Rex præcedit, Archi-Episcopus, Episcopi, duces, barones, & alia multitudo populi fecere sequentes quæ prosequebantur, inter quos & feretrum incedebant familiares Regis defuncti plurimum quotiringentes & amens nigra vele indut plandebant & ululantes maximum faciebant & quemcumque Ecclesiam cum feretro videbiter minorum Reate Virginis Marie feretrum & processionem intrarentur. Ibi duæ purpureæ mappæ de pecie pauni Brabellensis diuersi coloris, XVI. aluarum & ciborium ac pannus maximus de pluna humile offerebatur, quo autem feretrum precedens grossis pauperibus & quibusdam recipere voluentibus largiebatur pecuniæ, vt via transiuntibus liberius pateret, & ecium vt pro anima Regis defuncti DUUM devotius exorarent. Horrebatur enim quidem tam horrenda res fieri, quæ tales pluies argentei, que per duos honestos ad hoc deputatos ferebantur, de inden grossis fiebat poli pauperibus recipiebatur, de quibus petitibus quibus offerre voluerunt exigere potuit, quamum vellet, & fingere cum humanitate quæ ipsi ac superstitibus ad Ecclesiam Cathedralem vsque perueneretur, in qua Ecclesia Reuerendus pater Dominus Episcopus Cracouiensis millam celebrauit, infra quam millam alia large oblationes facte fuerunt in hunc modum vt sequitur.

De oblationibus in Exequiis Domini Regis factis.

Ordinatum itaque fuerat, quod circa omnia altaria, quæ sunt in Ecclesia Cathedrali, quilibet illarum faceret ad millam istam, ita quod deferrent, quæcunque erant, oblationem debant, primo ad altare in quo Episcopus celebrabat, deberant quidem ad omnia altaria oblationes offerre, sed quia propter profluram animæ multitudinem populi, qui ibidem deferebat ceroplatæ Regalibus deuotis intererant altaria cum oblationibus non poterant circuire, ideo vnus ex nobis, cui hoc pro tunc fuerat iniunctum, pelui argentea quæ portabat circuiens Regalibus ante & retro circumdabat, & quibusdam ex ipsis dabat vna cum humilitate, hinc vice circumeundo pretiosis altaris millam celebrantibus, quantum in pelui de grossis manu comprehendere poterat, offerebat. Idem quoque ad altare maius primo duas purpureas preciosas & locupletas duas pecias pauni preciosi obtulerunt, quas in alto Ecclesiæ presbiterio ad offerendum. Subsequenter vero Regis mortui officiales vnusquisque iuxta ministerium fuum, vasi quibus ministrabat ad altare deinde offerendo, & primo Cancellarius Swantkowius & Vicethesaurarius pelues argenteas cum manuelis & candelabra ad altare præcedunt. Deinde Pretzhebrius Dapifer cum fubdupifero quoque thurelas argeneas magnas. Item pincerna cum Subpincerna cantra & generaliter cuppo argenteos. Item Sub-Camararius feu Marschalcus decretarius Domini Regis mortuorum. Item Subdapifer nullem armarum velte Regali vestitum in ambulatore Regis Domino Regi magis dilecto & meliori vexillifero nostrifa terendum & pilium militum pilum Regi perfonam repræsentantis peccelebrata ad altare deferebat. Post quorum subsequuntur ceteri officiales mortis sui in talibus obsequiis frangerentur, tantus clamor lamentus, tantus vlulatus & lamentum omnium hominum ibuis vtriusque in Ecclesia Cracouiensi exiliens cum extitit, quod vix a fiena & lamento prælone genues & infimi fieres & lamentationes fore voluerunt, & non minus, quod illius pacis tranquillitatem, quam in vita Regis habuerunt, per mortem ipsius rupturo effe formidabant. Illum quoque delectabilem ablectationem & copiositatem confolationem, quam ab ipfi auebam & recipere consueuerunt, ab aliquo alio circumquaque non fperabant. Illum eciam inestimabilem Regni ruinam, quæ poli mortem inclit Principis Regis Polonie vnu fili Regis mortui absque prole masculina defuncti euentus metuebant, & fuper omnia reformacio Regni per eundem facta, & magna quam gentis humanitas, fuus regnicolus ad lamentum nimium perrexerunt. Nam inter ceteros pegoras eautius, illud cautare formidabant, de principe Philippe Regum Polonie Rex in Polonia DEO fauente ordinarent, alienigena in Regem fubmitant, qui mores fue nacionis fequi cupit, Polonorum mores & conformitates non imminue intendat, ignoras fuas patronas Regnicolis propterea conversatis, ferque fura & libertates Polonorum ad nichilum redigere conabatur, ex quibus cunte fe odia & rixas Regnicolarum concitabat, hyque qui regno fuerant propiqui fuccelfores fuis progenitoribus fuccedere conabantur. Ex quibus & aliis recollectis excidium Regni eamare procul dubio poterit, quod fubis DEUS per fui clemeciam auertere dignetur. De

De transitu Loduici Regis Vngarie & Polonie in maiorem Poloniam facto.

Exequiis igitur, sicut premissum est, sollempniter celebratis Sereniſſimus princeps iam Polonie, Vngarie & Dalmacie, &c. Rex versus Poloniam maiorem properauit, cui Polonorum innumerosa multitudo in Kalis & vltra occurrens ipsum honorifice susceptit, sibi veluti suo Regi obedienciam debitam exhibendo, cum quibus Gneznam veniens duobus diebus moram fecit, & quamuis in Ecclesia Gneznensi Regale solium

Damma Regno Polonie sub LVDOVICO Rege illata:

aureis pannis ornatum fuisset adaptatum, vt ibi Regalibus indumentis vestitum cum corona & sceptro ysu regio aptatis prout alias ante coronacionem suam in Cracouia condicionatum extitit, apparens resideret, tamen suasu quorundam Cracouitarum facere obmisit, dicens: hoc in delubrium suum fieri debere, & sic Regnum Polonie in nullo stabiliens, ad propria remeauit, vt premissum est; Hoc vero fiebat, quod Vngari sui per villas eundem sequentes fugebant domos habitancium & res eorum violenter rapientes secum asportarunt, nulli autem pauperi ad Regem predictum iniuriam passo Vngaris prohibentibus aditus patebat, in ipsiusque absencia dilecta genitrice sua nomine Elizabeth Vngarie Regina regnum Polonie gubernante, peyora fiebant, quam antea, quia nulla stabilitas siue constancia in ipso regno viguit seu viget ad presens. Nam cum ad matrem recursus haberetur, remisit ad filium & filius ad matrem viceuersa, sicque nullus finis in negociis nisi in sibi beneplacitis haberi potuit seu potest. Hoc enim primum inconstancie principium demonstrauit, quod omnes consiliarios principales quorum consilio mediante Kazimirus Rex felicissimus super Regno predicto iam defunctus omnia Regni negocia salubriter disponendo dirigebat, a se successiue non cum festinacione alienabat, alios vero apud fratrem suum predictum nullius reputacionis in consilio habuit, in suos consiliarios assumendo, qui non vt communis Regni expetebat vtilitas, sed prout eorum demencie expetebat cupiditas eidem consulebant. Seniorum consiliariorum consiliis, que dare honestissime consueuerant atque dabant in eorum absencia susurrando impudicissime detrahebant, de qorum prauorum consilio tam officiales curie Regalis quam prouinciarum Capitanei sepissime cunt grauissima terrigenarum iactura imitabantur, &c.

Postquam autem Dominus Loduigus Rex Polonie & Vngarie prefatus maiorem Poloniam vt premissum est transisset, Illustris Domina Elizabeth genitrix ipsius consensit & voluit, ut Thesaurus Regis Kazimiri bone memorie fratris sui, inter Heduigem relictam Regis prefati & suas natas Annam & Heduigem iuxta disposicionem & voluntatem vltimam Regis memorati diuidi deberet, qui Thesaurus solum in vasis argenteis in tres partes fuit diuisus, cesserunteque cuilibet ipsarum CCCXXXIII. marce cum dimidia argenti graui pondere preter octo scultellas grandes de puro auro fabricatas & triginta sex cornua auro & argento miro modo decorata, nec non floseulis, lagnunculis iaspinis, cristallinis, anulis & lapidibus preciosis, nec non cortenis purpureis in quibus aquile & alia arma Regalia de gemmis seu margaritis ac auro & lapidibus preciosis erant miro modo & sumptuose consuta & ceteris exeniis & diuersi generis localibus, que diuisa non fuerunt, sed pro duabus filiabus Regis fuerunt reservata. Hunc igitur thesaurum duarum filiarum Regis, qui omnibus inestimabilis videbatur, Domina Elizabeth Regina cum duabus filiabus Regis versus Vngariam secum abduxit. Relicte fratris sui porcionem superius expressatam & mille marcas grossorum pro dote assignatis tantummodo relinquendo, que postmodum Ropperto, Wenceslai olim Ducis Legnicensis filio matrimonialiter extitit copulata.

Anno quoque Domini MCCCLXXXIII. ipſo die natiuitatis Virginis Marie, Wladislaus albus, dux Gnewconienſis Gneznam veniens, in domo Hanconis proconſulis incognitus tamen hoſpitatus manſit & facto prandio poſtquam per hoſpitem fuiſſet cognitus & vno accipitre remuneratus ſtatim receſſit, & in craſtino Wladislauiam veniens ſolummet quartus Caſtrum nullo prohibente intrauit & ciuibus conuocatis ab iisdem fidelitatis omagium recepit, poſitaque in caſtro cuſtodia mox in Gnelbconiam properauit, quo caſtro ſimiliter obtento iuit vlterius ad quandam villam Remlikonis, eundem Remliconem prefectum caſtri Slothorie captiuauit, artans eundem, vt ſibi Caſtrum Slothorie preſentaret, & cum ad caſtrum Zlothoriam peruenisſent, Caſtrenſes, qui ibidem manebant, ducem videntes, & conſiderantes, quod prefectum eorum, ſibi niſi Caſtrum preſentaretur, decollare nitebatur, Caſtrum ſibi ſubito preſentarunt, ſicque eodum die dux memoratus Wladislauiam, Gnewconiam & Zlothoriam obtinuit ſine armis, & in craſtino mane, que fuit dies ſabbati, congregacione aliquali cum Wladislauienſibus & Gnewconienſibus facta ad caſtrum Sarkey inexpugnabile acceſſit, cui Caſtrenſes eadem die aliqualiter reſiſtentes mane facto die dominico ſibi Caſtrum aſſignarunt, ſicque feria ſexta ſabbato & dominico die Wladislauiam, Gnewconiam, Zlothoriam & Sarkey ciuitates & caſtra ſine omni leſione ſuorum obtinuit reuerenter, preter vnum ſolum nomine Thiroch, qui ducem precedens Caſtrum Sarkey intrare voluit, quem caſtrenſes ibidem in valua caſtri occiderunt. Cum autem Sandziwagius de Subino Polonie & dictorum Caſtrorum & ciuitatum Capitaneus percepiſſet, ingemuit, & anxiatus nimium de tam turpi perdicione Caſtrorum nobilium, conſilio vſus ſuorum miſit nuncios & conuocauit exercitum ſatis grandem & Wladislauiam ciuitatem primo obſedit, mandatumque fuit per Dominum Loduigum Regem Vngarie & Polonie omnibus Nobilibus tam Polonie, quam Cuiauie & aliarum terrarum Regnicolis, vt prefato Sandiuogio, quo ad expedicionem caſtrorum predictorum preberent auxilia opportuna ſub priuacione honoris & bonorum, quorum plus Cuiauite, qui iam prefato Duci Albo adheſerant, decretum & mandatum audientes Regis ſui ab

eo ſe ſubtraxerunt, quod cernens dux memoratus & potencie Regie reſiſtere non valens & eciam per quosdam aliqualiter circumuentus cogitauit ſe gracie Domini Regis committere, quod & fecit. Nam poſtquam Wladislauia per exercitum Domini Regis fuiſſet afflicta nimium & iuuamen nullum a duce ſperabat habere, ſe Domini Regis gracie commiſerunt ad manus Domini Sandziwogii facientes fidem, poſthoc dum Wladislauienſis Dux ſepe dictus per quosdam circumuentus licet in Caſtro Sarkey & Zlothoria homines & expensas ſufficientes iam habuiſſet, qui per annum & vltra bene adverſariis reſiſtere potuiſſet, dicta caſtra fere inexpugnabilia prefato Sandiuogio ad graciam Domini Regis cum omni apparatu preſentauit, qui cum a Domino Rege nullam graciam reportaſſet, magna paupertate grauatus fere per annum in caſtro Ordzin moram traxit. Anno Domini MCCCLXXV. item in craſtino *Beate Marie* Virginis Caſtrum Zlothoriam per quosdam exploratores cepit, in quo exploratores predicti nobilem virum Criſtinum de Skrzipowo militem, prefectum Caſtri predicti in laco dormientem captiuarunt & duci Wladislao preſentarunt. Dux vero prefatus predictum Criſtinum iam grande etatis militem in odium Domini Sandziwogii cuius ſororem predictus miles habuit in vxorem, in vincula coniecit, ipſum in artiſſimo carcere recludendo, donec pro quingentis ſexagenis ab eodem duce ſe redemit, & quamuis predictus miles Criſtinus Sandiuagii Subino Capitanei gener eſſet, eum noluit exemere Sandiuagius predictus, & hoc ideo, quia, cum iam circa feſtum beati Iacobi Apoſtoli de hoc rumor haberetur per Poloniam, quod vnum ex Caſtris Cuyauie & precipue Zlothoria pro ipſo duce albo furtim capi diceretur, ſepedictus Sandziwogius a Criſtino Caſtrum Zlothoriam ſibi reddi peciit, timens per ipſius deſidiam, prout factum fuerat, quod perderetur. Ipſe autem Criſtinus reſpondit, ſibi hoc valde pudoroſum, ſi in eo tempore cum rumor eſſet de perdicione caſtri reſignaret, certificans Sandiuagium prefatum, & aſſecurans ſe tam bene Caſtrum predictum ſollicite ſeruare velle, quam de perdicione eius nullum timorem haberet, ſed exploratores ducis quosdam piſcatores conuenerunt, qui aliquot vaſcula vino repleta Criſtino prefato nomine muneris detulerunt, & cum ipſo in caſtro ſedentes biberunt, cumque vaſa fuiſſent exhauſta iterum verſus Thorum pro alio vino miſerunt, de quo Criſtinus bene potatus illa nocte forcius dormiuit, donec exploratores per ſcalas Caſtri muros tranſcendentes, ipſum & Caſtrum, vt premiſſum eſt, ceperunt, ſicque Wladislauienſis Dux poſſeſſor Caſtri eſt effectus videlizet Zlathorie. Ad quem multi vagi & inopes, fortes tamen & ſtrenui corpore confluxerunt. Quidam tamen miles mox vt Caſtrum predictum per dictum ducem fuerat obtentum Vlricus de Oſterin nomine filius Badeze de Brdzem cum quibusdam Saxonibus prefato duci in ſubſidium venit. His quadam die Raczans Caſtrum Epiſcopale acceſſit & Campanicé Eccleſie & Stubam ſollempnem per Dominum Sbiluthum Epiſcopum Wladislauienſem in foribus Caſtri edificatam aſcendens Caſtrum ceperunt fortiter impugnare, quibus viriliter Caſtrenſes repugnantes, ipſos ſine ſpe obtinendi Caſtri Raczans ad proprium Caſtrum redire coegerunt. Sed poſt paucos dies Vlricus prefatus cum ſuis complicibus Gnewcouiam veniens Caſtrum ibidem impugnarunt. Cui licet Gernacius de Slamowo cum ſuis fortiter repugnaſſet, tamen ciuibus Gnewcouienſibus Vlrico iuuamen prebentibus Caſtrum Gnewcouienſe ſuccenderunt. Gernandus veromet viceſimus quintus, inter quos fratrem & duas filias habebat cum equis & armis ac aliis rebus quas in Caſtro ſecum habebant, in captiuitatem Vlrici ſe dederunt. Qui Gernandus cum filiis ſuis & aliis complicibus per Sandiuogium prefatum a Duce albo fuit magnis pecuniis redemptus, quo facto Vlricus poſthoc ad mandatum fratrum ſuorum Dobrogoſtii & Arnoldi ad propria remeauit &c.

De Conflictu inter Ducem album & homines Domini Loduici Regis Polonie commiſſo.

Eodem tempore cum Dominus Jaſchco Kmitha miles ſtrenuus & omni virtute repletus Capitaneus Syradienſis iuuenem Wladislauiam in ſubſidium Domino Sandiuogio veniſſet & currus cum ſuo theſauro ipſum ſequeretur, homines Ducis Albi eundem Theſaurum cum hominibus in via receperunt, & Duci ex iſta parte Wisle circa Gnelbcouiam conſtituto preſentarunt, qui Dux in craſtino congregacione ſuorum hominum & Kmethonum de terra Gnewcouienſi facta ad iuuenem Wladislauiam procedebat, ſperans ipſam poſſe expungnare. Sed Dominus Jaſchco Kmytha prefatus cum Domino Barthoſſio de Weisborg milite, Capitaneo Breſcenſi prope Gnelbconiam ſibi occurrentibus bellum inter ipſos fuit exortum, & tandem ſubito homines ducis fugam inierunt. Neſaluiam feſtiuus cucurrit & equis dimiſſis met quartus nauem intrauit & ad aliam partem Wisle cum detrimento ſuorum peruenit. Sui vero homines usque ad nauigia Thorunenſia inueſtigati aliqui occidebantur & aliqui capiebantur. Ob hoc tamen impugnare Cuyauiam non obmiſit, ſed ſuburbia iuuenis Wladislauie & extremas portas ciuitatis eiusdem & multas villas in Cuyauia cremare fecit, magnas predas & homines captos verſus Slothoriam deducendo. Ad cuius reſiſtenciam turris Jaroslai in Sluzewo per Dominum Sandiuagium fuit fortificata & in ea & aliis locis homines armati repoſiti fuerunt, qui quotidie cum hominibus ducis albi diſceptabant, tenuitque Dominus Dux Albus prefatus Caſtrum Zlothorie a prefato tempore vsque ad feſtum Penthecoſtes, multa incendia eciam nocturno tempore, depredaciones & captiuitates tam in Polonia, quam in Cuyauia per ſuas homines committendo. Et tandem Anno Domini MCCCLXXVI. ſtrenui milites Sandiwogius de Schubino & Barthoſſius de Weyſemborg ac Barthoſſius de Socolowo Cuyauie Capitanei cum Polonitis & Cuyauitis prefatum Caſtrum obſederunt, quibus Kazimirus dux Dobrinienſis & Stetinenſis in ſubſidium veniens, dictum Caſtrum cum machina & inſtrumentis aliis fortiter impugnarunt, dux vero prefatus in caſtro ſecum multos homines habebat aduerſariis fortiter reſiſtendo, ipſos per maues in fluuio Wisle eciam nimium impugnando. Inter quos erant duo in Caſtro, vnus qui vocabatur Hanco molendinator Breſcenſis, multum ſubtilis in arte Architectoria, & alter, qui Caſtrum Zlothoria explorando ceperunt & duci predicto preſentarunt, quorum primus in prima vice, quum dux Caſtra ducatus Gnewcouienſis ceperat, fuit captus & ſuper bone fidei promiſſo dimiſſus. Hunc ergo Dominus dux per litteras monuit, ut iuxta promiſſum ſe captiuitati preſentaret, qui cum litteras Barthoſſio Capitaneo Breſcenſi oſtendiſſet, requirendo, quid facere deberet, cui Dominus Barthoſſius reſpondit, ſe nichil ſibi conſulere poſſe, ipſemet ſcire deberet, quid facturus eſſet, & tandem vna nocciuum venientes homines ducis armati cum curru ſuo ipſum de molendino ante Breſcze receperunt & ſecum Zlothoriam adduxerunt, adhoc ut ipſis machinas & alia inſtrumenta pro Caſtro neceſſaria prepararet.

De Interfectione Frederici de Wedeli in Caſtro Zlotborie.

Obſidentibus itaque Nobilibus Caſtrum Zlothorie predictus Hanko molendinator Breſtenſis conſiderans Ducem Album potencie Regia reſiſtere non poſſe, timensque ne molendinum propter hoc perdere, quod in Caſtro exiſtens machinas & alia inſtrumenta exercitui Regis in obſidione ſui Caſtri poſito obuiancia preparaſſet, Domino Sandiuogio Capitaneo Polonie intimauit, quod ſibi claues, quas de quadam ianua Caſtri habebat, per quam, cum hominibus intrans, Caſtrum poſſit obtinere, dare vellet, Dux vero cum ſuſpectum eum haberet captiuari eum fecit, qui dum candelis accenſis ligatum ſuper menſam cremari iuſſiſſet, ipſe eam prodicionem quam exercere cogitauit, publicauit, dux vero generum predicti Hankonis ex nomine eiusdem ad Sandiuagium deſtinat fecitque cum eodem tempus & horam ſibi condictare claues de huiusmodi ianua preſentando. Sandiuagius iraque alacer effectus huiusmodi negocium duci Barthoſſio noluit indicare confidens ut ſolus triumphum de recepcione Caſtri obtineret, elegitque viros nobiles ac ſtrenuos, qui ſecum Caſtrum intrare deberent, & cum ad huiusmodi ianuam veniſſent, qui primi proceſſerant intrauerunt. Et cum viginti ſex eorum intraſſent, mox cuſtodes Caſtri per ducem ad hoc deputati Crathem, que ſuper ianuam ad hoc pendebat, ad quam Crathem duos lapides appendi iuſſerat, ut eo velocius deſcenſum pateretur, cadere dimiſerunt, que cadens nobilem virum Fredricum de Wedel, Dominum de Vſzcze virilem & animoſum cadens oppreſſit, hyque qui Caſtrum intrauerant fortiter lapidibus iactabantur, donec ſe captiuos duci prefato reddiderunt. Sicque Sandiuagius confuſus ad ſtaciones ſuas rediit de perdicione ſuorum nimium anxiatus exiſtens. Mane autem facto totus exercitus mouens ſe, Caſtrum cum impetu adiit ipſumque per totam diem impugnare non ceſſauit, & tandem paucis ex vtraque parte occiſis & pluribus vulneratis ad ſtaciones ſuas redierunt. Inter quos Dux Kazimirus fortiter cum lapide fuit proiectus, de qua leſione in breui poſt hoc, ut breuius & verius creditur, vita functus deceſſit. Dux vero Albus Hankonem molendinatorem prefatum cum genero ſuo eadem die cum Caſtrum impugnabatur iuſſit cremare, illis eciam, qui Caſtrum ſub Craſtino preſentauerant equalem mercedem tribuendo. De Exaccione Tributi Poradlue per Loduigum.

Eodem itaque anno cum Dominus Lodluigus Rex predictus ab incolis regni Polonie tam Ecclesiarum quam Nobilium tributum quoddam, quod Poradlue dicitur, petebat, exigere volens Archi-Episcopus vero & Episcopi ac viri Ecclesiastici sibi denegabant, ac eciam Nobiles, dicentes, se a quibusuis talibus exaccionibus & tributis per suas litteras penitus absoluros. Ipse nichilominus in signum dominii tributum aliquod inquirebat, & quia in litteris suis si quos quam nobiles Polonie solum Loduigo Regi & filiis suis si quos haberet se feciſſe fidelitatem affirmabant, qui carens filiis voluit vt filiabus suis, quas habebat, eandem fidelitatem facere deberent. Idcirco non valens aliter ab eis litteras suas eripere, omnes Regnicolas a tributis quibusuis per nouas litteras absoluit, solum duos grossos, de quolibet manso singulis annis ad Thesaurum suum soluendos pro se & suis successoribus reseruauit, sicque litteris prioribus fractis nowe fuerunt concesse, in quibus Poloni fidelitatis omagium fidelibus Regis satis pudorose feminas sibi regnare pretiterunt, promittentes, Kmethones suos duorum grossorum de quolibet manso, vt prefertur perpetuis temporibus solucionem submittentes, Archi-Episcopus tamen & suffraganei sui & Ecclesiarum quarumlibet huiusmodi solucionem submittere recusarunt, a priuilegiis libertatem Ecclesiasticorum bonorum continentibus recedere noluerunt, propter quod ad solucionem huiusmodi tributi protempore Domini Regis licet fuissent moniti, quod tamen tributum per suos Kmethones nullatenus dare promiserunt, preter pauperes Religiosas, quorum rustici non ad duos grossos, sed ad viginti quatuor infra spacium vnius anni soluendos pro thesauro Regio sunt compulsi, quibus Domini Episcopi per Statuta prouincialia, que hec tributa omnino dampnabant, dissimulauerunt & dissimulant subuenire, &c.

Exactio Tributi per Poloniam:

De Morte Johannis Episcopi Poznanienſis.

Eodem anno die XIIII. menſis Februarii Reuerendus pater Dominus Johannes Episcopus Poznanienſis cognatione Dolywa pius ac liberalisſimus ac omnium oppreſſorum clementisſimus releuator in Mazovia predio ſue Eccleſie dicto Schwieow ydropiſi tactus migrauit ad *Chriſtum*, qui tempore ſui Regiminis ciuitatem fundauit in Dolsko, multasque villas in diſtrictibus Crobya, Buk & alibi conſiſtentes ad Eccleſiam Poznanienſem ſpectantes locauit & bona Eccleſie ſue tam in locacione quam in empcione villarum meliorauit. Hic adductus Poznaniam in die ſancti Petri in Kathedra ante altare Beate Virginis extitit honorifice tumulatus, cuius anima nunc & ſemper feliciter in Domino requieſcit.

De Electione Nicolai Epiſcopi Poznanienſis per Capitulum.

Ipſo autem die ſepulture huius Reuerendi Episcopi Nicolaus de Curnik prepoſitus ſancte Marie in Cracouia & Canonicus Poznanienſis Doctor decretorum, cum Dithko Decanus Poznanienſis abeſſet Troyanum prepoſitum & alios prelatos & Canonicos minime requirens per vnumquemque ipſorum, qui circa Eccleſiam fuerant Notarium ſuum cum vno presbitero ire precepit, intimans, quod quisquis eorum craſtina die eleccioni futuri Pontificis intereſſet. Nam tercia die circa ſepulturam Episcopi defuncti prepoſito & aliis prelatis & Canonicis circa Eccleſiam preſentibus non vocatis adminiſtraciones ad voluntatem ſuam ordinauerat, ita diſponens, quod ſi non totum Capitulum, ſaltim pars, de qua preſumebat, ipſum eligeret, ex tunc adminiſtratores pro ſua parte haberet, contigit itaque cum inuocata gracia ſpiritus ſancti ad electionem futuri Episcopi proceſſiſſent, fere totum Capitulum in Troyanum prepoſitum eorum & eundem Nicolaum coueniret, placuit vt per formam compromiſſi ad electionem alterius ex ipſis duobus procederetur, quod & factum fuit, nam ſeptem Compromiſſarii ad partem aſſumpti ſecedentes quatuor in ipſum Domium Nicolaum de Curnik & tres in Trayanum predictos vota ſua direxerunt, ſicque Nicolaum veluti a maiori parte electum alii tres conſenſerunt, cuius eleccionem Dominus Johannes Archi-Episcopus propter quasdam diſplicencias, quas inter ſe habuerant, noluit confirmare. Ipſe eciam Polonie ac Vngarie Rege irrquiſito iuit verſus Curiam Romanam, vbi quamuis per litteras Domini Regis predicti ac per alios impedimenta ſue promocioni fierent, nichilominus tamen per Dominum Gregorium papam prefatum ſibi fuit de Episcopatu Poznanienſi in Auinienſi prouiſum, qui conſecratione recepta ad ſuam Eccleſiam circa feſtum ſancti Martini proſpere reuenit, &c.

De Morte Petri Epiſcopi Wratislauienſis.

Anno itaque predicto, circa medium quadrageſime Reuerendus pater Dominus Pretslaus Wratislauienſis Episcopus dictus Pagorzala in bona ſenectute plenus bonis operibus debitum nature perſoluit. Iſte Przetlaus, mortuo Nankero Episcopo Wratislauienſi per venenum cooperante Johanne ceco Rege Bohemie nequiter interempto, qui Nankerus prius Episcopus Cracouienſis per Johannem papam XXII. de Cracouienſi ad Wratislauienſem Eccleſiam fuerat translatus & Johannes Grothonis in Episcopum Cracouienſem fuit promotus in ſtudio Bononienſi exiſtens per Capitulum VVratislauienſe in Episcopum VVratislauienſem fuit electus, Anno Domini MCCCXLI. quinta menſis Maji. Hic emit pro Eccleſia VVratislauienſi a Boleslao duce Legnicenſi & Bregonenſi ciuitatem cum caſtro Grothcow cum ſuo diſtrictu & plura caſtra edificauit & muris firmis muniuit, Eccleſiam eciam VVratislauienſem perfecit & multis ornatibus & vaſis aureis & argenteis decorauit, poſt cuius felicem diſceſſum Canonici VVratislauienſes ſpretis Polonis elegerunt quendam Theodricum Bohemum, Decanum VVratislauienſem, qui decanus ſicut vicioſum ingreſſum habuit ad decanatum ita eciam in eleccionis negocio non profecit. tamquam ſue collacioni reſeruato magiſtro Alberto plebano de Bochmia Cancellario Dobrinienſi pro tunc Domini Kazimiri Regis Polonie apud ſedem Apoſtolicam nuncio gracioſe prouidit. Dominus autem Iohannes Starzik predictus, cum erat ad Curiam Romanam citatus cum memorato magiſtro Alberto ſex annis & vltra litigauit pro eodem, & tandem victus ſuccubuit, & nichilominus excommunicacionis ſentencias in ſua ſenectute non curans vsque ad mortem ſuum in Decanatu permanſit, quo mortuo & extra cimiterium ſepulto, Dominus Karolus Romanorum Imperator & Bohemie Rex Bohemum predictum Coquine ſue Notarium contra magiſtrum Albertum ad Decanatum Wratislauienſem iutruſit, & hoc ideo, quia quum Imperator predictus Duces Slezie & Epiſcopatum Wratislauienſem Regno Bohemie & Archi-Epiſcopo Pragenſi vniri & ſubdi peciiſſet, quasdam litteras Kazimiri Regis Polonie oſtendens, idem quoque Albertus dicens litteras falſas coram Domino papa & Cardinalibus peticionem huiusmodi impediuit, propter quod tam Imperator quam Bohemi contra magiſtrum predictum ſiniſtram gerebant voluntatem. Sicque de Anno Domini MCCCLX. de menſe Auguſto memoratus magiſter in Cracouia tempore mortalitatis diem clauſit extremum Bohemo intruſo Decanatum obtinente, & quia vnum beneficium ſibi ymmo pocius ſe intrudi procurauerunt, item ad Epiſcopatum ſibi ex eleccione Canonica debitum non valuit promoueri, impediente enim Imperatore prefato Dominus papa Gregorius in ciuitate Auinienſi cum Curia ſua reſidens eidem electo prouidere diſtulit, mandans quod ad propria rediret, quia donec Romam veniret de Epiſcopatu Wratislauienſi diſponere nollet, miſitque Dominum Nicolaum Epiſcopum Mazouienſem de ordine fratrum predicatorum, vt ſe de Epiſcopatu Wratislauienſi gubernando intromitteret, & de relicto Domini Przetslai Epiſcopi mortui pro Camera Apoſtolica poſtularet. Qui Wratislauiam veniens cum litteris Apoſtolicis cum ipſas execucioni debite vellet mandare, Capitulum Wratislauienſe ſicut viri prouidi & diſcreti noluerunt admittere, quod Epiſcopatum Wratislauienſem gubernaret, perdicionem caſtrorum & anichilacionem bonorum Eccleſie Wratislauienſis euenire formidantes, fecerant tamen paccionem cum eodem, vt ſingulis annis, quam diu dicta Eccleſia paſtore caret, Camere Apoſtolice VIII. milia florenorum auri preſentarent & pro derelictis Epiſcopi triginta milia florenorum ac duo milia pro procuratorio biennali per eundem Dominum Epiſcopum impoſito, vt vnum mille pro reportacione huiusmodi pecunie ſoluere deberet, quod & factum fuit. Soluerunt que Wratislauienſes ſimul & ſemel XXXIII. milia florenorum Camere Apoſtolice, demum electus Wratislauienſis per Capitulum Wratislauienſe verſus Romam anno immediate ſequenti fuit deſtinatus, cui papa Gregorius diſtulit prouidere. Papa vero Gregorio Anno Domini MCCCLXXVIII. in Dominica Letare de mundo ſublato, Cardinales in conclaui, vt moris eſt exiſtentes tum propter metum Romanorum, qui Romanum eligere poſtulabant, tum propter diſcordiam, quam inter ſe habebant, cum ex ſeipſis nullum eligere voluiſſent, Reuerendum Dominum patrem Nicolaum Epiſcopum Bacenſem, qui prò tunc vicecancellariam regebat nomine Domini Petri Cardinalis Pampolenſis vicecancellarii ſedis Apoſtolice in papam concorditer elegerunt, & quia Romanorum populus a minimo vsque ad maximum collectus pallacium pape cum armis irruens clamabat, vt eligeretur Dominus Franciſcus Cardinalis ſancti Petrini in papam, alioquin tam Cardinales quam forenſes mori deberent. Id ipſum Senator quidam Cardinalibus retulit, quod populus aliter ſedari non poſſet, niſi Romanus eligeretur in papam, Cardinales itaque in mortis anguſtia ſe poſitos eſſe conſiderantes, quomodo euadere poſſent mortis periculum ignorabant. Sed Dominus Robertus tituli ſancti - - - Cardinalis Gebenenſis arrepto familiaris ſui capucio morti ſe exponens de Conclaui exiuit & clamare cepit: Viuat, Viuat Dominus papa Franciſcus Cardinalis ſancti Petri, quod populus audiens, prefatum Franciſcum Cardinalem ſancti Petri arripiens, ipſum in papam eligi credens ſuper altare ſancti Petri poſuerunt ſollempniter, & demum in Kathedra papali locarunt, populo autem mitigato, dum vnusquisque ad domum ſuam rediſſet, ipſe Dominus Franciſcus quamuis ſciret ſe non eſſe electum, & tamen vt populi tumultum ſedaret, paſſus eſt vsque in craſtinum pro papa haberi. Poſtquam autem tumultus populi fuiſſet ſedatus Cardinales & Barones Epiſcopo in Apoſtolicum facto publicarunt, ipſum in die Reſurreccionis Domini in papam vt moris eſt coronarunt, & ad ſanctum Iohannem in Laterano cum eodem Romanis magnam ſollempnitatem celebrantibus ipſosque proceſſionem precedentibus equitauit, vbi mora vnius hore facta ad ſanctum Petrum redeun-

redeuntes vsque ad pallacium pape deduxerunt. Cum vero Dominus Vrbanus papa ſic electus auariciam Cardinalium reprehenderet & pluralitatem beneficiorum, quam tenebant, reſtringere decreuiſſet, contra quos & Clerum Curie Romane in Dominica Quaſimodogeniti ſermonem maxime de Symonia & mammone faciens feciſſet, ipſi in conſuetam arguicionem deteſtantes, circa feſtum ſancte Trinitatis vnus poſt alium ad Sundenſem ciuitatem transmiſerunt prefectum Caſtri angeli & camerarium & ceteros officiales Domini pape ad ſe allicientes cum totali familia ſua tranſtulerunt tribus Cardinalibus videlizet Mediolanenſi, de Vrſinis, & Florentinenſi Rome manentibus circa papam & alii, tres Cardinales cum pro ſedanda diſcordia inter Dominum Papam ei Cardinales ad Sundenſem ciuitatem iuiſſent', circumuenti per ipſos ad dominum papam non fuerunt reuerſi, ſed ibi omnes remanſerunt. Senciens autem Dominus papa, quod Cardinales alium vellent eligere miſit ad eos nuncios ſollempnes, hortans eos & affectans, vt non procederent ad eleccionem alterius, ſed quod conuocaretur Concilium generale, & ſi concilium omnium Epiſcoporum in Concilio conſiſtencium ipſum dicerent non bene eſſe electum, extunc eleccioni ad ſe facte renunciare promittebat, & ipſi ad eleccionem alterius cuiusuis digne procedere poſſent. Cardinales vero hoc facere recuſarunt, aſſerentes ipſum coloratim elegiſſe, vt manus Romanorum poſſent euadere, volentes, vt Dominus papa Vrbanus omnino papatui cedere deberet; Quod cum facere noluiſſet, ipſi ad eleccionem alterius procedentes, Robertum Cardinalem Gebenenſem dictum in papam elegerunt & ipſum Clementem octauum appellarunt. Poſt hoc Rome & circa Romam multa mala ſunt commiſſa. Nam prefectus Caſtri angeli in eodem Caſtro machinis erectis tam pallacium pape quam eciam Romam fortiter, ſerio & ſine intermiſſione impugnabat, taliter quod papa Vrbanus de ſuo pallacio exiens ad ſanctam Mariam trans Tyberim ſe tranſtulit. Ibi fere per annum habitauit, Romani autem Caſtrum obſidentes in circuitu de eodem ſeu ad eos ingredi permiſerunt, que eciam ſocietas Britonum pro Clemente in papam ſecundo electo, in adiutorium vocata quendam pontem fractis ſeris & inuitis cuſtodibus pontis per Tyberim tranſiuit verſus Sundenſem ciuitatem properando, quod cum percepiſſent Romani contra eosdem proceſſerunt ad pungnam, in qua pungna Romani plus quam quingenti dicuntur proſtrati. Romanorum autem populus ex hoc nimium concitatus omnes forenſes & precipue Francigenas occidere volebant. Sicque Francigene Ingroſſatores, abreuiatores & ceteri officiales fugam pro preſidio capientes vnusquisque clandeſtine prout poterat ad propria remeauit, Romanis nihilominus clamantibus: Moriantur ferro forenſes, donec edictum pape & ſenatorum exiit, prohibens, quod ſub pena capitis & mille florenorum nullus aliquem ex forenſibus occidere preſumeret, francigenis exceptis, quibus nulla ſecuritas prebebatur. Hunc itaque Clementem Electus Wratislauienſis fuit ſecutus, per quem ſibi de Epiſcopatu Wratislauienſi fuit proviſum, ipſumque in Epiſcopum Wratislauienſem idem Clemens fecit conſecrari. Quod percipiens papa Vrbanus Decanatum Wratislauienſem Wladislao duci Legnicenſi & alia beneficia aliis contulit, eundem & alios Cardinales in Vngaria, Polonie & Bohemie & aliis Regnis priuando eosdem. Bohemus vero ille ſperans ſe in Epiſcopum Wratislauienſem per Capitulum recipi, receptis litteris eiusdem Clementis prouiſionis & ordinacionis ſue & aliis, in quibus predictus Clemens papa ſibi dabat poteſtatem priuandi omnes beneficiis, qui eundem Clementem pro papa nollet habere & aliis eadem beneficia conferendi. Sed cum clam ad quoddam predium Capituli Wratislauienſis in Auſtria veniſſet, premiſit cum ſuis literis quendam Nicolaum de Wolouia Canonicum Poznanienſem, qui occulte Wratislauiam intrans ſeu veniens, cum percepiſſet, quod Clerus & populus pape Vrbano firmiter adhereret, apparere non preſumpſit & ſic vacuus ad Dominum ſuum Epiſcopum Wratislauienſem licet putatiuum rediit, Clemens vero prefatus pape Vrbano & potencie Romanorum reſiſtere non valens, & cum per nuncios tam apud Regem Romanorum quam apud Regem Vngarie & principes Almanie minime profeciſſet, Anno Domini MCCCLXXIX. Iohanna Regina Apalie & Comite Sundenſi ipſum iuuantibus cum ſuis Cardinalibus verſus Auinienſem properauit, ibique ſtans Regibus Francie & Nouarie & Comite Sawadie ac tota prouincia ſibi adherentibus ſe pro papa vniuerſali tenuit, quem Vrbanus papa & ſuos Cardinales ac Sundenſem Comitem & omnes fautores & ſibi adherentes veluti ſcismaticos & hereticos per Vngarie, Polonie, Bohemie, Almanie, Italie Regna & prouincias & terras publice denunciari precepit, ipſos dignitatibus, honoribus & quibusuis officiis tam Eccleſiaſticis quam ſecularibus priuando, &c.

Tandem WLADIZLAVS Dux Lignicenſis Epiſcopatum obtinet:

De Morte Domini Iaroslai Archi-Epiſcopi Gneznenſis.

Anno itaque Domini MCCCLXXVI. Nicolaus Epiſcopus Magorienſis Wratislaviam veniens vt premiſſum eſt, peciit a Clero prouincie Gneznenſis procuracionem biennalem Epiſcopis viſitantibus dare debitum pro Camera Apoſtolica iuxta conſtitucionem pape Benedicti, que incipit: vas eleccionis: propter cuius procuracionis impoſicionem Dominus Iohannes Archi-Epiſcopus Gneznenſis Epiſcopos ſue prouincie ad ciuitatem Vncouienſem conuocauit, ad quam conuocacionem Domini Sbiluthus Wladislauienſis, Dobeslaus Plocenſis, Andreas Ceretenſis perſonaliter venerunt, Cracovienſis vero, Lubnizenſis, Poznanienſis & Capitulum Wratislauienſe ſollempnes nuncios miſerunt, vbi in vigilia natiuitatis Beate Marie Virginis conuenientes & in die ſollempniter officium peragentes in Caſtro ſuper huiusmodi negocio & aliis diuerſis tractatum inter ſe maturum habuerunt, vbi inter cetera fuit diffinitum, quod ſtatuta prouincialia quilibet Epiſcoporum in ſua dioceſi & maxime contra raptores & inuaſores bonorum Eccleſiaſticorum deberent firmiter obſeruare, prefatumque Dominum Magorienſem quilibet ipſorum iuxta facultatem ſui Cleri placatum haberent, cum quo nomine Cleri dioceſim Gneznenſem de ſexcentis viginti florenis & pro Clero Wladislauienſis dioceſis de centum viginti florenis in ciuitate Wratislauienſi infra octauas Marie Virginis natiuitatis ordinacionem fecit, pro quibus florenis ſoluendis Clerus de qualibet marca ſui beneficii iuxta taxam decime ſoluere duos groſſos debuerunt. Eodem quoque tempore videlizet ipſo die beati Lamparti, que fuit dies XVII. menſis Septembris Reuerendus pater Iaroslaus olim Archi-Epiſcopus Gneznenſis in Curia Archi-Epiſcopali Kalis plenus bonis operibus centum annorum vite ſue habens & vltimo completis feliciter migrauit ad Chriſtum. Hic fuit ſemper feliciſſimus, & in omnibus proſpere agens, magnus conſilio, valde liberaliſſimus. Iſte quodam tempore exiſtens in ſtudio Bononienſi, dum quidam ſtudens de Anglia per ciues Bononienſes propter quoddam adulterium quod cum quadam ciuiſſa marito ſuo eciam conſenciente racione pecunie commiſerat, fuiſſet decapitatus, tandem Rector uniuerſitatis ſtudium iuris Canonici ad aliam ciuitatem tranſtulit, nec reſtituere permiſit, donec Iohanne papa XXII. iubente ciues honorabiles ob remedium anime anglici decollati capellam fundarunt, & ipſam ſufficienter dotauerunt, & aliam ſatisfaccionem congruam ſtudentibus impenderunt. Poſthoc cum fuiſſet in Archi-Epiſcopum Gneznenſem electus & de anno Domini MCCCXLI. XIIII. die menſis Ianuarii & eodem anno per Dominum Clementem papam ſextum in ciuitate Auinienſi in Archi-Epiſcopum confirmatus & conſecratus ſtatim a papa rediens ad propria Eccleſiam Gneznenſem a fundamentis edificare cepit ipſam imperfectam morte preuentus reliquit. Item caſtrum Lowicz, Vncow, Oppatow & Camyen de nouo muris fortiſſimis prout hactenus cernuntur edificauit. Item in Vncow, in Curczelow, in Oppatow & in Kalis ſancte Marie Eccleſias, in Lancicia vero, in Cracouia, in Welin, in Kalis, in Gnezna, curias atque domos de muro fortiſſime conſtruxit, Eccleſiisque predictis libros & alia ornamenta plurima comparauit. Item ciuitatem Camen in metis Pomeranenſibus de nouo fundauit & locauit & Zweynam plantauit, & multas curias & habitaciones per ciuitates & villas ſue Eccleſie conſtruxit. Hic in diſtrictu Lowicienſi ſolum marcam groſſorum in omnibus redditibus reperit, quum in Archi-Epiſcopum fuit ſublimatus, in quo diſtrictu villas populoſas multas locauit, augens cenſum in eisdem ad octingentas marcas groſſorum, preter cenſum frumentorum. Vixit autem in Archi-Epiſcopatu XXX. annis, poſtquam ceſſiſſet de Archi-Epiſcopatu III. annis. Nunquam enim voluit ſine prelatis & Canonicis Eccleſiarum ſuarum in curia ſua manere, ſed ipſos ad ſe alliciens ſecum manere faciebat, ipſis Conuivia laute faciens miniſtrare, ſine ipſorum conſilio & conſenſu nulla negocia Eccleſie diſponens. Hunc Reges, duces & proceres Polonie Vngarie, atque Bohemie Regnorum tamquam patrem & virum clementiſſimum venerabantur & paterno proſequebantur affectu, pauperum eciam & oppreſſorum fuit validiſſimus releuator, de aliis ſuis virtutibus nimium eſſet enarrare prolixum. Sepultus eſt autem in Eccleſia Gneznenſi in Capella ſua per ipſum dotata & fundata ipſo die beati Matthei Apoſtoli & Euangeliſte.

Iotoslaus Archi-Epiſcopus Gneznenſis centenarius moritur:

Eius Elogium:

De vaſtatione Vngarorum in Terra Sandomirienſi.

Anno itaque eodem Elizabeth mater Domini Loduici Regis Vngarie, que anno precedenti Regnum Polonie gubernandum filio ſuo Regi Vngarie dimiſerat, propter diſturbia, que in eodem ſepius fiebant, gubernantibus & regentibus quibusdam nobilibus

bilibus Cracouienſibus, qui ipſam Reginam ad multa inſtabilia ſuis prauis conſiliis deducebant gracia lucri quod ex hoc habebant, Regnum Polonie a filio ſuo Vngarie Rege ſibi reſignauit, cum inſtancia petebat, redditus multorum milium ſibi in Regno Dalmacie per filium loco reddituum Regni Polonie ſibi aſſignatorum parui pendens. Et quia Dominus Rex Loduigus prefatus eiusdem voluntati ſubito acquieſcere diſſulit, ipſa nimium prouocata filio ſuo ſereniſſimo quedam impetuoſa obprobria dicere non expauit, ſicque Rex prudentiſſimus, qui parentibus honorem iuxta preceptum diuinum affectuoſe impendere ſtudebat, matri Regnum Polonie denuo commiſit. Que cum magno comitatu Vngarorum mente elata, quamuis octuageneria eſſet, verſus Cracouiam proficiſcens, nobilibus Cracouie & Sandomirie per nuncios litteras transmiſit, mandans, vt cum vxoribus ſuis in Sandecz & vltra occurrere deberent, ipſam honorifice & letabunde ſuſcipere deberent, quod & fecerunt. Poſtquam autem Bochnyam peruenissent, venientes quidam Sandomirite ei detulerunt, ſe rumoribus deferentibus didiciſſe, Lithwanos congregacionem nimiam habere & terram Sandomirienſem invadere velle; Ipſa vero non credens ſed de potencia filii preſumens, dixit, filium ſuum manum fortiſſimam & longam habere, cuius potencie fortitudinem Lithwani formidantes nichil contra ipſum preſumpſerunt. Sed tunc ſic Sandomirienſes tali ſpe decepti cuſtodiam nullam habuerunt, donec Keyſtud de Troky, Olgerdi magni ducis Lithwanorum cum ſuo fratre Lubardo de Luczko & Georgioi de Belcz filiaſtro eorum duces, clam fluuium Say vltra Zanichoſt menſe Nouembri inuadentes villas plurimas circa Wislam vsque ad ciuitatem Tarnow inopinate vaſtarunt, non etati non ſexui parcentes, & quos abducere non poterant, continuo cruciabant. Sicque multitudo numeroſa populi ſexus vtriusque in ſeruitutem miſerabiliter fuit abducta, ſacerdotes quamplurimi Eccleſiis crematis interfecti & alii in ſeruitutem deducti. Deflet ergo gens Lechitica, ſe in maledicionem propheticam incidiſſe: Femina Regni gubernacula capiens ſibi dominatur. Certo itaque relatu ſtragem huiuscemodi pernicioſam auribus Domine Regine mulctante licet animo contriſtata fuiſſet, non tamen in publicum voluit moleſtiam ſui animi proſilire, ſed vultu hilari conſolabatur meſtos, filium ſuum Dominum Regem in vindictam procedere contra Lithwanorum principes debere, niſi ablata ſiue abducta redderent, cum ſatisfaccione preditorum ſtudioſe curarent. Eſt autem in rippa Wisle quedam villa nomine Baranowo Petraſſie militis filii Cztani, fratris Januſſii Archi-Epiſcopi Gneznenſis ad quam gens Lithwanica cum veniſſet, predictus miles equum aſcendens & puerum nondum baptiſatum & vxorem ſuper eundem equum apprehendens per quendam lacum & per Wislam fluuium transnabat. Quem Lithwani inſequentes iacula iacientes lacum & flumen natare non preſumpſerunt. Quedam autem domina vxoris militis prefati ſocia, Lithwanorum manus fugiens dominam ſequi cupiens lacum intrauit. Que ibidem Lithwanis ipſam capere volentibus fuit ſubmerſa. Relicta vero Domini Michaëlis de Tarnowo Caſtellani Wislicenſis eodem die cum magno apparatu ad preſenciam Domine Regine Cracouiam veniebat, & cum familiares eiusdem impetum Lithwanorum ſenſiſſent, vix cum dicta domina, cum apparatu viciſſimo, cum curribus & equis dimiſſis ad nauigium Wisle venientes manus Lithwanorum euaſerunt.

Lithuanorum Expeditio in Ducatum Sandomirienſem:

De occiſione Vngarorum & morte Kmyte Cracouienſis.

Eodem quoque tempore, dominico die, in craſtino ſancti Nicolai prefata Domina Regina cum ſua familia in Cracouienſi Caſtro reſidens & coreas ac tripudia & alia Humanitatis ſolacia coram ſe fieri iubente, Vngarorum famuli currus feni, qui Nobili viro Domino Przetborio de villa ſua Brzeze ad domum ſuam circa Waluam Bohnenſem ducebantur, vi rapientes ad ſua hoſpicia trahebant, quod videntes familiares Domini Przerhborii Vngaros prefatos prohibebant a feno predicto eosdem repellentes, ſicque clamore invicem facto Vngari Vngaris, Poloni Polonis in iuuamen occurrebant, dumque rumor huiusmodi contencionis ad Reginam peruenisſet, iuſſit Nobilem virum Dominum Kmytham Capitaneum Caſtri & alios Nobiles feſtine deſcendere, ut tumultum contencionis prefate ſedarent. Qui cum ad locum contencionis peruenisſent litigantes ſedare predictos volentes, quidam Vngarus, ut dicitur, quis tamen ſit ignoratur, ſagittam emittens, vtrum voluntarie vel non neſcitur, Dominum Jaſchkonem Kmytham militem, Strennienſem Capitaneum predictum ad collum ipſa ſagitta ſagitauit. Qui mox cadens ex equo exalauit. Cernentes Poloni qui aderebant, tam Nobilem virum & multum decoratum, ſic nequiter interempta, nimia

Tumultus inter Vngaros & Polonos excitatus:

indignacione contra Vngaros concitati, insultu moxque in Vngaros ipsos & eorum quoslibet, quos capere poterant, sexui vel condicioni non parcentes sine dilacione occiderunt. Inter quos Nobilis quidam de Vngaris Slauus tamen nacione & miles nomine Michael dictus Pogau in quodam cellario hospicii sui inuentus & ipse eductus fuit miserabiliter in platea interfectus, duaque iuuenes Domine Regine familiarissimi & dilecti ad domum domini Przethborii prefati gracia conseruande vite aufugierunt, quos Dominus Przethborius in quadam camera sua conseruari iussit & seris obfirmans prohibens famulis, ne cuiquam ipsos presumerent indicare. Postquam autem Dominus Przethborius Castrum ascendisset, Domine Regine eorundem iuuenum conseruacionem indicauit, pro quo sibi Domina Regina multas grates referebat. Sed famuli eiusdem Domini Przetborii ipso domino Przetborio in Castro illa nocte pernoctante, fractis seris prefatos iuuenes crudeliter perimerunt, eosque cingulis argenteis & vestimentis spoliatos per fenestras extra muros proiecerunt, fueruntque Domini Jaschkonis bone memorie amici tam fortiter accensi, vt Vngaros per scalas, quas Domine & Dominicelle per fenestras Castri eiecerunt Castrum pre fuga ascendentibus ipsos sagittis insequebantur & iaculis. Sic illo die & nocte plus quam centum sexaginta interfecti sunt. Domina quoque Regina de suorum nece dolens Vngarorum tripudiorum oblita iubilacionibus surgens de solio gemens & tristis se in cineribus collocauit, valuas Castri turres & menia custodiri faciens, ne residuitas Vngarorum eciam periret formidans. Mora itaque paucorum dierum in Cracouia facta, Vngariam rediens filio suo Domino Regi Loduigo Regnum Polonie iterum gubernandam resignauit, sicque superbia mentis & gaudiorum vsitacio fuit future supervenientis mestitie presagium & nunccia iuxta dictum sapientis: Risus dolori miscebitur & extrema gaudii luctus occupet. Volens autem Domina Regina pro tam nobilis viri morte propinquis satisfacere filium suum Petrum nomine licet iuuenem terre Lancicienſi in Capitaneum prefecit.

Regina Mater in Vngariam redit:

De mutacione nonnullorum Capitaneorum Polonie.

Item eodem anno priusquam de Cracouia Domina Regina anno proxime preterito Vngariam processit, exposuit terram Cuyauiensem, ut puta Brzesce, Radzeowo, Crusehwizam, Przedecz, Przipust cum attinenciis suis Domino Petrassio dicto Malocha de Malochowo militi, nacione Sandomirienſi pro duobus milibus marcarum singulis annis ad thesaurum Regium soluendis. Quam terram strennui milites veraces & probi, virilesque terre defensores pacis & tranquillitatis Zelatores, predonum atque furum persecutores hostiles Barthossius de Sacolowo & Barthossius de Wesembergi auunculus atque nepos, solum octingentas marcas ad thesaurum Regium presentantes per tres annos feliciter rexerunt. Cuius terre regimen in principio quadragesime anni presentis prefati Domini Barthossiones memorato Petrassio resignarunt, Dominumque Sandiuogium de Subino Capitaneum Polonie Dominus Rex Loduigus Vngarie & Polonie de Capitaneatu predicto amouit, & terre Cracouiensi in Capitaneum prefecit, mille marcas grossorum & quedam molendina & villas cum suis allodiis sibi pro expensis assignando. Dominum vero Domarathum de Pirzehow in Capitaneatu Polonie prefato Domino Sandiuogio surrogauit, prout hoc Domina Regina voluit & optauit, pro eo quod Dominus Domaratus tempore quo Vngari in Cracouia occidebantur, circa Dominam Reginam existens, Vngari ne occiderentur, quantum poterat liberabat. Ille Dominus Domaratus a Rege Poloniam rediens litteras ad Dominum Archi-Episcopum Gneznensem, Cracouiensem, Poznanienſem, Wladislauiensem, Lubnizensem Episcopos & ad Capitula eorum apportabat, in quibus Dominus Rex scribebat eisdem, se contra infideles Lithwanos cum tota sua potencia mouere velle, pro eo quod nuper terras suas inuasisse presumpsissent, petens eosdem, vt sibi aliquos homines armatos in subsidium destinarent. Capitaneus vero non homines armatos, quos Episcopi & Capitula minime habebant, sed pecuniam a Kmetonibus Ecclesiarum videlizet per octo scotos exigere, si per octo grossos denegarent sententias excommunicacionis & interdicti, ob hoc in eos velle ferendum. Vnde Dominus Archi-Episcopus, Episcopique collectas Kmethonibus imponentes & pecunias recolligentes, Dominus Archi-Episcopus cum suo Capitulo in castro Sandomirienſi constitutus, cum suo exercitu versus Terras Russie Dominum Regem tendentem ducentis marcis grossorum honorauit.

Sandiuogium de Subino: Capitaneum Polonie de Capitaneatu hoc amouet Rex LVDOVICVS:

De expugnacione Castri Belz.

Eodem quoque anno serenissimus princeps Dominus Loduicus Rex prefatus cum suis

ſuis Vngaris Caſtrum Belz circumuallauit, Cracouite vero, Sandomirite, Syradite Caſtrum Ohelin ſimiliter obſederunt. Quo expugnato & capto ad Dominum Regem verſus Belz perrexerunt, ibique Caſtrenſes licet ſit firmiſſimum & inexpugnabile tamen ſpe defenſionis fruſtrati Keyſtuto de Troky duce Lithwanorum mediante, Georgius dux de Belz gracie Domini Regis ſe ſubmittens, Caſtrum Belz eidem Domino Loduigo Regi preſentauit, a quo tamen aliud Caſtrum Lobaczovv & centum marcas reddituum in Zuppa Bochnenſi de benignitate Regia liberaliter accepit. Georgius Dux de Belcz Caſtrum de Belcz Regi LVDOVICO tradit:

De morte Ducis Kaſkonis & deuolucione Caſtrorum & dominiorum ſuorum ad Coronam Polonicam.

Anno itaque Domini MCCCLXXVII. Kazimirus Dux Kaſsco princeps preclarus Dobrinienſis, Bidgoſcienſis, Pomoranienſis, Caſſubye ac Stetinenſis dux & Boguslai filius ducis Stetinenſis ac Caſſuborum ex illuſtri Domina Elizabeth filia Regis Polonie Kazimiri genitus die ſecunda menſis Januarii in Caſtro ſuo Bidgoſcheza diem clauſit extremum, nulla ex filia Semouiti prole procreata. Poſt cuius obitum ducatus Dobrinienſis, Bidgoſcheza eciam Belz caſtra ad coronam Regni Polonie ſunt deuoluta. Huius ducis corpus in Biſſowienſi monaſterio ordinis Ciſtercienſis conditum requieſcit. Iſte Kazimirus fuit multum liberalis in tantum, quod fere villis ad menſam ſuam ſpectantibus ſuis ſeruitoribus & aliis improuide datis & diſtributis ſolus de quo victum ducalem duceret non haberet, donec mortuo duce Boguslao patre ſuo in terris eius ſucceſſiſſet, cui eciam ſoror ſua vterina Elizabeth Imperatrix Romanorum & Bohemie Regina multa vaſa argentea & promptis pecuniis mittens neceſſitatem ſuam ſubleuabat; Que tamen donaria non diu conſeruabat, ſed mox eciam contra prohibicionem ſororis donando diſtribuebat. Hic primo filiam Keyſtuti Ducis Lithwanorum & poſtremo Semouiti ducis Mazouie filiam primo mortuam habuit in vxorem. Educatus autem fuit per Dominum Kazimirum Regem Polonie awum ſuum a puericia ſua & in curiis Karoli Imperatoris Romanorum, Generi ſui & Loduici Regis Vngarie awunculi ſui aliquot annis fuit commoratus debilis corpore & licet inſtabilis & vehemens foret, tamen ſatis extitit animotus & ad queuis negocia de facili ſe trahi permittebat. Caſimirus Caſſubitarum & Dobrinienſis Dux moritur:

De Reſtitucione terre Ruſſie Domino Loduigo Regi Vngarie & Polonie per Wladislaum Naderſpam Ducem Oppolienſem.

Anno itaque prefato Inclitus princeps Wladislaus, filius Boleslai de Oppol, tocius Ruſſie Dux & Dominus pacis ſectator, eiusdem indefeſſus proſecutor, cernens, quod mobile dominium Ruſſie propter inſultus Lithwanorum pacifice teneri non poſſit, ipſum Domino Loduigo Regi Vngarie & Polonie pro terris & ducatibus videlizet Dobrinienſi, Gnelbonienſi & Bidgoſtienſi reſignauit, & eodem tempore utputa in feſto natiuitatis Chriſti poſſeſſionem ducatus Gnelbonienſis accepit, nam ducatus Dobrinienſis relicte ducis Kaſkonis in octo milibus marcarum fuit obligatus, de quo ducatu eidem domina cedere noluit, donec virum duceret & octo milia marcarum ſibi deinde ſoluerentur, &c. Ruſſia ad Poloniam redit:

De impoſicione byennalis Decime & ſubſidiis ſeptime partis reddituum pro Camera Apoſtolica.

Qualiter Wladislaus Dux Oppolienſis predictus ad gubernandum Regnum Polonie fuit datus.

Quia Domina Elizabeth Regina Vngarie & Polonie ſenior Illuſtris propter ſtragem Vngarorum in Cracouia commiſſam Regnum Polonie viſitare non curauit, ipſumque Regnum filio ſuo Domino Loduigo Vngarie & Polonie Regi iam tercio commiſerat gubernandum: Ipſe quoque Dominus Rex ſimiliter ad terras Polonorum venire recuſabat, aſſerens, ſe auram Polonie pati non poſſe. Idcirco Duci Wladislao ſepedicto Regnum Polonie eodem anno commiſerat gubernandum, de quo communitas pauperum fuit non modicum letabunda, quem cum proceres maioris Polonie, habita convencione, die Dominica Letare in ciuitate Gneznenſi ſuſcipere recuſarunt, & ad Dominum Regem & Reginam ſeniorem duos milites transmiſerunt, ſupplicantes, vt nullum ducem in prefectum eorum preficere deberet, de quo Dux prefatus ſatis male fuit contentus; promiſerat etenim Dominus Rex Polonis nullum ducem preficere eis in Capitaneatu & litteris ſuis firmauerat, prout & fecit ipſos ſuper eo in antea minime impetendo &c. Sequitur de Exaccione tributi in bonis Eccleſiarum:

De Exactione Tributi in bonis Eccleſiarum.

Eodem quoque anno Loduigus Vngarie Polonie & Dalmacie Rex per Capitaneos ſuos certi ſui tenoris litteras ad Dominum Archi-Epiſcopum Gneznenſem & Epiſcopos ſue prouincie monet & requirit, ipſis nichilominus precipiendo demandat vt non prohibeant neque ſe opponant, quum officiales & exactores tributorum Regalium tributum quoddam, quod Poradeue dicitur, in bonis Eccleſiaſticis per ſex groſſos de quolibet manſo & per menſuram auene & tres choras ſiliginis poſſint exigere ad horrea Regalia deputare minas apponendo, qui ſi exaccioni huiusmodi nollent voluntarie acquieſcere ipſis & Clero inuitis maius tributum, per Capitaneos & eorum miniſtros exigi deberet, Reuerendus pater vero Dominus Johannes ſancte Gneznenſis Eccleſie Archi-Epiſcopus Swehuoilk cum ſuo wenerabili Capitulo & quorundam Epiſcoporum nuncciis conſilio prehabito Johannem Archi-Diaconum & Dzirſtonem de Gibouo ſubdapiferum Kaliſienſem ad Sereniſſimum principem Dominum Wladislaum Boleslai quondam ducis Oppolienſis filium, Dobrinenſem, Gnewcovienſem, Welinenſem & Oppolie ducem magnificum verſus Welim deſtinarunt, ſupplicantes eidem, vt Capitaneos prohibere dignaretur, ne a Kmetonibus Eccleſie tributum impoſitum exigerent, ſeu rapinis pignorum eosdem propter non ſolucionem tributi aliqualiter moleſtarent, donec prefatus Archi-Epiſcopus & Epiſcopi prouincie ac Clerus vniuerſus ad Dominum Regem verſus Vngariam nuncios deſtinarent, ad petenduni vt Eccleſias in iuribus ſuis & priuilegiis dignaretur conſeruare, quod prefatus Dominus Dux, quem nuncii prefati in caſtro ſuo Crzepicze feria ſexta proxima ante dominicam Ramis palmarum inuenerant, gracioſe annuit, Capitaneos per ſui certi tenoris litteras prohibens, ne bona Eccleſiaſticarum perſonarum impedire ſeu in aliquo perturbare preſumant vsque ad feſtum beati Jacobi Apoſtoli anni predicti. Ipſo quoque die ibidem in Crzepicze caſtro ante dicto ſtrennuus miles Dominus Barthoſſius filius peregrini de Chatel Caſtrum Odolanow habens in diſtrictu Kaliſienſi ex liberalitate Loduici Regis Vngarie prefati, memorato Domino Wladislao duce hoc gracioſius ordinante ſibi gracioſe donatum de treugis pacis cum prefato Domino duce, cum quo in eodem anno diſcordauerat ac terram Domini ducis prefati circa Oleſnam oppidum ad predandum inuaſerat, ſpolia non modica tollendo in eadem nuncciis ſepedictis preſentibus mediantibus quibusdam militibus pertractauit, ordinateque fuerunt treuge prefate inter ducem & Barthoſſium prefatos & eis adherentes vsque ad diem ſancte Trinitatis; Taliter quod in feſto Penthecoſtes ſuper omnibus iniuriis dampnis & diſplicenciis vniuerſis in ciuitatem Kaliſienſem,

ſem, quilibet eorum compromittere in certos arbitros per quemlibet eorum protunc eligendos debebant, quod & fecerunt. Cauſa autem conuencionis Epiſcoporum in Kalis habende, de qua premiſſum fuit non ſolum pro expedicione nunciorum ad Curiam Romanam, que minor videbatur eſſe, ſed eciam pro miſſione legatorum verſus Vngariam ad Dominum Loduicum Regem predictum, ne in clero inuito tributa a bonis Eccleſie exigere mandaret, ſed pocius Eccleſiam Polonie circa priuilegia ſua & ſuorum anteceſſorum conſeruaret, ad quem ex eadem conuencione Dominus Fflorianus Epiſcopus Cracouienſis cum ſuo Dobrogoſtio Decano de Cracouia antedicto fuerunt per vniuerſitatem Cleri deſtinati. Quorum Rex magnificus viſa preſencia & Ceri prouincie Gneznenſis precibus placatus tributa exigere poſtpoſuit. De Exuſtione municipii Welcz ſequitur.

Incendium municipii VVelcz: Anno itaque prefato Sabbato in vigilia Paſche, quodam paſtore in Welcz panem piſtante Ignis de domo ſua inopinate proſiliit & totum illud municipium cum blancis & Eccleſiam totaliter exuſſit, ſolo caſtro duntaxat excepto quod in integritate illeſum permanſit, ſicque pauperes ciues loci illius propter gwerras, quas ſepius dicto municipio Pomerani Nobiles, qui dicuntur Borkowye, mouebant, frequentes inſultus contra eundem facientes reedificare domos ſuas minime preſumentes, in eodem ad diuerſa loca alia ſe tranſtulerunt. Dominus vero Domaratus Capitaneus Polonie congregato exercitu terras predictorum nobilium ſubintrans multa incendia villarum ac fortaliciorum ac depredaciones commiſit vicibus iteratis, &c.

De Expugnacione ſecundi municipii Czopla.

Incurſiones Svantoborii Ducis Stetinenſis: Demum anno predicto Swanthoborius Dux de antiqua Stetin cum Stargardentibus & aliis ciuibus multorum robuſtorum manu collecta cum equitibus & curribus ad Czoplem municipium veniens illud manu forti impugnauit, taliter quod ab hora terciarum vsque ad horam veſperorum illud expugnando impugnare non ceſſauit. Nam quia foſſata municipii predicti ſiccata fuerunt, ideirco ſicco pede & nullo prohibente illa numeroſa armatorum multitudo vsque ad portas municipii peruenit, portas ſecuribus & aliis inſtrumentis ſcindere & rumpere viriliter attemptantes, ſed homines municipii quamuis pauci qui fuerunt intrinſecus ſe pro viribus fortiter opponentes, ipſorum herede videlizet Johanne & Sandiuogio de Czarukowo Judice Poznanienſi ipſos ad repugnandum & reſiſtendum exhortante, predictos hoſtes tam potenter ictibus lapidum & emiſſionibus ſagittarum emittebant quod ſecedere cum non modica ſtrage & leſione ſuorum ſunt coacti, ſicque prefatus Dux grauem leſionem in ſuis conſpicatus treugas pacis vsque mane mediante Suliſſio de Wedel fieri ordinauit. Mane autem facto, cum treuge pacis expiraſſent, exercitum ſuum in duas partes diuidens villas in diſtrictu Czoplenſi conſiſtentes iuſſit exuri & abſceſſit, necem ſuorum doloroſe deplangens. Cauſa autem huius impugnacionis fuit hec: quod quidam Nobilis Sandiuogius de Wir Caſtellanus Bninenſis tempore quodam Kazimiro duci Stetinenſi fratri Germano Swanthoborii antedicti contra Ottonem Marchionem Brandenburgenſem auxilia prebuerat per ipſum inuitatus. Cui Sandiuogio Kazimirus Dux prenotatus propter feſtine mortis precipicium dampna habita & ſtipendia non reſarcierat. Que eciam Dux Swanthoborius fratri Kazimiro duci ſoluere protrahebat, vnde ex hoc Johannes Judex pretactus veluti pro paterno ſuo & precipue quia homines Ducis Swanthoborii cum aliis villam quandam Baloſerbe dictam inuaſerant, ipſam totaliter depredantes prefato Swanthoborio Duci guerrum mouerant, ipſius terras aſſiduis moleſties infeſtando. Qui dux de ſuorum potencia & multitudine confiſus & credens, prout eidem erat ſuggeſtum municipium Czoplenſe faciliter expugnare, quod expugnandum fuit egreſſus, quod ſe non attemprare maluiſſet. Nam multa dampna in equis & captiuis & plura in occiſis extitit perpeſſus. Poſt hoc tamen treugis pacis ordinatis prelibatis militibus tam pro dampnis quam pro debitis ſatisfecit.

De obitu inuictiſſimi principis Karoli Romanorum Imperatoris & Bohemie Regis.

Anno itaque eodem Karolus Imperator Romanorum & Bohemie Rex preclarus

Mors & Elogium CAROLI IV. IMP. ROM. & REGIS BOH.

in vigilia ſancti Andree Apoſtoli, tercia hora Noctis in Caſtro ſuo Pragenſi plenus bonis operibus feliciter in domino obdormiuit. Iſte Karolus habuit ſucceſſiue quatuor vxores. * Prima fuit filia Regis Francie, de qua procreauerat vnicam filiam, quam Loduigo Regi Vngarie moderno deſponſauerat in uxorem, que prole non habita migrauit ad *Chriſtum*. Secundo duxit filiam Ducis Bauarie vnicam patris ſui & cum datis pecuniis habuit terras & caſtra verſus Bauariam a metis Bohemie, que ſilua Bohemicalis nuncupatur, incipiendo a municipio, quod Bernow dicitur vsque in Sulczbach & de Sulczbach vsque ad Luphe prope Nuremborg incluſiue regno Bohemie terras & caſtra vniendo, de qua filiam procreauit, quam filio ducis Auſtrie in vxorem dedit, qua mortua iterum terciam, filiam Henrici Ducis Swidnicenſis poſt mortem eiusdem Ducis per Dominam Elizabeth Reginam Vngarie ſeniorem in Vngaria nutritam & per eandem ac eiusdem puelle patruum Boleslaum Ducem Swidnicenſem ſibi deſponſatam duxit in Vxorem, de qua genuit VVenceslaum nunc Romanorum & Bohemorum Regem, & Filiam, quam Duci Auſtrie iuniori dedit in vxorem. Iſta ſimiliter debitum nature ſoluens tranſiuit ad patres: Demum quartam Elizabeth filiam Boguslai Ducis Pomeranie, Caſſubie & Sterinenſis ac principis Rugianorum de Elizabeth filia Kazimiri Illuſtriſſimi Polonie Regis genitam & per eandem thoro maritali ſociatam ſibi copulauit, cum qua vixit XVII. annis & tres filios & vnam filiam ex ea procreauit. Ipſam quoque in Aquisgrani in Reginam Almanie, deinde in Medislano ac demum Rome in Imperatricem Anno Domini MCCCLXVIII. per Dominum Vrbanum ſancte memorie papam quintum fecit coronari. Et quia de iſto Karolo Imperatore & Rege cepit eſſe tractatus, videndum eſt, de qua ſtirpe proceſſit. Eſt enim quidam locus prope Ciuitatem Metenſem, in cuius loci ciuitas & Caſtrum Luczelborg appellatur; Qui Comitatus exiſtit, cuius loci Comes nomine Henricus vaccante Romanorum Imperio per mortem Albrici olim Ducis Auſtrie Imperatoris Romanorum per Electores Imperii propter ſtrennuitatem & morum eleganciam ad apicem Imperialem fuit ſublimatus. Qui Henricus Regnum Bohemie, quod de prouiſione Imperatorum extitit, filio ſuo Johanni filia VVenceslai ſecundi ex filia Przemislii Regis Polonie procreata in vxorem primitus copulata tam iure deuoluto quam racione vxoris donauit, ipſumque in Regem Bohemie coronare fecit, & ex tunc poſt mortem Henrici Imperatoris eiusdem, qui per monachum fratrem ordinis predicatorum Florenciam obſidens in calice fuit toxico interemptus & in Pyſana Ciuitate ſepultus, multa mala in Regno Bohemie fuerunt ſuſcitata. Nam res ita erat, quod Rex juvenis prefatus non tam animoſus quam doloſus Rynenſes & Swewos Bohemis preferebat & ex hoc & aliis grauaminibus Bohemi contra Regem concitati ipſum de Regno eiecerunt. Quod cernens Regina Bohemie relicta VVenceslai ſecundi quendam nobilem de Roſenberg in ſuum duxit conſortem, vt eius aduita preſidio iniurias ſue filie ac Regnicolarum forcius poſſit propulſare. Rex vero Johannes prefatus vxorem ſuam Reginam Bohemie iuniorem per ſentencias papales ad ſe in Luczeborg venire coëgit, quam licet Bohemi multo tempore Sentencias excommunicacionis & interdicti ſuſtinentes recedere de regno tamquam heredem & dominam non permiſiſſent, tamen poſtea Cleri fracti ſwaſionibus Reginam ad virum ſuum ire non ſine moleſtia & fletu indulſerunt. Que cum Almanorum comitatu iter eundem ad virum cepiſſet, & in Pilsnam peruenisſet Bohemi nimio dolore de receſſu ſue Domine contriſtati Almanos inſecuntur, quos vltra Pilsnam prope Thacho inſequentes Theutunicis fugatis cum domina ſua ad vrbem pragenſem alacres redierunt, malentes Sentencias excommunicacionis quaslibet & impugnaciones quaſuis pati, quam ſe herede ſuo priuari. Et tandem poſt multa tempora Johannes Rex prefatus ſub certis paccionibus iuramentorum appoſitis & litterarum munimine roboratis Almanis a ſe amotis & Bohemis ad ſua officia aſſumptis & ſibi fauoroſe reconciliatis Regnum Bohemie viceuerſa ſuſcepit. Non tamen doli machinamenta Bohemis inferre neglexit, fertur namque qualiter in quodam prato amœniſſimo fecit quendam circulum muro ſatis alto circumcingi & duas turres altas in portis ſibi ex oppoſito conſtrui & in altum ſublimare, proponens infra ambitum muri predicti torneamentorum ludos per nobiles regni Bohemie gracia exercitacionis & ſolacii exercere. Sed in turribus prefatis ordinaret Theutunicos armatos & multo plures torneamenta exercencium ſe velle locare, adhoc, vt cum nobiliores Regni infra moenia murorum intraſſent, illico armati de turribus omnes exiſtentes

ſtentes gladio necarent, quod Regina iuuenis vxor eiusdem preſenciens Bohemis nunciare feſtinauit. Primi itaque Bohemorum de tam grandi nequicia ſtupefacti congregacione prehabita muros prefatos cum turribus ad ſolum proſtrarunt, Regi fidem quam fecerant ſeruare reculantes, dictum ſequentes poëticum, qui dicit: Cur miſer te habeam in principem, cum tu me non habeas vt ſenatorem. Sicque Rex predictus de Regno Bohemie iterum in Luczeluorg ſeceſſit confuſus, iſte Rex tres filios habuit, quorum ſcilicet Karolo Morauie Marchionatum pro ſua porcione aſſignauerat, * alteri Comitatum Luczelborgenſem, qui pro tunc Ducatum Brabancie ex prouiſione Karoli fratris ſui prenominati eſt aſſecutus, ** tercio Karolus predictus poſt mortem patris Marchionatum Morauie dedit & ſuis filiis poſſidendum. Fuit namque Iohannes Rex prefatus valde ſtrennuus & liberalis ſed fallax & mendacium non ignorans. Hic per mendacia dolum & pecunias primo Glotsko municipium fortiſſimum in Slezie metis & Bohemie a fatuo Bolkone duce Slezie fratre Bernhardi Ducis Swidnizenſis & Domino Zambicienſi fuit aſſecutus, de quo multas depredaciones, moleſtias & ſpolia ducibus Slezie in terris eorundem Rex intulit & inferri aſſidue per ſuos non ceſſauit, in tantum, quod Boleslaum filium quondam Henrici Ducis Wratislauienſis pecunia & promiſſionibus corruptum induxit, vt fratri ſuo Henrico Duci Wratislauienſi tedia, plurima dampna & grauamina facere deberet. Qui Henricus oppreſſiones, quas a fratre crebris capiebat vicibus, ſuſtinere non valens Wladislao Regi Polonie Illuſtri Ducatum Wratislauienſem reſignauit. Sed Wladislaus ſuorum prauo conſilio circumventus, licet Wratislauiam ſuſcepiſſet, ipſam tamen prefato Henrico reddidit viceuerſa, qui Henricus ad Iohannem predictum Bohemie Regem ſe conuertens, ſibi Ducatum Wratislauienſem duos fratres germanos habens, Boleslaum Legnicenſem & Wladislaum Diaconum, titulo poſſeſſionis perpetuo priuauit, fratribus predictis tamquam demeritis & ſibi ingratis penitus obmiſſis. De morte Elizabeth Regine ſenioris Polonie & Vngarie matris Ludouici Regis Polonie.

ELIZABETH Senior Hungariae Regina moritur:

Anno itaque Domini MCCCLXXXI. in die beati Thome Archi-Epiſcopi Canturienſis, que fuit * XXI. dies menſis Decembris Domina Elizabeth filia Wladislai & ſoror Kazimiri premortui Regum Polonie, Regina Vngarie diem ſuum clauſit extremum. Tempore cuius multe depredaciones ſpolia & rapine in regno Polonie. Nam prelati Eccleſiarum in ſuis domibus commorantes tempore nocturno equis libris rebus latrocinaliter ſpoliabantur, mercatores & negociatores diuerſarum parcium Poloniam negociantes ſpoliabantur, iumenta nobilium indomita precipue in maiori Polonia furtiue extra terram per Latrones pellebantur, inter que eciam iumenta Eccleſie Gneznenſis, cum iumentis per Regem Kazimirum olim Regem Polonie in teſtamento legatis per fures Dobrogoſtii Arnoldi Vlrici fratrum de Drdzen ſubtracta verſus Marchiam ſunt depulſa & hinc inde diſtracta, propter quod Archi-Epiſcopus Gneznenſis eosdem fratres excommunicauit, & in locis Rogozno & Drdzen Eccleſiaſticum interdictum tulerat. Nemo eciam reſtitucionem hereditatum iniuſte ablatarum, vel negociorum grauium diſcuſſionem ab ipſa Domina Regina potuit habere. Nam ea, que differre voluit ad filium ſuum Dominum Loduicum Regem remiſit & Dominus Rex viceuerſa ad matrem remittebat. Sicque homines talibus dilacionibus attediati a monicionibus deſiſtebant, ſua negocia DEI ordinacioni committentes. Accuſancium dilacionibus occultis aurem ſuam faciliter acclinabat & credula eorum ſwaſionibus plurimis iuſtis & ſuo filio fideliſſimis mala inferebat, & ex hoc inter nobiles Regni Polonie odia & diſſenſiones fatis multum exuenerunt, que ſolius DEI clemencia in melius poterat commutare.

ceptata, de qua prepositura Johannes Archiepiscopus Gneznensis Pelcze de Gral owo suo procuratori & prefecto Vncowiensis castri eodem tempore prouiderat, cuius Pelcze filii & familiares eiusdem inuenientes quosdam homines eiusdem ducis Mazouie prefati in dote prepositure Lancicien sis predicte, ipsos plagis & verbis contumeliosis appositis equis & omnibus spoliaverunt, cum confusione dotem exire iubentes, pro quo facto tamen presumpto dux paulo ante mortem suam iussit mouere exercitum suum & terram Lowiczensem Archiepiscopalem inuadere, & castrum Lowicz impugnare, cuius exercitus veniens ad quandam villam Archiepiscopalem in eadem statione fecit ipsam totaliter desolando. Alius vero exercitus eiusdem Ducis villas prepositure Lancicien sis occupauit & tenuit vsque ad mortem prefati Domini Ducis occupatas. Ille dux in etate iuuenili magnis priuilegiis & libertatibus Ecclesias Gneznensem, Poznanien sem, & Plocensem decorauit, quas tamen libertates vsque ad mortem toto nisu infringere licet per indirectum conabatur, magnam tyrannidem contra Ecclesias quantum potuit exercendo, & obhoc aliquando Ecclesiastica interdicta per Episcopos in suis dominiis ponebantur, pacem tamen maximam cum Lithwanis tenuit, ita tamen, quod tempore regiminis sui Lithwani nulla dampna infra eius terminos visi sunt inferre. Sed in suos terrigenas erat maxime seuiens, maximas Collectas inauditas & fere importabiles tam a Nobilibus, quam popularibus frequenter exigendo, magnus expentor & largus fuerat & liberalis munerum alienigenis exhibitor. De vastacione Bonorum Ecclesiasticorum Episcopatus Wratislauien sis per Wenceslaum Regem Bohemie.

Bona Ecclesie VVratislauien sis VVENCESLAVS REX occupat:

Anno quoque eodem princeps magnificus Wenceslaus quartus Bohemie Rex veniens Wratislauiam quarta die post festum sancti Johannis Baptiste cogebat Clerum Wratislauien sem, vt diuina redimerent, ob sui aduentus reuerenciam. Sed quia facere recusarunt sceleus prophanacionis incurrere formidantes, ipse prouocatus sequenti nocte ciuitatem Wratislauien sem exiens, villas Capituli & Episcopi Wratislauien sis ac monachorum quorumlibet deuastauit, predam infinitam sequenti mane ad ciuitatem Wratislauien sem depellendo. Tanta enim preda fuit Wratislauiam conducta, quod ducente oues pro tribus mediantibus exhibebantur venales, Boues vero pro fertone. Bohemi vero non habentes emptores prede, predam huiusmodi versus Bohemiam pepulerunt. Rex autem prefatus Abbatem *sancte Marie* in arena, quia prophanare noluit, illo die Petri & Pauli Apostolorum mane captiuauit, & in pretorio Wratislauien si per octo dies & amplius captiuum seruari fecit. Sed frater Marcus Abbas S. Vincencii Regis predicti furiam mitigans dixit, se velle eciam infulatum celebrare, & illa nocte cum quibusdam fratribus clam fugam iniit & se in quibusdam locis Polonie occultauit. Similiter prelati & Canonici Wratislauien ses subito eodem die beati Petri & Pauli Apostolorum quidam pedestres, quidam in equis fugierunt, victualibus quibusuis & rebus suis in eorum domibus derelictis. Cernens autem Rex eorum constanciam pariter & timorem, mandauit Bohemis, vt tam monasteria, quam Curias Episcopi & Capituli occuparent, sicque factum est, quod Bohemi quidam ad sanctam Mariam, quidam ad sanctum Vincencium, quidam in Curia Episcopi & Canonicorum intrantes, omnia que rapuerunt, asportarunt, thesauros magnos in Clenodiis & pecuniis auri & argenti & vasis preciosis fractis seris eciam in locis occultatis transtulerunt, Rege prefato presente & partem thesaurorum tollente. Et hys non contentus Rex memoratus iussit omnes villas Capituli & monasteriorum ad suam obedienciam compelli, eas vero que suis prefectis obedienciam recusarent, omnibus bonis eorum spoliarent; Manserunt itaque Bohemi multo tempore in Curia Episcopi & Capituli & monasteriis & Allodiis circumquaque positis queque victu alia consummentes & pauperes more tyraunico plurimum opprimentes. Solus quoque Rex in monasteriis sancte Marie & sancti Vincentii, iussit sibi de bonis eorundem monasteriorum profugatis monachis conuiuia preparari. Sed non est miuium, quia awus suus Johannes de Lucebor; Rex Bohemie fere similem grauitatem verum tamen non tam crudelem contra Ecclesiam Wratislauien sem exercuisse memoratur. Nam cum castrum Milicz Capituli Wratislauien sis expugnasset & reddere tunc recusasset, Reuerendus

pater Nankerus olim Episcopus Wratislauiensis indutus Pontificalibus cum suis prelatis & Canonicis eundem Regem ad faciem excommunicauit & interdictum Ecclesiasticum in tota Dioceſi Wratislauiensi promulgauit. Et obhoc Rex prefatus Clerum que sue appellacioni adherere rennuit de ciuitate Wratislauiensi exire coegit, prout hec & alia de ipso superius sunt plenius descripta. Causa autem huius persecucionis presentis fuit hec: Quod quidam Vicarii Ecclesie maioris & sancte Crucis consueuerant cereuisiam Suidnicensem in domibus suis habere, ipsamque pro pecunia quibusuis propinare, quod Consulibus & communitati ciuium Wratislauiensium satis displicuit, & quia hoc prohibere non poterant, emiserunt edictum, quod ipsi Clero nullus cereuisiam adducere auderet, graui pena vallata in contrarium facientibus. Contingit autem tandem, quod ad festum Natiuitatis *Christi* Illustri principi H. filio Wenceslai Ducis Legnicensis Decano Wratislauiensi frater eiusdem Ropertus Dux Legnicensis aliquot vasa cereuisie eiusdem Wratislauiam destinauit, cuius vector cereuisie veniens ad Consules ipsos requisiuit ex parte Ducis modo dicti, ut sic dictam cereuisiam ad suum dominum deducere posset. Consules vero hoc consentire nolentes, sed eciam vectorem captiuarunt & receperunt, propter quod Capitulum Wratislauiense cum administratore suo Wenceslao duce Legnicensi Episcopo Lubnizensi interdicta in ipsa Ecclesia ciuitati Wratislauiensi posuerunt, post hoc se versus Nissan transferentes. Gracia autem sedande huiusmodi discordie Wratislauiam Rex prefatus veniens, pecit Capitulum Wratislauiense, vt in suo iocundo aduentu diuina celebrarent, promittens satisfaccionem plenissimam impendere in quantum ciues culpabiles inuenisset libertates Ecclesie infringentes. Et quia nisi satisfaccio precederet se facere non posse dixerunt, idcirco Rex furore succensus premissa non expauit attemptare, &c.

Causa huius Persecutionis?

De aduentu Palatinorum per Loduicum Regem Polonie & Vngarie pro iusticia facienda de iniuriis missorum.

Eodem quoque anno tercia die ante festum sancti Johannis Baptiste, venerunt Cuyauiam Nobiles viri Boleslaus Castellanus Cracouiensis, Sanduioguis de Subyno Palatinus Kalisiensis & Magister Johannes de Nadliczicze, Archi-Diaconus & Cancellarius Cracouiensis fingentes se habere auctoritatem a Domino Loduico Rege Polonie restituendi hereditates dudum iniuste ablatas ac querulantibus de Capitaneis iusticiam exhibere. Jusserunt in Crastino beati Johannis Baptiste in terminis generalibus in Brzesczе proclamari, vt omnes, qui hereditates sibi ablatas reppeterent, priuilegia coram ipsis & querelas offerrent, Priuilegiorum vero habitis copiis & querelis inerant feria sexta posthac proxima in Crusczuiciam in Strzeluam Sabbato, die dominico in Trzemeszuam, feria secunda in Maggliam, feria tercia in Gneznam & feria quinta Poznaniam intrarunt, ibique vsque ad feriam terciam permanserunt, ad quos tam viri Ecclesiastici quam Seculares iniuriam passi & restitucionem hereditatum ablatarum perquirentes confluebant, ipsosque vsque ad Kalis secuti vsque in crastinum sancte Margarethe sequebantur, qui tandem pro sua excusacione astruebant, Zauissium Episcopum Cracouiensem ad festum sancti Jacobi Apostoli debere venire, sine quo restitucio hereditatum ac ceterorum negociorum dispositio fuisset ipsis per litteras Regis totaliter interdicta. Sicque omnes, qui de restitucione hereditatum ac iniuriarum refaccione Juridica spem habebant, se delusos concernentes ad propria male contenti euacuatis marsubiis redierunt. Illi autem Terras gyrantes hinc inde graues expensas facientes primo post festum sancti Jacobi Cracouiam redierunt.

De Expedicione contra Barthossium in Odolonow.

Sicque conuencionibus in die sanctorum Prothii & Jacincti marturum in diuersis villis Ecclesiarum & precipue Gneznensis & Lubnizensis habitis & magnis dampnis & depredacionibus seu depopulacionibus factis & illatis venerunt in villam Scarbimiczcicze prepositure Gneznensis, ibique stantes fecerant quandam concordiam amicabilem cum eodem Barthossio milite strennuo taliter, videlicet, quod quatuor milites ex vtraque parte electi Castrum Odolanow & omnes hereditates predicti Domini Barthossii in Regno Polonie consistentes taxare debeant per Dominum Regem Polonie & Vngarie dicto Domino Barthossio persoluendum decem

meram defraudari, propter quod ipsum Carceribus condempnatum, vt premissum est, in vincula coniecit & carcerali Custodie deputauit.

De Consensu Johannis Archi-Episcopi Gneznensis & Poznanienſis Episcoporum ad ſolucionem tributi Poradlue.

Item transacto modico tempore eiusdem anni Dominus Domoratus Capitaneus Polonie a Rege rediens induxit Dominum Johannem Archi-Episcopum Gneznensem patruum suum, vt eciam irrequisito Capitulo suo & paulo ante sepius reclamante Ecclesie bona ad soluendum duos grossos de quolibet manso Regis nomine Tributi admittens solui precepit, & litteras sigillatas suo sigillo roboratas submissionis concessit, a priuilegiis Ecclesie in lesionem Conscienciе inconsulte recedens, solum eiusdem Capituli promocionem plus quam commodum & vtilitatem Ecclesie prospiceret, & prospicere intendens. Submissioni autem predicte Lauissa Episcopus Cracouiensis & Nicolaus Poznanienſis principaliter operam dederunt, litteras Regias tollendo & suas concedendo, quos obhoc diuina vlcio vt verius creditur subito plaga mortis ferire erudeliter non obmisit, prout infra patebit.

De Tributo Regi in bonis Ecclesiasticis competente Discepatio.

De Morte Lauissii Episcopi Cracouiensis.

Anno Domini millesimo tricentesimo octuagesimo secundo: XII. mensis Januarii Zauissa filius Dobeslai Episcopus Cracouiensis plenus malis operibus & virtutibus omnibus penitus exutus debitum humane nature exsoluit; & quia sagax humanitas gesta bonorum scripture testimonio memorie commendare adiuuet, adhoc, vt eorum commendabilis virtutum gloria eis laudem tribuat, & ceteris imitandi eorum exemplaria prebeatur, malorumque gesta similiter necessario memorie hominum commendantur, vt boni actus eorum pernicioſos vitent, & reprobi a prauis operibus ignominioso ridiculo confusi desistant, proinde vitam detestabilem Episcopi prefati & conuersacionem culpabilem & Nicolai de Curnik eius consortis duxi describendam. Iste enim Episcopus primo per Dominum Podzautham Episcopum Cracouiensem contra quendam impetrantem Dominum Johannem de Busko qui Archi-Diaconatum Cracouiensem acceperat & eius possessionem ceperat per Dominum Podzautham Episcopum predictum & per amicos suos fuit intrusus, coactusque dictus Dominus Johannes Duska per Dobeslaum patrem eiusdem Episcopi & suos consanguineos dicto Archidiaconatui cessit, & demum morto felicissimo Rege Kazimiro de quo paulo superius premittitur, prefatus Zauissa cum Nicolao Curnik predicto quedam mendacia falsissima confingentes de statu prospero & duci Elizabeth Regine seniori Vngarie matri Ludouici Regis multum grato & accepto Jankonis cuiusdam Archi-Diaconi Gneznensis Vicecancellarii olim Regis Kazimiri premortui malicioſe inuidentes ipsum Archi-Diaconum & Vicecancellarium Regni prefate Domine Regine accusarunt. Que Domina Regina licet audiuisset eos, & cum delectacione accepit, ipsis tamen pro tunc fidem non adhibuit, sed prefati Vicecancellarii dicta & testimonia audiens ipsum iustificauit de premissis, quod cernentes delatores prefati & sibi in officio & seruiciis succedere ambicioſe anhelantes Dobeslaum Palatinum patrem Zauissii predicti & quosdam suos consanguineos & affines induxerunt in tantum seducentes, quod contra prefatum Vicecancellarium conspirare non expauerunt. Qua conspiracione per ipsos facta institerunt Domine Regine instanciis opportunis multa praua & falsa de dicto Vicecancellario suggerentes se & eorum seruicia ad vota Domine Regine exhibentes, importune petentes, vt ipsum ab officio Vicecancellariatus Regni Polonie amoueret, & de predicto officio Vicecancellariatus Zauissio prouideret. Quorum importunitatem dicta Regina vitare non valens sigillum suum prefato Zauissio tradidit, ipsi vices Cancellarie sue committendo, de quo facto tam Nobiles quam Ciuitatenses prelati Ecclesiarum nec non Communitates & nonnulli principes Terrarum multum dolentes & Domino Archi-Diacono veluti iusto caritatiue condolentes, cum aliquando de prefato Domino Archi-Diacono coram ipsa Domina Regina memoriam facientes laudabilium operum testimonia ferebant, & quod ab officio sine culpa fuisset amotus. Ista aiebat, quod ipsum ab officio suo minime amouisset, sed tantum sigillum suum Zauissio tradidisset. Cernentes autem Zauissius & Nicolaus de Curnik affectum Terrigenarum, & instancias, quas Domino Loduigo Regi Vngarie & Domine Regine prefate frequenter pro ipso Archi-Diacono faciebant, attraxerunt quosdam Vngaros Regine pre ceteris acceptos muneribus & promissis, vt ipsi iterum de nouo eundem Archi-Diaconum Domine Regine nouis delacionibus mendaciter per ipsos ad inuentis per ipsos deferrent.

Mors & Vituperium Zauissii Episcopi Cracouiensis.

qua ratione ad Episcopatum peruenerit:

ferrent. Quorum dictis Regina nimium credula prefatum Archidiaconum ipsum pro tunc in Curia Reuerendissimi in *Christo* patris Domini Johannis Archi-Episcopi Gneznensis in Vncow manentem per predictum Zauissium & Janussium de Castro Salomonis militem suggestores prefatos arrestare fecit, asserens ipsum multas pecunias & Clenodia de Thesauro Regio post mortem ipsius furtiue asportasse. Archi-Diaconus vero predictus contra consilium & voluntatem Domini Archi-Episcopi memorati cum prefatis emulis suis de sua iusticia multum presummens & vt suam innocenciam ostenderet ad Curiam prefate Domine Regine versus Cracouiam festiue properauit. Ad cuius Curiam cum venisset, ipsa iuxta consilium eorundem & Nicolai de Curnik ipsum altera die in Myechouia circa prandium ad mensam cum quibusdam viris Nobilibus sedentem per quendam Spitkonem Curie sue captiuari fecit. Sed ibidem eisdem Nobilibus pro ipso promittentibus cum eisdem permansit, & eodem vespere quosdam ex suis familiaribus similiter captiuari fecit & separatim detineri, ad inquirendum de asportacione Thesauri. Altera autem die facto prandio ipsum versus Cracouiam destinari fecit & in Castro Cracouiensi captiuum detineri, miseratque nunccios ad Dominum Fflorianum Episcopum Cracouiensem petens & volens vt predictum Archi-Diaconum ad perpetuos Carceres deputaret. Qui indignatus respondit, ipsum iustum hominem esse & falsè delatum indebite detineri, nec se de ipso quoad suum malum aliqualiter intromitti velle, cum sibi de ipsius innocencia bene constaret. Sicque Domina Regina prefata considerans, se per prefatos suggestores esse deceptam, & rem iniustam attemptasse, dixit nimium indignata suggestoribus predictis, vt se contra ipsum parati facerent si vellent, alioquin ipsum dimittere iuberet. Ipsi autem iterum ad Dominum Fflorianum Episcopum Cracouiensem & ad suum officialem recursum habuerunt, vt contra ipsum per modum inquisicionis procederet, quod Dominus Episcopus recusauit, dicens ipse de suo foro non esse, nec infamatum de re super qua deberet fieri inquisicio, propter quod Domina Regina ipsum a captiuitate relaxare iussit ad examen Archi-Episcopi Gneznensis cum suis delatoribus dimittendum remittendo. Sicque anxietatum suspiriis suos emulos prementibus ipse cum honore dimittitur & honorifice per Nobiles & proceres Regni, qui pro tunc Cracouie in festo sancti Stanislai in autumpno conuenerant, presentatur, ibique nouem diebus iocunde peractis ad Curiam Domini Archi-Episcopi predicti in Vncow remeauit. A quo citacionem recipiens omnes in genere & in specie ipsum super delacione huiusmodi falsa accusare volentes per edictum in nonnullis Ecclesiis publice citare procurauit. Sed licet veniente termino Nicolaus de Curnik adinuentor mendacii predicti Zneynam veniens comparuisset, petens nomine Domine Regine prefate contra ipsum per inquisicionem procedi, tamen dicto Archi-Diacono replicante, quod contra ipsum inquisicio fieri non deberet, ex eo quod super huiusmodi re non fuisset infamatus super qua fieri deberet inquisicio, & si qua infamia esset de ipso, illam a predicto Nicolao suo inimico ortam fuisse asserebat, offerens se cum eodem Nicolao velle inscribere ad penam talionis, si accusacioni ipsius insistere vellet, qui tamen recusauit. Idcirco Dominus Archi-Episcopus equitate Archi-Diaconi pensata ipsum ad instanciam tam Domine Regine quam eiusdem Nicolai absoluit & aliorum quorumcunque superne predicta deferencium. Archi-Diaconus vero predictus volens innocenciam suam lucidius declarare cum debita instancia peciit, vt se Canonicis purgare posset. Ad quam purgacionem eciam contra voluntatem Archi-Episcopi faciendam per trine Citacionis edictum omnes impungnare eandem volentes fecit euocare, & in tercio termino metlexta manu prelatorum Ecclesiasticorum de termino sibi imposito se canonice purgauit, videlicet per venerabiles viros A b c d e. Super qua purgacione canonica memorati litteras Domini Archi-Episcopi per Jarandum Notarium publicum Curie sue cum narracione facti tocius sigillo suo communitis cum recepisset versus Curiam Romanam ire proponens & delatoribus suis causam iniuriarum mouere intendens, ipsi videlicet Nicolaus de Curnik, Zauissa & Janussius delatores memorati hoc comperto Dominam Reginam prefatam suis & suorum complicum instanciis & prauis suggestionibus in tantum seduxerunt, ipsam stabilem & firmam ad malum Archidiaconi predicti erigentes. Quod prefata Domina Regina eciam omnibus proceribus Regni Polonie reclamantibus eundem Archidiaconum de regno bannire fecit, ipsum tam bonis paternis quam Ecclesiasticis spoliare iubendo. Hoc enim ad hunc finem delatores prefati fieri procurarunt, vt molestatus a redditibus a prosecucione in Curia Romana mouenda cessaret. Sed voluntas Domine Regine & delatorum eo iussa non fuerunt adimpleta. Nam Archidiaco-

diaconus predictus de DEI proteccione & sua iusticia totaliter confidens & ipsius Regine metum minime formidans de regno nullatenus exire voluit, sed motus quorundam procerum consiliis vt ipsius Regine furiam facilius per ipsos placare posset, versus Wratislauiam se transtulit, vbi aliquamdiu commoratus versus Pragam iuit & de Praga venit Lubus vbi ipsum Reuerendus pater Dominus Petrus Episcopus Lubucensis caritatiue suscepit & affectuose per sex septimanas & vltra pertractauit. Posthoc ad propria rediit & vsque ad mortem eiusdem Regine in beneficiis suis DEO seruiens permansit, ipsius Regine indignacionem minime aduertens sentenciis excommunicacionis ipsam involuendo. Ipse vero fingens se Collectorem sedis Apostolice Episcopum viceuersa excommunicatum nunciari mandabat, & interdictum propter quasdam rapinas in Ciuitate Cracouiensi prolatum violauit. Nicolaus de Curnik vero predictus prepositurам sancte Marie in ciuitate Cracouiensi pro tunc habens fuit deputatus Collector per Dominum Fflorianum Episcopum Cracouiensem ad colligendam quandam procuracionem biennalem per Dominum Gregorium papam vndecimum pro necessitatibus suis supportandam impositam. Qua procuracione in diocesi Cracouiensi recollecta ipsam consumpsit & in vsus suos conuertit in parte maiori & minima cuius summa ad decem milia florenorum se extendit vt creditur. Et cum racionem Episcopo facere debuisset, quittaciones Clero per Episcopum factas negauit, propter quod inter ipsum & Episcopum lis & contencio non modice fuerunt exorte, ita quod Episcopus ipsum captiuare querebat, cuius indignacionem metuens Poloniam aufugit, ibique aliquo tempore permansit. Et quamuis ad Romanam Curiam ad prosequendas Appellaciones suas processerat, tamen audita morte piissimi patris Domini Iohannis Episcopi Poznanensis, Poznaniam processit ibique Troyano preposito & quibusdam aliis Canonicis minime requisitis administratorem sibi ad placitum ordinauit, volens absque aliorum velle in Episcopum eligi eciam per duas aut tres voces, aliorum eleccionem minime aduertendo. Et cum in Crastino sepulture defuncti Episcopi Sede vaccante ad eleccionem processissent, cernentes quidam qui occulte partem suam tenebant, vt puta Andreas de Choynicza Archidiaconus & Damianus de Lancz molendinator Cancellarius Poznanensis, quod maior pars Troyanum in Episcopum eligere cupiebat, finxerunt se dolo venenoso intermixto eciam fouere partem Troyani prepositi mitissimi viri in tantum quod Andreas Archidiaconus cum P. Archidiacono Gneznensi fuisset tamquam senior de Capitulo quem vellet eligere requisitus, respondit prepositum eligere velle, cui Archidiaconus Gneznensis dixit; si tibi hoc sit cordi certifices me, & ne me decipias, quia & ego prepositum eligere propono. Ille autem cum iuramento promittebat, quod in eligendo preposito ipsum decipere nollet, dicens, quod ex quo tu ipsum eligere proponis & ego ipsum tibi eligere promitto & manum meam fidei tibi trado. Post sermonem vero Cancellarius prefatus assurgens inter medios fratres deceptiue ipsos allocutus est, dicens: Reuerendissimi Domini: Ecce videmus Reuerendum virum inter nos Dominum Troyanum prepositum nostrum, supplicemus sibi vt onus pastorale vaccantis Ecclesie nostre suscipere dignaretur. Et cum omnes fere subito assensissent, Nicolaus de Curnik reclamauit quamvis indignatus existendo, asserens hoc voluntatis sue non esse. Sicque Archidiaconum Gneznensem qui eum ceteris sequacibus prius prepositum eligere proponebat peciit procedi per formam compromissi, elegit Archidiaconum & Cancellarium predictos estimans in eis fidem quam fecerunt inuenire, nec non Iohannem Custodem Poznanensem, Kelczonem Scolasticum Gneznensem. Nicolaus vero de Curnik iuxta quinque predictis fratrem suum Albertum de Bandlow Archidiaconum Cirnensem & Michaelem de Messcowo Canonicos Poznanienses. Sicque septem descenderunt ad Dominum Iohannem Custodem Poznanensem pro tunc in pedibus infirmantem, qui & ipse prepositi partem tenebat. Idemque prepositus tamquam vir prudens & litteratus & conscientie bone vna cum Archidiacono & Scolastico Gneznensi nominauerunt Troyanum prepositum. Andreas vero Archidiaconus & Damianus Cancellarius DEI timore & rubore postpositis adheserunt Alberto & Michaëli predictis qui partem Nicolai de Curnik fouebant, & nominarunt Nicolaum de Curnik in Episcopum & Pastorem, sicque tali captiositate & dolo vir sceleratissimus & omni immundicia plenus, qui nullis pollebat virtutibus, sed sola sciencia eminebat, quam semper ad peyus conuertere solebat de vero falsum & de falso verum faciendo pro viribus laborabat, in Episcopum Poznanensem permissione diuina pocius quam eleccione canonica fuit assumptus, completumque tunc fuit dictum beati Gregorii dicentis super illud Osee: Ffecerunt sibi Regem & non per me principem

Nicolaus de Kurnick eligitur Episcopus Poznanienſis.

& non cognoui, vbi dicit: Ex se namque & non ex arbitrio summi Rectoris regnant, qui nequaquam diuinitus vocati sed sua cupidine accensi culmen regiminis rapuerunt pocius quam assecuntur, quos tamen internus iudex & prouehit & cognoscit, quia quos permittendo tollerat profecto per iudicium reprobacionis ignorat. Hic licet apud Regem Loduicum Polonie & Vngarie impedimenta & reclamatoria Archiepiscopi Gneznensis & Episcopi Poznanienſis habuisset, nichilominus tamen in promocione profecit, de cuius promocione papa Gregorius vndecimus imposterum asseritur nimium doluisse. Nam veniens de Curia ad propria semper litibus & discordiis vsque ad mortem cum Iohanne Archiepiscopo Gneznensi & Floriano Episcopo Cracouiensi insudabat, Semouitum ducem Mazouie & filios eius contra Archiepiscopum & Ecclesiam Gneznensem ac Dobeslaum Plocensem & suam Ecclesiam excitabat, consilia prebens contra libertates Ecclesie quas tam apud Regem quam apud principes Polonie infringere pro viribus anhelabat & primus bona Ecclesie Poznanienſis vna cum Zauissa Episcopo Cracouiensi predicto tributis annuis subdiderunt, litteras eorum concedendo & a priuilegiis & libertatibus olim per pyos principes concessis penitus recedentes. Dissensiones quoque inter Nobiles Polonie & populares plurimas faciebat, ex quibus Ecclesie Poznanienſis bona incendiis dampna infinita sustinuerunt, que multis futuris temporibus ad statum pristinum minime potuerunt restaurari. Et quid plura de vicijs eiusdem & factis nephariis nimium esset narrare, vt puta quod in nullo vicio defuerunt. Et sicut duobus membris illicita inverecunde perpetrabat, ita in eisdem fuit vsque ad mortem miserabiliter vlcione diuina punitus vt infra patebit. Nam partim tactus fornicatorum & precipue defloraciones virginum non vitabat, ideo morbo cancri fuit tactus, & quia pronus & loquax in proleccione illicitorum extitit, idcirco in lingua in gutture vlceraciones fuit passus in tantum prout dicitur, quod ante mortem suam vix loqui aut potum deglutire potuit, & os claudere poterat & post mortem aperto ore permansit, tam diu languit vt ideo melius penitere poterat, latus quoque eius dextrum per scissuras penitus dicitur fuisse ruptum, & sic XVIII. die mensis Marcii de hoc seculo migrauit. Iste Episcopus impudicus pocius quam Reuerendus Curiam sollempnem in Czaffini & in sitn optimo situatam per suos predecessores fundatam & constructam vineis & pomeriis & aquarum decursibus sollempniter decoratam in alium locum fetidum pene contra hominum omnium consilium transferre ceperat, in qua prout DEO placuit, vitam finiuit, domum tamen in Glowno muro in parte reparauit, quam suus predecessor ceperat reformare, Ecclesiam quoque Poznanienſem que suo tempore corruit reedificare & ciuitatem suam Slupzam murare inchoauit. Episcopalia autem bona que multum informata & ditata repperit e contra totaliter depaupérata reliquit. Zauissius quoque postquam Ianussius Suchiwilk Decanus Ecclesie Cracouiensis & Cancellarius Regni Polonie in Archiepiscopum Gneznensem fuisset promotus, Cancellariam Cracouiensem patris & amicorum iuuamine mediante assecutus, in tantam presumpcionem fuit electus, quod Curiam Domine Regine senioris assidue sequens neminem negocia sua nisi per Episcopum expedire permittebat penes eandem. Quem, vt dicitur, ipsa sepissime arguebat de factis instabilibus, que in Curia eadem exercebat. Quem licet eadem Regina de Curia sua euadere cupiebat, tamen quia quasdam litteras per filium suum Dominum Loduicum Regem Vngarie & Polonie Regnicolis Polonie datas rehabere affectabat, idcirco ipsum tolerauit, eciam ad maiorem gradum promouere promittens ad finem ut ipsius patris & amicorum suorum consilio & assensu easdem litteras facilius infringere posset. Dederat namque Rex prefatus tempore Kazimiri Regis premortui litteras Regnicolis Polonie super libertatibus diuersis ita quod nullas talias exaciones seu tributa ab hominibus Ecclesiasticis seu Nobilium aliqualiter exigeret seu imponere posset, & presertim cautum fuit litteris in eisdem, quod Regnicole Regni tantum Loduico Regi prefato & filio suo si ipsum haberet fuerunt obligati, & quia filio caruit & filias procreauerat, idcirco laborabat litteras priores infringere & contractum nouum super omagio filie primogenite a Regnicolis prestando & tributo exigendo exhibendo. Et vt premissa ad finem deduceret iuxta votum prefato Zavissio cum patre & suis proprinquis instante prefatus Dominus Rex cum sua genitrice super primo Episcoparum quem vacare in Polonia contingeret, sibi donando litteras eorum appensis sigillis communitas concessit. Aliis vero proceribus Regni pecunias iuxta magnificenciam Regiam fuit elargitus. Tempore enim istius Domini Regis mos iste pessimus & iuri Canonico contrarius inoleuit quod Clericus ambicio-

Tributa duorum groſſorum bona quoque predialia de quolibet manſo ſubmittentes, ac primogenite Regine omagium facientes, ſolo Clero tocius prouincie reclamante & penitus conſentire nolente. Poſt mortem itaque filie primogenite Domini Loduici Regis, iterum Dominus Rex conuocacione in Coszicze facta & habita peciit a proceribus Regni Polonie filie ſue ſecundo nate homagium preſtari ipſamque in Reginam Polonie aſſummi. Sed cum maiores natu de magna Polonia vna cum Ianuſſio Archiepiſcopo Gneznenſi id facere noluiſſent, Cracouitis precipue Ianuſſii patre Palatino & ſuis conſanguineis conſencientibus Dominus Rex fecit portas ciuitatis claudi. set susceptus eidem Nicolaus Strosberg prepositus Gneznensis assedisset, ipse Episcopus inter prolaciones ceteras, quas frequenter, prout sue consuetudinis fuerat, iactanter protulit dicens: Ecce Domine Preposite nos qui fuimus vltimi viuente Kazimiro Rege Polonie in Curia eiusdem nutriti, sumus primi & magni. Nam Dominus Zauissius quem Dominus Rex pro nichilo reputabat iam magnus Episcopus Ecclesie Cracouiensis est effectus, de quo nulli debet regraciari nisi DEO & michi, & Ego Episcopus Poznanienſis tu vero prepositus magne Ecclesie Gneznensis similiter sumus effecti, & vnde hoc? Hec mutacio dextere Excelsi. Conuersus Archidiaconus Gneznensis ad quosdam dixit: Non est mutacio dextre Excelsi sed diaboli. Contigit autem mirabile, quod illa nocte febris Episcopum quassauit, & vt premissum est inuasit. Et Nicolaus Strosberg statim post hoc eundo versus Byser in curru appenso collisus stapulam sinistram dislocauit & eadem via fuit captus & in carceribus satis diu trucidatus. Ille autem Episcopus fuit multum litigiosus, garrulus & magnus potator, crudelis & impius & libidinose lubricitatis sectator, litiumque & discordiarum seminator, ita quod in quocunque loco manebat semper lites & discordias non tantum solus faciebat, sed eciam inter alios iurgia & dissensiones seminando excitabat; Dicebat enim nunquam se esse quieto animo quando operam litibus non dabat, quibus vsque ad finem vite sue pro viribus insistebat, letum animum ex hoc faciendo. Sepultus est autem in Ecclesia Poznanienſi die XXI. mensis predicti. Quo mortuo & sepulto Canonici Ecclesie Poznanienſis per viam compromissi ad eleccionem futuri Pontificis conuenientes, elegerunt venerabilem virum Dominum Nicolaum Scolasticum Ecclesie Poznanienſis XXIX. die mensis eiusdem. Cuius eleccionem Reuerendus pater Dominus Johannes Archiepiscopus Gneznensis secunda die mensis Aprilis in Zneyna iam in lecto egritudinis constitutus feria quarta proxima ante festum pasche confirmauit administracionem sibi temporalium & spiritualium committendo Episcopatus predicti. Qui possessionem Episcopatus adeptus ad petendum a Domino nostro Papa sacram versus Curiam Romanam processit.

De Morte Johannis Archi-Episcopi Gneznensis.

Iste Johannes venerabilis pater prius vocabatur Januſſius Suchiwilk de domo Grzymalitarum nacione Sandomirienſis de quo superius premissum est, primo fuit ex prouisione Jaroslai Archi-Episcopi Gneznensis prepositus Gneznensis, post hoc vacanta Decanatu Cracouiensi per mortem Domini Sbischkonis Cancellarii eciam Cracouiensis Curie Regalis quamuis Dominus Bodzantha Episcopus Cracouiensis Ottoni Lissonicz de dicto Decanatu prouidisset, tamen dictus Otto arratus per Regem Kazimirum Polonie pro prepositura Gneznensi cum Januſſio Suchiwilk predicto commutauit. Sic Januſſius Suchiwilk Decanus & Cancellarius Cracouiensis effectus & de supremo consilio ipsius Regis existens, qui eciam pro sapienciori inter proceres Polonie tunc habebatur, & Regem Kazimirum predictum suis consiliis regere videbatur, sed promotus in Archi-Episcopum nulla discrecionis prudencia vtebatur. Nam irasci non desinebat, stabilitatis quoque constanciam penitus abiciens, instabilitatem vagabundam pudore abiecto in dictis & factis sectabatur. Sepissime etenim conuocato Capitulo quod cum fratribus suis mutuo consilio tractatu & diligenter diffiniendo stabiliuit se firmum pro Ecclesia siue iurium defensione ac aliorum negociorum diuersorum seruandorum promittendo, mox suis fratribus ab ipso de suo Capitulo recedentibus & aliquo Laicorum sibi de contrario susurrante statim mutabatur, quedam in lesionem Ecclesie reuocando, a qua instabilitate frequenter licet per aliquos de suo Capitulo fuisset caritatiua monicione correptus, diceretque se penitere de commisso & amplius facere nolle, hoc tamen minime impleuit, & tandem senciens destitui viribus & carnalitatis ductus amore nepotibus suis & propinquis fere omnes prouentus Ecclesie sue conuerterat eciam in morte & post cupiens, vt bona per ipsum derelicta retinerent, amotis, omnibus Castrorum Ecclesie prefectibus & procuratoribus ipsa eisdem Nepotibus suis gubernanda commisit, nullam sui in bono memoriam relinquendo, preter quod Ecclesiam Gneznensem cooperuit & restitudinem fecit in corpore Ecclesie ipsius & extremitatem vnam, & nonaginta sexagenas ad perficiendum tecturam & restitudinem, quas imperfecte relinquerat Ecclesie predicte dimisit. Cruatum eciam vnum sollempnem pro Ecclesia ipsa Gneznensi comparauit, Clerum valde exosum habuit & Laycis semper in quibus poterat complacere studebat, presbiteros frequenter incarcerabat, ribaldos & nequam appellando. Joannes Suchiwilk Archi-Episc. Gneznensis moritur an. 1382. 5. April.

crepuſculum V. die menſis Aprilis Zneyne in Curia Archi-Epiſcopali, cuius theſaurum & alia omnia derelicta ac Curie ſupellectilem totalem Nepotes ſui totaliter ſuſtulerunt, nichil penitus relinquentes. Sepultus eſt autem Gnezne feria quarta poſt hoc proxima in Choro maioris Eccleſie ſub lapide in Flandria per ipſum ad pompam precioſe comparato. Cuius anima ſi DEO placet requieſcat in pace. Hic autem in vita ſua Clerum Eccleſie & Dioceſis ſue diuerſis affligebat preſſuris tallias & rapinas enormes ſuſtinendo in nullo defenſabat, Eccleſiamque ſuam Gneznenſem in graui tribulacione reliquit. Nam in craſtino paſche Semouitus Semouiti filius Dux Mazouie cuius pater Semouitus ſepius cum dicto Archi-Epiſcopo diſcordabat audita morte Domini Archi-Epiſcopi predicti Caſtrum Lowicz feria tercia proxima paſche circumuallauit, ad quem Capitulum Gneznenſe venerabilem patrem Dominum Andream Epiſcopum Ceretenſem Suffraganeum ad requirendum ex qua cauſa dictum Caſtrum impugnaret & eum petendum vt ab eo recederet, deſtinauit, per quem reſpondit, ſe propter duo Caſtrum obſediſſe predictum, aſſerens ſe vaccante ſede vsque ad futuri pontificis eleccionem ad tenendum dictum Caſtrum Lowicz & quod Dzirczo Caſtellanus Gneznenſis quem ſuum nunccium dicebat Caſtrum predictum gubernaret, quod Caſtrum ſi quiſpiam ex Capitulo tenuiſſet ipſum impugnare voluiſſet, & tandem eleccione de venerabili, viro Domino Dobrogoſtio Decretorum Doctore Decano Cracouienſi & Cantore Gneznenſi XVI. die menſis Aprilis in Eccleſia Gneznenſi per Capitulum canonice facta venerabiles viros Dominos Bronislaum Cancellarium Gneznenſem & Baguslaum Scolaſticum Lancicienſem & Canonicum Gneznenſem ac ſtrennuos milites Sandiuogium de Kazimirz & Johannem de Czarukow iudicem Poznanienſem Caſtellanum Naklenſem & Gzeponem de Grodziſsko ad prefatum ducem in obſidione Caſtri morantem iterum Capitulum Gneznenſe cum electo predicto deſtinarunt, quibus prefatus Dux obtemperatus ſub certis tamen paccionibus dampnis plurimis in diſtrictu Louicenſi enormiter illatis a Caſtro receſſit, ſic tamen quod dictum Caſtrum per aliquem Canonicum regeretur, quod eciam ex commiſſione Capituli Baguslaus Scholaſticus predictus ad gubernandum recepit, Caſtellano Gneznenſi ipſum Caſtrum reſignante. Pro dampnis autem & remuneracionibus Caſtrenſibus qui in obſidione remanſerant & viriliter exercitui ducis reſiſtebant, fere ducente marce groſſorum ſunt diſtribute, ex quibus duo fuerunt interfecti. Duci vero quidam ſuus dilectus ſeruitor & Nobilis nomine Widzcza fortis viribus per Caſtrenſes & plures alii ſimiliter fuerant interfecti, de quo dux prefatus & totus exercitus plurimum dolebant. Prefati vero milites Judex Poznanienſis & Caſtellanus Naklenſis cum Petro de Zneyna Canonico Gneznenſi Caſtro prefato rehabito vlterius verſus Vngariam ad preſentandum eleccionem Domini Dobrogoſtii & ad petendum conſenſum eiusdem ad Dominum Regem Polonie & Vngarie profecti fuerunt. Quos Dominus Rex ad preſenciam ſuam usque ad tercium diem admittere recuſauit. Quibus tandem ad preſenciam ſui admiſſis & eorum legacionibus auditis in electum conſentire noluit, dicens ſe eleccionem ipſius pocius impedire quampromouere, miſitque ſtatim litteras per diuerſos Dominos terrarum, petens quosdam & quibusdam precipiens, vt electos Gneznenſem & Poznanienſem predictos cum ad eorum terras deſcenderent, detinere & arreſtare deberent. Et quamuis huius Domini Regis contraria voluntas & eiſdem electis valde nociua ipſis Wratislauie exiſtentibus fuiſſet intimata, ipſi tamen de DEI miſericordia & ſuorum amicorum potencia plurimum confidentes verſus Romanam vrbem iter ceperunt. Sed poſtquam Terniſium peruenissent ibi electus Poznanienſis per poteſtatem ciuitatis predicte fuit arreſtatus & electus Poznanienſis & aliis in Comitatu eorum exiſtentibus abire volentibus libere dimiſſis, & hoc ideo quia Wladislaus Dux Oppolie Welinie & Cuyauie, qui pro filio Boleslai Ducis Oppolie fratris ſui prepoſito ſancti Martini de Spiſſet iuuenculo in ſtudio Bononienſi conſtituto litteras Domini Regis atque ſuas ad Dominum papam, vt ſibi de Eccleſia Poznanienſi prouideret, deſtinauerat, Dominum Regem predictum aſſeruit, ſe peciiſſe vt electus Poznanienſis libere verſus Romanam curiam absque arreſta proficiſci deberet, ne dicto Domino Duci amici ipſius electi aſcriberent, ipſum huiusmodi arreſtacionem ordinaſſe vsque ad finem vt ipſo in arreſta exiſtente filium fratris ſui facilius in Epiſcopum Dominus papa promoueret. Et proch dolor pactis populi & Cleri tocius prouincie Gneznenſis, vt verius eſtimatur, exigentibus extitit fere factum. Nam electo Gneznenſi Taruiſie in arreſtacione manente & electo Poznanienſi nondum ad Curiam Romanam perueniente, Dominus papa ad preces eorum videlicet Regis & Ducis predictorum Bodzauthe procuratori Regis in Cracouienſi & Sandomirienſi

rienſi terris de Archi-Epiſcopatu Gneznenſi & filio Boleslai Ducis predicti de Epiſcopatu Poznanienſi predicto nona die menſis Junii in diſſenſum gentis Polonice & in malum ſtatum ac deſolacionem Regni, niſi DEUS aliter ordinaret, feſtine prouidit. Ex qua Cleri prouiſione mala que impoſterum euenire formidantur, per poſteros ſcribi poterit ſi placebit. Aliud quoque quod eciam ſub ſilencio pretermitti non debet. Ipſo Archi-Epiſcopo moriente ipſo forte ſic volente & diſponente Eccleſie multum dampnoſum accidit, quia Petrus Caſtrum Vncow & Nicolaus frater eius Caſtrum Oppatow Czechoni fratris Archi-Epiſcopi premortui, quibus Archi-Epiſcopus patruus eorum Caſtra predicta ante mortem ſuam ſine Capituli ſcitu ad tenendum dederat, ipſa caſtra quamuis poſt mortem ipſius Archi-Epiſcopi fide preſtita promiſerant, reddere recuſarunt, multa dampna & iniurias inferentes pauperibus Eccleſie in diſtrictibus eorundem caſtrorum conſiſtentibus, propter quam occupacionem & inuaſionem Johannes Archi-Diaconus & Bronislaus Cancellarius adminiſtratores in ſpiritualibus & temporalibus Archi-Epiſcopatus predicti ipſos excommunicatos publice vigore ſtatutorum prouincialium denunciari fecerunt, Eccleſiaſtica interdicta in locis occupatis ſeruari mandantes, prefatumque Dominum Bronislaum Cancellarium & Johannem de Trlang Archi-Diaconum Cruſchuicienſem ad Dominum Regem verſus Vngariam cum querelis contra occupatores prefatos ad excuſandum ipſum electum ipſorum ac ſeipſos a quibusdam accuſacionibus, in quibus per quosdam ipſorum emulos ipſi Domino Regi fuerant falſe delati, Capitulum Gneznenſe deſtinauit. Relatum namque fuit coram Domino Rege & dictis aſſertiue firmatum, quod Dobrogoſtius adhoc vt eligeretur Semouitus Dux Mazouie a Caſtro dicebant eum receſſiſſe gaudio repletum & hoc ideo quia moriente Rege, ipſe vt Archi-Epiſcopus ducem eundem in Regem Polonie coronare deberet, ſwaſumque fuit Domino Regi vt prefatum electum videlicet Dobrogoſtium ne Romam veniret impedimentis in via afficeret. Sicque fecit eum in Taruiſio detinere iubendo, nil tamen de rebus ſuis ſiue comitiue ſue ſibi fecit aufferre, qui tandem poſt aliquot ſeptimanas captiuitatem ſeu arreſtam euadens ad feſtum aſſumpcionis Beate Marie Virginis Lowicz Caſtrum intrauit, eſtimans quod Capitulum ipſum in Caſtro iuxta prouiſum manere permitteret. Sed cum coactus fuiſſet de Caſtro exire & Capitulum nec alique perſone de Capitulo ad ipſum venire voluiſſent, venit tandem Gneznam & peciit a Capitulo, vt ſibi pro conſeruacione Caſtrum Lowicz ſeu Camen fuiſſet aſſignatum. Sed obtinere nequiuit, quia rem impoſſibilem affectabat. Nota itaque quod a prima die menſis Decembris proxime precedentis vsque ad quintam diem menſis Aprilis quatuor Sedes Epiſcopales per mortem pontificum vacauerunt videlizet Gneznenſis, Poznanienſis, Cracouienſis & Plocenſis, & Wratislauienſis iam in ſeptimum annum vaccauit, &c.

De Strage Ducum Lithwanorum inter ſe facta.

Anno itaque eodem videlicet MCCCLXXXII. Jagelko filius olim Holgerdi, maior princeps Lithwanorum qui ante annum & citra per Kyeſtutum patruum ſuum cum matre fuerat captiuatus & in quodam Caſtro albe Ruſſie Poloczk dicto vinculis mancipatus circa feſtum Pentecoſtes captiuitatem euadens cepit Caſtrum cum fauore procerum Lithwanie Wilno dictum & mox Caſtro eodem capto miſit ad Windricum magiſtrum ordinis Theutunicorum de Pruſſia, affectans ſubſidium contra patruum ſuum preberi. Qui magiſter ſtatim miſſo exercitu cum prefato principe Lithwanorum obſedit Caſtrum principale Troky dictum, in quo prefati Keyſtutanis totus theſaurus & omnis glorie eius apparatus reconditus ſeruabatur. Hunc itaque absque leſione gentis ſue, Caſtrenſibus timore ductis ipſum eisdem preſentantibus ceperunt, omni theſauro ſupellectili ſublatis Caſtrum predictum cremauerunt. Quibus recedentibus Keyſtud prefatus congregato exercitu circumuallauit valuam Caſtri expungnare proponens, quod cum Skerdenko frater Jagelkons magni principis prefati cum ſuo exercitu licet paruo exercitui Keyſtutonis appropinquaſſet & Keyſtud vexillum ſuum erectum vidiſſet, mox fugere cepit. Cuius exercitum Skerdenko fugientem inſecutus tantam multitudinem ex ipſis proſtrauit, quod nunquam tanta ſtrages in populo Lithwanico dicitur fuiſſe commiſſa. Kyerſtud ſic ad quoddam fortalicium confugit, quem ex eodem magnus dux princeps memoratus expungnauit, & in vincula cum filio iecit, qui poſt modicum tempus ſeipſum in prefatis vinculis dicitur iugulaſſe. Sicque gloria ipſius & ſtrennuitas in Chriſtianos ſeuiens crudeliſſime propter ambicionem in nichilum eſt redacta. Et gloria tota domus eius & filiorum eius cecidit in fauillam, duobus filijs dun-

De prouiſione Eccleſie Wratislauienſis.

Eodem quoque anno die menſis - - - Dominus papa Vrbanus VI. Nobili viro Wladislao fratri Ducis Legnicenſis Epiſcopo Lubucenſi de Epiſcopatu Wratislauienſi qui iam ſeptem annis vaccauerat ad poſtulacionem ſeu ſupplicacionem Capituli Wratislauienſis concordem gracioſe prouidit, ipſum de Lubucenſi Eccleſia ad Eccleſiam Wratislauienſem transferendo, propter quod Wenceslaus Rex Bohemie indignatus, quia ipſo inuito & contradicente fuerat ſibi de dicto Epiſcopatu prouiſum, ipſum admittere noluit, ſibi ciuitates & Caſtra ne aſſignarentur eidem prohibendo. Et licet aliqui Canonici de Capitulo Wratislauienſi Regi predicto adheſiſſent & ab ipſa prouiſione appellaſſent Regi adherentes, tamen maior pars Capituli & ſenior tam prohibiciones Regias quem appellaciones confratrum ſuorum friuolas minime aduertentes Epiſcopo ſuo prefato ciuitates & Caſtra Epiſcopalia preſentarunt, durauitque diſplicencia huiusmodi inter Regem & Epiſcopum prefatos per aliquod tempus, donec cum dampno Eccleſie Wratislauienſis fuit ſedata. Conceſſerat enim Capitulum Wratislauienſe Karolo Imperatori Romanorum quinque milia marcarum patri dicti Wenceslai, de quibus ipſum Regem Epiſcopus antedictus ſolutum dimiſit, omnia dampna alias Eccleſie per ipſum Regem illata eidem dimittendo, & adhuc certas ſummas pecuniarum in paratis ipſi Regi aſſignando. Translato itaque Epiſcopo Dominus Apoſtolicus cuidam Canonico Lubucenſi de Epiſcopatu eodem Lubucenſi prouidit & de Decanatu Wratislauienſi germano Ducis Legnicenſis & Epiſcopi Wratislauienſis predictorum prouidit &c.

VVenceslaus Dux Sileſiae Lignicenſis eligitur Epiſcopus VVratislauienſis:

De Morte Loduici Vngarie & Polonie Regis.

Poſt modicam igitur reuolucionem huius anni Loduicus Polonie & Vngarie Rex omnes Capitaneos Regni Polonie ad ſui preſenciam euocauit, ipſis terminum in Zolyn Curia ſue venacionis prefigendo. Qui cum ad ſui preſenciam veniſſent, iuſſit eisdem vt Sigismundo genero ſuo omagium fidelitatis preſtarent, quod & fecerunt, ipſumque cum eisdem Capitaneis & Bodzautha Archiepiſcopo Gneznenſi ad capiendum poſſeſſionem Ciuitatum & Caſtrorum & ad expugnandum Caſtrum Barthoſſii Odolanow deſtinauit. Qui Marchio puer XIIII. annorum exiſtens congregato exercitu Polonorum primo Koſmin Ciuitate & Caſtro expugnatis Caſtrum Odolanow ſtatim poſt feſtum Marie obſedit, prius duobus fortaliciis videlicet Nabiſſzice & Coſmineez ſimiliter expugnatis. Ipſis autem in obſidione Caſtri moram facientibus, Loduicus Rex prefatus die XIIII. menſis Septembris feliciter in Domino obdormiuit, cuius morte idem Marchio & ſui Conſiliarii videlicet Archiepiſcopus & Sandiuogius Cracouienſis & Domaratus Polonie Capitanei veraciter intellecta & antequam fuiſſet diuulgata fecerunt pactum cum Barthoſſio ſepius nominato certos arbitros in partem vtramque eligentes, qui tam Caſtrum Odolanow quam villas eidem adiacentes taxare deberent ad certam pecunie ſummam dicto Barthoſſio perſoluendam. Quanta autem dampna per exercitum & Barthoſſium ſunt & fuerunt illata, eſtimari non poſſunt & preſertim in bonis ſeu villis bonorum Eccleſiaſticorum ac dampnorum finis non eſt inferendorum, quamdiu Caſtrum predictum ad poſſeſſionem Regiam non redibat. Huius tamen Regis tempore nulla ſtabilitas, nulla iuſticia in Regno Polonie habebatur. Nam per Capitaneos & Burgrauios ipſorum rapine continue in bonis pauperum fiebant, & cum aliqui bonis ſuis obligatis verſus Vngariam iuiſſent Regi querelas deponentes Rex ipſos cum litteris ſuis pro quibus magnas pecunias in Cancellaria dare cogebantur ad propria remittebat. Sed ipſas Capitanei minime aduertentes, ipſos vt in antea maioribus grauaminibus affligebant, depredacionesque mercatorum in ſtratis publicis & aliorum tranſeuncium & furta committebantur inceſſanter. Nec Capitanei rapinas ſeu furta cohibebant ſeu cohibere volebant, ſed tantum propriis comodis & vtilitatibus inhiabant. Poſt mortem vero eiusdem Caſtra fortiſſima in Ruſſia per Kazimirum felicis

Diſcordia inter SIGISMVNDVM Marchionem & Poloniae Proceres:

Poſtquam autem exercitus Polonorum a Caſtro Odolanow vna cum Marchione diuertiſſet ad propria remeando, marchio prefatus a Ciuitatenſibus & Opidanis fidelitatis omagia ſibi fieri poſtulauit, cui quamuis Ciuitatum & opidanorum Conſules homagium preſtitiſſent, Nobiles tamen maioris Polonie ipſo Marchione in Poznania exiſtente, homagium preſtare recuſarunt. Nam vnanimiter de Ciuitate exeuntes ad Eccleſiam Cathedralem, miſerunt ad prefatum Marchionem in Poznaniam, vt Domaratum Capitaneum Polonie a capitaneatu remoueret, quem propter diuerſas oppreſſiones & iniurias pauperum, quas faceret, nullatenus pro Capitaneo habere volebant. Ipſum vero Marchionem cum Maria coniuge eiusdem dummodo inter ipſos manere vellet, pro Domino eorum & Rege minime habere recuſabant. Qui Marchio dum eorum voluntati condeſcendere noluiſſet, ſed Domaratum in Capitaneatu Polonie conſeruare velle dixiſſet, ipſi Nobiles conſenſu mutuo ab ea diſceſſerunt.

De Receptione Bodzanthe Archi-Epiſcopi Gneznenſis.

Eodem quoque tempore videlicet in Craſtino ſancti Mathei Apoſtoli & Euangeliſte Badzautha Archiepiſcopus veniens Gneznam fuit per Capitulum & Clerum Gneznenſem receptus, vbi duobus diebus moram faciens iuit verſus Zneynam. Sed Dominico die videlicet ipſo die ſancti Wenceslai Marchione prefato Gneznam veniente Dominus Bodzantha Archiepiſcopus preueniens ipſum cum Clero & plebe & vexillis reuerenter ſuſcepit & in Eccleſiam Gneznenſem introduxit, & tandem in craſtino exequiis Domino Loduigo Regi mortuo in eadem Eccleſia celebratis, prefatus marchio ſuper amocione Domarathi iterum negatiua data Polonis, ſequenti die verſus Cuyauiam Domino Archiepiſcopo, Domaratho & Sandiuogio de Subino Palatino Kaliſienſi ipſum comitantibus proceſſit. Qui cum facere recuſaſſet, minas de quibusdam de Conſilio apponendo, ipſi congregacione in Miloslauia & colloquio prehabitis ad primates Cracouitarum nunccios miſerunt, cum quibus convencionem generalem omnium terrarum Regni Polonie in Radomske ſuper ſtatu communi pertractando ipſo die ſancte Catharine proximo nunc ſequenti celebrare ſtatuerunt &c.

De Inuaſione Caſtri Kalis per Barthoſſium.

Hys itaque peractis Dominus Barthoſſius antedictus veniens de Mazouia cum Mazouitis gentibus Semouiti Ducis Mazouie proponens Caſtrum capere Kaliſienſe & in nocte de feria ſexta ſuper ſabbatum in vigilia ſancti Thome Apoſtoli appoſitis ſcalis aliqui ex ſuis murum aſcendebant & quidam artifex portam, que verſus molendinum de Caſtro predicto habetur terebello perforauerat. Cuius porte hoſtium ſicut prefertur pluribus vicibus & locis perforatum cum ſarra ſarrabat, volens in hoſtio porte facere intrandum foramen. Sed quia prout DEO placuit, luna illa nocte lucidiſſime ſplendebat, vnde dictus Barthoſſius occaſum lune vt vmbram ſub Caſtro habere potuiſſet, expectabat, & cum in porte fraccione, ſicut premiſſum eſt, cum ſarra laborare cepiſſet, piſtor Caſtri cum ſecuri ad ſeccandum ligna pro piſtandis panibus illic caſu tranſiens, audiuit ſonitum ſarre & caute illud accedens vidit ſarram & hanc trahi per manum artificis laborantis, leuataque ſecuri ſarram predictam accuruauit. Quam cum artifex trahere non potuiſſet, dixit ad conſtantes: Neſcio quid contigit ſarre, non poſſum iam trahere. Illi autem dicebant: Feſtina in laborando, quia dieſcit. Quod audiens piſtor predictus clamare cepit: Hoſtes, hoſtes. Ad cuius clamorem Caſtrenſes excitati ad arma concurrunt hoſtibus repungnare cupientes, attamen nullum ex hoſtibus propter feſtinum receſſum eorum ledere valuerunt. Eadem itaque die prefatus Barthoſſius de Zlota cernens quod caſtrum Kaliſienſe habere non poſſet alias municiones animum ſuum conuertens Koſmynecz municionem ſuam in Chotecz Domum quam Rex Kazimirus premortuus murare inceperat de blancis muniuit & hominibus ibidem poſitis per pontem ſuper Przosnam fluuium per ipſum conſtructum pro tunc tranſiens iuit in Cozmyn Caſtrum & ciuitatem recuperare proponens. Sed cum proficere non poſſet propter defenſionem hominum armatorum, quos Domaratus in Koſmin predicto pro defenſione eiusdem poſuerat, feceſſit ad quoddam fortalicium, quod Parsk nominatur cuiusdam Michalkonis Thomaſſii de Oſtroweczno heredis, in cuius expungnacione per octo dies & citra fuerat commoratus. Iſte enim Michalka Domarato adherebat, & ob hoc per Barthoſſium fuerat impungnatus, donec reſiſtere non valens Domaratum dereliquit & Terrigenis adheſit.

Barthoſſius Caſtrum Caliſſienſe fruſtra tentat, dolum praeſentiente Piſtore:

quos tamen absque alimento vberum oportebat mori. Alii autem terrigene tempore nocturno depredaciones multas committebant, & sic nemo dampna & rapinas huiusmodi poterat euitare. Nam qui terrigenis adherebant per Grzimalitas & eorum complices ex castris superius nominatis depredabantur. Illi vero qui Domarato apponebant per Naklenses molestabantur. Ceteri per furta & rapinas nocturnales desolabantur. Depredaciones quoque in stratis publicis publice committebantur. Accidit autem die nona mensis Februarii in crastino Inuocauit, quod quidam mercatores de diuersis partibus venientes de Thorun, & cum de Gnezna mane feria secunda die predicta exiuissent, Poznaniam transeuntes, quidam nequam Johannes Galanska congregacione facta ipsos circa villam Wosinkii in strata publica inuasit, qui se sibi opponentes viriliter repugnabant. Sed quia de quinque curribus, quas secum habebant, stricto circuitu se munierant, idcirco liberam resistenciam habere non poterant. Actamen duos raptores, quorum vnus cognominabatur Zalarala occiderunt. Duo quoque mercatores rerum corporumque suorum strennui similiter per raptores fuerunt interfecti, & apud fratres minores in Zneyna sepulti. Quibus sic nepharie deuictis equis eorum & pecuniis quas capere poterant eciam rebus receptis fugam inierunt, & hoc ideo quia Kmetones de Wosnykii in subsidium mercatoribus venire conspexerunt. Octaua autem die post hoc in Crastino Reminiscere quidam raptores de Labischino & Pacosez & aliunde congregacione facta quosdam currus de diuersis ciuitatibus Polonie circa Powicz inuaserunt, ipsos depredare cupientes. Quibus in primo congressu raptores aliquos equos violenter abstraxerunt, sed mercatores viribus resumptis in secundo congressu raptoribus viriliter resistentes eorum plures letaliter vulnerarunt, & filium Boguslai de Pylatowo protinus occiderunt Caballumque suum XXX. marcas valentem & alios quindecim multo suis meliores retinuerunt & ad propria letantes redierunt &c.

Status Polonie miserimus:

De Conflictu inter Domaratum & Terrigenas habito.

Elapsis itaque paucis diebus Domaratus Capitaneus sepe dictus veniens cum Pomoranis, Cassubitis & Saxonibus primo Wronky opidum & villas plurimas in circuitu eiusdem opidi deuastauit. Et deinde transiens terram fortiter deuastando venit ad quoddam predium S. Castellani Naklensis, quod Pyothrconicze volgariter dicitur prope Samotuli opidum Castellani eiusdem in quo predio suas fixit staciones prefatum opidum totaliter deuastando. Cuius aduentus S. Castellanum & Terrigenas minime latebat. Nam Sandiuogius intelligens congregacionem & hostilem inuasionem Domarati predicti, miserat occulte versus Kalis & Pyser pro Dominis Barthossio de Odolanow & - - - - - - Castellano Srzemensi vt festine sibi in auxilium venirent, secreciori tamen modo quam possent. Qui sabbato ante Reminiscere Poznaniam venientes eadem nocte subito bene cum CCC. lanceis pungnaturi contra prefatum Domaratum processerunt, & quamuis circa medium noctis Domaratho fuisset nunciatum, quod hostes sui prefati appropinquarent, ipsum in staciones suis invadere cupientes, ipse tamen B. & Sremensis Castellani aduentum ignorans non credebat, sciens Swidwam adeo non fuisse potentem quod ipsum inuadere presumpsisset, sed mane Dominico die Reminiscere que fuit XV. mensis Februarii exploratores Domarati reuenientes ad staciones narrarunt Domaratho hostes accelerare ad pungnam. Sicque in ortu diei fere medietas Domarati exercitus propter acceleracionem pungne arma induere non valens ita inermes cum parte armatorum hostibus prope staciones suas nocturnales occurrerunt, ibique congressi fortiter inuicem pungnarunt. Sed Pomorani & Saxones inermes mox post congressum terga vertentes fugierunt. Quos Castellanus Naklensis cum suis vltra VVronek duo miliaria insecutus est plurimos ex ipsis captiuauit. Saniori autem discrecione vsus fuisset si in loco certaminis cum Barthossio tamquam victor permansisset. Sed DEUS hunc honorem sibi propter inuasiones & rapinas, quas in bonis Ecclesie comiserat, ut premissum est, dare procul dubio denegauit, ymmo eodem die ipsum & suos graui iactura, ne tumor superbie ipsius alcius excresceat, pudorose concussit. Alii autem Terrigene ipsum Domaratum & suos homines per agros confuse dispersos animose debellantes plurimos ex ipsis captiuarunt, ipsorum equis receptis & armis exutis aliquot cumulos ad instar moncium ex ipsis armis comportatis congesserunt. Nondum VVirzbautha de Smogulecz cum centum lanceis & quingentis pedestribus apropinquauerat ad pungnam vt puta qui circa Obrzisko vltra fluuium VVartham pernoctauerat, nil penitus de prelii euentu suspicatus. In hoc autem prelio quidam nobilis adolescens nomine Troyanus Thamislai de Golancza olim Judicis Kalisiensis filius omnium virtu-

tum donis mirabiliter insignitus cecidit letaliter vulneratus & feria tercia proxima in die Mathie Apostoli in Poznania debitum nature exsoluit. Grzimko eciam de Czemno vir nobilis & bonus & plures alii tam nobiles quam plebei proch dolor fuerunt occisi in bello eodem.

De secundo Conflictu inter eosdem facto.

Postquam autem rumor belli ad Wirzbautam de Smogulecz & ad suos peruenisset, illico mouens castra sui exercitus ad locum certaminis properauit. Ad quem veniens terrigenas quos ibidem nondum captos repperit, captiuauit, & non solum equos & arma eorum sustulit, sed eciam equos & arma Domarati per terrigenas primitus captiuatos obtinuit & in loco certaminis tamquam victor honorifice permansit. Ad quem Domaratus frater suus Mhroczko iam capti & armis exuti cum aliis gentibus suis tam captis quam per agros passim dispersis confluxerunt, & de victoria huiuscemodi exhilarati vires animose resumentes reditum hostium suorum qui Saxones insequebantur in loco prelii expectabant. Et quamuis Castellano Naklensi fuisset nunciatum a cede aduersariorum redeunti, quod Wirzbautha cum Domarato in loco prelii expectarent eius aduentum, ipse tamen estimans se potenciam Domarati totaliter prostrauisse, apropinquabat ad eosdem. Snd cum prope apropinquans ipsorum exercitum conspexit, & se longe viribus disparem sensisset, territus & corde tabefactus fugam iniit, mallens fuge vti presidio licet confuse quam exercicio insistere belli. In cuius fuga multas terrigenas per exercitum Domarati & Wirzbaute prostrauit & eciam captiuauit. Et tandem Sandiuogius Castellanus Naklensis ad quoddam fortalicium Derskonis Grochole Castellani Santhocensis nomine Ostrorog vix cum paucis aufugit se in eodem hostibus suis opponere proponens; In cuius fortalicii predio siue villa Nobiles multi & diciores de Polonia qui ad fortalicium pertingere nequiuerant, quasi inermes & in illo se hostibus opponentes fuerant captiuati ibidem in Ostrorog partem diei predicti residuam in expungnacione fortalicii predicti ad quod Swidwa predictus cum suis confuse fugerat deducentes & nocte eadem usque mane. Mane vero facto alterius diei fere per totam diem fortalicium impungnabant memoratum. Sed expungnare tam subito non valentes & aduentum terrigenarum, quos in Poznania fore estimabant, formidantes sequenti nocte opidum Obornikin triumphum victorie reportantes leti ac hilares intrarunt, de quo opido exercitus Domarati a feria tercia, que fuit Dies XVII. mensis Februarii vsque ad octauam diem mensis Marcii depredaciones incendia & rapinas assidue hostiliter comittebant; totam terram inter Poznaniam, Duk, Wronky ac fluuium Warthe deuastantes. Similiter & alii auxiliatores Domini Domarati de Castris & fortaliciis superius expressatis desolacioni tocius terre Polonie fortiter insistebant, ipsam ad nichilum per suas depredaciones, quas frequenter faciebant, redigere conantes. In conflictu autem prehabito vterque exercitus vnius Domini acclamacione vtebatur. Nam terrigene nomine Marie filie Loduici Regis premortui & vxoris Sigismundi Marchionis Brandenburgensis acclamabant. Que ergo causa huiuscemodi pungne extitit, cum vnum dominum omnes colebant & eius nomine pungnabant, & videtur quod nulla alia vt in veritate consistit, nisi raucor pungnancium ab olim conceptus & zelus odii & invidie ad litigandum confortans. Ex his itaque quidam terrigenarum Domaratum pro Capitaneo habere nolebant, & hoc ideo, quia Eleccionem Dobrogostii in Archi-Episcopum Gneznensem & Nicolaum in Episcopum Poznanienſem de quibus premissum est, astruebant, Domaratum invidie zelo insecisse & obhoc plus quam propter iniurias quas ipsum dicebant crebre terrigenis fecisse, ipsum pro Capitaneo habere nolebant, & ipse eorum voluntati in hoc propter pudorem acquiescere noluit, propter quod solum terra Polonie irrecuperabili fere desolacioni proch dolor visa est subiacere.

In quo Colloquio Epiſcopus & Vngari memorati Regnicolas Polonie ab omnibus promiſſionibus & fidei paccionibus, quas Marie filie Regis predicte fecerant, abſolutos penitus eiusdem Marie & ſui mariti dimiſerunt, promittentes quod Regina Elizabeth Regis mortui filiam iuniorem, iam alias Leopoldo Duci Auſtrie deſponſatam ad ipſos Poloniam poſt nunc inſtans feſtum Paſcha deſtinaret in Reginam Polonie coronandam. Quomodo Caſtrum Kaliſienſe Terrigenis fuerat preſentatum.

De Conuencione autem Syradienſi predicta prima die menſis Marcii in Dominica Letare venientes Spithco Cracouienſis, Sandiuogius Kaliſienſis Palatini Nicolaus de Boguria Caſtellanus Zanichoſtenſis & Crzeczslaus Szekoczskii in Kalis cum litteris Regine predicte ordinarunt cum Caſtrenſibus, qui per Terrigenas obſidebantur in Caſtro Kaliſienſi predicto, quorum Caſtrum eisdem Dominis nomine Regine redderent. Similiter de omnibus Caſtris & Ciuitatibus Polonie prefati Palatini & eorum conſortes ſe intromittere volebant, ſed Terrigene ipſos ad hoc nullatenus admiſerunt. Et tandem poſt aliquam diſſenſionem hinc inde habitam vtraque pars Johanni Kaliſienſi Caſtellano Caſtrum Kaliſienſe & Ciuitatem & terram gubernandam committentes. Palatini vero predicti verſus Vngariam ad Reginam feſtine proceſſerunt, Nicolaum Zauichoſtum & Crzeczslaum verſus Poznaniam ad faciendum treugas pacis inter Domaratum Capitaneum ſepe dictum & Terrigenas deſtinarunt, qui Dominica die Judica VIII. menſis predicti in Starczinow villa Capitanei Poznanienſis & Radzin fluuio intermedio vsque ad feſtum ſancti Johannis baptiſte anni preſentis ſub certis paccionibus treugas pacis ordinarunt, Domino Domarato Caſtrum Poznanienſe & non ciuitatem & cetera Caſtra Regalia ac opida & municipia nichilominus retinente. Gaudeat igitur infelix invidie condicio, que Domaratum a Capitaneatu eiicere cupiens deſolacionem Terre more aſpidis cum ſua iactura nequiter parturiuit. Nec mirum ſi in laqueum, quem aliis odioſe tetenderant, ſoli inciderunt.

Concordia inter Polonos ſancita:

De Strage inter Grodziſzcze & Keplowo facta.

Interim itaque die Veneris VI. menſis predicti A. & M. fratres heredes de Plaſzcowo, quibus Domaratus ſepedictus Caſtrum Kyeblow pro ipſorum conſeruacione ac gubernacione tenendum commiſerat, Congregacione cum Caſtrenſibus de Dzbanczin facta, quasdam villas circa Grodziſzcze depredandas ſunt aggreſſi. Quibus depredatis cum redirent ad propria habitatores Grodziſzenſes cum Kmetonibus circum vicinis ipſos inſecuti, omnem predam quam ceperant hoſtibus in fugam conuerſis abſtulerunt; De cuius prede erepcione non contenti hoſtes inſequebantur, ipſos proſtrare cupientes. Sed hoſtes cernentes ſe in arto poſitos, ſubito nunccios ad Caſtra predicta deſtinarunt auxilium Caſtrenſium poſtulantes. Quibus Caſtrenſes feſtine in auxilium properauerunt. Quorum aduentum habitatores Grodziſcenſes cum vidiſſent, mox in fugam fuerunt conuerſi. Quos hoſtes inſecuti inhumaniter multos ex ipſis fugientibus proſtrauerunt, ſic quod vltra quam centum ſexaginta occiderunt, exceptis captiuis & vulneratis, quorum plurimi poſt breue tempus vitam ex vulneribus finiuerunt.

De Expugnacione Caſtri Dragyczin.

Eodem quoque tempore Lithwanorum principes cum magno exercitu venientes Caſtrum Draghyczin, quod paulo ante Duces Mazouie ſub ipſis acquiſierant, circumuallarunt obſidione firmantes. De Colloquio in Syradia per Terrigenas facto.

Adueniente quoque sabbato in albis XXVIII. die mensis Marcii conuenerunt regni proceres in Syradia super responsione a Regina Vngarie, ut premissum est, habenda & eidem viceuersa danda. In quo Colloquio multi proceres Regni sperabant tunc Semouitum Ducem Mazouie in Regem Polonie prout affectabat communiter assumendum. Sed cum Dominus Bodzautha Archiepiscopus Gneznensis in Ecclesia Syradiensi astante nobilium multitudine voce sonorosa requisisset, an Semouitum ducem, Regem Polonie habere affectarent, & multi astantes clamantes clamassent, volumus, volumus & petimus, vt per vos Dominum Archiepiscopum in Regem Polonie coronaretur, subito quidam nobilis Jaschco de Tanczin, Castellanus Woynicienſis filius Andree olim Palatini Cracouiensis de Thanczin facto silencio dixit: O Nobiles & fratres, non decet nos sic ad Eleccionem accelerare festine, debiti enim sumus fidelitatis promissa Heduigi Loduici Vngarie Regis filie tenere. Idcirco si ad festum Pentecostes proximum adducetur, nobiscum quoque cum suo viro manere voluit & regnare ut domina; prestolemur eius aduentum; Alioquin nos ex tunc de principe prouidebimus, prout alias inter Regem Loduigum premortuum & nos condictatum, paccionibusque certis & literis roboratum. Cuius dictum fere omnes vnanimiter approbarunt, Responsa certa Vngarorum nunccius Episcopo Weſperiensi & N. militi dantes & legaciones imponentes que secuntur. Quod si Domina Regina Vngarie prenominata filiam suam Heduigem iuniorem ad festum Penthecostes proximum non adduxerit seu non destinauerit Cracouiam in Regno Polonie quoad vixerit regnaturam, extunc decreuerunt a promissis esse liberi & soluti, & quod eadem Regina Terram Russie Regno Polonie reuniat, ac Ducatus Dobrinensem, Cuyauiensem, Welinienſem & Castra cum opidis Ostrzessow, Boleslawecz, Crzepicze, Clobuczsko, Czanstochowam Holstin & Bubolicze, que vir eius Dominus Loduigus Vngarie & Polonie Rex prefatus illustri principi Domino Wladislao Duci Oppolienſi donando alienauerat, qui & tunc Conuencioni predicte intererat. De Conuencione Regnicolarum in Sandecz habita.

Die itaque festi Penthecostis decima mensis Maii anni eiusdem, Seniores Regni Polonie conuenerunt in Sandecz aduentum Regine & filie ipsius Heduigis, prout per earum nuncios, de quibus premissum est, venire promiserat prestolantes, ad quos Sandiuogius Palatinus Kaliſienſis sepedictus cum quibusdam militibus Vngarorum veniens, ipsos nomine Regine peciit, vt ad ipsam in Coszize descendere dignarentur, asserens ipsam Reginam cum filiabus propter inundacionem aquarum versus Cracouiam, quo per Terrigenas conduci debebat, venire non posse. Et nichilominus si eius peticioni condescendere nollent, extunc ipsa cum filia sua periculosis euentibus se exponens Cracouiam veniret licet invita. Terrigene autem donaria plurima ab ipsa Regina se consequi estimantes tractatibus prioribus & quibusuis paccionibus penitus minime seruatis, securitatis tranſitu ac reditu accepto venerunt in Coszicze vbi donariis licet modicis & promissorum magnitudine circumuenti noua pacta cum predicta Domina Regina inierunt, taliter, quod Heduigis in festo sancti Martini proxime sequenti, quam tunc in Reginam erexerant debeat absque tractu lugubri longiori precioſe coronari. Que sic coronata si absque prole decederet, extunc soror eius Maria vxor Marchionis de quo superius est premissum in Regno Polonie & Vngarie succedere deberet, & viceuersa Heduigis predicta si soror eius Maria Regina Vngarie sine prole decesserit, succedere debeat in Vngarie Regno, volentes quod hec duo Regna debeant esse vnita, donec prefate Domine aut earum altera filios procrearent, quorum vnus in vno, alter in altero succederent regno. De Adamita Semouita Ducis Mazouie & Boleslavie archiepiscopi Gneznensis. Craconium accedente.

Eodem quoque tempore die XVII. mensis & anni predictorum in vigilia festi Sancte Katherine Craconium Dominus Boleslaus Archiepiscopus Gneznensis habens Semouitum ducem Mazouie in suo comitatu, quem tamen cens ita Mazouie & Barthoßini protenuabus publicabant. Et quia Dominus Archiepiscopus, qui & pie consuetudinis Sanderus nuncupatur, ad Regem Polonie Wladislaum Craconium cum literis fecum adduxerat, idcirco ciuitas Craconie portas claustri obßimans ipsis ostiarum arcebat non permißit. Index Regius HELYVIVS Sandus.

Quare Semouitus Craconium venerit & recesserit.

Caußa vero adueniens Craconium ducis predicti & Semouitus eiusdem fuit hec, quia confidebant, quia quidam Nobiles qui fuerunt a Rege Casimiro in quam plurimis eis pacta iuramenta recedere nolebat, ipsum pro Regina habere voluisse & sicco consequente quibusdam terris gaudere fuit. Iuramenta autem predicta Dominum Henricum Ducem Slesie Regi, qui vita functus est, & Regine Polonie facere coronam. Qualiter Domaratus Zneynam ſub dolo obtinuit.

Menſis itaque Iulii die X. Domaratus Caſtellanus Poznanienſis de Vngaria rediens venit Zneynam ad Badzautam Archiepiſcopum ſepe dictum cum ſocero ſuo Alberto Palatino Cuyauienſi Grzimala, Wirzbanta & aliis ſuis ſequacibus multis. Coram quo in ſecreto & poſt in aperto aſtruxit ipſum Dominum Archiepiſcopum coram Regina Vngarie & ipſius genero Marchione Brandenburgenſi veraciter fuiſſe delatum, qualiter ipſe duci Mazouie omnia Caſtra Eccleſie & ciuitatem Zneynam aperire ipſumque ducem in Regem coronari permiſiſſet, propter quod Regina & Marchio talibus creduli ad papam nuncios contra ipſum cum querelis deſtinaſſent, ſupplicantes, vt eum tamquam proditorem Regni ac crimine leſe maieſtatis & periurii notatum ab Archiepiſcopatu remoueret. Et vt hec delacio & Regine indignacio ſuſpicionis facilius tolli & mitigari poſſit, peciit Zneynam nomine Regine & eius filie ſibi aſſignari, alioquin ipſum Archiepiſcopum & eius bona & preſertim Zneynenſem diſtrictum & eius opidum vellet impugnare. Archiepiſcopus autem licet iuramento firmante aſſereret, ſe promiſſa duci predicto Mazouie nunquam feciſſe, Domaratus tamen Zneyna carere nolebat. Cui Archiepiſcopus reſpondit, Domarate, ſi eo reſpectu, vt a me ſiniſtra ſuſpicio tollatur, Zneynam tibi aſſignauero, per hoſtes tuos deuaſtabitur diſtrictus eiusdem; ſin autem non fecero quod cupis turpe, cum tuis deuaſtabis eundem. Et tandem deliberacione vsque in craſtinum habita, deliberauit cum aliquibus de Capitulo Grzimalam Caſtellanum Caſtrinenſem in procuratorem Zneynenſem ordinari, ad finem ne ſuſpectus haberetur quod gentem Ducis Mazouie in opidum Zneynenſem intromittat. De Conuencione Ducis & Archiepiſcopi cum Cracouitis ibidem.

Denique primates Cracouie & Sandomirienſis terrarum cernentes, quod exercitus Semouiti Ducis Mazouie & Cunradi Slezie circa Kalis exiſtentes & alie gentes eorundem de Caſtris diuerſis Regni Polonie aſſiduis deſolabant depredacionibus, nulla reſiſtencia penitus pacientes, miſerunt litteras ad Semouitum Ducem Mazouie & Bodzantam Archiepiſcopum Gneznenſem petentes eosdem vt litteris ſecuritatis & obſidibus receptis Cracouiam ad craſtinum ſancti Iacobi venirent cum ipſis de diſpoſicione Regni & pace habenda tractatum. Ad quam conuencionem Archiepiſcopus de Zneyna Grzimala predicto ibidem dimiſſo XX. die menſis Iulii proceſſit, vbi conuenientes fecerunt inter ſe treugas pacis vsque ad feſtum ſancti Michaëlis tunc proxime venturum certis fideiuſſoribus & litteris roborantes, per quas treugas pacis Dux Mazouie ſepe dictus fuit ſatis dampnoſe fallaciter circumuentus. Nam prius quam Dux Mazouie exercitum ab obſidione ciuitatis Kaliſienſis die menſis Auguſti XIIII. abire iuſſiſſet, Vngarorum fere XII. milia armis & arcubus accincti cum Sigismundo Marchione Brandenburgenſi prenotato fines Cracouie attingentes in antiqua Sandecz ſtaciones ſuas cum graui natura hominum in ibidem degencium pompatice extenderunt, & hoc X. die menſis Auguſti. Sed Dux Semouitus eorum aduentum ignorans tercia die poſthoc in vigilia aſſumpcionis virginis Marie exercitum ſuum de Kalis amouit, propter aduentum Vngarorum inter Cracouitas & Sandeczitas diſſenſio ſatis grauis fuerat exorta, quibusdam afferentibus treugas firmatas & pacta cum duce inita ſeruari debere, aliis contrario dicentibus ducem treugas violaſſe. Manſerat enim Barthoſſius cum exercitu ducis in obſidione ciuitatis predicte VIII. diebus & vltra contra preceptum ducis, treugas ſeruare recuſans, & terram infra pacis treugas fortiter deuaſtans, donec dux veniens ipſum abinde amouiſſet, & ideo aſtruebant Ducem treugas non ſeruaſſe, precipue quia de Caſtris Cruſzuicienſi, Breſcenſi, Przedecenſi & aliis Gneznenſis & Wladislauienſis Eccleſiarum bona & aliorum Regnicolarum infra paucos dies predictos per homines Ducis predicti nimium fuerant ſpoliata &c. Qualiter Dragofius Capitaneus Scrabe Wobori occupauit.

Defuncto itaque felici Epifcopo predicto Stuluho, Dragofius Capitaneus Syradiensis de cognatione Polonorum stabiens se tirere suis Nicolaus Chrobrens Canor Wladislaviensis qui parvis cure per Sclauiam & quasi per totam Terra Epifcopi Wladislauiensis fuit ex decanus & benefcii Ecclesiasticis grauiter infamatus, fuidet per Capitulum in Epifcopum electus, Castellanum Wobrocensem fraudulenter occupauit. Nam quidam Jaroslaus Gozlawus familiaris eiusdem nominum Wobrocensis per Henricum prouisoratum Castellanie predicte & Cracouiam Wladislauiensem fuit familiariter intrepus & ipfi circa eiusdem epifcopatus familiares. Jaroslai predicti fraudulenti Curie ibidem primo Cracouiam conducentur & permanentes & ingressi eum roleban. Et quamvis familiares predicti Henrici de Gnes Wobrocensis memoratum Jaroslaum & filios de predicta cura & Palatio eiusdem ejicere, expellere & perstiterit, ipse tamen Henricus ipsos prohibuit, ne occuparet dicta predicte in aliquo profuturos ese molesti. Vnde & ipse ex hoc de fraude huiusmodi infpectus habebatur. Memoratus vero Dragofius per Jaroslaum ejus & filium suo palatium contra ab in colle dicti Wirthus exegit, fed nullus diuertis & ingratis nullum affluxit, collectus inollerabiles pauperibus imponendo. Pecora quoque & pecudes & quoque animalia animantia de illoftis Epifcopalibus diffrinxit & vitibus fuis in conflictionem honoris fui tempore Dei & honore proprio procul abiectis &c.

Qualiter peregrinus Capitaneus Polonie bona Ecclefie dimiffauit.

Sed cum patet veniffent, fere aliquot villis devaltatis cum eorum hoftis & vires iuis ad villas monasterii de Luben, afferens fe velle reddere Glogouitis qui pro tunc tetram VVrbouensem deuastabant. Sed minime proficiferus redit Poznaniam bona Ecclefie deuastauis.

Qualiter Duc Conradus obiuuit Poncre.

Eodem quoque tempore Duc Cunradus venit cum pauca gente ante Poncre, cum quo Thomislaus VVichbora prefectus in Poncre pacto occulto palam habito libi Caltrum fabro preliemunit, nullam penitus refiftentiam faciendo, propter quod dicta Thomislaus cum fratre suo per Capitaneum Polonie fuerant capitales &c.

Qualiter Capitaneus Polonie recuperauit Poncre.

Modico igitur dierum intervallo precedente Thomislai VVichbore prefati nura & conflilio, Capitaneus Peregrinus predictus exercitu congregato profectus in Poncre vilas Ecclefiarum fortiter deuastando. Sed priusquam Poncre peruenisset, Henricus ducis in Caltro Poncre manentes licet reddere potuiffent, tamen exercitu non expectato Caltrum fuccendentes & leti ad propria redierunt, Capitaneus vero circa refor-

macionem dicti Cathi infidem, omnes fere villas Episcopi Poznaniensis circa Grobya & Dolsko ac Cultodiæ Gnesnensis Slup & Pampawo inhumaniter deuitauit &c.

Qualiter Bartholfus exercitum Polonorum in Vino nouo perturbat.

Altera autem vice metuis Augufti die Peregrinus Capitaneus prefatus iuffit in vicinio mium villa Episcopi Poznaniensis exercitum Polonorum conuenire, Ducem Cunradum & Bartholfum ab impugnacione Kalis repellere pretendens: Sed Bartholfium die conuentionis predicte comperto ad plures vsque leffauait, clam non vocatus, in quos repetit capitaneus, & multos equos, arma & fupellectilia quoque fubtulit & absque molestacione Eorum ad flationes fuas redit feliciter properatus.

Et hoc idem, quia nonnines fubrichia Znaymenfis iuffu Gryvnale feruilium Loffow impugnabantur. Poft hoc eo via armaturam fibi in oblum Domarat affiftencium terram Naklenfem inuitando prædando fpoliauit, &c.

Quos cum opidani cum quibusdam armigeris huiliter incipeni, ipi ex infidijs prodientes opidanos inuiebuntur in opidum fugientes, & hc opido obtento ipsum totaliter exuflerunt &c.

De impugnacione opidi Znymenfis.

Vygrorum, Cracouiarum, & Sandomirirarum exercitibus denique in partibus quorundam Mazouie morum hoftilem faciendum B. Pioceniis Capitaneus, fuafu quorundam Archi-Epifcopi Gnesnenfis hoftium, cum VVincencio Palatino Poznaniensi Dambchonae & Oltrorogone Santhocenii, Sandzivogio Swlina Naklenfi Cathelano, Arnoldo de VVoldowo, & Paluconi ac eorum Terre Terrigenis forti fatis exercitu congregato, die dominica VI. menfis Septembris mane veniens ante Zneymenfem ipiam impugnauit, villas Archi-Epifcopi in circuitu fortiter deuaftando. Et venientes Goetzmin in Curia Archi-Epifcopi & Canonicorum holpicia ceperunt, in quibus dampna non modica inuleruni.

De impugnacione urbis Brefenfis per Vygaros.

Exercitus itaque Vygarorum, Cracouiarum & Sandomirirarum prenotatus deinceps Terris Mazouie circa Radam Sochaczecor Lowicz, Gambyna & Gofinino ac miferabiliter igne exuftis, die Veneris menfis Septembris XXV. vrbem Brefenfem Cuyauie obfidione vallarunt. Duplicis exercitus Dominorum fuit obedientia.

Dominorum namque volens coram Marchione & Vngaris fui ftatus magnificentiam ultra vires exercitus oftendum Pancratius & Sacerdos quam plurimos precio & precibus conuocauerunt exercitus. Quamuis C. dux Lancis & vltra Sarmes armatus, & Zawysa opido Archi-Epiſcopi ut de ipſo rerum Cuyaide & Polonie deuaſtauit, colocauit, donec Marchio cum Vngris aggrederetur Cuyauiam prohibentes. Hy namque de Zawysa opido nullas deprehenſiones Vandalis reddere habuere. Ex quibus ſimiliter & predictis Exercitus Dominus predicti cum deuaſtatis quibuſdam villis circa Cruſnicium vertit Zawysam properans per exercitus claudita vrpa XLV. cum lanceis. Exercitus uero Pyzdry predictum Ecclefie Cracouienſis ſplendorem prefatum cum alijs cateruinciis depredando ipoliauit. In qua fuga aliqui ſaluarent fed plures cruſo fugarent equitum, equorum hominibus autem Dux predictus recepta fide ſpondebat cum equis & armis ſuis de liberos abire permiſit.

De Receptione Zawysa & mandato Dominorum per Archi-Epiſcopum.

Hys itaque viſis vulnerati vehementer admodum predicti Archi-Epiſcopus preforatur iudicis querelis tam a duce quam a Cuyauitis propter predationem villarum vt & ſacta nihil nuncios ad Cezmalam & Vyrzbanum prefectos Zawyenſes & alios, vt ſecus Sandomiam & Pyzdriam ipſorum ipſis ſua fibi reſtituere quam cito, tam promiſit quam requiſitiones minime a veronem acome reſtituerunt opidi nec execionem gentium quibuſdam occaſionibus vnmes capere curarunt. Et tandem Dominus Archi-Epiſcopus vltimum hoc audiens ſuos Procuſ & Marchione precauo & a fata acceſſione horrefa expurgacione facta, intelligens Dominum Dominum & Vyrzbanum ſpredicte cum XLV. lanceis de Zawysa ad Marchionem proceſſiſſe locu cum non proceſſiſſe & cuidue Zawyenſibus prohibita ipſi de Lanciis & ſuorum eius Zawyenſi inopinate irruunt, Gnieznik & eius cuncebiuſ penitus ignorantibus. De cuius ingreſſu Gnieznik & ſui conforte male contenti fuiſſe videbantur. Vbi vnanimiter aſſolia fua regione ſuorum. Cui ſimiliter ante dictum Dominum quem petens & peccules nil penitus reliquentes. Et quia nil de grano fuerat in aliquibus ammotum, tandem Sacerdum vacat L. marcis grofforum eum redemiſit, ipſos equitare abſcilum. Ipſi tamen ante diſcedentes ſuos mitti quoſdam ipſos equites de poſt inuitum fuum eosdem iuuitus de Zawysa exire coegit. Poſt quorum exitum Zawyenſi cum luo adhuc duo Dominus Jarando Decano Gneznenſi gubernatum conſulis, &c.

De Capitulatis Sandomyr de Solum in Pagaria.

Medio igitur poſt hoc tempora intervallo Dominus Sandomirius de Subino predrudens aſſociatis ſibi quorundum procerum Cracouien & Sandomirienſium ſibi in hac Vngariam ad ſupplicandum Regine in Hedwigim filiam fuam verſus Poloniam in Regnum Poloniæ coronandum deſtinatum, quam ipſe Dominus Sandomirius precipue, quod ipſum Vngariam remanerent coronatum. Sed cum improperare de Zadra ad propria redire velle, non fuit permiſſus cum his omnibus quod ad hunc finem ex Opcinium & alia Cathra Vngaria perlecuntur. Miſerat enim Regina Inclita comes de Tarnow Cathellanum Sandomirienſem vt in introimittet de caſtro Cracouienſi ipſumque more Vngarie prenarent. Sed ipſe hoc preſcitens mittit nunciuum Cracouium Cracouienſibus precipiens ne Cathellanum Cracouienſi Vngaris preſentarent, etiam ſi intelligerent, quod ipſis intentio eſſet depriuare. Et tandem equis ad certa loca premiſſis oculte fugam fecit & transgreſſus multaria vna de a noche transhurrit. THE

PHILOSOPHICAL MAGAZINE.

I. On the Theory of Light and Colours. By Thomas Young, M.D. F.R.S. Professor of Natural Philosophy in the Royal Institution.

The author of this paper considers the undulations of the luminiferous ether as similar in their nature to those of air and other elastic substances, and capable of being combined according to the same principles. He points out the distinction between progressive and lateral undulations, and shows that the former only are concerned in the production of light. He then explains the general principles of interference, and applies them to the colours of striated surfaces, and to those of thin plates, which he deduces from the proportion between the thickness of the plate and the length of the undulations. He gives a table of the lengths of undulations corresponding to the different colours, and points out the method of calculating the thickness of the plate which will produce any given colour. He then explains the colours of thicker plates, and those of mixed plates, and the method of determining the thickness of the coloured film of soapy water. He next considers the colours of striated surfaces, and the method of calculating the distance of the lines which will produce any given colour. He then explains the colours of the eyes of peacocks' feathers, and those of mother of pearl, and the method of determining the distance of the lines which produce the colours. He next considers the colours of striated surfaces, and the method of calculating the distance of the lines which will produce any given colour. He then explains the colours of the eyes of peacocks' feathers, and those of mother of pearl, and the method of determining the distance of the lines which produce the colours.

Cultus in moribus, affabilis & humanus, in choleram tamen proclivis, vitæ caſtæ & mundæ, cujus electionem facile probavit ſummus Pontifex Benedictus Papa octavus, promoventibus illum & Regina Rixa Mieczeslai relicta & proceribus Poloniæ, & Capitularibus Smogrovienſibus. Ipſe Leonhardus per Stephanum Archiepiſcopum Gneſnenſem in Eccleſia Gneſnenſi ordinatur conſecraturque. Hic etſi fuerit, ut præmiſimus, forenſis & extraneus, Poloniæ tamen regulis & ſatrapis, atque propriis ſubditis & civibus tam gratus juxta atque propriis moribus. Patriæ gnarus, rebus Eccleſiaſticis tractandis promovendis & ampliandis idoneus, ſingulari gratia DEI perfuſus etiam in conſpectu hominum gratioſus habebatur. Verax in ſermone, juſtus in Judicio, in opere conſtans, & in omnibus agendis adminiſtrandisque efficax, adeo, ut ejus providentia, diligentia & factivitate Epiſcopatus Smogrovienſis, tam in ſpiritualibus, quam temporalibus notabile incrementum acceperit, quem videns ſitum habere aridum humilem & infrequentem, petio & obtento Caſimiri primi Poloniæ Regis conſenſu, Epiſcopatum & ſedem ejus de licentia Benedicti Papæ octavi, Anno ſui Pontificatus quinto videlicet 1041. in oppidum propinquum & vicinum, magis tum celebre tranſtulit, quatenus loci celebritas Pontificatui quoque celebritatem adjiceret. Caputque ab eo tempore non voluit Smogrovienſis, ſed Ryzinenſis Epiſcopatus nuncupari & quamvis magno ſtudio curam & officia erga temporales proventus & introitus eccleſiæ ſuæ, & diſpoſitioni rerum & negotiorum exteriorum intenderat, tamen novit per omnia cujuslibet temporalitati commodo & uſui præponere curam animarum, ſciens ſe ob id ſellam Pontificalem aſſumpſiſſe. VI. THIMOTHEUS PRIMUS.

TIMOTHEUS I. VI. EPISC. VVRAT

Grandi concertatione poſt mortem Leonhardi Ryczinenſis Epiſcopi inter Prælatos & Canonicos Ryczinenſes, quis in Cathedra Ryczinenſi ſublevandus eſſet exorta, comitia etiam Epiſcopalia Comitatus agebantur, creverant enim providentia & cura ſuperiorum Epiſcoporum bona temporalia Epiſcopatus Ryczinenſis, & aſſidue redditus illius propter decimas manipulares quas & milites & agreſtes de campeſtribus frugibus univerſis reddebant, multiplicabantur. Prima itaque die menſis Martij ad eligendum conſtituta, etſi ſtudiis partium monſtroſa electio timebatur fieri, præter tamen ſpem & metum omnium Timotheus Præpoſitus Ryczinenſis ad Pontificatum præfatum paucis aliorſum tendentibus eſt electus, & electio ſua Anno Domini 1045. d. 12. Martij per Stephanum Archiepiſcopum Gneſnenſem, ſicut & aliorum prædeceſſorum ſuorum fuit confirmata, & ipſe Timotheus in Gnesnenſi Eccleſia per eundem Stephanum Archiepiſcopum fuit & ordinatus & conſecratus in Epiſcopum Ryczinenſem. Nationis hic Italicæ erat, de nobilibus Parentibus ducens genus, in Pontificali doctrina inſigniter eruditus, verum ætatis valetudinariæ & confectæ, inteſtinorum paſſione illum frequentius agitante, Idiomatis magna ex parte Polonici gnarus, quod tamen melius ſcivit intelligere, quam ſonare. Ad pietatis ſtudia magno ſtudio intentus, viduarum, orphanorum & egenorum intentius curam gerens, vir vitæ pudicæ, caſtitatem magnopere in ſe & aliis diligens, & obſervans, ſub diebus ſui Pontificatus Poloniæ regnum bellis externis, propter ejectionem Caſimiri in ſpem regni geniti, & genitricis ſuæ Rixæ Reginæ laborabat, & præſertim a Duce Bohemiæ Przetislao, qui regnum Poloniæ intelligens absque rectore & principe eſſe, illud nulla injuria offenſus, hoſtiliter ingreſſus eam Poloniæ oram, in qua diœceſis Ryczinenſis conſiſtebat, vehementius vaſtando deſtruxerat. Epiſcopus tamen mira patientia virum ſe conſtantem & Heroicum monſtrabat, ſubveniens de facultatibus ſuis omnibus deſolatis & afflictis, qui cum annis ſex in ſede Ryzinenſi ſediſſet, ævo confectus, & ægritudine extenuatus, Anno Domini 1051. moritur, & in Eccleſia Ryczinenſi tumulatur.

conformiter electus est, & nullum habens impeditorem a Stephano I. Gnesnensi Archiepiscopo confirmatus Anno Domini 1051. & in Ryczinensem creatus Episcopum,

Nobilis Italus:

Casimirus I. Poloniæ Rex factus:

ex Galliis & ex Monasterio Cluniacensi, in quo jam professionem fecerat, & diaconatus gradum susceperat, mandante Benedicto Papa IX. ad gubernandum Regnum Poloniæ justo & legitimo destitutum hærede, revocatus. Inter alia suæ probitatis & industriæ insignia, VVratislaviense oppidum ad flumen Oderæ situm honorificaturus sedem Ryczinensem consensu & authoritate summi Pontificis VVratislaviam

Sedem transfert Vratislaviam:

Anno Domini 1052. transtulit, & ejus Pontificem Hieronymum, habens in suo conspectu gratiosum, prope arcem VVratislaviensem locum pulcherrimum & spatiosum, non solum pro Cathedrali Ecclesia honori S. Johannis Baptistæ dicanda, verum & pro domibus Episcopi, Prælatorum & Canonicorum areas & loca liberaliter assignavit. Ab eo quoque tempore *Ecclesia* ipsa tertium locum tertiamque sedem sortita, *Wratislaviensis* cepit vocitari. Hinc quoque geminatus error subortus est, quasi Casimirus I. Rex Poloniæ, qui & Instaurator appellatus est, primarius Ecclesiæ VVratislaviensis fundator & dotator exstiterit, & Hieronymus antecessoribus, qui in Smogrovienfibus & Ryczinenfibus pontificatum exegerant, suppressis, primus Episcopus putaretur, cum dotatio & fundatio omnium novem Poloniæ Ecclesiarum Cathedralium sub uno & eodem tempore, & distinctio diœcesium cœperit, & Hieronymus Episcopus qui post translationem a Casimiro Poloniæ Rege a Ryczina in VVratislaviam factam, primus in Ecclesia VVratislaviensi ex ligno fabrefacta baculum Pontificiale gessit, sex numero habuit, septimus ipse censendus, prædecessores. Hic cum annis undecim Ecclesiæ VVratislaviensi præfuisset dysenteriæ morbo vexatus Anno Domini 1062. defunctus est & in Ecclesia VVratislaviensi sepultus est. Neque enim Poloniæ Pontifices hic præsertim, sub quorum diœcesibus VVratislaviensis fundabatur Ecclesia diffusam diœcesim habentem crearí & suas diœceses cassari & usum perceptionemque decimarum manipularium, omnium generum frugum, in quibus Ecclesia ipsa, quemadmodum Ecclesiæ Poloniæ sunt, adnumerari passi fuerint. Poterat alia Causa erroris esse postquam Casimirus Poloniæ Rex in translatione hujusmodi munificum se præbens crassiorem dotem Ecclesiæ VVratislaviensi, quam fuerat a Proavo suo Mieczeslao & avo suo Boleslao in fundatione tributa contulerit, & propter quod a plerisque habitus, creditusque est fundator ipsius verius quam translator. Hic etiam fertur sacratum D. Vincentii caput ex Urbe VVratislaviam, ubi hodie colitur, adduxisse, de quo creditur Prælatos & Canonicos morituros commonefacere.

JOHANNES I. EP. VVRATISL. VIII.

In locum Hieronymi VVratislaviensis Episcopi novum Præsulem Prælati & Canonici Capitulares substituturi, primum diem mensis dicunt Augusti, ad quem, cum pene singuli Capitulares convenissent, longa concertatio inter eos orta, & eligentes, & Comitia in tempus diutius extrahentes. Italorum enim genus, quorum non pauci adhuc superstites Prælaturas & præbendas VVratislaviæ obtinebant, ut aliquis ex eorum natione, Polonis in adversum, qui pauciores numero erant, adnitentibus eligeretur, instabant. Prævaluisset quidem numero & ingenio, ni Boleslaus Rex Poloniæ fomite discordiæ intellecto venire VVratislaviam personaliter maturasset. Quo adveniente docuit in Ecclesia Poloniæ a suis prædecessoribus fundata & dotata, a suo vero patre translata, & gratiis, Privilegiis, & libertatibus, cœterisque prærogativis & donationibus communita, Polonum, cum plures præsertim inter illos non secus quam inter Italos extent Idonei, eligi oportere, sufficere, differens Italis, si per annos plus quam centum successio VVratislaviensis Ecclesiæ apud illos fuisset continuata, Indignum & dedecorosum ratus ferenses propriis & indigenis anteferri. His & aliis plurimis rationibus conatus Italorum Rex elidens pervicit, ut Johannes Canonicus VVratislaviensis non solum a Polonis, verum & ab Italis uniformi voto eligeretur. Erat enim vir maturus, senio & ævo, nobilis genere, stirpem generosam de domo ac familia accipitrum, qui pro insigni gebarum cruce in medio posita, in campo cæstino gestant, ducens. Pollebat quoque ingenio, industria, & factivitate, favorem insuper Boleslai promoverat sua humana civilitate.

2 Les rois de la terre se soulèvent,
et les princes se liguent ensemble,
contre l'Éternel et contre son oint:
3 Brisons leurs liens,
et rejetons loin de nous leurs chaînes!
4 Celui qui habite les cieux rit,
le Seigneur se moque d'eux.
5 Puis il leur parle dans sa colère,
il les épouvante dans sa fureur:
6 J'ai établi mon roi
sur Sion, ma montagne sainte.
7 Je publierai le décret de l'Éternel.
Il m'a dit: Tu es mon fils,
je t'ai aujourd'hui engendré.
8 Demande-moi, et je te donnerai les nations pour héritage,
et pour possession les extrémités de la terre.
9 Tu les briseras avec un sceptre de fer,
tu les mettras en pièces comme un vase de potier.
10 Maintenant, rois, soyez sages!
Juges de la terre, recevez instruction!
11 Servez l'Éternel avec crainte,
et réjouissez-vous avec tremblement.
12 Baisez le fils, de peur qu'il ne s'irrite,
et que vous ne périssiez dans votre voie,
car sa colère s'enflamme bientôt.
Heureux tous ceux qui se confient en lui!

Ps. 3 Psaume de David, lorsqu'il fuyait devant Absalom, son fils.
2 Éternel, que mes ennemis sont nombreux!
Que de gens s'élèvent contre moi!
3 Que de gens disent à mon âme:
Il n'y a point de salut pour lui auprès de Dieu!
4 Mais toi, Éternel, tu es mon bouclier,
tu es ma gloire, tu élèves ma tête.
5 Je crie à l'Éternel de ma voix,
et il me répond de sa montagne sainte.
6 Je me couche, je dors,
je me réveille, car l'Éternel me soutient.
7 Je ne craindrai pas les myriades de peuples
qui m'assiégent de toutes parts.
8 Lève-toi, Éternel! sauve-moi, mon Dieu!
Car tu frappes à la joue tous mes ennemis,
tu brises les dents des méchants.
9 Le salut vient de l'Éternel.
Que ta bénédiction soit sur ton peuple!

Ps. 4 Au chef des chantres. Avec instruments à cordes. Psaume de David.
2 Quand je crie, réponds-moi, Dieu de ma justice!
Dans la détresse, tu me mettais au large;
fais-moi grâce, et écoute ma prière!
3 Fils des hommes, jusques à quand mon honneur sera-t-il un opprobre?
Jusques à quand aimerez-vous la vanité,
et rechercherez-vous le mensonge?
4 Sachez que l'Éternel fait choix pour lui de l'homme pieux;
l'Éternel entend quand je crie à lui.
5 Tremblez, et ne péchez point!
Parlez dans votre cœur sur votre couche, et demeurez tranquilles!
6 Offrez des sacrifices de justice,
et confiez-vous en l'Éternel!
7 Plusieurs disent: Qui nous fera voir le bonheur?
Lève sur nous la lumière de ta face, Éternel!
8 Tu mets dans mon cœur plus de joie
qu'ils n'en ont, quand abondent leur froment et leur vin nouveau.
9 Je me couche en paix, et aussitôt je m'endors,
car toi seul, Éternel, tu me fais reposer en sécurité.

Ps. 5 Au chef des chantres. Pour flûtes. Psaume de David.
2 Éternel, prête l'oreille à mes paroles,
sois attentif à mes gémissements!
3 Écoute la voix de mes cris,
mon roi et mon Dieu!
Car je t'adresse ma prière.
4 Éternel, dès le matin tu entends ma voix;
dès le matin je te présente mes vœux, et je veille.
5 Car tu n'es pas un Dieu qui prenne plaisir à l'iniquité,
le méchant ne séjourne pas auprès de toi.
6 Les insensés ne subsistent pas devant tes yeux;
tu hais tous ceux qui commettent l'iniquité.
7 Tu fais périr ceux qui profèrent le mensonge;
l'Éternel a en horreur l'homme sanguinaire et trompeur.
8 Mais moi, par ta grande bonté j'entrerai dans ta maison,
je me prosternerai devant ton saint temple, dans ta crainte.
9 Éternel, conduis-moi dans ta justice, à cause de mes ennemis;
aplanis devant moi ta voie.
10 Car il n'y a point de sincérité dans leur bouche,
leur cœur est rempli de perversité;
leur gosier est un sépulcre ouvert,
ils emploient leur langue à la flatterie.
11 Punis-les, Dieu!
Qu'ils échouent dans leurs projets!
Chasse-les à cause de la multitude de leurs crimes,
car ils se révoltent contre toi.
12 Et que tous ceux qui se confient en toi se réjouissent,
qu'ils soient toujours dans l'allégresse!
Protège-les, afin que ceux qui aiment ton nom
se glorifient en toi!
13 Car tu bénis le juste, Éternel;
tu le couvres de ta faveur comme d'un bouclier.

Ps. 6 Au chef des chantres. Avec instruments à cordes. Sur la huitième. Psaume de David.
2 Éternel, ne me reprends pas dans ta colère,
ne me châtie pas dans ton indignation!
3 Éternel, aie pitié de moi, car je suis sans force;
guéris-moi, Éternel, car mes os sont troublés.
4 Mon âme est aussi fort troublée;
et toi, Éternel, jusques à quand?
5 Éternel, retire-toi, délivre mon âme,
sauve-moi à cause de ta bonté!
6 Car on ne se souvient pas de toi dans la mort;
qui te louera dans le séjour des morts?
7 Je me fatigue à force de gémir;
toutes les nuits je baigne mon lit de mes larmes,
j'arrose ma couche de mes pleurs.
8 Mon œil s'affaiblit à cause de la douleur,
il vieillit à cause de tous mes ennemis.
9 Retirez-vous de moi, vous tous qui commettez l'iniquité,
car l'Éternel entend la voix de mes pleurs.
10 L'Éternel entend ma supplication,
l'Éternel reçoit ma prière.
11 Tous mes ennemis seront honteux et fort troublés,
ils reculeront, et soudain ils seront couverts de honte.

Ps. 7 Complainte de David, qu'il chanta à l'Éternel au sujet de Cush, Benjamite.
2 Éternel, mon Dieu, je me confie en toi;
sauve-moi de tous ceux qui me poursuivent, et délivre-moi!
3 Qu'il ne déchire pas mon âme comme un lion,
qu'il ne la mette pas en pièces, sans qu'il y ait personne pour délivrer!
4 Éternel, mon Dieu, si j'ai fait cela,
s'il y a de l'iniquité dans mes mains,
5 si j'ai rendu le mal à celui qui était en paix avec moi,
moi qui ai délivré celui qui me tourmentait sans cause,
6 que l'ennemi poursuive mon âme et l'atteigne,
qu'il foule aux pieds ma vie,
qu'il couche ma gloire dans la poussière!
7 Éternel, lève-toi dans ta colère,
élève-toi contre les fureurs de mes ennemis,
réveille-toi pour moi, tu as ordonné le jugement!
8 Que l'assemblée des peuples t'environne,
et reprends ta place au-dessus d'elle!
9 L'Éternel juge les peuples.
Juge-moi, Éternel, selon ma justice et selon mon intégrité!
10 Que la méchanceté des méchants prenne fin,
et que tu affermisses le juste,
toi qui sondes les cœurs et les reins,
Dieu juste!
11 Mon bouclier est auprès de Dieu,
qui sauve les hommes droits de cœur.
12 Dieu est un juge équitable,
un Dieu qui s'irrite tous les jours.
13 Si l'homme ne se convertit pas,
il aiguisera son glaive,
il bandera son arc et le tiendra prêt;
14 il a contre lui des armes mortelles,
il fait de ses flèches des traits enflammés.
15 Voici, le méchant conçoit l'iniquité,
il a conçu le mal, il enfante le mensonge.
16 Il a creusé, il a fouillé une fosse,
et il tombe dans la fosse qu'il a faite.
17 Son mal retombe sur sa tête,
et sa violence descend sur son crâne.
18 Je célébrerai l'Éternel à cause de sa justice,
et je chanterai le nom de l'Éternel, le Très-Haut.

Ps. 8 Au chef des chantres. Sur Guittith. Psaume de David.
2 Éternel, notre Seigneur,
que ton nom est magnifique par toute la terre!
Tu as placé ta majesté sur les cieux.
3 Par la bouche des enfants et des nourrissons
tu as fondé ta force, à cause de tes adversaires,
pour faire taire l'ennemi et le vindicatif.
4 Quand je vois tes cieux, ouvrage de tes doigts,
la lune et les étoiles que tu as créées,
5 qu'est-ce que l'homme mortel, pour que tu te souviennes de lui,
le fils de l'homme, pour que tu le visites?
6 Tu l'as fait un peu inférieur à Dieu,
tu le couronnes de gloire et de magnificence.
7 Tu le fais dominer sur les œuvres de tes mains,
tu mets toutes choses sous ses pieds:
8 les brebis et les bœufs, tous ensemble,
et même les animaux des champs,
9 les oiseaux du ciel, les poissons de la mer,
tout ce qui parcourt les sentiers des mers.
10 Éternel, notre Seigneur,
que ton nom est magnifique par toute la terre!

Ps. 9 Au chef des chantres. Sur Mouth-Labben. Psaume de David.
2 Je célébrerai l'Éternel de tout mon cœur,
je raconterai toutes tes merveilles.
3 Je me réjouirai et je m'égaierai en toi,
je chanterai ton nom, Très-Haut,
4 parce que mes ennemis retournent en arrière,
qu'ils tombent et périssent devant ta face.
5 Car tu as soutenu mon droit et ma cause,
tu t'es assis sur le trône, juge équitable.
6 Tu as châtié les nations, tu as fait périr le méchant,
tu as effacé leur nom pour toujours et à perpétuité.
7 L'ennemi a disparu, ce ne sont que ruines à jamais;
tu as détruit des villes, leur souvenir même est anéanti.
8 Mais l'Éternel demeure éternellement,
il a préparé son trône pour le jugement.
9 Il juge le monde avec justice,
il prononce sur les peuples avec droiture.
10 L'Éternel est un refuge pour l'opprimé,
un refuge dans les temps de détresse.
11 Ceux qui connaissent ton nom se confient en toi,
car tu n'abandonnes pas ceux qui te cherchent, Éternel.
12 Célébrez l'Éternel, qui habite en Sion,
publiez parmi les peuples ses hauts faits!
13 Car celui qui venge le sang se souvient des malheureux,
il n'oublie pas le cri des affligés.
14 Éternel, aie pitié de moi!
Vois mon affliction, que j'endure de la part de mes ennemis,
toi qui me relèves des portes de la mort,
15 afin que je raconte toutes tes louanges,
que je me réjouisse de ton salut aux portes de la fille de Sion!
16 Les nations sont enfoncées dans la fosse qu'elles ont faite,
leur pied est pris au filet qu'elles ont caché.
17 L'Éternel s'est fait connaître, il a exercé la justice;
le méchant est enlacé dans l'œuvre de ses mains.
18 Que les méchants retournent au séjour des morts,
toutes les nations qui oublient Dieu!
19 Car le pauvre ne sera pas toujours oublié,
l'espérance des malheureux ne périra pas à jamais.
20 Lève-toi, Éternel! que l'homme ne prévale pas!
Que les nations soient jugées devant ta face!
21 Éternel, répands la terreur sur elles!
Que les nations sachent qu'elles ne sont que des hommes!

THE PLACE OF PHILOSOPHY IN THE HISTORY OF CIVILIZATION.

Philosophy is the science of the universal principles of reality. Its problem is to find the ultimate ground of all existence, and to explain the world as a whole. Its method is to analyze the concepts of the understanding, and to bring them into a consistent system. Its task is to reconcile the contradictions that arise when the mind attempts to think the relation of the finite to the infinite, of the temporal to the eternal, of the many to the one. Philosophy is not a collection of opinions, but a discipline of thought; it is not a creed, but a search for truth.

The history of philosophy is the history of the human mind reflecting upon itself. Each age has asked the same questions in a different form, and each has given answers that reflect the character of its civilization. The philosophy of the Greeks was the philosophy of a people who loved beauty and measure; the philosophy of the Middle Ages was the philosophy of a people who loved authority and faith; the philosophy of modern times is the philosophy of a people who love freedom and experiment. Each is necessary to the others, and none can be understood apart from the rest.

The Greeks began philosophy because they were the first people to ask why things are as they are, and to refuse to accept any answer that could not be given a reason. Thales asked what the world is made of; Anaximander asked how it came to be; Heraclitus asked whether it is at rest or in motion; Parmenides asked whether motion is possible at all. These questions seem strange to us because we have grown up in a world that already knows the answers, but they were the first questions ever asked, and they required the first effort of abstract thought that the human race had ever made.

The Middle Ages received this inheritance and added to it the conviction that reason and revelation must agree. Scholasticism was the attempt to build a single system of truth that would include both the philosophy of the pagans and the faith of the Christians. It was a noble attempt, and it failed, but it left behind a method of argument and a habit of precision that modern science has never lost.

Modern philosophy began when men grew tired of authority and turned to experience. Bacon said that knowledge is power, and he meant that we should learn by observing nature rather than by reading books. Descartes said that we should doubt everything that can be doubted, and he meant that we should begin with the mind rather than with the world. Both were right, and both were wrong, and the history of modern philosophy is the history of the struggle between their two points of view.

THE PROBLEM OF KNOWLEDGE.

The problem of knowledge is the problem of how we can be sure that what we think we know is true. It is the oldest problem in philosophy, and it is the one that every beginner must face before he can go any further. We see a tree, we touch it, we measure it, we describe it in words; but what is the relation between the tree and the ideas we have of it? Are the ideas copies of the tree, or are they something entirely different? Can we ever know the tree as it is in itself, or only as it appears to us?

The ancient skeptics answered that we can never know anything with certainty, because our senses deceive us and our reason is full of contradictions. The dogmatists answered that the senses do not deceive us when they are properly used, and that reason can be trusted when it follows the rules of logic. Between these two extremes lies the whole history of epistemology, the branch of philosophy that studies the nature and limits of knowledge.

Descartes tried to escape the skeptical conclusion by finding one thing that could not be doubted. He found it in the fact of his own thinking: even if he was dreaming, even if he was deceived by an evil demon, he could not doubt that he was thinking, because doubting is itself a kind of thinking. From this he concluded that he existed, and from this he tried to build up the whole of knowledge. The attempt was brilliant, but it did not succeed, because it left the relation between mind and world as much a mystery as before.

Locke answered that all knowledge comes from experience, and that the mind at birth is like a blank sheet of paper on which the senses write their impressions. Hume carried this answer to its logical conclusion and showed that it leads to skepticism about causation, about the self, and about the existence of an external world. Kant replied that the mind is not entirely passive, that it brings its own forms to the material of experience, and that knowledge is the result of both. This is the answer that most modern philosophers accept in some form.

THE PROBLEM OF REALITY.

The problem of reality is the problem of what exists and what does not. It is the problem of the one and the many, of the permanent and the changing, of the real and the apparent. Is there only one thing in the universe, or are there many? Is change real, or is it an illusion? Is the world made of matter, or of mind, or of something that is neither?

Parmenides answered that there is only one thing, and that it does not change. Heraclitus answered that everything changes, and that there is no permanence anywhere. Democritus answered that there are many things, and that they are made of atoms moving in empty space. Plato answered that there are many things, but that they are only shadows of the one true reality, which is the world of ideas. Aristotle answered that there are many things, and that they are real, and that change is the process by which potentiality becomes actuality.

Spinoza answered that there is only one substance, and that it is both mind and matter, and that we are parts of it. Leibniz answered that there are many substances, and that they are all minds, and that each reflects the whole universe from its own point of view. Berkeley answered that there is only mind and its ideas, and that matter is a fiction. Hegel answered that reality is the whole process of thought thinking itself, and that the individual is real only as a moment in that process.

THE PROBLEM OF VALUE.

The problem of value is the problem of what is good and what is bad, of what is right and what is wrong, of what is worth doing and what is not. It is the problem that ethics and aesthetics and political philosophy all share, and it is the problem that every person must face in his own life. We do not merely want to know the truth; we want to know what to do with the truth when we have found it.

The Greeks answered that the good is the same as the useful, and that a thing is good if it helps us to live well. The Stoics answered that the good is the same as the virtuous, and that a thing is good if it helps us to live according to reason. The Epicureans answered that the good is the same as the pleasant, and that a thing is good if it helps us to avoid pain. The Christians answered that the good is the same as the commanded, and that a thing is good if it is what God wills.

Kant answered that the good is the same as the duty, and that a thing is good if it is done from a sense of obligation. Mill answered that the good is the same as the useful, and that a thing is good if it produces the greatest happiness of the greatest number. Nietzsche answered that the good is the same as the strong, and that a thing is good if it helps us to become what we are. Each of these answers has its truth, and each has its limits, and the history of ethics is the history of the attempt to find a way of living that includes all of them.

THOMAS II. EP. VVRATISL. XXII.

Non ſecus ac juvenis Thomas primus Epiſcopus Wratislavienſis, quamvis ætate bona & matura diſceſſiſſet a populo & Clero Wratislavienſi, deſideratus eſt, cujus ea erat apud Prælatos & Canonicos Wratislavienſes reminiſcentia & charitas, ut nepotem ſuum ſecundum carnem ex ſorore, prima Auguſti ad eligendum inſtituta, qui & ipſe de nobili proſopia militum Poloniæ, qui ſe Zarembas appellant, & Leonem cum quatuor Lapidibus pro inſigni deferunt, genus ducebat, eligerent. Rati illum avunculo, quemadmodum loco, ſic merito virtutibus ſucceſſurum, impedita autem fuit ejusdem Thomæ, quamvis conformiter electi, confirmatio annis citra tribus. Wladislaus enim Wratislavienſis dux, & Archiepiſcopus Salzburgenſis, filius Henrici a Tartaris occiſi, per multas interceſſiones & inſtantias a Clemente quarto, vacantem tunc per mortem Thomæ primi Epiſcopatum Wratislavienſem, cum uſu & perceptione omnium fructuum in commendam ad ſexenium, vel ut nonnullis placet, ad vitæ tempora obtinuit, ſed vix triennio (divinitate non ferente) fructus percipiens fato conceſſit, & huic Thomæ ſecundo pacificam illius reliquit poſſeſſionem. Sed & hic Thomas ſecundus juxta atque in epiſcopatum ſic & in perſecutiones prædeceſſori, & avunculo ſuo Thomæ ſucceſſit. A duce enim Wratislavienſi Henrico, qui probus dicebatur, quoniam notabilem ſummam, quam ab eo & Clero ſuo expetebat, dare recuſavit, omnibus caſtris, civitatibus, villis & decimis ſpoliatus & exutus eſt, & tandem propter interdictum, quod Jacobus Swincka Archiepiſcopus Gneſnenſis in eum & ducatum ſuum contulerat, a Duce Henrico, & civitate Wratislavienſi in exilium actus, præter fratres minores, qui divina omnia prophanando canebant. Thomas autem injuriam ſuam & Cleri ſui perſecuturus, ad Concilium Lugdunenſe ivit, ad quod & Henricus dux miſſis procuratoribus abſolutionem obtinuit, nulla ſatisfactione de damnis & malis, quorum non erat numerus, Epiſcopo impenſa. Quapropter Epiſcopus nullam defenſionem in concilio conſecutus in Poloniam rediit, & Ratiboriam divertit, ſed & cum luſtro uno apud Ratiboriam per Caſimirum ducem Oppolienſem collectus cum Clero ſuo ſtaret, ab Henrici obſidione dum famem & obſidionem oppidum tolerare non poſſet, proceſſionaliter exiit, & cum Tyranno remiſſis omnibus damnis, reconciliationem in æde S. PRECISLAUS EPISC. WRATISL. XXVII.

Prima die mensis May electionis dies instituta, cum frequens numerus Prælatorum & Canonicorum Capitularium VVratislaviam convenisset, via Scrutinij post multos tractatus assumpta Preceszlaum de Pogorczelitz, Canonicum VVratislavienſem, Silesitam natione, ex nobilibus parentibus, tres turres in campo rubeo deferentium pro insigni ortum ducentem, licet tunc absentem & in studio Bononienſi agentem 5. mensis May videlicet B. Gothardi concorditer eligunt. Cujus electionem cum Jaroslaus Gnesnenſis Archiepiscopus a Capitularibus rogatus Casimiro secundo Poloniæ Rege, qui aliquem ex suis Canonicis Polonicis VVratislaviam æstuabat promotum, impediente cunctabatur confirmare, Preceszlaus Bononia ad Benedictum Papam tertium transiit, & se tam confirmari, quam consecrari ab eodem impetravit. Eodem revoluto anno quo electus fuerat 5. mensis May die (qua etiam illum ferunt natum, & genitrici suæ revelatum B. Gothardum speciali habiturum cultu, & veneratione, multa quoque bona ejus patrocinio consecuturum) ex Italia reversus, cui Clerus universus obviam factus, cum obvijs ulnis cum gaudio susceptt. Hic a Boleslao Lignicenſi & Brigenſi duce castrum & oppidum Grotkaw cum suo districtu in sortem VVratislavienſis Ecclesiæ pro certa summa pecuniarum coemit. Item Collegium mansionariorum in prædicta VVratislavienſi Ecclesia, cum eorum capella in fronte Ecclesiæ sita, item duodecim pauperum Laicorum stipem singulis diebus & amictum annuum sumentium conventum Panyoth in oppido Ecclesiæ Nissæ erexit, fundavit & dotavit. Ecclesiam VVratislavienſem murorum fabricis, piscinarum structuris, villarum locationibus & coemptionibus, vasis aureis & argenteis, ornamentisque decoris varii supellectilis adeo ornavit, extulit & magnificavit, ut vulgari fama vocitatione & nominatione aureus Episcopatus vocaretur. Cum autem 35. annis in sede VVratislavienſi sedisset, octavo Calendas Aprilis 1376. ex febribus infirmatus, apud Ottmuchaw moritur, in Ecclesiæ VVratislavienſis capellæ mansionariorum medio, albi marmoris sepulchro justo honore sepelitur. B. Gothardum genitricis suæ visioni obediens, singulari coluit devotione, ideoque festum ejus sub duplici officio in Ecclesia VVratislavienſi teneri, & tam Prælatis, quam Canonicis, ac Vicarijs speciales distributiones illo die dari ordinavit & fundavit. Mansionariorum item Collegium, quod ipse de novo erexit, pro horis B. M. V. decantandis sufficientem dotem de mensa episcopali largitus, jura ducalia superiora villis Episcopalibus violenter introducta in libertatem vindicavit, & aliquot altaria in Ecclesia VVratislavienſi fundavit & dotavit.

R. 1543, said: "The line of division may seem to be wavering and broken if there is a hasty catalogue of the cases on the one side and the other. Reasons peculiar to the individual cases, which may not be discerned by the casual student, have evidently determined the location of the line. Nevertheless, there is a unifying principle which gives coherence to these decisions. The right must be of the very essence of a scheme of ordered liberty; to use the words of Mr. Chief Justice Hughes in Hebert v. Incidit in hunc annum bellum Miseconis Poloni & Boleslai Bojemi: quorum hic paternos Socios atque amicos Luticios, qui post Lusati dicti auxilio habuit: ille contra Saxoniæ Comites & præcipuæ Auctoritatis Giselerum Antistitem Magdeburgium ad suas Partes attraxit: Aviam præterea Ottonis Theophaniam Augustam & ipsum Ottonem habens suo beneficio sibi conjunctissimos. Exercitus utriusque inter se spatio disjuncti parvo erant: & prope Selpolim pagum juxta lacum quendam qui ponte longo transmittebatur Saxones Castra fixerant. Nec quicquam tamen ab his memorabile gestum: nisi quod Pacis conficiendæ Arbitrium susceperunt. Quæ cum convenire non posset, Boleslaus loca quædam Oderæ vicina deprædatur, & ædificia incendit, indeque retrocedens Urbem quandam (Nemizam Fabritius vocat) vi occupat: ac loci Præfectum Luticiis capite dat puniendum. BOLESLAUS I. REX POLONIÆ.

An ab OTTONE III. IMP. Cotonam acceperit?

OTTO III. Imp. Voti damnatus ad visendas ADALBERTI MARTYRIS Miraculis clari quem vivus amaverat & quo cum aliquando conversatus fuerat Reliquias religionis ergo, sequentibus eum Gisilero Magdeburgico & Eckardo Marchione, Gnesnam proficiscitur ubi a Boleslao Principe magnifice dapsiliterque exceptus REGEM illum POLONIÆ, cum antea Principes Poloniæ Duces tantum vel quidvis potius quam Reges nuncuparentur, creavit, sed tributarium ut Scriptores Germanici referunt: Id quod Poloni constanter negant, a Tributo & omni Jurisdictione Imperatorum immunem factum adserentes. Ditmarus Ottonis III. & σύνχρονος & agnâtus, qui rem tam memorabilem quam est Regia Dignitas, nec ignorare potuit, nec cognitam præterire Silentio debuit, cum præsertim in rebus etiam minimis maneat sæpe diserțus atque diligens sit, heic plane elinguis, nec de Coronatione quicquam nec de Tributo scribit, quamvis profectionem ipsam ejusque causam minime fileat: nec alibi etiam Clientelam qua Polonorum Principes devincti Imperio essent dissimulet, quin imo post etiam Ottonis Anno, ut Baronius docet 1008. Boleslaum non Regem sed Ducem appellat his Verbis: Dux Russorum Vlodimirus tres habens Filios uni eorum, Bolezlavi Ducis Polonorum nostrique Persecutoris Filiam in matrimonium duxit.

Eundem Boleslaum Ducem non Regem vocat Marianus Scotus Boleslai Temporibus proximus quippe qui Chronicon suum ultra annum 1083. non perduxit. Is igitur ad an. 1004. ita scribit: Henricus Rex Romanorum ex Duce Bavariæ factus Italiam, Bohemiam & Boleslaum Ducem Polonorum cum omni Slavorum Gente subjugavit. Mariano antiquior Hermannus Contractus (nec enim ultra annum 1054. scripsit) clarius idem eodem anno 1004. docet his Verbis: Henricus Rex in Slavos Arma convertit, Boëmanisque ad pristinam Servitutem tributumque redactis Bolezlaum etiam Ducem Slavorum Polanonum cum tota Gente sua subjugavit, & in Saxoniam Victor rediit. Gregorius VII. anno 1075. litteras ad Polonorum Ducem dedit cum isto Exordio: Gregorius Servus Servorum DEI Bolizlao Polonorum Duci Salutem & Apostolicam Benedictionem: non omissurus Regium Titulum si Rex Polonis fuisset. Accedit Testimonium Lamberti Schaffnaburgensis ad an. 1077. Adjunxisse Coronæ dicitur Imperator hospitale Munus, unum de clavis quibus CHRISTUS DOMINUS Cruci fuerit affixus, & Lanceam D. Mauritij, Scriptoribus plurimum celebratam, quæ omnia in Basilica Cracovienſi ubi sedes est Episcopi adhuc videri Cromerus & Fulsteinius testantur.

Nec dissentit ab his Albertus Kranzius III. Vandal. 36. cujus ea de Re hæc sunt Verba: Regium tibi nomen damus & honorem Amicumque Cæsareæ Majestatis ex hoc die adscribimus. Et hæc dicens Coronam Capiti Ejus imposuit, deditque Imperator Boleslao Regi pro regalibus Insigniis lanceam B. Mauricij & clavum DOMINI. Hæc autem regalia Insignia, Corona scilicet & Sceptrum & lancea ad multa Tempora in Armario Cracovienſis Ecclesiæ ad memoriam posterorum conservantur. Ita Albertus, sed Errorem manifestum errans, cum hæc Ottoni II. tribuat, sub cujus Imperio Adalbertus nec dum Martyrio coronatus fuit, tantum abest, ut ad Tumulum Martyris Imperator ille Peregrinationem suscipere potuerit. De Lancea tamen Mauriciana quod dicitur non immerito quis miretur, cum Viterbiensis qui diu post hæc Tempora vixit Lanceam S. Mauritij Ottoni M. Ottonis III. Avo a Bosone Rege Arelatensi traditam, inter Imperialia Monumenta tunc usitata & usitata numeret & describat, nisi forte aut plures fuerunt S. Mauritij Lanceæ sive Hastæ: aut pars de Lancea tanquam Sacrum λειψανον lanceæ factæ inclusa, Mauricianæ Nomen acceperit. Nec ingratus vicissim novus Rex, præter insignem Abacum ex Auro, Argentoque & Aulæa Vestesque marinas pretiosas, ADALBERTI MARTYRIS manus Auro inclusas ut Baronius & Gordonius, sive ut Polonorum Annales habent, Brachium Imperatori donavit, quod ipse postea Romæ in Insula Tiberina in Ecclesia ibidem a se extructa ut & Corpus S. Bartholomæi condi fecit. Quin ut firmior esset Concordia tunc inita, Otto Imp. neptem suam ex Sorore Mathilde, Ezonis ut Ditmarus nominat, sive ut alii Erenfridi Comitis Palatini ad Rhenum Filiam Richsam, Boleslai filio Miecislao XII. annorum Puero despondit: quæ paulo post in Poloniam missa est ibique educata. In illo porro religioso Itinere Otto Imperator ex Episcopo Gnesnensi creavit Archiepiscopum: quod tamen eum non legitime fecisse Annales Saxonici testantur. Nam nec Antistitem

Boleslaus Polonus occasionem rei bene gerendæ cui semper imminebat, oblatam sibi ratus, Henrico quippe Cæsare tunc absente & apud Mediomatrices hærente, Waltardo autem novo Antistite Magdeburgio inopinato defuncto, ad antiquam usque sed recens ab Imperatore restauratam Urbem Libusiam (Romanorum Coloniam fuisse Ditmarus tradit, Initia ejus Julio Cæsari adscribens quod tamen in dubium alii non immerito fortassis vocant, cum constet vel ex ipsius Cæsaris Commentariis eum vix Cis Rhenanæ, nedum Svevi vel Oderæ Ripam attigisse, non negantes interim, dandam esse Veniam venerandæ antiquitati, quod plerumque Initia Urbium ingentium augustiora facit) exercitum suum traduxit: cumque major esset Urbis Ambitus quam pro Copia Præsidij quod intus erat, aut ipsorum etiam Incolarum, quibus tunc minus adhuc frequens, nec Saxones propter Albis fluminumque aliorum Inundationem ac propter accessum Poloni nulli plane ne cogitatione quidem aut suspicione provisum explicato agmine & ostentata obsidione terruit, ut portis apertis ultro se imperata facturos pollicerentur: cum præsertim sperarent, si neminem ex adversariis telo aut gladio lassissent, se quoque a Victore melius habitum iri. At ille sine pavore atque discrimine in omnes grassatus cæde & Sanguine cuncta implevit, & duravit accensa rabies donec nec essent qui occiderentur & in Cineres tecta concidissent. Magna tamen Pars capti: in queis Urbis Præfectus Schich (quem in Urbium Defensione non tam suamet ipsius Culpa quam fato quodam usque adeo infelicem Ditmarus scribit ut quotquot tuendos acceperit, amiserit) graviter vulneratus: Guncelinus item de Wisso: aliique complures ad Ostentationem Victoriæ atque Triumphi in Vinculis abducti: Præda inter militem flammamque divisa: quicquid rapi non potuit Incendium hausit; Incidit ea Urbis Calamitas in XIV. Kalend. Septembris: cujus fama ad Augustam quæ Mersburgi tunc erat delata, Copias Marito absente conscribi & ad flumen Muldam convenire jussit: ut si hostis Albim transiret, ejus Conatus impediretur: sed qui victoria lætus magna cum omnis Generis Præda suos reduxit. In Bojemia circa hæc Tempora insignis facta Mutatio Jaromiro Duce a fratre Udalrico patria pulso: qui cum ad Boleslaum quem hostem hactenus habuerat initio confugisset, Imperatori Mersburgum reverso supplex factus, quod ingentem Bavarorum multitudinem occidisset, pro Gratia indignationem, pro restitutione carcerem meruit, Ethelboldo Præsuli in Custodiam datus. Inde Silesiæ sed Eventu sinistro:

Henricus V. Imperator adjutos a Polonis Hungaros, & vexatos Bojemos indigne ferens, sollicitatus insuper a Sbigneo exule magnis coactis Copiis Poloniam Svatopulco Bojemo & Sbigneo Sociis tendit. Libusioque oppido limitaneo & Riceno captis, Bithomia autem arce frustra oppugnata exercitum ad Glogoviam ducit: cumque vado invento non procul ab Urbe in alteram Viadri ripam traduxisset, multos ex Agminibus Boleslai incautos oppressit. Hinc magna vi Urbs oppugnari coepta, frequens quidem ea Tempestate sed non munitissima. Oppidani veriti, ne capta per Vim urbe extrema quoque ab irato Hoste paterentur, quinque dierum Inducias petunt: quibus nisi succursum sibi esset, deditionem promittunt, obsidesque dant primorum Civium liberos. Ad Boleslaum itaque mittunt, quanto in Discrimine sint, ac quid cum hoste constituerint exponunt, orant ut illis opem celeriter ferat. Collaudavit ille eorum Consilium, mature se affuturum polliceetur, quod ni affuerit sustinere hostilem Impetum jubet, ni faciant, deleturum se eos post Discessum Cæsaris jurat. Valuit apud Glogovienses plus fides & auctoritas Principis, quam privata Pietas: Itaque biduo quod de Induciis erat reliquum, ad sustinendam Vim Hostium omni ope se comparant. Adveniente ergo quinta Die promissam deditionem Cæsar poscit, ubi vero muratos oppidanorum Animos videt, corona Urbem oppugnat, obsidesque machinis allegari & ad mœnia obverti jubet: ut dum suis oppidanorum misericordia parcit, facilius & liberius mœnia subeant. Sed nihilominus oppidani omne Telorum Genus in suos juxta ac in Hostes congerunt, ac omni ratione Vim hostium depellunt. Cæsar illorum Constantiam admiratus, & suorum pericula ac vulnera miseratus, receptui canere jussit, & in Castra suos reduxit, amissis multis Viris fortibus; Boleslaus interea expectata Auxilia acceperat, validasque de suo milite copias habebat, itaque propius Hostem accedit, nec tamen pugnandi Copiam, quamvis flagitantibus suis faciebat sed è latebris & Insidiis hostilem Exercitum petebat, populatores excipiebat, subitisque Incursionibus nec oppugnandi Urbem nec reficiendi se nec quiescendi Spatium hosti dabat. Angebatur autem ancipiti malo Cæsar obsesso quam obsidenti similior, præsertim Svatopulcus Bojemus adacto per Tergum Telo jusso Virsovicensium exulum occisus fuit. Cæterum Boleslaus Cæsarem non satis auspicati Belli jam pertæsum simul quod hyems instabat faciliorem placidioremque fore, legatos ad eum de armis pace commutandis misit: quibus Cæsar has Conditiones dixit: ut Sbigneus in Principatum suum restitueretur, & ut Poloni Tributum penderent, quod deberent Imperio. Durae videbantur legatis Conditiones: neque existimabant principem eas accepturum esse. Ibi Cæsar ut legatos terreret, thesauris suis apertis Vim maximam Auri & Argenti iisdem demonstravit: Hisce inquiens Præsidiis Polonos subjugabo. Cui Legatorum Princeps Scarbicus Comes subridens intrepido ac prorsus heroico Animo detractum quem digito gestabat Annulum ad reliquum Cumulum adjecit, his Verbis additis: Aurum Auro jungatur. Scomma intellectum Cæsar gratias agendo elusit, lingua Germanica habe Danck dicens: quod est: Gratias ago: indeque postea universæ Familiæ nobile nomen manlit ut Habdanckii adpellarentur, ex quibus ortæ creduntur in Silesia nobiles Posedoroskiorum & Jencovitiorum Gentes honoratissimæ. Example 1.2.1 Suppose that a researcher is interested in the effect of a new drug on the blood pressure of patients with hypertension. The researcher selects a group of patients with hypertension and measures their blood pressure before and after they take the drug. The researcher then calculates the difference between the two blood pressure measurements for each patient. The set of differences is a sample from the population of all patients with hypertension who take the drug. The researcher can use this sample to make inferences about the effect of the drug on the population of all patients with hypertension.

Example 1.2.2 Suppose that a researcher is interested in the relationship between the amount of time that students study and their grades on an exam. The researcher selects a group of students and measures the amount of time that they study for the exam and their grades on the exam. The researcher then calculates the correlation between the two measurements. The correlation is a sample from the population of all students who take the exam. The researcher can use this sample to make inferences about the relationship between the amount of time that students study and their grades on the exam in the population of all students who take the exam.

Example 1.2.3 Suppose that a researcher is interested in the effect of a new teaching method on the reading ability of first-grade students. The researcher selects a group of first-grade students and randomly assigns them to two groups. The students in one group are taught using the new teaching method, and the students in the other group are taught using the traditional teaching method. The researcher then measures the reading ability of the students in both groups at the end of the year. The researcher then calculates the difference between the mean reading ability of the students in the two groups. The difference is a sample from the population of all first-grade students who are taught using the new teaching method and all first-grade students who are taught using the traditional teaching method. The researcher can use this sample to make inferences about the effect of the new teaching method on the reading ability of first-grade students in the population of all first-grade students who are taught using the new teaching method and all first-grade students who are taught using the traditional teaching method.

Example 1.2.4 Suppose that a researcher is interested in the relationship between the amount of time that students study and their grades on an exam. The researcher selects a group of students and measures the amount of time that they study for the exam and their grades on the exam. The researcher then calculates the correlation between the two measurements. The correlation is a sample from the population of all students who take the exam. The researcher can use this sample to make inferences about the relationship between the amount of time that students study and their grades on the exam in the population of all students who take the exam.

Example 1.2.5 Suppose that a researcher is interested in the effect of a new drug on the blood pressure of patients with hypertension. The researcher selects a group of patients with hypertension and measures their blood pressure before and after they take the drug. The researcher then calculates the difference between the two blood pressure measurements for each patient. The set of differences is a sample from the population of all patients with hypertension who take the drug. The researcher can use this sample to make inferences about the effect of the drug on the population of all patients with hypertension.

Example 1.2.6 Suppose that a researcher is interested in the relationship between the amount of time that students study and their grades on an exam. The researcher selects a group of students and measures the amount of time that they study for the exam and their grades on the exam. The researcher then calculates the correlation between the two measurements. The correlation is a sample from the population of all students who take the exam. The researcher can use this sample to make inferences about the relationship between the amount of time that students study and their grades on the exam in the population of all students who take the exam.

Example 1.2.7 Suppose that a researcher is interested in the effect of a new drug on the blood pressure of patients with hypertension. The researcher selects a group of patients with hypertension and measures their blood pressure before and after they take the drug. The researcher then calculates the difference between the two blood pressure measurements for each patient. The set of differences is a sample from the population of all patients with hypertension who take the drug. The researcher can use this sample to make inferences about the effect of the drug on the population of all patients with hypertension.

Example 1.2.8 Suppose that a researcher is interested in the relationship between the amount of time that students study and their grades on an exam. The researcher selects a group of students and measures the amount of time that they study for the exam and their grades on the exam. The researcher then calculates the correlation between the two measurements. The correlation is a sample from the population of all students who take the exam. The researcher can use this sample to make inferences about the relationship between the amount of time that students study and their grades on the exam in the population of all students who take the exam.

Example 1.2.9 Suppose that a researcher is interested in the effect of a new drug on the blood pressure of patients with hypertension. The researcher selects a group of patients with hypertension and measures their blood pressure before and after they take the drug. Ephesians 5:1-20

1 Therefore be imitators of God, as beloved children;
2 and walk in love, just as also the Christ loved us and gave himself up for us, an offering and a sacrifice to God for a fragrant aroma.
3 But fornication and all uncleanness or covetousness, let it not even be named among you, as becomes saints;
4 nor filthiness and foolish talking or jesting, which are not fitting, but rather thanksgiving.
5 For this you know, knowing that no fornicator or unclean person or covetous man, who is an idolater, has any inheritance in the kingdom of the Christ and God.
6 Let no one deceive you with empty words, for because of these things the wrath of God comes upon the sons of disobedience.
7 Therefore do not become partakers with them.
8 For you were once darkness, but now you are light in the Lord. Walk as children of light
9 (for the fruit of the light is in all goodness and righteousness and truth),
10 proving what is well-pleasing to the Lord.
11 And have no fellowship with the unfruitful works of darkness, but rather even reprove them.
12 For the things done by them in secret it is shameful even to speak of.
13 But all things, when reproved, are made manifest by the light, for everything that makes manifest is light.
14 Therefore it says, "Awake, sleeper, and arise from the dead, and the Christ will shine on you."
15 Look carefully then how you walk, not as unwise but as wise,
16 redeeming the time, because the days are evil.
17 Therefore do not be foolish, but understand what the will of the Lord is.
18 And do not be drunk with wine, in which is dissipation, but be filled with the Spirit,
19 speaking to yourselves in psalms and hymns and spiritual songs, singing and making melody with your heart to the Lord,
20 giving thanks always for all things in the name of our Lord Jesus Christ to God, even the Father,

21 submitting yourselves to one another in the fear of Christ.
22 Wives, to your own husbands, as to the Lord.
23 For the husband is head of the wife, as also the Christ is head of the assembly, he himself the Savior of the body.
24 But as the assembly is subject to the Christ, so also the wives to their husbands in everything.
25 Husbands, love your wives, even as also the Christ loved the assembly and gave himself up for it,
26 that he might sanctify it, having cleansed it by the washing of water with the word,
27 that he might present to himself the assembly glorious, not having spot or wrinkle or any such thing, but that it should be holy and without blemish.
28 So ought husbands also to love their own wives as their own bodies. He who loves his own wife loves himself.
29 For no man ever hated his own flesh, but nourishes and cherishes it, even as the Lord the assembly,
30 because we are members of his body, of his flesh and of his bones.
31 "For this reason a man will leave his father and mother and be joined to his wife, and the two will become one flesh."
32 This mystery is great, but I speak concerning Christ and the assembly.
33 Nevertheless let each one of you also so love his own wife as himself, and let the wife see that she respects her husband.

6 Children, obey your parents in the Lord, for this is right.
2 "Honor your father and mother," which is the first commandment with promise,
3 "that it may go well with you and you may live long on the earth."
4 And, fathers, do not provoke your children to anger, but bring them up in the nurture and admonition of the Lord.
5 Bondservants, be obedient to those who are your masters according to the flesh, with fear and trembling, in singleness of your heart, as to Christ;
6 not with eyeservice, as men-pleasers, but as bondservants of Christ, doing the will of God from the heart,
7 with good will rendering service, as to the Lord and not to men,
8 knowing that whatever good thing each one does, this he will receive back from the Lord, whether he is bond or free.
9 And, masters, do the same things to them, and forbear threatening, knowing that your Master also is in heaven, and there is no partiality with him.

SILESIA IN PRINCIPATUS DIVISA:

Anno CHRISTI 1163. CÆSARIS FRIDRICI I. 12.

VVLADIZLAI II. DUCIS Filii Silesiam recuperant atque inter se dividunt:

Fridricus I. Imp. cum capto everſoque Mediolano ab Italica Expeditione, in qua præclarum virtutis suæ specimen Boleslaus Vladislai filiorum natu maximus ediderat redisset, Principibus Poloniæ serio mandavit, ut filiis Vladislai, qui absente Imperatore principatum ex fœdere Patri promissum non ausi fuerant repetere, Patrimonium suum secundum Pacta redderent. Quanquam vero Fridricus Barbarossa, pro ea qua in Imperii Auctoritate tuenda erat Industria, Polonicam Gentem vel armis adhibitis datam fidem servare docuisset, tamen quia a Pontifice Romano aliis gravissimis implicabatur bellis: Vladislai filii omni Spe de Cæsaris Auxilio abjecta cum Patruis suis ita transegerunt, ut omissa Polonia minore, regionem omnem Silesiæ nomine censitam ac Sylvis continentibus a reliqua Polonia diremptam ad Bojemorum usque Saxonumque fines in ditionem suam acciperent. Hoc igitur anno SILESIA nostra proprios accepit Duces seu Principes, inter tres illos Vladislai Filios velut in trientes ita sectata ut BOLESLAO qui Procerus sive ALTUS cognominatus est, VVRATISLAVIENSIS REGIO cum ea vicinia quæ ferme est Umbilicus SILESIÆ: MIECISLAO pars SILESIÆ SUPERIOR versus Moraviam & Cracoviam, nempe Oppolienſis, Ratiborienſis, Oppavienſis & Teschnenſis Ducatus, CONRADO vero Glogovienſis, Crosnenſis & Saganenſis tractus obtingerent.

Atque hæc Origo Principum Silesiæ, quorum *** etiamnum aliqui superstites, ipsaque Provincia miserrime antea bellicis tumultibus & assiduis Incursionibus vexationibusque afflicta ac propemodum exhausta, respirare nonnihil sub eo Tempore & coli cœpit. Adduxerunt autem tres isti Principes, qui è Germana Matre procreati, ipsi in Germania dein versati fuerant, magnam secum Germanorum multitudinem, qui Principibus suis Germanico Imperio, omnem fere quæ restabat felicitatem acceptam ferentibus, grati fuerunt & accepti. Concessum illis Agros colere, pagos exstruere, Urbes condere & instaurare, nec minus Legibus Germanorum vivere, ad quorum nomen Principes ipsi barbaris Polonorum Moribus una cum Lingua (in maxima quidem Silesiæ Parte) tandem abjectis & exterminatis, Respublicas non minore prudentia quam diligentia constituerunt. Referunt quidam Scriptores (neque vero improbabiliter) non multo ante hanc Ætatem fuisse natum nomen Silesiæ, sic dictos lingua Polonica Sle-

Turbæ in Polonia civiles sopitæ:

Silesii conjuncti cum Polonis expeditionem in Borussos faciunt, qui a fide Principum Poloniæ & a Religione CHRITIANA desciverant. Sed exitus belli minus felix. Hoc enim anno flos roboris Polonici a Borussis trucidatus est, ipso etiam Duce HENRICO Sendomirienſi atque Lublinensi, Boleslai Fratre, dum inter primos pugnat fortiter, interfecto. Principatus ipsius attributus est Casimiro, minimo de filiis Boleslai Crivousti, qui ad eam usque diem exors patrimonii fuerat, parte tamen Boleslao Crispo concessa quoad viveret, quo commodius onera Imperii sustinere posset. Quæ Res Silesiæ Principes Vladislai Filios male habuit, qui partem Sendomirienſis Ditionis post Patrui mortem Agnationis Jure ad se pertinere existimabant. Cumque jam ante alieniori bus essent a Patruo animis, quod is munitiones quasdam in Silesia, cum eam ipsis traderet, in Potestate sua retinuisset: ut ibi opus esset eos in officio continere posset, maneret quin etiam alta mente repostus exilii dolor, ereptæque Injuria Cracovienſis Ditionis, summique adeo Principatus: quæ utraque hæreditario Jure secundum Patrem sibi vindicabant, jamque aperte de Boleslao querebatur, & arma ac bellum civile evocatis è Germania Auxiliis & mercenariis Militibus non dissimulanter parabant. Quod ut Boleslaus qui nobilitati & populo odiosus esse cœpit, averteret, Arbitris proceribus filiorum fratris postulata modeste refutavit, quod Cracovienſem Ditionem cum summo Principatu totius Poloniæ Consensu coniunctam esse diceret: Principatum autem juste ejecto Patre eorum summa omnium Voluntate ad se delatum, & alioqui illo è vivis sublato ad se qui illi esset natu proximus non immerito attinere. Porro Sendomirienſem Ditionem recte fratri Casimiro datam, quem non oporteret exhæredem esse: Eam Patris fuisse mentem, ut is cæteris fratribus atque liberis decedentibus succederet, de illa nonnihil se ejus voluntate detraxisse, quo rectius Onera ac Dignitatem Principatus sustineret. Idem se fecisse in Silesia cum fratribus cæteris, tum universo Senatu assentiente: Sed tamen liberaliter se eis remittere & condonare, quæ ad eum diem in Silesia retinuisset, quo majorem in se Patrui Dignitatem agnoscerent: quo juniores ibi essent, hoc impensius se qui & senior & Usu rerum peritior sit, rebus eorum consulere æquum esse, ne temeritate sua aut pravis aliorum consiliis seducti ruant præcipites. Ita deliniti Principes Silesiæ conquieverunt, & nascens etiam dum periculosum bellum suppressum est. Nec multo post nobilitas Cracovienſis conspiratione facta, cujus Capita fuere Jaxa & Sventoslaus, potentes & factiosi Homines, conata est Boleslaum Crispum Principem deturbare ex Imperio & Dignitatem transferre in Casimirum, cujus tamen ea fuit moderatio & sapientia, ut conspirationi illorum nollet consentire, quod negaret fas esse fratri majori & optime de se merito Principatum eripere, quem omni ope defensum & adjutum iri deberet. Illos quoque non æquum facere, qui tot annos clementi & moderato illius Imperio usi usque ad extremum quasi vetulum Canem cum expellere velint, & quidem bene merentem, & æquitate animi prudentiaque sua potius quam armis exorientia bella amolientem. Cladem Prussicam qua tantopere offenderentur, non tam rei meritate ejus quam divino permisso acceptam esse: neminem usque tam felicem esse, neque tam omnibus horis sapere, quin offendat aliquando. Perturbari interdum etiam divinitus Consilia Principum beneque consulta male cadere propter peccata Populi, quod si deterius etiam aliquanto Principatum administrasset, frui tamen eum convenire, propter Patris Boleslai Memoriam, & quæ alia in hanc Sententiam dicta sunt, atque ita rursus glisens civile dissidium a Casimiri gravitate & constantia sopitum.

Hæc Lipſius & alii; quæ ſi fidem merentur, multa ſane in hoc facto Inſignia, quod nihil ſacræ Expeditioni Rex antepoſuerit, quod ſuſpectum, ſi non convictum, iterum Regno præpoſuerit: quod denique amorem Conjugalem Juſtitiæ poſtpoſuerit. Inde Silesiam:

Luctuosus hic annus Silesiæ fuit ab Hoste barbaro, non tam ad Dominatum, quam ad rapinam, cædem, stragem hominum Urbiumque natus. Tatari & illi erant, qui Poloniam Superiori anno latrociniis oberrasse ac fœdum in modum devastasse, non contenti, cum auctis majorem in modum copiis (nam ad quinquies centena millium fuisse narrant) instar cujusdam cataclysmi seu diluvii atque torrentis & Poloniæ & Hungariæ finibus diviso exercitu sese intulissent, cæsisque ad Chmelicium Pagum Proceribus & Equitibus Polonis, victoria ea efferati librum in agros furorem effudissent, ipsamque adeo Regni sedem non modo a Rege, qui ingruenti Tempestati instar fugere maluit quam discrimen obire, desertam, sed & aliis defensoribus vacuam incendiss. nt; mox etiam provoluto velut armorum Turbine in nostram Silesiam irruperunt, cumque disiectos Viadri pontes reperissent, qua navigando qua natando flumen ad Ratiboriam superarunt, frustra prohibere auso Miecislao Ratiborienſium Duce. Placuit barbaris primo Impetu WRATISLAVIAM petere, quippe hac una Urbe domita aliarum Vires videbantur brevi bello frangi posse, frenum capiti injici, membra sequi. At Wratislavienses nunico accepto, & Urbis minus tunc munitæ defensione desperata, supellectilem ac commeatum omnem in arcem editiori Insulæ loco qui S. Crucis olim, nunc D. Martini Mons adpellatur, sitam comportarunt: militibus autem qui in Præsidio erant, ne hostibus prædæ vel receptaculo esset, incendendam Urbem reliquerunt. Indignati ergo Tartari arcem obsidione gravi sed frustra cinxerunt, divino ut compertum est ostento (flammis quippe de cœlo cadentibus & late inter Ordines ipsorum discurrentibus) ita perterriti: ut nihil cunctati Obsidionem solverint, fugientibusque similes abierint. Datum id fuisse precibus CESLAI qui unus de comitibus Ivonis Episcopi Cracovienſis Romæ D. Dominici vitæ institutum professus conventui Wratislavienſi apud D. Adalberti præerat, & cum cæteris sodalibus in arcem confugerat, Scriptores Poloni commemorant: nos non hujus modo sed aliorum etiam piorum hominum supplicationibus ac Lacrymis non immerito acceptum referimus. Nec vero exiguum terrorem subitus ille Impetus nostris incusserat, & ferocia omni barbarie gravior. Quare tanquam graviores imminerent plagæ, quam Seculis omnibus acceptæ erant, ad commune malum arcendum, sub signa undique concurrere, ducem secuti HENRICUM Principem animorum plenum, qui coactis quam maximis potuit copiis (XXX. M. fuisse Curæus notat) Lignicii consedit, ita quidem animatus, ut aut speciosam de Hoste Victoriam reportaret, aut fortiter pro aris atque focis & pro populo suo dimicans, honeste occumberet, matre HEDWIGE non modo non deterrente, sed etiam hortante. Nec mora: suas & ipsi copias Tartari eo deduxerunt, quibus Lignicio proximantibus cum HENRICUS obviam progrederetur, Ædem D. VIRGINIS prætereunti Saxum ingens subito lapsu ante Pedes decidit, nulla propalam causa adparente, cur de solido integroque muro avulsus ille unus Lapis caderet. Id quod malæ scævæ loco habitum fuit, neque deerant qui retro eundum, illoque die pugna abstinendnm censebant. Sed nihil ille hoc casu territus iter coeptum continuat, unoque a Lignicio milliari Aciem per Tempus disponit, in quinque agmina universo Exercitu diviso. Primum constabat ex militibus voluntariis, qui pro ejus Ætatis more ex Germania hinc inde collecti & Cruce signati erant, quibus adjuncti Fossores ex Metallis Goldbergensibus Ductore Boleslao: Dipoldi Marchionis Moraviæ Filio: Henrici Amitino. Boleslaus Calvus multorum annorum bellis exhaustus ac grandi Ære alieno obrutus Thomam Episcopum Wratislaviensem oraverat, ut pateretur decimas, quas ipsi ex veteri Instituto solvebat, in summam pecuniæ commutari, ac promitteret illi in annos singulos decies mille marcas. Quod cum Episcopus negaret ac Jus suum defenderet, Boleslaus irritatus eum in Gorcensi Abbatis Wratislaviensis in Arena Pago una cum Boguslao Præposito, & Eccardo Canonico cepit, ac vestitus exutum in carcerem abduxit. Ex re cognita Archiepiscopus Gnesnensis Fulco, coacto Episcoporum concentu, Boleslaum diris devovit, iisque a Boleslao neglectis, ad Pontif. Alexandrum IV. querelam detulit, quid porro fieri oporteret, rogans. Respondit ille Archiepiscopo ut Poloniam omnem ad arma contra Boleslaum sumenda, Crucis Militia promulgata, una cum cæteris Episcopis concitaret, in eandemque Sententiam Archiepiscopo quoque Magdeburgensi de concitandis Germanis scripsit. ΑΡΧΙΑΣ

Archias, the son of Antiochus, was a native of Antioch in Syria, and was born about the year 120 B.C. He was a poet of considerable reputation, and was the friend of Lucullus, Pompey, and Cicero. Cicero's oration in his defence is still extant. Archias was a Greek poet, who had lived at Rome for many years, and had acquired the Roman franchise. He was accused of having usurped it, and Cicero undertook his defence. Whether or not he succeeded in establishing the poet's claim to the franchise, he succeeded in establishing his client's reputation as a poet, and in securing for him the friendship of Lucullus, who bestowed upon him the Roman franchise, and of Pompey, who gave him a house at Neapolis. Archias died at Heraclea, in Lucania, at the age of seventy-seven. Cicero's oration in his defence is still extant. HENRICI V. Ducis Wratislav. Filii Ducatus inter se partiuntur:

Sub hæc Tempora, cum Boleslaus Henrici V. Wratislav. Boleslaus ad ſe ducentis Comita, pecuniæ cupidus Brigenſem ultro accepit non tentata Sortitione: Henrico Wratislavienſis: Vladislao vero qui jam hypodiaconus erat, Lignicenſis ſorte venit. Qui uterque cum præſenti Pecunia deſtituerentur, Henricus quidem a ſuis hominibus ſummam, quam fratri ex pacto debebat, mutuam accepit & exſolvit, Vladislaus autem Boleslao Hypothecæ nomine magnam Lignicenſis Territorii Partem conceſſit. Sed minime diuturna fuit fratrum concordia, Vladislaus Fratri, cum tenui admodum eſſet fortuna, gravis erat, qui ob id malo uſus conſilio Boleslai ditionem latrociniis & populationibus infeſtavit, ut eum ad remittendam ſibi pecuniam, reddendumque Lignicium adigeret. Sed viribus ille ſuperior cum fratris conatus aliquoties repreſſiſſet, ad extremum eum cepit & in Vincula conjecit, hac cum ipſo conditione tandem pacificatus, ut quingentas ei marcas quotannis ex omni ditione Lignicenſi pro victu penderet: Sed nec his pactis, licet firma rataque habiturum jurejurando interveniente pollicitus eſſet, diu ſtetit Vladislaus: verum Latrociniis vexare rurſus fratris ditionem cœpit: dumque incautius in Bregenſi Territorio prædas agit, a ruſticis cum XX. Sociis interceptus & ad Boleslaum ductus, denuo ab eo in carcerem tetrum incluſus eſt: in quo integrum fere annum adſervatus in Maniam incidit, dimiſſusque poſtea fratris Miſericordia, egens vagusque, nec mentis ſat compos, ruri ut plurimum inter agreſtes vixit: tandemque in Maſoviam profectus cum Muliere Anu, Boleslai Ejus oræ Ducis Filia, ſed nonnihil dotis habente nuptias contraxit.

Jacobi commorantem habitu Sacerdotali ingressus est, eumque & Senatum Wratislaviensem qui Regias Partes sequebatur, diro anathemate perculsit, non Regem sed Regulum nominans, qui in Regno suo nullam haberet Metropolim sive Archiepiscopam sed coronandus mendicata extraneorum Archiepiscoporum opera uti cogeretur. Vratislavia ob id cum Presbyteris & Sacerdotibus suis excedere coactus, omnia Urbis Templa claudi jussit, sed quæ Senatus Wratislaviensis iterum patefecit, nec deerant Sacerdotes minorum Gentium qui nulla interdicti ratione habita rem divinam faciebant. Cumque frustra cum Episcopo superbo ac pertinace de Concordia Rex laborasset, bona Episcopi & Sacerdotum rebellium occupavit, eosque solum vertere jussit, Principibus Silesiæ ut idem facerent monitis. Quod quidem Boleslaus Bregensis studiose magnaque cum obedientiæ Promtitudine præstitit, Ecclesiastici ordinis bonis in illa sua Egestate non parum recreatus. VVenceslaus Cæsar ac Rex Bojemiæ conversa in se multorum offensione a Regni Proceribus captus in tetrum Carcerem conjicitur: in quo totos menses quatuor custoditus, multis Precibus vix tandem impetravit, ut ad Squallorem & Sordes Corporis abluendas balneum ingredi, additis custodibus, liceret: ex quo Ambubajæ Aquam lavantibus suppeditare, Capita lavare, & Corpora defricare solitæ, cui Susannæ nomen, opera, refrigeraudi Corporis Prætextu ad vicinam ripam fluminis, quod Pragam interlabitur, ex composito traductus, conscensa cymba Ambubaja navigante evasit, Regnoque redditus centum aureos Balneatrici donavit, eamque non ad mensam solum sed Lectum quoque sibi adjunxit. Wenceslaus Cæsar ex Carcere liberatus:

Inter hæc Vladislaus Polon. Rex Oppolienſium Duci bellum movit, cum omnibus fere munitionibus in Poloniæ exuit, in ditionem Paternam cum Exercitu impetum fecit: castella quædam & oppida cepit; agros Pagosque depopulatus est. Dux vero, etsi Viribus inferior, multum nihilominus negocii Polonis exhibuit, imprimis vero mercatorum merces, qua potuit, diripuit. VVladislaus Pol. Rex Bellum Duci Opolienſi infert:

Vladislaus Jagello Pol. Rex non aliter fœdus cum VVenceslao Imp. eodemque Rege Bohemiæ sancire voluit, nisi ut is illi nomine Ducum Silesiæ cum sexcentis lanceis & totidem basistartis se contra quemvis hostem Auxilio futurum polliceretur: cujus rei extat Diploma in Archivo Cracovienſi an. 1395. conscriptum.

Graves hoc anno concertationes inter Senatum & Plebem VVratislavienſem fuere: ad quas componendas Henricus Dubensis semel atque iterum a VVenceslao ablegatus in Gratiam Partes dissidentes utcumque reduxit & in fide Regia continuit. Turbæ & Pestis Silesiæ Urbes pervastantes:

Glogoviæ magna fuit Pestilentiæ Sævitia: extincta sunt supra duo millia hominum: Annonæ vero mira fertilitas: medimnus tritici emptus tribus Groſſis Misnensibus: Olyræ duobus: avenæ uno atque etiam quatuor numulis.

SIGISMUNDUS REX HUNGARIÆ Gallorum Auxiliis adjutus contra Bajazethen proficiscitur, qui tum Constantinopolin obsidebat: Commisso ad Nicopolin * Prælio, Galli Equites Hostem temere insequentes Insidiis circumventi & occisi sunt, Johannes Burgundiæ Dux captus: SIGISMUNDUS fuga vix elapsus. Causa hujus Cladis fuit ambitio Exercitus Christiani, modo Gallis modo Hungaris primas in Exercitu Partes postulantibus. Commissa Pugna eo die qui fuit natalis Wenceslao Imperatori: Victoria ipsi Hosti calamitosa, in qua Christianorum occubuerunt 20000. Turcarum vero 60000. perierunt. SIGISMUNDUM rebus desperatis in captivitatis & Vitæ discrimen adductum Joannes Burggravius Norimbergensis consilio repentino servavit, in navim conjecit, Danubio secundo Constantinopolin vexit: unde Calo Johannis Palæologi Græcorum Imperatoris Triremibus in Dalmatiam Rex denique suam rediit. Quo insigni conservatæ Salutis merito permotus SIGISMUNDUS dignitatem Septem Viratus in Johannis Germanum Fratrem Fridricum Burggravium Norimbergensem primum Marchionem Brandenburgicum contulisse scribitur. Infelix Prælium cum Turcis ad Nicopolim gestum:

Synodus Oecumenica, quam SIGISMUNDUS IMP. ab initio Principatus, nihil antiquius esse ducens, quam uti diuturna inter Ecclesiasticos dissidia componerentur, missis ad ipsorum primates Legatis, jam ante promissam urserat, Constantiæ ad Rhenum per Lacum Acronicum sive Potanicum ad urbem præterfluentem, mense Novembri hujus anni inchoatur, finita an. 1418. circa mensem Majum. Erant eo Tempore tres, quorum quisque verum se Pontificem ferens, cæteros vitio creatos contendebat: Johannes XXIII. Gregorius & Benedictus: quorum ille Romam cum Italia & Germania pleraque addictas sibi habebat: hi vero Pisana Synodo exauctorati, Cardinales nihilominus creabant, neque Pontificatu sese abdicare volebant. Sententia autem atque decreto Concilii omnibus istis, Joanni quidem præsenti, cæteris duobus absentibus, Papatus Gubernatio adempta fuit. Acta est & Causa Religionis Bojemica, de qua ad annos sequentes. E Silesiæ Principibus Concilio interfuerunt plures: & in his LUDVVICUS II. Cum Ludovicus II. Sigismundo Imperatori (in cujus aulam se contulerat) carus esset, & ipse Imperator Ludovici Commodis consuleret, dedit ei uxorem Hungaram, quæ magnam Vim auri dotis nomine ad ipsum attulit, unde Strelina empta est, quæ ante ad Ducatum Monsterbergensem pertinebat. Non diu vixit hæc Hungara & sine prole decessit. Ea mortua Ludovicus ad Imp. in aulam rediit, eumque in Germaniam comitatus Moguntiam venit, ubi Imp. Conventum Electorum Imperii & Principum agebat. Ludovicus ut Principibus innotesceret, eorumque benevolentiam contraheret, Imperatorem, Electores, & alios Principes ad Convivium invitavit. Imperator vero hanc Ludovici munificentiam sibi displicere ostendit, nec tantos sumtus fieri voluit, nihilominus in sententia Ludovicus perstitit, & Imperatorem ut sibi liceret idque cœperat pertendere exoravit. Verum enim vero Imperator quod aperte inhibere honeste non potuit, clam impedire animo induxit, interdixit enim ne in tota urbe Moguntia vel privatim vel publice Aulicis Ludovici Ligna venderentur. Ibi in re subita excellens Principis Ingenium emicuit & astum astu vicit. Cum nulla lignorum ad Culinæ usum copia suppeteret, aliquot plaustra Juglandium, quæ venales in foro erant coemi, inde Ignem succendi, focum instrui & cibos coqui jussit. Eo Igne cibus ferur admodum sapidus & suavis factus esse, eaque solertia & convivis voluptati & convivatori laudi fuit. Cum ex aula Imperatoris in Silesiam rediisset, cognovit & sibi & Episcopo Wenceslao graviter succensseri Henricum Lubensem Fratrem suum, quod Lignicia & Goldberga sibi Ludovico esset attributa ab Episcopo, cum æque junctus esset Sanguine Præsuli ac Ludovicus. Erant enim fratres etsi non ex eadem matre. Episcopus ni prorsus videretur ab Henrico alienus, utque eum placaret, Goldbergam inter ipsos Fratres divisit eo Pacto, uter alteri 6000. florenorum exsolveret Goldbergam solus haberet: ea tamen conditione, ut alter a Jure Hæreditatis non excluderetur: daß die Städte Liegnitz und Goldberg beyden Brüdern sollten die Erbhuldigung thun, auf daß wo einer ohne Leibes-Erben abgienge, so sollten Land und Leuthe dem andern und seinen Erben heimfallen. Post hanc Transactionem Ludovicus magni animi Princeps Palæstinam more ejus Seculi adire & Terram quam vocant Sanctam Religionis ergo visere decrevit: sed non bene ei hæc Profectio cessit, nam cum inde reverteretur, ab hostibus captus atque in tetrum carcerem conjectus fuit. Ibi cum parcius pasceretur & quidam Eques auratus Nicolaus Stibitz cum eo Munificentia LUDOVICI II. Ducis Lignicensis in Concilio Constantiensi. Ejus iter in Terram Sanctam.

Legati quos Sigismundus constituerat in Bojemiam profecti in Procerum Conventu Testamentum recitant, utque ultimam Regis Voluntatem exequantur monent: ita ipsum, ita ipsius Fratrem, Patrem & Avum esse meritos, neque fraudandam esse Hæreditate Elisabetham, quæ ex tam Nobili Augustaque Gente sola superstes in Spem Regni educata, eique Viro nupta, quem etsi nulla ad Regnum Jura adferentem, optare tamen atque eligere Regem deberent. Jam vero cum Sigismundi Filiam, unicam Regni Hæredem, Uxorem habeat, ipsiusque legato Rex sit declaratus, quid tandem obstare, quo minus in eo creando Hungarorum Judicium & exterorum sequantur? scire ipsos nec dissimulare posse, extare vetera inter Bojemorum Reges & AUSTRIÆ Principes Pacta, Cæsarea approbatione confirmata, quibus statutum si alterutram Gentem absque Prole deficere contingeret, tum alteram ipsius Hæredem fore. Hæc cum Legati dixissent, multaque de ALBERTI virtutibus prædicassent, Bojemi re diutius in consilio agitata, tandem ad Nonas Maji ALBERTUM REGEM creavere: cum paulo ante Septem Viri Electores uno illum consensu in Imperatorem elegissent; Cujus Rei nuntio ad se perlato ALBERTUS Francofurtum ad Principes ibi præstolantes, acque inde cum eis Aquisgranum perrexit: ubi cum fausta omnium gratulatione coronatus est.

inde & REX BOHEMIÆ: mox & ROM. IMP.

Cæterum in Bojemia electioni intercedebant ii, qui a Barbara Regina in Consilium adhibiti fuerant, vel quod Polonis studerent, vel quod Albertum initæ cum Regina Societatis memorem atque adeo Ultorem futurum esse timerent. Principes Ejus factionis fuisse leguntur Henricus Praſco, Alexius Sternbergius, & Georgius Podiebradius a Kunstadt. Hi non prius ALBERTO sua se suffragia daturos, aut Regnum usurpare permissuros, palam testantur: quam de postulatis quibusdam sibi ab ipso cautum esset. Quod cum obtinere non possent, Casimiro Wladislai Pol. Regis Fratri XIII. annorum adolescenti Regnum obtulerunt: ac Vladislaus sane quanquam hunc paucorum conatum esse non ignoraret, tamen ut est natura hominum Imperii avida, fratri Auctor fuit, magna & saniore Senatus Polonici Parte nequicquam dissuadente, ut ne hanc Occasionem elabi sibi sineret, sed quamprimum missis Copiis tutum sibi aditum pararet. Et missi quidem in Bojemiam Equites statim bis mille quos cum majoribus Copiis Casimirum subsecuturum Spes facta.

Proceres tamen quidam Bojemi Casimirum Polonum REGEM vocant:

Re intellecta Cæsar ad expeditionem in Bojemiam suscipiendam se parat, jamque collecto milite Bojemiam ingressurus, Iglaviæ multis ex Proceribus ut in Regnum veniret, rogantes obvios habuit, indeque discedens Cuthnam duxit ac sine Præsidio relictam facile expugnavit. Ptaſconem Coloniam usque fugientem prosecutus, cum is se oppido contineret, & aperto marte decernere non auderet, Pragam Iter instituit. Eo cum venisset, omnes Civium offendit satis promptos, & ab obviis Rex salutatus in Arcem deductus, ac frustra nonnullis qui vel cum Ptaſcone sentiebant, vel seorsim sibi commoda quædam & immunitates tribui postulabant, Coronationi aut Impedimentum aut moram adferre conantibus, una cum ELISABETHA Conjuge adhibitis rite Ceremoniis insignitur, III. Kal. Julii ut scribit Gerardus de Roo, fiducia Libri MSti, diem Coronationis Divorum Petri & Pauli Memoriæ sacratum fuisse asserentis: Consentit Lupacius: coronationem peractam scribens per Episcopum Philibertum Constantiensem & Olomucensem, præsentibus Archiepiscopo Strigoniensi & multis Ducibus Proceribus Nobilibus exteris ac domesticis: Epulum datum Pragensi in Arce: Rege in Regiam, sitam in antiqua Urbe Pragensi præfecto sub Corona: sparsis & in Vulgus promiscuum larga manu missilibus.

quare cum Exercitu in BOHEMIAM descendit ALBERTUS:

& Pragæ Diademate cingitur:

Ptaſco nihil a suis Pragæ actum esse videns armis agendum ratus, Vires undique contrahit, cui Albertus a Principibus vicinis Saxone, Brandenburgico & Bavarico adjutus, obviam cum suis procedens, congredi non ausum ad Taboritarum usque oppidum persequitur. Cumque castra hic locasset Praſco, XIV. jam hominum millia in Exercitu habens: denuo illi Pugnæ Copiam Albertus fecit. Quam cum Praſco ac Poloni, majores quippe Copias, ipsumque Vladislaum exspectantes recusarent: Cæsar maturandum ratus, majoribus Tormentis bellicis magnam hominum stragem edidit, tantumque hosti Terrorem injecit, ut relictis Castris in Opidum se omnes conferrent. Podiebradius interea cum exquisitis Equitibus ad Taboritas contendens, in Cæsarianorum Equitum Alam incidit, & pugnare coactus strenue rem gerit, Victorque ad suos evadit, primam ex hac Pugna Celebritatem nominis apud suos consecutus. Cum vero apud utrosque annona deficeret, nec Poloni in Prælium elici possent, ALBERTUS nullum se operæ moræque Pretium facere videns, Pragam revertitur. Qui in

Præſio inde cum Polonis gesto Victor:

oppido erant Cæsare digresso ad suas quisque sedes dilabuntur, quos inter maxime miserabiles Poloni, fame prope enecti, amissis Equis pedibus plerique per devios ignotæ Regionis Calles domum sese conferunt.

Dum hæc in Bojemia aguntur, Vladislaus Pol. Rex ingenti cum Exercitu Silesiam ingressus ad Oppaviam castra posuit, ac Provinciam graviter afflixit, idem ab altera Parte in Agro Glogovienſi majoribus Polonis factitantibus Causæ prætexebantur: quod Silesii Partes ALBERTI sequerentur & quod latrociniis Poloniam infestare non intermitterent, adhæc adulterina moneta cudenda & importanda non parum incommodi Poloniæ inferrent. Itaque Vi metuque adacti Wenceslaus Opavienſium & Ratiborienſium, Boleslaus Glogovienſium & Teschinenſium, Bernhardus item Joannes ac Nicolaus Opolienſes Duces, & Brigenſis Nobilitas fœdus cum Vladislao & Casimiro inierunt, CASIMIRUM electum Bojemiæ Regem approbarunt, tum demum * tamen se in Verba Ejus juraturos polliciti, ubi is Diademate a Bojemis fuerit redimitus. Oswencimenſium vero Duces Wenceslaus: Primislaus & Joannes primi omnium spoponderunt, se contra Casimirum nemini adfuturos esse: quod si aliorum Silesiorum Voluntates in eum inclinarent, se pariter in verba Ejus juraturos esse. Parabat Vladislaus ex Silesia progredi ac suis opem ferre, sed cum de statu rerum Bojemicarum, deque Cæsaris qui Praga relicta Gorlicium Lusatiæ Urbem atque inde Wratislaviam accelerabat, inopinato Occursu apud Opaviam cognovisset, imparem se agnoscens, retro qua venerat profectus, agros depopulatur. Venit autem ALBERTUS Wratislaviam a. d. 18. Novembr. quo cum principio anni sequentis

sese contulisset Roderieus, Burgensis Episcopus, natione Hispanus, in hoc a Concilio Basileensi Legatus, nec non quatuor Vladislai Regis de primoribus Legati, quorum Princeps erat, Archiepiscopus Gnesnenſis, frustra inter Cæsarem ac Polonum Pax tentata fuit: Induciæ modo aliquot dierum, Burgensis maxime opera, Namslaviæ sunt constitutæ.

Adfuit tum Imperatori Albertus Brandenburgicus, is qui ob invictum Animi pariter ac Corporis Robur, Achillis Germanici postea Cognomen tulit: quem Cæsar Silesiis id petentibus finium defensorem ac Injuriarum Vindicem, totique Silesiæ Præfectum constituit, qui crebris in Polonum agrum excursionibus late Prædas egit, & obvia quæque Igne ac ferro vastavit. Certa tamen Pax in Silesia non fuit ab anno 1420. ad Regnum usque Vladislai Poloni an. 1490. quo quidem quieverunt bella, sed successerunt latrocinia bellis terribiliora.

BARBARA IMPERATRIX moritur:

Calendis Maji BARBARA Regina postquam Græcii in Vita turpi & fœdis libidinibus consenuit, peste extinguitur: Corpus Pragam delatum est ibique sepultum.

Correxit eodem Tempore Imperator Statum Reipublicæ Wratislavienſium, mulcta insuper XX. aureorum mill. iisdem dicta, quod nullum ex Aulicis Cæsaris in Ædes primarias, quæ in foro sitæ, recepissent, sed hospitia iis in angiportibus sive plateis angustioribus minus commoda designassent.

Cæterum haud multo post Imperator, forte gradu delapsus ** Pedem graviter offendit, ex eoque casu postea subclaudicavit, quod tum nonnulli futuræ ruinæ præsagium & Omen sunt interpretati.

ALBERTUS IMP. in Hungariam redit:

Wratislaviæ digressus Die qui D. Stanislai Memoriæ consecratus, ad Bellum Turcicum in Hungariam sese ALBERTUS contulit, cujus adventu cognito Amurathes Turcarum Rex Sinderoviæ Regiæ in Servia sive Rascia arcis oppugnationem eo acrius ursit, necquicquam ad extremam diligentiam reliquum fecit, quoad arcem cum oppido vi expugnaret. Victores Cædem in omnes cujusvis sexus & Ætatis exercentes, Georgii Despotæ filios duos Stephanum & Gregorium captos, candenti Æris lamina oculis obtenta excoecant, eorum autem Sororem Tyranno in Concubinatum seu potius in fœdissimam Servitutem mancipant: tum firmatis Præsidio locis oportunis retrocedunt. Animum ac Vehementiam Tyranno addiderat Georgii Despotæ Timiditas,

Nec multo post insignis iterum in aula facta est mutatio: Udalricus enim Ciliæ Comes Ladislao reconciliatus, idque opera procerum quorundam Austriacorum, qui cum Eyzingeri Consilia minus probarent, apud Regem ipsum criminabantur, ac ne & ipse insolesceret, Comitem illi opponendum censebant, in aulam postliminio redire jubetur, ac mille Equites maxime ornatos secum adducens magno splendidoque apparatu ab ipso Rege Viennæ excipitur. Contra Eyzingerus qui Udalricum de Dignitatis Gradu dejecerat, Culmen Potentiæ consecutus, ne quod in alium statuerat, in seipso pati cogeretur, ultro exulatum cum suis abiit. CHRISTI 1457.

Eam Cædem, in qua quidem Ladislaum Reipublicæ Chriſtianæ non minus profuiſſe, quam Patrem Hunniadem, in Profligatione Mahometis, Sylvio Teſte, creditum fuit, Rex graviter ferens, ſed diſſimulans, quin imo Matri ſupplici affirmans, ſe filio ignoſcere & Oblivionem cædis coactæ atque ἀμνηστίαν ſanciens, utrumque Hunniadis Filium Ladislaum & MATHIAM in aulam pertraxit. Ibi nihil tale timentibus manus injiciuntur: unaque cum illis Joannes Varadienſis Epiſcopus, ut plerique alii amici, qui aut cædis conſcii, aut Adminiſtri fuiſſe putabantur, capiuntur, ac in Ladislaum præſertim nulla meritorum Patris habita Ratione mox Capitis Sententia fertur, cujus Supplicium pauci ſiccis Oculis ſpectabant, XII. enim Calend. Aprilis productus, XXIV. annos natus, egregio Corpore Juvenis, flavis de more crinibus ſuper humeros paſſis, purpurea ſericaque veſte auro intertexta, qua paulo ante a Rege donatus fuerat, manibus vinctis, diem pauca pro ſua Excuſatione locutus, inter Vota ad DEUM in genua procumbit, ac forti animo Cervice erecta, ictum expectat, ter a Lictore percuſſus, atque ex ictu prolapſus in Terram, ſuopte annixu, quanquam ligatus eſſet, ſeſe rurſus a Terra attolit, & clara Voce DEUM Innocentiæ ſuæ Teſtem invocat: Quarto demum ictu capite præfecto vitam profundit, indignante ac multa in Regem ipſum cæteroſque Proceres Convitia jaciente Plebe. MATHIAM vero Rex in Auſtriam miſit cuſtodiendum, Varadinum autem intercedente S. Angeli Cardinali Legato Pontificio, Strigonienſis Metropolitæ Judicio permiſit, ſed paulo poſt dimitti juſſit. Reliqui captivi, exceptis MATHIA CORVINO & Paulo Madaruzio noctu quondam effractis clauſtris, evaſere. Rex vero, ne quid illi molirentur, veritus, Viennam ex Hungaria redit. Enim vero hæc Regis in Hunniadis Filios Sævitia, haud paucorum ex Proceribus Hungaris Voluntates avertit, atque odia adverſus Regem incendit: qui haut ita multo poſt Pragam profectus, cum Oratores in Galliam cum ſplendidiſſimo Comitatu a Carolo VII. Francorum Rege Magdalenam filiam ſibi deſponſam petitum miſiſſet, haud dum iis reverſis, inter Nuptiarum Apparatus ac magnarum Rerum Expectationes, ſubito quodam morbo correptus, cum maximo Procerum aliorumque Subditorum qui ſummam de eo Spem gubernationis præclaræ conceperant, mœrore planctuque pro Thalamo Tumulum nactus inopine obiit, ſexta & trigeſima hora, quam ceperat, ægrotare, IX. Kalend. Decembr. Ætatis autem anno duodeviceſimo. O infelicem humanæ naturæ Conditionem, exclamat Sylvius, o inanem mortalium gloriam! o cæcas hominum mentes! Quid jactamur? quid extollimur? Quid eſt, quod dignitates, opes, Potentiam tantopere flagitamus? Perpetuo his frui cui datum? LADISLAUS nobiliſſimus Adoleſcens; duodeviginti natus annos, in ipſo Ætatis flore, in ipſo Gloriæ Culmine, tot Gentibus imperans, tot deliciis atque opibus affluens, inter tot auxiliantium manus, intra 36. Cereviſiamque ſeu, ut Æneas ait, ſicorum bibit. Priusquam Lecto decumberet, orationem de more ad ſuperos habuit, qua finita, gravatum ſe dixit, & Stomachum vehementer dolere. At ille de ſe Judicio faciens, nihil melius Somno affirmabat. Ubi anima ægra amplius demorari non potuit, Sacram Candelam petiit, eamque manu prehendit, & intuens SALVATORIS CRUCIFIXI IMAGINEM orationem Dominicam dicere orſus, ad finem usque perduxit, pronunciatisque ultimis Verbis: Sed libera nos a malo: nihil amplius locutus, non extrema pati, ſed quietem arripere viſus, mortalis vitae Lumen reliquit. Cochlæi de diſpare Fatorum Curſu egregia Sententia:

Hic profecto pius & cordatus Lector merito fatorum ſecreta & Divini Judicii arcana admirabundus venerabitur potius quam perſcrutabitur, ne Scrutator Majeſtatis ſupprimatur a Gloria. Quis enim hominum poſſit hic perſcrutari cauſam, cur Duorum Adoleſcentum qui Ætate & moribus pene pares erant, tam diſpar fuerit fatorum Curſus. En Ladislaus Rex & Mathias Hunniades, ambo erant in XVIII. Ætatis anno conſtituti, ambo eximiæ Indolis, ambo Paternæ Virtutis Æmuli, glorioſis Parentum geſtis clari. At longe diverſiſſima fuit utriusque Fortuna. LADIKAUS enim e Regali Solio, dum novæ nuptæ Thalamum adornat, ſubito defertur ad Tumulum, Luctu publico. MATHIAS verò captivus dum Capitale Supplicium trepidus exſpectat, inſperatè e Carcere ducitur ad Regnum maximo cum Gaudio. Quam hic quæſo Cauſam tantæ Diverſitatis afferet Intellectus Humanus: Nunquis Conſiliarius DEI unquam fuit? Quin potius dicat religioſe ac venerabiliter cum Pſalmiſta: Judicia DOMINI vera, juſtificata in ſemet ipſa. Item: Judicia Tua Abyſſus multa. Item: Æquitas Judicia Tua. Certum eſt enim; apud DEUM nullam eſſe Iniquitatem. Hæc Cochlæus Lib. XI.

Fridricus Elector Brandenburgicus oblatam Coronam Bojemicam recuſat. Rudolphus Epiſcopus Lavantinus & Legatus Pontificius, ad exequendos potiſſimum Proceſſus Exauctoractionis GEORGII Bojemiæ Regis, bellique adeo adverſus hunc Tuba, annitentibus non ſolum Caſimiri Polon. Regis, cui ob bellum Prutenicum iniquiſimis Ordini Conditionibus ſedatum Rudolphus gratus erat, Legatis Stanislao Oſtorogio, Caliſſienſi Palatino, Jacobo de Dumbrio, Regis Vice-Theſaurario & Johanne Dlugoſch, Canonico Cracovienſi, ſed & Bojemiæ quibusdam Proceribus patriæ & avitæ Religioni addictis, quorum Princeps erat Zdenco Sternbergius, conſentienteque cum horum interceſſionibus, tum Capituli Poſtulationi Pontif. WRATISLAVIENSIS EPISCOPUS creatur: cum fruſtra eam Dignitatem ambiiſſet, Primislaus Dux Opaviæ, S. Crucis Cantor & Canonicus Wratislavienſis.

Elector Brandenb. Bohemiam recuſat:

Rudolphus Ep. Lavantinus eligitur Epiſcopus Wratislav.

Ineunte Vere MATHIAS Hungariæ Rex a Pontif. Romano, qui acerbius Bojemos quam Turcas oderat, & inteſtinum hoſtem quam remotum magis formidabat, perſuaſus, nulla habita vel adfinitatis vel maximorum beneficiorum cum Salutis ſuæ tum Regni Ungarici a Georgio in ſe collatorum ratione, Socerum hunc ſuum, tanquam hæreticum, & Eccleſiæ Romanæ Hoſtem, cui fides data impune violari poſſit, bello aggreditur: omiſſa multo & honeſtiore & magis neceſſaria in Turcas Expeditione: quam in animo habebat: Scilicet iſtud fuit

MATHIAS HUNG. REX GEORGIUM BOH. REGEM bello petit:

ἀντ' ἐυεργεσίας λυγαμίμνονα τῖσαι Ἀχαιοί

notaque eſt illa in Cæſaris funere decantata nænia: Men' ſervaſſe, ut eſſet, qui me perderet? At Georgius ab iis etiam a quibus ante in fidem receptus fuerat, delectus, nihilominus tamen Auxilio filiorum ſtrenuam fidamque Patri operam navantium fortiter Regnum ſuum, etſi in varia ſorte propugnavit. Et MATHIÆ quidem ex Moravia ad Auſtriæ fines occurrens cum Victorino Filio, prope Laam Oppidum in Hoſtis Conſpectu Caſtra metatus eſt, eaque Eſſedorum & Curruum objectu undique circumvallavit, utrumque Exercitum interfluente Maro Amne, qui Hungariam ab Auſtriæ Finibus & vicina Moravia diſterminat. Quatuor Septimanis illic ceſſatum eſt, multa attentante Georgio, quo vel per Internuncios Generum conciliaret, vel ſi in Sententia perſiſteret, dolo aliquo circumveniret. MATHIAS vero ad omnia Verborum Lenocinia ſurdas præbebat aures, & ſi hoſtis in liberum Campum elici potuiſſet, Prælium deſiderabat. Bojemus ſuos intra curruum munimenta continebat. Tandem vero quæ Eſui erant abſumptis: Trebitium retro caſtra movit & Victorino illic relicto, ipſe ad interiora Regni loca recedens, novum militem quæque alia bello Uſui ſciebat, comparans, arces & oppida hoſti oportuna, Preſidiis munivit. MATHIAS Znoymam deinde pergens, cum Victorinum Trebitii relictum audiviſſet, eo advolat. Victorinus oppido egreſſus cum præcurſoribus Hungaris manum conſerens, Rege ſuperveniente, fugam inire coactus eſt, & ne hoſtis fugientibus ſuis permixtus Portam ingrederetur, domos aliquot in Suburbio incendit, non inutili ex Neceſſitate Conſilio, niſi id fortuna deſtituiſſet. Nam Incendio ex Suburbio in Oppidum pervagato, dum ad reſtinguendum trepide diſcurritur, Hungari urgente Occaſionem Rege, ſuperatis muris Opidum capiunt. Victorinus cum ſuis vicinum quoddam monaſterium occupat, in quo ab Hoſte obſidetur. Bonfinius Arcem eam non Monaſterium fuiſſe dicit. Periculo filii audito GEORGIUS octo armatorum millia eo mittit, qui aperta Vi nihil attentare auſi, currorum Vallo ſe continebant. Interim Victorinus Eruptione de improviſo facta, aſtu & Viribus uſus hoſtium Stationem ad ſuos evadit, cum iisque in Bojemiam abit. MATHIAS inde Brunnam pergit, & ab obviis Civibus excipitur, qui etſi Bojemo coacti parebant, exercitia tamen Religionis nec dum mutaverant. Dein Arcem Spilbergam Situ opere & Præſidio validam, Rex obſidione cingit. Interim Legatus Pontificius: qui Græciam Stiriæ ad Cæſarem venerat, largas paſſim Indulgentias iis omnibus promulgat, qui vel ipſi ad id bellum proficiſcantur, vel aliis de ſuo aliquid in Stipendia contribuant. Venerunt eo MATHIÆ etiam Legati, & de continuando bello convenitur: deinde cum Regiis Legatis Pontificius Viennam atque inde Olomucium ad MATHIAM proficiſcitur. Is relictis ad Spilbergam arcem Præfectis quibusdam in Hungariam hibernatum abiit.

Turbis SILESIA pervastatis:

Cæterum in Silesia Wratislavienses una cum vicinis aliquot Francosteinense castrum expugnarunt atque solo æquarunt: Eodemque propemodum Tempore ex utraque Lusatia, Plebem ubique Rudolpho Episcopo comitante, magna Cruce signatorum Manus in Silesiam se effudit, quibus suos quoque auxiliares Henricus Freistadienſis, qui Patri cognomini successerat, Glogovia & Freistadio misit. Sed rudes illi & in re militari minus exercitati homines, dum sibi parum cavent, magna edita strage repulsi, Henricique Subditi maximam Partem occisione deleti sunt.

Principes quidam Silesii interdicto Sacrorum notati:

Inducie inter MATHIAM & GEORGIUM REGES ad annum sancite:

MATHIAS REX constitutis domi rebus, initio Februarii cum Exercitu 16000. militum, in quibus X. Equitum millia, hostiliter iterum Moraviam & Bojemiam ingressus crudeliter Provincias illas devastat, cujus Adventu cognito ii quoque qui Spilbergam arcem strenue hactenus defenderant, detitionem fecere, GEORGIUS autem hunc MATHIÆ Impetum sustinere se posse diffisus, cum eodem egit, ut colloquendi secum daretur Facultas, eaque prope Leuchtenbergam Arcem impetrata, ecquam in se Socerum suum Armorum Causam haberet, amice exquisivit, non ita de ipso meritum esse, ut Vitæ suæ Insidias pararet, cujus Vitam non protexisset solum, sed & quam ornatissimam esse semper voluisset. At MATHIAS nihil aliud respondit, quam sui facti Pontificem atque Cæsarem Auctores se habere, qui tanquam Hæreticorum Fautorem indignum Regno pronunciassent. Sunt qui Bojemum Hungaro singulare Certamen obtulisse dicunt, loco sæptis intercluso, quod propter Ventrem Abdomine gravem minus decurrere posset, neque id detrectasse MATHIAM, sed locum relinqui purum & apertum voluisse. Alii aliter Rem narrant. Curæus nullum Certamen ponit: alium Conventui dictum Diem Olomucii, quartum nimirum Aprilis scribit, quo GEORGIUS ob adversa Episcoporum Studia venire nolens, Sternbergam vicinum Oppidum divertit. Ibi duo Reges in Prædio Suburbano sæpe multumque collocuti, inducias tandem ad Anni Exitum pacti sunt: quo Tempore de Pace ageretur. Discedentem MATHIAM duo GEORGII Filii Olomucium usque prosecuti, quam officiosissime comitabantur, ibi homo quidam impurus Regi suadere cœpit, ut si finem bello imponere, sibique Bojemiam acquirere cuperet, Regios Juvenes Custodia inclusos teneret. Scelus hoc execratus MATHIAS, irato Vultu: Quid tu, inquit, Propudium Hominis tanti flagitii tamque non a Regio sed omni quoque liberali Animo alieni Auctor esse mihi non erubescis? Simul gravissime monuit, ne tale quid unquam sibi excidere pateretur. Juvenes vero comiter habitos donisque insuper cultos ad Patrem remisit.

Is graves de MATHIA querelas expoſuit: Cultum eum multis a Cæſare officiis & Pontifici commendatum, ex Belli Bojemici Succeſſu ſuperbius ſe gerere, & iniquam pro acceptis beneficiis Gratiam reponere, dumque ipſe in Italia Reipublicæ cauſa, abeſſet, novam in Styria & Auſtria ſeditionem excitaſſe, Turbatores rerum Patrocinio ſuo fovere, idque agere, uti occupato Motibus Domeſticis Cæſare, Regni ſui Pomœria proferat, & effrenem dominandi Libidinem cum vicinorum Injuria expleat. XX. Januarii Georgius Rex egit Conventus Regni Bohemiæ, uti de suo post obitum Successore percunctatur: sed responsum a Regni Bohemiæ ordinibus accipit ambiguum. GEORGIUS REX de Successore sollicitus:

MATHIAS cum GEORGIO de Pace statuit agere, Regnum ipsi quoad viveret, concessurus, tum Victorino filio Libertatem, & in Silesia vel Moravia Ditionem aliquam. Sed gratum Pacis Nomen GEORGII obitus conturbavit, qui cum neque Odiis aut Periculis ullis quo minus in fidei suæ professione perseveraret, terreri se passis esset, constantiæ ob id & excelsi Animi laudem ab ipsis etiam Hostibus consecutus, post varias Ærumnas & Adversitates quibus tota vita conflictatus est, Tranquillitatis tandem Portum in morte nactus XI. Kal. Aprilis: Ætatis anno LI. cum regnasset annos XIII. ultimum Vitæ Diem clausit. Rochezana Hussitico Presbytero, Bojemorumque Archi-Episcopo electo paucis ante eum hebdomadis IX. quippe Kal. Martii mortuo. De quo cum GEORGIUS cognovisset: Nos, inquit, brevi ipsum sequemur: fuitque ista Regis Vox vere ominosa. Quum Venter Ejus defuncti de more Magnatum per anatomen aperiretur, facta evisceratione in Vesicula fellis inventa est bilis torrefacta & indurata instar lapilli, quod nullo modo dissolvi potuit. Deprehensum quoque est mediam fere Epatis Partem fuisse consumtam, atque cœnosæ cuidam Putrilagini similem: Hæc Curæus noster: qui ejus Physicam adfert rationem. VII. Kal. April. Georgius magna Pompa funebri luctuque hominum elatus in Arcem Pragensem & Cathedrale D. Cochlæus lib. XII. Quem profecto MATHIAS bello superare nunquam potuisset (ut arbitror) nisi adjutus fuisset tum a Pontif. tum ab Imperatore. Uterque vero subsidia ei rei præstitit: Pontifex per Legatum, qui Copias in Turcas paraverat, quos Mathiæ adversus Regem Bohemiæ subministravit, & Cæsar unius Anni reditus Austriæ in eum Usum belli Mathiæ concessit. Neque tamen potuit Mathias Georgium e Regno pellere, sed post septennale bellum cum eo Pacem iniit, etiam invito tum Imperatore tum Pontifice, sensit enim quanto fuerit difficilius cum Bohemis sub Georgio quam cum Turcis bellum gerere. paulo post Diem suum obiit:

Post GEORGII excessum, ut Bojemiæ Regnum plures ambierunt, ita in Rege subrogando variis Studiis Procerum ac reliquorum Ordinum, Pragæ primum, inde regalibus Comitiis novo Exemplo, ne quis in Urbe ob frequentiam hominum seditioni obnoxia & plerisque suspecta motus existeret, Cuthnam translatis, certatum fuit. Erant qui MATHIAM evocandum censebant, cui & Pontifex favebat: nonnulli Cæsarem, qui vetera cum Bojemorum Regibus pacta conventa allegabat, GEORGIO sufficiendum suadebant: non nemo pro GEORGII Filio HENRICO laborabat, nec Albertus Misnensis Marchio sibi deerat: qui cum V. Equitum millibus, uti Bohemis opem ferret, si qua Vis fieret, advenerat: revera autem suum Negotium agere putabatur. Præter hos nonnulli Ludovicum Bavarum, quidam Galliæ Regem, ad redimenda regni portoria aliaque Regis bona, idoneum nominabant. Sed re in Concilio diligentius perpensa ad WRADISLAUM tandem Polonum, Casimiri Regis Filium, XV. annorum Adolescentem, omnium fere Voluntates inclinabant. Imprimis vero movebat eos gentis quædam coguatio, ac promissa debitorum persolutio, quæ CCC. aureum nummum millia excedere dicebantur. WLADISLAO igitur ad VII. Kal. Jun Bojemiæ Rege renunciato, delecti mox Legati complures de primoribus, Nobilitate & Pragensi Civitate utraque, qui illum primo quoque Tempore e Polonia excirent. Conſervatores Sacræ Coronæ jurabunt Romanorum Regi, eam Coronam ſi accidat Dmnum VVladizlaum Regem ſine legitima prole decedere, nulla poſt eum maſculina relicta, modo quo ſupra dictum eſt, ad nullius manus dare, ſed pro Coronatione ipſius Romanorum Regis, aut Sui Sanguinis ex ſe per Lineam rectam deſcendentis, fideliter conſervare:

Item: ſi Dnus VVladizlaus Rex excederet ex humanis, hærede maſculo annis minore relicto, conventum eſt, quod hi, qui hæredem talem juxta Regni Ordinationes & Conſuetudines ſub Tutela ſua tenebunt, pari modo & de novo jurabunt, cum Tutelam hujusmodi in ſe ſuſcipient, præſentem Tractatum, quantum ad Succeſſionem, manutenere, & ſecundum illius Tenorem vivere:

Pacata hoc modo Hungaria Beatrix Regina Vidua Spe vana lactata, Votoque ſuo fruſtrata, quod jam natu grandior eſſet, ac ſterilis diceretur, a Wladislao repudiatur: quæ ubi Matrimonii Stipulationem a Pontifice quoque irritam pronunciatam accepit, Neapolim pudore & Indignatione plena conceſſit, ibique vitam pene ſolitariam egit. Beatrix Regina Hungaria Neapolim redit;

Eodem hoc anno cœpit gliſcere odium inter Epiſcopum Wratislavienſem, in ſancienda diſciplina ſeveriorem, & Collegia Sacerdotum, quod deinde in Litem ignominioſam, quin imo Capitales Inimicitias erupit.

Sub Autumni Tempus Caſimirus Teſchinenſium Dux Supremus Sileſiarum Præfectus: Copiis Regiis Bulconis Fanum, Fürſtenſteinum & alias Arces expugnavit, quæ fuerunt munitæ Præſidiis Georgii Stenii, ac latrociniis erant receptacula. Arces Sileſiæ montanæ diruta;

Gratiæ WLADIZLAI REGIS VVratislaviæ conceſſæ:

Idem Edicto ſevero prohibet: ne VVratislaviæ Monachis aut Eccleſiaſticis aliis quidquam præter Pecuniam numeratam (in qua nempe Liberalitas poteſt ſat magna conſiſtere) ex Civium Teſtamentis capere ullatenus permittatur.

Qui Partibus diſcordantibus ac defenſiones ſuas utrimque adferentibus, nec multum de Jure ſuo cedere volentibus, Auctoritatem ſuam interpoſuerunt, ac ſimul Partes ad Transactionem adegerunt. Sed hæc ad annos pertinent ſequentes.

CHRISTI 1503.

Nox Natalis DOMINICI incipientis hunc annum memorabilis fuit propter Glaciem multam & glabram, in qua homines multi lapsi sunt, & detrimenta Valetudinis passi Cruribus & Brachiis fractis.

Ludomilla: Ducissa Lignicensis moritur:

D. 20. Januarii in die Fabiani & Sebastiani, obiit LUDOMILLA: Ducissa Lignicensis, postquam defuncto marito annos XV. præfuit Ducatui: Interea filius Fridericus II. in aula Wladislai Hungariæ Regis vixit, ante Matris tamen mortem domum rediit; Ea mortua duo filii: Fridericus II. & Georgius ita Hæreditatem divisêrunt, ut Fridericus Legnicium, Goldbergam, Hainoviam & Arcem Græciam possideret: Georgius vero Bregam: Lubociam: Olaviam: Oppidum Nimptsch: Strelam: Creutzberg & Pitschen. Ipsa sepulta ad Maritum laudatur quod optima multisque virtutibus prædita fuerit Domina.

Encomium Familiæ THURZONUM de Bethlemfalva:

Episcopo VVRATISLAVIENSI post multas altercationes Adjutor sive Collega datus, ac simul futurus Successor designatus: JOHANNES THURZO: Ecclesiæ Wratislav. Decanus: ex nobilissima oriundus * familia: quippe qui Patrem habuit, Johannem Thurzonem, Hungarum, qui ex fodinis metallicis in Hungaria immensas opes collegit: posteaque Cracoviæ Domicilium collocavit & Comitis Dignitatem adeptus est: fratres vero: Stanislaum, Episcopum Olomucensêm, Magni illius Desid. Erasmi Rotorodami Amicum, Georgium Comitem: Camerarium Montium Hungariæ: Alexium denique Thurzonem de Bethlemfalva; Hungariæ Pro-Regem sive Palatinum.

Controversia inter Collegium Canonicorum & VVratislavienses:

Collegium Canonicorum cum Urbe Wratislav. litigavit, eamque Fulmine Anathematis percussit, sed nullo cum successu, Urbs enim non modo illa fulmina risit, verum etiam Sacerdotes venerunt in Odium gravius apud omnes passim, & multi ex Latrunculis denunciato bello grandem ab illis extorserunt Pecuniam.

ANNA REGINA BOH. & HUNG. nascitur:

FERDINANDUS I. Infans Hispaniarum nascitur:

D. 23. Julii VVLADISLAI REGIS Domum nativitate auxit Filia, cui Aviæ Elisabethæ nomen in Baptismo tributum est. Sed cum quadriennio post Mater Filium enixa Partus Doloribus extincta esset, Pater ut Desiderium Conjugis leniret, ANNAM nominari Filiam voluit: consortem postea factam FERDINANDI IMPERATORIS: quem Joanna Mater Ferdinandi, Hispaniarum Regis Filia ex Belgio ut Hispaniæ Regnis cum Marito PHILIPPO AUSTRIACO inauguraretur profecta, hujus ipsius anni, mense Martio d. 10. Compluti enixa est, Die lustrico Najarensi & Alcalonio Principibus Susceptoribus, magna solemnitate baptizatum a Francisco Ximenio: Archiepiscopo Toletano, excellentis Ingenii & Industriæ Cardinali, qui in Urbe Compluto Academiam tum erigebat, & Bibliorum Editionem Complutensem adornabat, ob tanti vero Principis Ortum Vectigalium Immunitatem a Regina Matre Complutensibus impetravit.

Biblia Complutensia:

Johannes II. Dux Saganensis moritur:

Johannes Dux Saganensis, ille qui Fratrem Germanum, qui Glogovienses Senatores immani Scelere de medio sustulit, multaque alia crudeliter, plura imprudenter pravis Consultoribus usus patravit, cunctis despicabilis Wolaviæ vitam finiit: egregio Principibus Documento, ut si recte ac feliciter imperare velint, potentia sibi commissa proprio vel alieno Ingenio instigati ne abutantur, & Ultorem DEUM qui impunita Scelera non finit, & vel maxime superbos de Solio deturbare amat, revereantur. De Ætatis actæ deliciis adeo Johannem indoluisse Curæus scribit, ut post mortem sparsus sit rumor, dignum esse qui pro Exemplo Peccatoribus statueretur, & Sanctorum Cœtui adscriberetur.

Transactionis Kolowratensis Capita præcipua:

Transactio Kolowratensis ab Alberto de Kolowrat: Supremo Regni Bohemiæ Cancellario & Regio ad eam rem Legato, vulgariter sic dicta, Wratislaviæ inter Ecclesiastici ordinis Homines & Principes ac Status cæteros Silesiæ mense Februario facta: Ejus Capita præcipua:

VIII. Eid. Maji LUDOVICUS Bojemiæ REX infra Sacrum in Basilica D. Viti ab Antistite celebratum, palla Panni Auro intertexti indutus, tactoque de more Sacrorum Evangeliorum Codice, Verbis conceptis Jusjurandum de asservandis tuendisque ipsi Immunitatibus Regni Bojemiæ, prostat. Factum id est a Morte Wladizlai Regis, Patris Ejus anno VI. ab inauguratione Ipsius annis XIII. Neque ita multo post, Kalendis nempe Junii, MARIA uxor Ejus in Arce Pragensi inter 14 & 15. hor. ab Hungariæ & Olomucensi Præsulibus coronatur Regina Boëmiæ, ipso Rege adstante, Capiti imposita Regni Corona, atque una Manu Sceptrum, altera Pomum, Insignia Regalia præferente: Præsentibus ei Inaugurationi inter alios Duce Lignicensi, Caroloque Principe Monsterbergensi. LUDOVICUS REX Pragæ commoratur:

Inter Senatum & Plebem Svidnicensem orta ex eo Dissensio, quod hæc Monetæ Mutationem contra Regis ac Senatus Voluntatem non admitteret, in apertam hoc anno erupit Seditionem, adeo ut Senatores plerique cum Uxoribus & Liberis ex Urbe discedere fuerint coacti. Vocati ob id Wratislaviam a Georgio Brandenburgensi & Fridrico Lignicensi ex Tribunis & Populo qui putabantur esse malorum Autores, Causam dicere jussi sunt, cumque aliquot ex illis ad mortem damnati essent, Fridrico Lignicensi ita jubente de tribus supplicium sumptum, de cæteris a Georgio vitæ Gratia facta est, intercedentibus pro iis Matronis Wratislavienſibus. Accesserunt deinde Principes cum Exercitu Svidniciam, ut ad Obedientiam Cives cogerent, pristinamque Senatui Auctoritatem restituerent. Sed cum Bojemi denunciarent, se Svidnicensem Populum, si Opus foret, armis defensuros; Principes domum redierunt, biennio autem post dissidium hoc amice compositum ac pristina Civitati Quies restituta fuit. Seditio Svidnicii orta:

Schrammius hæc: Sed cum in Contumacia Svidnicenses perseverarent, acceptis a Rege mandatis Fridricus & Marchio Exercitum, cui Wratislavienses Copiæ accesserant, ad Svidnicium duxerunt, & castra juxta Pagum VVisserode posuerunt, tum tam lædendi quam terrendi Provinciales causa: tandem composita causa Pax conciliata fuit.

Ludovicus Rex Privilegium Statibus Regni Boëmiæ a VVladizlao Patre an. 1510. concessum novo Diplomate confirmat, addita simul appendice, de Opolienſi & Ratiborienſi Ducatibus aliisque bonis, quæ tunc Johannes Dux possidebat, si quando per Mortem ejus vacare contigerit, absque ordinum Consensu nemini quocunque Titulo Carolus Dux Monsterb. & Olsnensis Bohemiæ Pro-Rex constitutus:

Menſe Junio Ludovicus Rex Hungariæ & Bohemiæ Oratorem Cracoviam miſit, ut Edictum, quo Poloni Negociatores Wratislaviam Merces convehere aut Mercimonia ibi frequentare prohibebantur, abrogaret. cium Proceres Regni Ungariæ attingeret, ego tamen juxta meæ fidelitatis Exigentiam nolui Majestati Suæ medio tantum familiarum & servitiorum meorum servitia exhibere, verum in persona mea propria cum eodem Zettritz ad hoc ipsum peragendum profectus sum. Noverit autem Reverendissima Dominatio vestra, dicta & relata omnia memorati Zettritz fuisse verissima. Nam dum loco appropinquaremus, nec tum tamen attigissemus, Zettritz mihi a longe locum digito monstravit. Festinanter illuc venimus, Equum unum mortuum in luto & paludibus comperimus: Zettritz Corpus Regiæ Majestatis illic esse arbitratus, spretis paludibus, luto se injecit, sub eis Corpus Regium cum reliquis Comitibus quæsivit nec reperit: arma tamen Majestatis suæ ibidem invenit. Paululum inde progressi Corpus unum exangue vidimus, quod versando Corpus esse cognovimus Trepka Magistri Curiæ Majestatis suæ. Multa denique Corpora diutius versantes Regium Corpus inter illa non reperimus: Non longe ab eisdem Paludibus Sepulturam novam vidimus, & quasi divino Instinctu humatum Corpus Regiæ Majestatis cognovimus: accurrimus omnes: ante omnes alios Zettritz Unguibus suis cœpit Terram vellicare, nos quoque similiter. Primum a Parte Pedum aperta Sepultura dextrum Pedem sepulti Zettritz arripuit, aqua duorum Pileorum diligentissime lavit signumque quod Majestas Regia dextro Pede habebat, deprehendit, exclamavitque Voce magna: Hoc est Regiæ Majestatis Domini mei semper gratissimi certissimum Corpus, flexisque Genibus cum Lachrymis osculatus est. Re cognita corpus effodimus, caput primum & Ora abluimus, pulcerrime per ea Signa quæ Regia Majestas in dentibus ferebat, se esse indicavit. Teges quidam erat nobiscum ductus, quem distraximus, & in eum Majestatis suæ Corpus deposuimus, aqua pura purissime abluimus (absit Adulatio) & Reverendiss. Dominatio vestra credere dignetur: nunquam vidi Corpus exangue hominis tam incorruptum tamque non fastidiosum & minus terribile. Nulla enim Corporis Majestatis suæ Pars corruptum aut fœditatem aliquam habuit, nec minimum Vulnerum etiam in quantitate Aciei acris præterquam exiguum in Labiis. His igitur summa cum reverentia peractis Regium Corpus in linteamen mundum, quod ego ex Jaurino propter hoc ipsum duxeram, involvimus, ac Sepulcro quod similiter ex Jaurino duximus, imposuimus: DEO OPT. MAX. opitulante ubique magna & optatissima Pace venimus. Dum ante Albam Regiam appulimus, præcurrit Zettritz, & hæc ipsa Judici Civitatis aliisque omnibus declaravit: Illi, ut decuit, cum omni Clero & Populo magna cum Processione Civitate progressi Regio Funeri obviam venerunt: Demum Corpus Majestatis suæ in Civitatem induximus, & in Domo Præposituræ Albensis, in quadam Testudine, magno honore deposuimus: aperto Tumulo Regium Corpus Judici Civitatis ostendimus. Cognovit & ipse suum Dominum. Mox occlusimus ac Martino Horwach custodiendum reliquimus. De quibus omnibus ipse Zettritz præsentium Exhibitor, V. R. D. latius explicabit. Optassem profecto, ut Sacræ Reginali Majestati Dominæ nostræ Gratissimæ in multo felicioribus Rebus servitia impendere potuissem. Sed cum in prosperis non licuit, in adversis etiam ad omnia mandata suæ Majestatis & V. R. D. ut debeo sum paratus: Tandem V. R. D. Altissimus Dominus conservet perpetuo felicissimam, cui Servitia mea toto Corde commendo. Ex Arce Jaurinensi fer. VI. post Lucæ Evangelistæ.

quomodo Regis Corpus inventum?

Thomas Cranmer (1489–1556), Archbishop of Canterbury, was the principal author of the Book of Common Prayer. Cranmer was born in Nottinghamshire and studied at Cambridge. He was ordained a priest in 1523 and became Archbishop of Canterbury in 1533, a position he held until his execution for treason during the reign of Queen Mary I. Cranmer's work on the Prayer Book began in 1544 and was completed in 1549. The first edition was published in that year, and a revised edition appeared in 1552. The Prayer Book was intended to provide a single, uniform liturgy for the Church of England, replacing the various local uses that had previously been in force.

The Book of Common Prayer is a collection of services for the public worship of God, the administration of the sacraments, and the rites and ceremonies of the Church. It includes services for Morning Prayer, Evening Prayer, the Litany, the Holy Communion, Baptism, Confirmation, Matrimony, the Visitation of the Sick, the Burial of the Dead, and the Ordering of Priests and Deacons. It also contains the Psalter, the Thirty-nine Articles of Religion, and a calendar of saints' days and holy days.

The Prayer Book has had a profound influence on the English language and on the worship of the Church of England and of the Anglican Communion throughout the world. Its language is noted for its dignity, simplicity, and beauty. Many of its phrases have become part of the common stock of English speech.

Article I

Of the Sovereignty of God.

There is but one living and true God, everlasting, without body, parts, or passions; of infinite power, wisdom, and goodness; the maker and preserver of all things both visible and invisible. And in unity of this Godhead there be three Persons, of one substance, power, and eternity, the Father, the Son, and the Holy Ghost.

Gastoldus Insignibus acceptis ad Comitia regressus Proceres Populosque in FERDINANDI Fide confirmat, & Obedientiæ illi Sacramento obstringit: cumque paulo post FERDINANDUS missis litteris Pacta inter Reginam & Gastoldum conventa rata haberet: ipsa non diu morata, contractis tamen prius fiduciariis Nuptiis inter Johannem & Johannam Ferdinandi F. per montes asperos Cassoviam versus iter direxit, rebusque salvis incolumis illuc cum filio pervenit.

(2) Where a Bill has been passed by the House of the People and transmitted to the Council of States not less than one month before the commencement of a session in which the President intends to summon a joint sitting of the two Houses, the President may, if he is of opinion that the Council of States may not pass the Bill as passed by the House of the People, or may pass it with amendments to which the House of the People may not agree, notify in writing to the Speaker of the House of the People his intention to summon a joint sitting of the two Houses for the purpose of deliberating and voting on the Bill:

Provided that nothing in this clause shall apply to a Money Bill.

(3) In reckoning any period of one month for the purposes of clause (2), no account shall be taken of any period during which the House of the People is prorogued or adjourned for more than four consecutive days.

(4) Where a joint sitting is summoned under clause (2), the Houses shall meet accordingly, unless the Bill has been passed by both Houses before the date of the joint sitting, and the President may, in his address to the Houses at the joint sitting or by message to the Houses, specify the amendments which are necessary to be made to the Bill and the time within which, in his opinion, the Bill should be passed, and if the Houses are required to meet by reason only of the fact that the Bill has been passed by one House and not by the other, the time so specified shall be reckoned from the date on which the Bill is passed by the former House.

(5) The Bill shall be deemed to have been passed by the Houses at the joint sitting in the form in which it was last passed by the House of the People with such amendments, if any, as are agreed to by a majority of the members of both Houses present and voting at the joint sitting, and the Bill as so passed shall be deemed for the purposes of this Chapter to have been passed by both Houses.

(6) Where a Bill is passed by the Houses at a joint sitting in accordance with the provisions of this article, the Bill shall, if it would have required the assent of the President if it had been passed by both Houses, be presented to the President for assent.

CHAPTER III

LEGISLATIVE POWERS OF THE PRESIDENT

123. Power of President to promulgate Ordinances during recess of Parliament.—(1) If at any time, except when both Houses of Parliament are in session, the President is satisfied that circumstances exist which render it necessary for him to take immediate action, he may promulgate such Ordinances as the circumstances appear to him to require.

(2) An Ordinance promulgated under this article shall have the same force and effect as an Act of Parliament assented to by the President, but every such Ordinance—

(a) shall be laid before both Houses of Parliament and shall cease to operate at the expiration of six weeks from the reassembly of Parliament, or if before the expiration of that period a resolution disapproving it is passed by both Houses, upon the passing of the second of those resolutions; and

(b) may be withdrawn at any time by the President.

Explanation.—Where the Houses of Parliament are summoned to meet on different dates, the period of six weeks shall be reckoned from the later of those dates for the purposes of this clause.

(3) If and so far as an Ordinance under this article makes any provision which would not be valid if enacted in an Act of Parliament, it shall be void:

Provided that, for the purposes of the provisions of this Constitution relating to the effect of an Act of Parliament which is inconsistent with an Act of the Legislature of a State, an Ordinance promulgated under this article in pursuance of instructions from the President shall be deemed to be an Act of Parliament which has been reserved for the consideration of the President and assented to by him.

cuisset, ratam Eam habere & Imperatorem agnoscere recusavit, quod Imperium Pontifici a CAROLO non resignatum FERDINANDUS inconsulto Pontifice accepisset, & Pacem Hæreticis Principibus juraſſet, nec ab ea Sententia quoad vixit, dimoveri potuit. Quod acerbissime ferentes Germaniæ Principes suas opes & Copias ad tuendam Imperatoris Dignitatem FERDINANDO obtulerunt.

Cometa apparuit:

Eid. Sextilibus sub Vesperam sub Coma Berenices Cometa apparuit, Caudaque ad Hispaniam directa, paulum ad ortum vergens, Nonis Septembr. evanuit, quem statim CAROLI V. pio & placido Exitu Vitam in his Terris suam concludentis Obitus secutus est. Toto illo biennio (magni Thuani Verbis dicam) quod mortem præcessit, in Hieronymianorum Fratrum Sodalitio Monitore usus Constantino quodam, qui Ei a sacris Confessionibus erat (quique postea jussu Philippi ob Fidei Confessionem Sevilliæ damnatus & crematus fuit) præcipue D. Bernhardi lectione se solabatur, & toto Pectore in DEUM revolutus sic ratiocinabatur: se quidem Indignum esse qui propriis Meritis Regnum Cælorum obtineret, sed Dominum DEUM suum, qui illud duplici Jure obtineat, & Patris Hæreditate & Passionis Merito, altero contentum esse, alterum sibi donare, ex Cujus Dono illud sibi merito vindicet, hacque fiducia fretus minime confundatur, neque enim Oleum Misericordiæ nisi in Vase Fiduciæ poni, hanc Hominis Fiduciam esse a se deficientis & innitentis Domino suo: alioqui propriis meritis fidere, non fidei sed perfidiæ esse: Peccata remitti per DEI Indulgentiam, ideoque credere nos debere, Peccata deleri non posse nisi ab Eo, Cui soli peccavimus, & in quem Peccatum non cadit, per Quem Solum Peccata nobis condonantur. Ita cum sensim ad lentam Tabim febris acuta accessisset, Imaginem CHRISTI CRUCIFIXI identidem in Oculis, Ulnis, Ore & tota mente complexus, in Eo solo se omnem Salutis suæ spem collocare declaravit, sumptoque Viatico: In me mane, inquit, dulcissime SERVATOR, & ego in Te maneam; in quæ Verba deficiens animam DEO, qui dederat illam, reddidit, cum vixisset annos LVII. menses VI. dies XXV. Regna vero Hæreditaria annos XL. Imperium XXXVI. tenuisset. Liberos reliquit ex ISABELLA Lusitana: PHILIPPUM II. Regnorum Hæredem, MARIAM Augustam MAXIMILIANI II. CAROLI Mortem mox Sororis MARIÆ Reginæ Hungariæ & Bojemiæ Mors secuta est XV. Kal. MAXIMILIANUS IMP. Augustæ Vindelicorum prima Comitia celebrat, in quibus præcipua de Turcico Bello, quod Solymannus, Maximiliani Juvenis Tributum pendere recusantis & in Transylvania bellum adversus Johannem Sigismundum Vasallum Turcicum feliciter gerentis, animi magnitudine irritatus, majoribus quam unquam antea Viribus Hungariæ inferebat deliberatio fuit: ad quod majora quam antea cuiquam Cæsarum Auxilia sunt decreta. Habuit & Conventus diversis Locis Hungarorum, Bojemorum, Austriacorum, Moravorum, Silesiorum qui omnes tam necessario Tempore & ad bellum tam justum pro Aris Focisque susceptum, & operam & opem suam Cæsari detulerunt. Cum autem Pius Princeps Vires Humanas citra Divini Numinis Gratiam debiles ac fluxas sentiret, ante omnia instituit ut ad Campanæ Sonitum omnes in Genua procumbentes publicis precationibus pro communi Salute cottidie defungerentur: omnia item Spectacula, lusus, Tripudia, & hujusmodi Lenocinia, quibus Homines ad Voluptatem allicerentur, severe prohibita. Militiæ tunc nomen dedere non Principes aliquot solum Germaniæ, Wolffgangus & Richardus, Palatini Neoburgici, Bavariæ Dux natu minor Philippus Marchio Badensis, sed & Alphonsius Atestinus Ferrariensis, Henricus Lotharingus Guisii Ducis in Aureliani Obsidione interfecti Filius adhuc adolescens, aliique plures ex diversis Europæ Partibus Reguli, Proceres ac Nobiles. Silesiæ ac Lusatiæ Copiarum Exercitum duxit GEORGIUS Dux Brigensis: Gratiam apud Imperatorem ac reliquos Duces Vigilantia Solertiaque sua longe maximam meritus, ac ita prorsus animatus, ut Exemplo HENRICI PII non fuerit recusatus pulchram pacisci per Vulnera mortem: cui se socios Expeditionis præbuerunt HENRICUS Lignicensis ac Monsterbergenses Duces. Cæterum Successus hujus Expeditionis non admodum felix: Etsi enim Palotta haud longe ab Alba Regali sita Virtute Georgii Thurii ex Budensis purpurati graviter eam obsidentis manibus erepta: Vesprimium ab Eccio sive Egone Salmensi Comite receptum: Tatosa & Gestesum Hungariæ Arces feliciter recuperatæ: Zabotica: Pelsovium: Combazzecum: Crasnahurca: Gadigen aliaque his vicina tum Castella tum Munitiones expugnatæ: Solymannus adhæc ipse in Obsidione Zigethi, quod fortissimum in ea Parte orbis Christiani Propugnaculum adversus Turcas erat & a Nicolao Comite Serinio fortissime defendebatur, morte extinctus est: tamen Mahometis Bassæ Industria singulari celata in Castris ipsius morte, biduo post Zigethum expugnatum, ipso Serinio qui cum nec Donis nec promissis ut arcem dederet, adduci posset, coactus tandem non modo Commeatus & Tormentorum penuria sed & Præsidiariorum Paucitate, quæ rebus magnis gerendis impedimentum adfert maximum, imprimis vero fatali Incendio, quod nulla Vi extingui poterat, splendide amictus per confertissimos hostium ordines eruperat, cum insignibus aliquot Hungaris ac strenuis bellatoribus interfecto: cum paulo ante Gyulapa arx in Transylvaniæ finibus munitissima a Bertasso Purpurato cum 36000. manu obsessa, firmissimo licet Equitum & peditum veteranorum præsidio & omni necessario apparatu instructa, proditione Ladislai Kerezinii Præfecto, ignavia perfidiæ proxima, hosti dedita fuit. Nec defuit tamen divina Ultio, Kereczinio Belgradum abducto & permisso Libidini Prætorianorum, hi dolium clavis ferreis acutisque introrsum omni ex Parte pertusum in montis deferunt verticem, perfidumque in eo inclusum de Monte præcipitem per declivia volvunt, & clavis confixum toto Corpore Ignaviæ Pœnam acerbo Supplicio luere cogunt. Ita duabus fortissimis Pannoniorum Munitionibus eodem fere Tempore in Potestatem Turcarum redactis, cum in Thraciam ii ut Selimo Patris Successori subjectionem & fidelitatem debitam præstarent, redirent: MAXIMILIANUS Viennam recessit: a quo licet hac Expeditione id effectum non sit quod quidem sperabant & optabant omnes, non tamen exiguum DEI beneficium existimare debemus, non longius, uti solet & statuerat, hostem tunc progressum fuisse. Services under the Union and the States

Clause (1) of article 309 provides that subject to the provisions of the Constitution, Acts of the appropriate Legislature may regulate the recruitment and conditions of service of persons appointed to public services and posts in connection with the affairs of the Union or of any State. Clause (2) of article 309 provides that until provision is made by or under an Act of the appropriate Legislature under clause (1), the President or such person as he may direct in the case of services and posts in connection with the affairs of the Union, and the Governor or such person as he may direct in the case of services and posts in connection with the affairs of a State, may make rules regulating the recruitment and conditions of service of persons appointed to such services and posts and any rules so made shall have effect subject to the provisions of any such Act. Clause (3) of article 309 provides that the power conferred by clause (2) to the President or to the Governor of a State shall include the power to require that in such cases as he may specify, recruitment to any service or post shall be made through the Commission.

Clause (1) of article 310 provides that except as expressly provided by the Constitution, every person who is a member of a defence service or of a civil service of the Union or of an all-India service or holds any post connected with defence or any civil post under the Union holds office during the pleasure of the President, and every person who is a member of a civil service of a State or holds any civil post under a State holds office during the pleasure of the Governor of the State. Clause (2) of article 310 provides that notwithstanding that a person holding a civil post under the Union or a State holds office during the pleasure of the President or the Governor of the State, any contract made in exercise of the power of the President or the Governor of a State may, subject to the provisions of the Constitution, provide for the payment to him of compensation if before the expiration of an agreed period that post is abolished or he is for reasons not connected with any misconduct on his part, required to vacate that post.

Clause (1) of article 311 provides that no person who is a member of a civil service of the Union or an all-India service or a civil service of a State or holds a civil post under the Union or a State shall be dismissed or removed by an authority subordinate to that by which he was appointed. Clause (2) of article 311 provides that no such person as aforesaid shall be dismissed or removed or reduced in rank except after an inquiry in which he has been informed of the charges against him and given a reasonable opportunity of being heard in respect of those charges. Clause (3) of article 311 provides that if, after such inquiry, it is proposed to impose upon him any such penalty, such penalty may be imposed on the basis of the evidence adduced during such inquiry and it shall not be necessary to give such person any opportunity of making representation on the penalty proposed. Clause (4) of article 311 provides that a person may be dismissed or removed or reduced in rank without such inquiry as is referred to in clause (2) in the following circumstances, namely:—

(a) where a person has been convicted on a criminal charge; or

(b) where the authority empowered to dismiss or remove a person or to reduce him in rank is satisfied that for some reason, to be recorded by that authority in writing, it is not reasonably practicable to hold such inquiry; or

(c) where the President or the Governor, as the case may be, is satisfied that in the interest of the security of the State it is not expedient to hold such inquiry.

Clause (5) of article 311 provides that if a question arises whether it is reasonably practicable to hold such inquiry as is referred to in clause (2), the decision thereon of the authority empowered to dismiss or remove such person or to reduce him in rank shall be final.

Clause (1) of article 312 provides that notwithstanding anything in Part VI or Part XI, if the Council of States has declared by resolution supported by not less than two-thirds of the members present and voting that it is necessary in the national interest that the Union should create one or more all-India services common to the Union and the States, Parliament may by law provide for the creation of such services. Clause (2) of article 312 provides that the services known at the commencement of this Constitution as the Indian Administrative Service and the Indian Police Service shall be deemed to be services created by Parliament under this article. Clause (3) of article 312 provides that the all-India services and the conditions of service of persons appointed to such services shall be such as may be specified in this behalf by or under law made by Parliament. Clause (4) of article 312 provides that the power conferred by this article to make rules, regulations or schedules with respect to any all-India service shall include power to provide for the constitution of a tribunal for the purpose of hearing appeals or settling disputes as to matters with respect to which such rules, regulations or schedules may be made and to exclude the jurisdiction of all courts except the jurisdiction of the Supreme Court under article 136 with respect to any decision of such tribunal. Bast. Ay, from or to mend, to them or from them.
Now for the commonwealth I brook and love you well.
For this expedient counsel of the war,
But for the concord of my state and peace,
No word shall fly from me but sweet and kind.
So shall it be, for I shall woo your love
Even at the first thus: and like a bridegroom
Issue my gentle speech, clothed in alluring joy.
Bring in the admiral, and let him enter
Or I will show myself the greater rebel.

Enter the Bastard and Hubert with a canvas.

Bast. Great men they say are wanton with their breath
Unless it be to swell their current low;
And with her plenteous breath she swells the boat,
And bids us speak of nothing but fair weather.

Hub. Out of my sight, and never see me more!
My nails are sharper than your lemon'd wits,
And unless you do shake these rude behaviours from you,
And sit as I do now, in wonted public reverence,
I will unfurnish me of these my fingers.

Bast. Sir, sir, impatience has his privilege.

Hub. 'Tis true, to hurt his master, no man else.

Bast. This is the prison. What is he lies here?

Seeing Arthur.

Hub. Young Arthur, he is sad and passionate
At your displeasure.

Bast. Let him be so still.

Hub. Do you mark, sir, not to be by the chair when he comes,
Lest he should kill himself.

Bast. How now, foolish rheum!
Turning dispiteous torture out of door!
I must be brief lest resolution drop
Out at mine eyes in tender womanish tears.
Can heart of man but feel what I do feel
Without rebuke or shame?

Hub. Ay, uncle, or we were very caitiffs.

Bast. Keep the door close, sirrah.

Hub. What shall I do, my lord?

Bast. Do as I bid you do.

Hub. Let me not hold my tongue, let me not, sir,
Your first command yet must my second tell.

Bast. Well, keep good quarter and attendance.
Some three or four of you come near the door.

Hub. We will, my lord.

Bast. Let me not hold my tongue, let me not, sir,
Your first command yet must my second tell.

RUDOLPHUS ARCHIDUX AUSTRIÆ dictus REX HUNGARIÆ;

RUDOLPHUS AUSTRIACUS: MAXIMILIANI CÆSARIS F. d. 25 Sept. Hungariæ Rex proclamatur, ac Pisonii solemnibus Ceremoniis inauguratur: Res magno paratu peracta, cum numerosa Regni Nobilitas extra Urbem sub Tentoriis recepto Gentis more convenisset, & omni honorifica significatione publicam de ea Inauguratione lætitiam testaretur. Convenerant Ungari tot & tantis per retroactos annos jactati Calamitatum Procellis, eo quo majore & splendidiore poterant numero & apparatu, ita ut bis mille & quingenti Equites, nullo ex confiniis milite subducto egregie auro & argento exornati spectatuque imprimis digni in castris patenti in Campo prope Urbem positis recensèrent. Hoc primum Tempore Ungaros Scuta oblonga & inflexa, quibus hactenus domi militiæque usi erant, agilitatis causa abdicasse constat, auctore Georgio Comite Zliniano, ita ut Thoracem ferrent, & galea hastaque contenti esse inciperent.

Novum in Via lactea Sidus;

Mense Novembri novum illud Sidus in Via Coeli lactea conspectum quod cum anno diutius immotum constitisset, tandem sub Anni Initium colorem ac Magnitudinem paulatim mutans adparere desiit: Variorum de eo varia Judicia fuerunt, præsertim cum non vulgare aliquod Meteoron, sed in ipso Æthere, & uti dictum, in Orbe lacteo ad Oram Asterismi Cassiopeæ sedem fixisset: quod & adstruebant Mathematicorum accuratæ passim Observationes uno fere Ore adserentium, nec Paralaxin, nec ullum inter verum & apparentem Stellæ Locum Discrimen a se animadversum, ut omittam, quod iidem adferebant, sub eodem octavæ Sphæræ Situ perpetuo constitisse. Theodorus Beza: Vezelius doctissimus ille & Clarissimus inter suos Theologus: stellam hanc cum Ea quæ Magis ab oriente ad adorandum Generis Humani Propitiatorem recens Bethleemi natum venientibus præluxit, ingeniosa & accommodata ad Tempus Similitudine, luculento Epigrammate edito, eandem fecit, additis tristis augurii minis, quos brevi post Eventus nonnullis in locis comprobavit. Epigramma hujusmodi:

Iste novus nullo furiali Crine Comeres
Et radians puro, cui nitet Igne Jubar,
Ecquid portendat Terris, DEUS ille deorum
Novit & ostendent Tempore fata suo.
Quod si humanæ aliquid possunt præscisscere mentes,
Talia scrutari nec mihi signa nefas:
Hic ille est olim parvam Davidis ad Urbem
Duxit ab Eoo qui prius orbe Magos:
Et qui nascenti præluxit, nunciat idem
Ecce redux reducem rursus adesse DEUM:
Hinc igitur felix o Turba applaude Piorum,
Tu vero Herodes sanguinolente time.

Carolus IX. Galliæ Rex moritur:

Quo quidem postremo versiculo Carolum Regem qui se Lanienæ Autorem fassus jam erat, ut caveret sibi, monuit. Nec vana quidem fide. Mense enim post stellæ hujus disparitionem quinto ille Sanguinis profluvio inter longos & graves Dolores exspiravit. Stella hæc sub Cassiopeæ Asterismo apparere cœpit, tanto fulgore, ut Jovem etiam in perigæo eccentrici & epicycli superaverit: & Cornelius Gemma Frisius scripserit: post Natum CHRISTUM vix aliud Phœnomenon illuxisse comparandum, sive Sublimitas Signi sive raritas & diuturnitas spectetur.

Sigismundus Augustus Pol. Rex obiit;

Sigismundus Augustus Pol. Rex ejus nominis II. sed Stirpis Jagellonicæ ultimus, quæ per ducentos circiter annos in Polonia rerum potita fuerat, nullis relictis Hæredibus VII. Id. Quintil. vivere desiit: cujus obitu novæ Cæsari Curarum moles, nova Consilia ac cogitationes obvenere: cum vicini Ejus opulentissimi & florentis Regni Sceptra & gubernacula sibi aut Ernesto Filio acquirenda constituisset, quæ tamen consilia instabilis fortuna rerum humanarum domitrix insolenter improbeque fefellit.

...ment of the Royal Exchange, and the Mercers' Company, who had the management of the Gresham estate, were desirous of rebuilding the Exchange, and of making it more worthy of the City of London. Accordingly, in 1566, they began to collect subscriptions for the purpose, and the Queen herself contributed £100. The work was commenced in 1567, and completed in 1570. The Queen, attended by her court, visited the building, and, after walking round it, ordered it to be called the Royal Exchange. The building was opened by her Majesty in person on the 23rd January, 1571. It was destroyed in the Great Fire of 1666, and rebuilt in 1667-69. The present building was erected in 1842-44, from the designs of Mr. Tite, M.P. The cost was £150,000. The Royal Exchange is a quadrangular building, with a spacious area in the centre, and a handsome Corinthian portico in front. The area is surrounded by a colonnade, and the upper part of the building contains a gallery, which is used as a promenade. The Royal Exchange is the property of the Mercers' Company, and is managed by a committee of that body. The Exchange is open daily from 10 to 4, and is used by merchants and brokers for the transaction of business. The Royal Exchange is one of the most important commercial buildings in the world, and is visited by thousands of persons every year.

Constitutio RUDOLPHINA pro Salute Silesiæ:

intulissent, laudabilis hoc anno (ut solent ex malis moribus bonæ nasci Leges) in Principum atque Ordinum Conventu facta est Constitutio, eademque RUDOLPHI CÆSARIS auctoritate publicata, qua cautum, ut ne majores deinceps Usuras quam semisses, hoc est, sex annua pro singulis centenis stipulari cuiquam liceat. Qui secus fecerit, is dimidia sortis Parte mulctetur: cujus altera semis fisco, altera delatori cedat.

Henricus Dux Lignicens. IMP. jussu captus:

HENRICUS DUX LIGNICENSIS, IMP. jussu a Gubernatione defectus certis de Causis, primum Pragæ Custodiæ mancipatur, inde Wratislaviam captivus deducitur.

Commutata Horologiorum Ratio VVratislaviæ:

Julio Mense commutata est Wratislaviæ Horologiorum Ratio, constitutumque publico Decreto, ut dies non ab occasu Solis, ut apud Atticos & Majores nostros ac passim in Bojemia & Silesia, sed a media nocte ut in plerisque Germaniæ locis inchoetur.

Synodus Diœcesana Wratislaviæ celebrata:

A MARTINO EPISCOPO Synodus ibidem Diœcesana celebrata, cui interfuere præter Cathedralis Ecclesiæ nec non S. Crucis & S. Ægidii Wratisl. Mathiæ, Johannes Lubenses, Nicolaus Henrichovienses, Antonius Camencenses, Casparus Grissovienses, Ordinis Cistercienses Abbates, scripto tamen comprehensam Protestationem Synodo offerentes, ne Comparitio illa Privilegiis suo Ordini a Pontificibus Romanis concessis, quorum Vigore neque ad Synodum neque ad alium quemcunque Conventum venire teneantur, nec nisi Superioribus Sui Ordinis immediate sint subjecti, in Præjudicium aliquod vergeret, sed quam EPISCOPUS tanquam Constitutionibus Synodalibus contrariam rejecit & repudiavit. Abbas in Arena Wratislav. & Saganensis Archimandrita per sui Ordinis Priores Officio defuncti sunt. Johannes S. Vincentii Wratislav. Abbas peregre tunc aberat: Actum autem in ea Synodo præter alia de recipiendis Synodi Tridentinæ Decretis: quibus cum se lubens volensque EPISCOPUS subjiceret, ejus Exemplum imitati cæteri magno omnes Consensu verbisque expressis: se omnia quæ in Tridentino Concilio tradita & decreta sunt, inviolabiliter observare atque Executioni mandare velle testati sunt. Quia vero in nonnullis rebus moderatione opus esse videbatur, placuit accurate ea de re cogitari, Capita moderationis interea colligi & describi, & in sequenti Synodo proxima matura deliberatione de mittendo ejus rei causa in Urbem Legato certi aliquid statui & decerni. Decreta hujus Synodi actaque adeo Universa una cum Ecclesiæ Wratislaviensis Statutis Synodalibus antiquis an. 1585. ipso EPISCOPO curante Wratislaviæ Typis expressa sunt.

Lues Epidemica:

Incidit in id Tempus lues Epidemica, morbus vervecinus Italis (mal di castrone) adpellata, Gallis Coqueluce. Cœpit is morbus apud nos Vires suas exerere paulo ante Julii mensis Initium in finem usque Augusti & cum longe lateque non modo Europam & Asiam pervagatus esset, intra breve Tempus magnam Partem humani Generis adflixit. Febris continuæ non admodum intensæ quoddam Genus ex Putredine natum & Ichoribus inhærens Medicis quibusdam videbatur, quibus alii reclamabant, signis a Putredine diversis & quod absque febre quidam fuissent, permoti: Causam hujus intempestivæ Aëris Constitutioni quidam attribuebant: Æstuanti namque præter modum aridoque Aprili, unde omnes Segetes Detrimentum patiebantur, successit Majus frigidus humidiorque qui Segetes quidem suscitavit, sed in corporibus humanis talem impressionem reliquit. Multos cum invasisset, horrore concutiebat, quem Lassitudo Corporis, Viriumque Prostratio quædam seu Taedium potius Laborum & Calor subsequebatur, Capiti Gravedinem & menti perturbationem cum dejectione appetitus inferens. Quibusdam ex Capite unde Epidemicum Catarrhum vocabant, humores in pectus defluebant & Tussim excitabant. Aliquos Phrenitides, anginæ & faucium inflammationes in Discrimen ducebant. Hæ vero Symptomatum Dissimilitudo non nisi ad Corporum Varietatem referebatur, quæ vehementiora aut mitiora fiebant ratione individuorum: Neque enim sua natura hic morbus adeo exitiosus fuit, sed vel Victus Intemperantia vel medicatio inconveniens quosdam ægros exstinguebat.

Quia vero juxta Hypocratis Sententiam id curatio ostendit &c. in plerisque omnibus ad Ichores malum hoc analogiam habuit & a natura vel spontanea crisi vel arte

In multis tamen cacochymis hominibus atque locis ubi putredo Sanguinis maſſam attigit, Sanguinis miſſio & aliquando vacuantia medicamenta profuerunt. Quæ quidem Præſidia etiam plurimis ideo fuerunt pernicioſa, quod intro revocarint ea quæ natura expellere per exhalationes & Sudores contendebat. Nihil in hoc morbo ipſa brevitate fuit melius: duravitque plerumque ad quartum Diem & ultra decimum vix protendebatur.

RUDOLPHUS IMPERATOR cum Aprili Mense Ordinum Regni Hungariæ Conventum Pisonii habuisset: in quibus de vectigali trium Hungaricorum singulis Januis seu domibus impositio, de collato in arcibus ac limite milite, & de MAXIMILIANO Fratre Vicario Pannoniæ præficiendo retulit: contraque Proceres & Senatus Regni alia a Rege petierunt, de quibus amice inter eos convenit: prima inde Imperii Comitia Augustæ Vindelicorum celebravit, in quibus ad finium adversus Turcas defensionem a Principibus Contributio decreta, in quam tamen delegati Civitatum, antequam de Eorum Querelis cognosceretur, adsentiri recusarunt. Circa Exitum Comitiorum Gregorius XIII. P. R. Calendarii correcti formam ad Imperatorem misit, ut in Germanico etiam Imperio illud promulgaret. Erat autem ratio emendationis Ejusmodi instituta, ut æquinoctia & Solstitia, quæ propter anni quantitatem majorem a nati CHRISTI Temporibus quindecim fere Diebus anticipaverant, ad antiquas illas metas reducerentur, quas in CONCILIO NICÆNO determinarunt SS. PATRES. Decem igitur dies in mense Octobri a d. 4. usque ad 14. Octobr. præteriri eo anno voluit: ita ut 4. mensis dies haberetur pro d. 14. Cæterum cum nemo Principum aut Civitatum Augustanam Confessionem amplectentium accipere in Germaniam Calendarium vellent, quod nimirum cavendum existimarent, ne Kalendarii emendandi prætextu novam & inusitatam Pontifici in Imperii Majestatem & Cæsarem ipsum Jurisdictionem & mandandi Potestatem tribuerent, præsertim cum inconsulto Cæsare & non requisito Imperii Principum & Ordinum Consensu res tanta a Pontifice suscepta sit: negotium id Cæsar distulit, & veterem formam hactenus usurpatam in Cameræ Judiciis, eo anno servari mandavit, nec eo minus tamen, ut Calendarium illud Gregorianum saltem inter Majorum Religioni addictos locum haberet, sequenti anno tenuit.

Calendarium Gregorianum:

Judæi Silesia excedere jussi:

Edicta duo a Cæsare Viennæ d. VII. Kal. April. condita atque in Silesiam missa, ab Episcopo Wratislaviensi Eodemque Supremo Præfecto publicantur: quorum uno Judæi omnes una cum Uxoribus suis liberisque ante diem D. JOHANNI sacrum solum vertere ac Finibus Silesiæ excedere jubentur, pœna amissionis bonorum omnium tam mobilium quam immobilium non obtemperaturis proposita. Altero vero de Anabaptistis cautum est: ut si qui reperiantur improbæ illius Religionis Sectatores, intra diem jam dictum a Magistratu loco comprehensi in ea loca unde venerunt, remittantur: de præcipuis Religionis CHRISTIANÆ Capitibus diligenter instruantur, quin & carceribus pro re nata mancipentur. Quod si Sectæ illi insanabili Pertinacia renunciare nolint, aut ex Provincia forte aufugerint, bona Eorum annotentur, & vel Liberis si quos habent orthodoxis adsignentur, vel si nullos aut Ejusdem Sectæ participes, proximioribus in Provincia cognatis deferantur: qui idonea Cautione præstita libere ac pacate tantisper iis utantur, fruantur, dum illi Eorumve liberi seria pœnitudine adducti Errorem suum detestentur, & ad CHRISTIANORUM sacra ex animo ac fine ulla simulationis suspicione redeant: Eo tamen Temperamento, ne quid Religionis prætextu injuste in quenquam admittatur: neve adeo pro Anabaptista quis habeatur, aut Bona Ejus occupentur: nisi prius talis fuerit Jure declaratus.

Where a statute provides that a person who has been convicted of a felony shall be incapable of holding any office of trust or profit, and that he shall be deemed to have been convicted of a felony when he has been found guilty by the verdict of a jury, and judgment has been pronounced against him, the statute does not require that the judgment shall be entered of record before the person convicted shall be deemed to have been convicted of a felony, but the fact that judgment has been pronounced against him is sufficient. *Ib.*

Succeſſus Belli cum Turcis geſti: CHRISTIANORUM res hoc anno in Hungaria non fuerunt loco optimo. Victoria CHRISTIANORUM in Transylvania:

Principes atque Ordines Silesiæ mense Martio bis mille Equites in Transylvaniam committunt: quorum Ductor ADAMUS DUX TESCHINENSIS: in obtinenda illa insigni victoria qua & Sigismundus Bathorinus, postquam nimirum ille Principatum suum recuperaverat, profligatus & aliquot millia militum Ejus cæsa & machinæ æneæ quæ grandiores erant viginti, Cæsareanis cesserunt, & loca pleraque amissa ad obsequium Imperatoris facile redierunt, fidelem hunc operam abunde satis probavit.

Albam Regalem CÆSAREANI recuperant:

Alba Regalis, Urbs veterum Hungariæ Regum Domicilio ac Sepulcris olim nobilis, ductu atque Auspiciis Philippi Emanuelis a Lotharingia, Mercurii Ducis, Viri bellicosissimi, qui cum præcipue Ductores Bellici Roswurmius: Sigfridus Kolonitschius: Srarembergius; Althemius ibant, Septembri mense, paucorum Dierum obsidione, nostris est restituta, posteaquam Turcæ quinquaginta eam annis firmissimo Præsidio tenuissent.

Canisiam vero frustra obsident:

FERDINANDUS: ARCHIDUX AUSTRIÆ: auxiliis impetratis non contemnendis (XX. quippe millibus militum & ampliusexercitum constitisse ajunt) exeunte Autumno Canisiam obsidet. Franciscus Aldobrandinus: Clementis VIII. Nepos: Copiis Pontificiis imponitur: Dux Mantuæ ARCHIDUCIS vicarius constituitur; Urbs machinis pulsatur, & deditio imperatur: abnuentibus illis, ut Vis ad ruinam fieret, fossa Ponte sternitur, sed qui brevior & infirmior fuit, quam ut militum insistentium Onera sustineret. Ejus prolapsio nostris cladem intulit, cui privata diffidia accessionem quasi Cumulum fecere, Aldobrandino ARCHIDUCIS & Mantuani Imperium detrectante: qui dum in contumacia obdurat, fato concedere cogitur: Eo mortuo hyeme ingravescente ac saviente indies Cœlo, de Consilii Sententia exustis Tabernaculis, machinis & sarcinis amissis, re infecta post magnas Molestias obsidio solvitur.

Elogium JOACHIMI FRIDRICI Ducis Lygio-Bregensis:

JOACHIMUS FRIDRICUS Dux Ligniconsis ac Brigensis, cum Ecclesias suas inutilibus rixis turbari nollet, sed ædificationem potius rudiorum in fide & charitate omnia dirigi, paucis ante mortem mensibus memorabile Edictum publicat: quo prolixe testatur, qualenam a Principio Reformationis in Ecclesiis sonuerit Doctrinæ Genus, exhortans simul & monens omnes Ecclesiarum Scholarumque Doctores gravissime: constantes in recepta Augustanæ Confessionis Doctrina persisterent: veritatem ac Pacem diligerent, ab utraque ne transversum quidem Unguem sive dextrorsum sive sinistrorsum deflecterent; inutilibus rixis & iniquis infectationibus exterarum Ecclesiarum nuncium remitterent: denique ita Muneris sui Partes exsequerentur, ut propria faciant, pure & sinceriter doceant, pie Christianeque vivant, & Spiritus contradictionum quantum lubet mutuo iusligere, inquietari & tranquillari non patiantur. O præclarum vero & memorandum Edictum Magistratus pacifici! o studium erga Ecclesias salutare! o Vocem & auctoritatem promtissimo Obsequio amplectendam! o exemplum ad omnem deinceps posteritatis memoriam imitandum! Utilitatem hujus Edicti multiplicem recenset Melchior Tilesius: Gymnasii Bregensis Rector: Nam primum inquit, doctrinæ receptæ auctoritas stabilitione hac sarta tecta conservabitur, quin etiam Veritati e puro DEI verbo rectius agnoscendæ & tutius docendæ Via planior sternetur: 2. Illustrissimus Princeps tam in Aula Imperatoria quam tota Provincia omnem eluet Suspicionem de innovata aut innovanda Religione: nihil enim sancit, nisi usitatum, nisi paternum, nisi avitum: 3. Mateologis exteris universa Spes de admissu Formulæ Concordiæ præciditur: Hæc enim est illa Helena, ob quam bellum geritur hoc Sacerdotale: 4. Pastoribus nostris qui de Editione Libelli Gesneriani (inscripti Warnung an die Stände in Schlesien) in sinu lætantur, potestas exulandi publica excutietur, & maledicis Conviciatoribus isto Spasmo præceptæ moderationis Os coarctabitur: 5. Interdicto silentio cavebitur illis, quos Rabsaqus ille Gesnerus aut provocavit aut provocaturus est: Quis enim exprobrabit illis Silentium, si respondere vetantur? 6. Posteritati denique ita consulitur, ne mortuo Principe administrator Ducatus obstante hac promulgatione mutare Religionem præsumat.

Comitia Sileſiæ & quæ in iis acta:

Peſtum, commodiſſimus Locus, ex adverſo Budæ redit in Turcarum Poteſtatem, nova timiditate adactis noſtris, ut quamvis valido Præſidio muniti decederent: Jagenreuterus enim veritus, ne improviſo obrueretur ab Exercitu Hoſtili, egreſſus cum Peditum ſignis quinque, ſex Equitum, Caſtrum Turcis denudatum reliquit. Inde Strigonium Turcæ ſed fruſtra oppugnant: Hatwanum autem pariter a noſtris deſertum, impoſito Præſidio muniunt. Peſtum occupant Turcæ:

In Exercitu Cæſareano Seditio & Petulantia hinc inde, multo maxime autem certamina Religionis nomine multa turbarunt plurima impedierunt. Neque enim in Tranſylvania duntaxat novi a Stephano Botſcajo de Kismaria: primariæ Nobilitatis Viro, motus excitati, ſed & Hungarorum fides erga CÆSAREM exinde nutare cœpit. Turbæ in Tranſylvania exortæ:

Iverat Botſcajus ipſe in Aulam CÆSARIS, ſi levamen aliquod Hungariæ malis inveniretur: Ejus Conſiliis prævertendis Belgioſa, quæ in propinquo erant Præſidia evocavit, & cum Exercitu inſtructo non procul ab Adoria Botſcajo occurrit. Cumque ad Pugnam ſine mora ventum eſſet, initio ſtatim Hungarorum pedites nefaria Proditione Germanos ac Sileſios, quos inter tot Nobiles & fortiſſimi Viri, circumſiſtunt, ac quamvis diu ſe fortiter defenderint, fœdiſſime ſternunt & obtruncant, paucis fuga cumprimisque ex Signis Equitum Sileſiorum, quos ROTHWITZIUS ducebat, non niſi quadraginta Equitibus, elapſis.

Botſcajus hac velitatione defunctus, mox juſto Exercitu ex Hungaris, Ciculis, Tartaris, Turcis confecto Belgioſam in eas conjecit Angustias: ut in Arcem quandam confugiens, ibique obſeſſus, ægre Haiduccorum manus evaſurus fuerit, niſi Baſta cum Exercitu ad obſidendam Caſſoviam adventante, Botſcajus interim a ſuis Tranſylvaniæ Princeps renunciatus, Urbi timens ſuas eo Copias traduxiſſet. Ye shall not make vnto you any idoll, nor graue you any image, neither shall ye set vp any image of stone in your land, to bow downe vnto it: for I am the Lord your God.

Ye shall keepe my Sabbaths, and reuerence my Sanctuarie: I am the Lord.

If ye walke in my statutes, and keepe my commandements, and doe them:

Then I will giue you rayne in due season, and the land shall yeelde her increase, and the trees of the field shall giue their fruit.

And your threshing shall reach vnto the vintage, and the vintage shall reach vnto the sowing time: and ye shall eate your bread to the full, and dwell in your land safely.

And I will giue peace in the land, and ye shall lie downe, and none shall make you afraid: and I will cause the euill beasts to cease out of the land, neither shall the sword goe through your land.

And ye shall chase your enemies, and they shall fall before you by the sword.

And fiue of you shall chase an hundred, and an hundred of you shall put ten thousand to flight: and your enemies shall fall before you by the sword.

For I will haue respect vnto you, and make you fruitfull, and multiply you, and establish my couenant with you.

And ye shall eate old store, and bring forth the old because of the new.

And I will set my Tabernacle among you, and my soule shall not abhorre you.

And I will walke among you, and will be your God, and ye shall be my people.

I am the Lord your God, which brought you out of the land of Egypt, that ye should not be their bondmen: and I haue broken the bands of your yoke, and made you goe vpright.

But if ye will not heare me, and will not doe all these commandements:

And if ye shall despise my statutes, and if your soule abhorre my iudgements, so that ye will not doe all my commandements, but that ye breake my couenant:

I will euen doe this vnto you, I will appoint ouer you terrour, consumption, and the burning ague, that shall consume the eyes, and cause sorrow of heart: and ye shall sow your seede in vaine, for your enemies shall eate it.

And I will set my face against you, and ye shall be slaine before your enemies: they that hate you shall reigne ouer you, and ye shall flee when none pursueth you.

And if ye will not yet for all this heare me, then I will punish you seuen times more for your sinnes.

And I will breake the pride of your power, and I will make your heauen as yron, and your earth as brasse.

And your strength shall be spent in vaine: for your land shall not giue her increase, neither shall the trees of the land giue their fruit.

And if ye walke contrarie vnto me, and will not heare me, I will bring seuen times more plagues vpon you according to your sinnes.

I will send wilde beasts also among you, which shall spoile you of your children, and destroy your cattell, and make you few in number, and your high waies shall be desolate.

And if ye will not be reformed by me by these things, but will walke contrarie vnto me:

Then will I also walke contrarie vnto you, and will smite you yet seuen times for your sinnes.

And I will bring a sword vpon you, that shall auenge the quarrell of my couenant: and when ye are gathered together within your cities, I will send the pestilence among you, and ye shall be deliuered into the hand of the enemie.

When I haue broken the staffe of your bread, ten women shall bake your bread in one ouen, and they shall deliuer you your bread againe by weight, and ye shall eate, and not be satisfied.

And if ye will not for all this heare me, but walke contrarie vnto me:

Then I will walke contrarie vnto you also in fury, and I will chastise you seuen times more for your sinnes.

And ye shall eate the flesh of your sonnes, and the flesh of your daughters shall ye eate.

And I will destroy your high places, and cut downe your images, and cast your carkeises vpon the carkeises of your idols, and my soule shall abhorre you.

And I will make your cities waste, and bring your Sanctuaries vnto desolation, and I will not smell the sauour of your sweet odours.

And I will bring the land into desolation, and your enemies which dwell therein shall be astonished at it.

And I will scatter you among the heathen, and will draw out a sword after you: and your land shall be desolate, and your cities waste.

Then shall the land reioyce in her Sabbaths, as long as it lieth desolate, and ye be in your enemies land: euen then shall the land rest, and reioyce in her Sabbaths.

As long as it lieth desolate it shall rest, because it did not rest in your Sabbaths, when ye dwelt vpon it.

And vpon them that are left aliue of you, I will send a faintnesse into their hearts in the lands of their enemies: and the sound of a shaken leafe shall chase them, and they shall flee as one flieth from a sword, and they shall fall when none pursueth.

And they shall fall one vpon another, as it were before a sword, when none pursueth: and ye shall haue no power to stand before your enemies.

And ye shall perish among the heathen, and the land of your enemies shall eate you vp.

And they that are left aliue of you, shall pine away in their iniquitie in your enemies lands: and also in the iniquities of their fathers shall they pine away with them.

If they shall confesse their iniquitie, and the iniquitie of their fathers, with their trespasse which they trespassed against me, and that they also haue walked contrarie vnto me, and that I also haue walked contrarie vnto them, and haue brought them into the land of their enemies: if then their vncircumcised hearts be humbled, and they then accept of the punishment of their iniquitie:

Then will I remember my couenant with Iacob, and also my couenant with Isaac, and also my couenant with Abraham will I remember, and I will remember the land.

The land also shall be left of them, and shall reioyce in her Sabbaths, while she lieth desolate without them: and they shall accept of the punishment of their iniquitie, because they despised my iudgements, and because their soule abhorred my statutes.

And yet for all that, when they be in the land of their enemies, I will not cast them away, neither will I abhorre them, to destroy them vtterly, and to breake my couenant with them: for I am the Lord their God.

But I will for their sakes remember the couenant of their forefathers, whom I brought forth out of the land of Egypt in the sight of the heathen, that I might be their God: I am the Lord.

These are the statutes, iudgements, and lawes, which the Lord made between him and the children of Israel in mount Sinai, by the hand of Moses.

And the Lord spake vnto Moses, saying,

Speake vnto the children of Israel, and say vnto them, When any man shall make a singular vow, the persons shall be for the Lord by thy estimation.

And thy estimation shall be of the male from twentie yeeres old vnto threescore yeeres old, euen thy estimation shall be fifty shekels of siluer, after the shekel of the Sanctuarie.

If it be a female, then thy estimation shall be thirtie shekels.

And if it be from fiue yeeres old vnto twentie yeeres old, then thy estimation of the male shall be twentie shekels, and for the female ten shekels.

And if it be from a moneth old vnto fiue yeeres old, then thy estimation of the male shall be fiue shekels of siluer, and for the female thy estimation shall be three shekels of siluer.

And if it be from threescore yeeres old and aboue, if it be a male, then thy estimation shall be fifteene shekels, and for the female ten shekels.

But if he be too poore for thy estimation, then he shall present himselfe before the Priest, and the Priest shall value him: according to the ability of him that vowed shall the Priest value him.

And if it be a beast, whereof men bring an offering vnto the Lord, all that any man giueth of such vnto the Lord shall be holy.

He shall not alter it, nor change it, a good for a bad, or a bad for a good: and if he change beast for beast, then both it and that for which it is changed shall be holy.

And if it be any vncleane beast, whereof they bring not an offering vnto the Lord, then he shall present the beast before the Priest:

And the Priest shall value it betweene good and bad: as thou the Priest valuest it, so shall it be.

But if he will redeeme it, he shall adde a fift part thereof vnto thy estimation.

And when any man will sanctifie his house to be holy vnto the Lord, then the Priest shall value it betweene good and bad: as the Priest shall value it, so shall it stand.

And if he that sanctified it will redeeme his house, he shall adde the fift part of the money of thy estimation vnto it, and it shall be his.

And if a man sanctifie vnto the Lord some part of a field of his possession, then thy estimation shall be according to the seede thereof: an homer of barley seede shall be valued at fifty shekels of siluer.

If he sanctifie his field from the yeere of Iubile, according to thy estimation it shall stand.

But if he sanctifie his field after the Iubile, then the Priest shall reckon vnto him the money according to the yeeres that remaine vnto the yeere of Iubile, and it shall be abated from thy estimation.

And if he that sanctified the field will in any wise redeeme it, he shall adde the fift part of the money of thy estimation vnto it, and it shall be assured vnto him.

But if he will not redeeme the field, or if he haue sold the field to another man, it shall not be redeemed any more.

But the field when it goeth out in the Iubile, shall be holy vnto the Lord, as a field deuoted: the possession thereof shall be the Priests.

And he shall reckon vnto him the worth of thy estimation, euen vnto the yeere of Iubile: and he shall giue thy estimation in that day, as a holy thing vnto the Lord.

In the yeere of Iubile the field shall returne vnto him of whom it was bought, euen to him to whom the possession of the land did belong.

And all thy estimations shall be according to the shekel of the Sanctuarie: twentie gerahs shall be the shekel.

Only the firstling of the beasts, which should be the Lords firstling, no man shall sanctifie it, whether it be ox or sheepe: it is the Lords.

And if it be of an vncleane beast, then he shall redeeme it according to thy estimation, and shall adde a fift part of the money thereof vnto it: or if it be not redeemed, then it shall be sold according to thy estimation.

Notwithstanding no deuoted thing that a man shall deuote vnto the Lord of all that he hath, both of man and beast, and of the field of his possession, shall be sold or redeemed: euery deuoted thing is most holy vnto the Lord.

None deuoted, which shall be deuoted of men, shall be redeemed, but shall surely be put to death.

And all the tithe of the land, whether of the seede of the land, or of the fruit of the tree, is the Lords: it is holy vnto the Lord.

And if a man will at all redeeme ought of his tithes, he shall adde thereto the fift part thereof.

And concerning the tithe of the herd, or of the flocke, euen of whatsoeuer passeth vnder the rod, the tenth shall be holy vnto the Lord.

He shall not search whether it be good or bad, neither shall he change it: and if he change it at all, then both it and the change thereof shall be holy, it shall not be redeemed.

These are the commandements, which the Lord commanded Moses for the children of Israel in mount Sinai.
